— IN THE FOOTHILLS OF THE OZARKS —

*Over the sweet-smelling mountain passes
The clouds lie brightly curled;
The wild-flowers cling to the crags and swing
With cataract dews impearled;
And the way, the way that you choose this day
Is the way to the end of the world.*

—Alfred Noyes.

— BULLETIN —

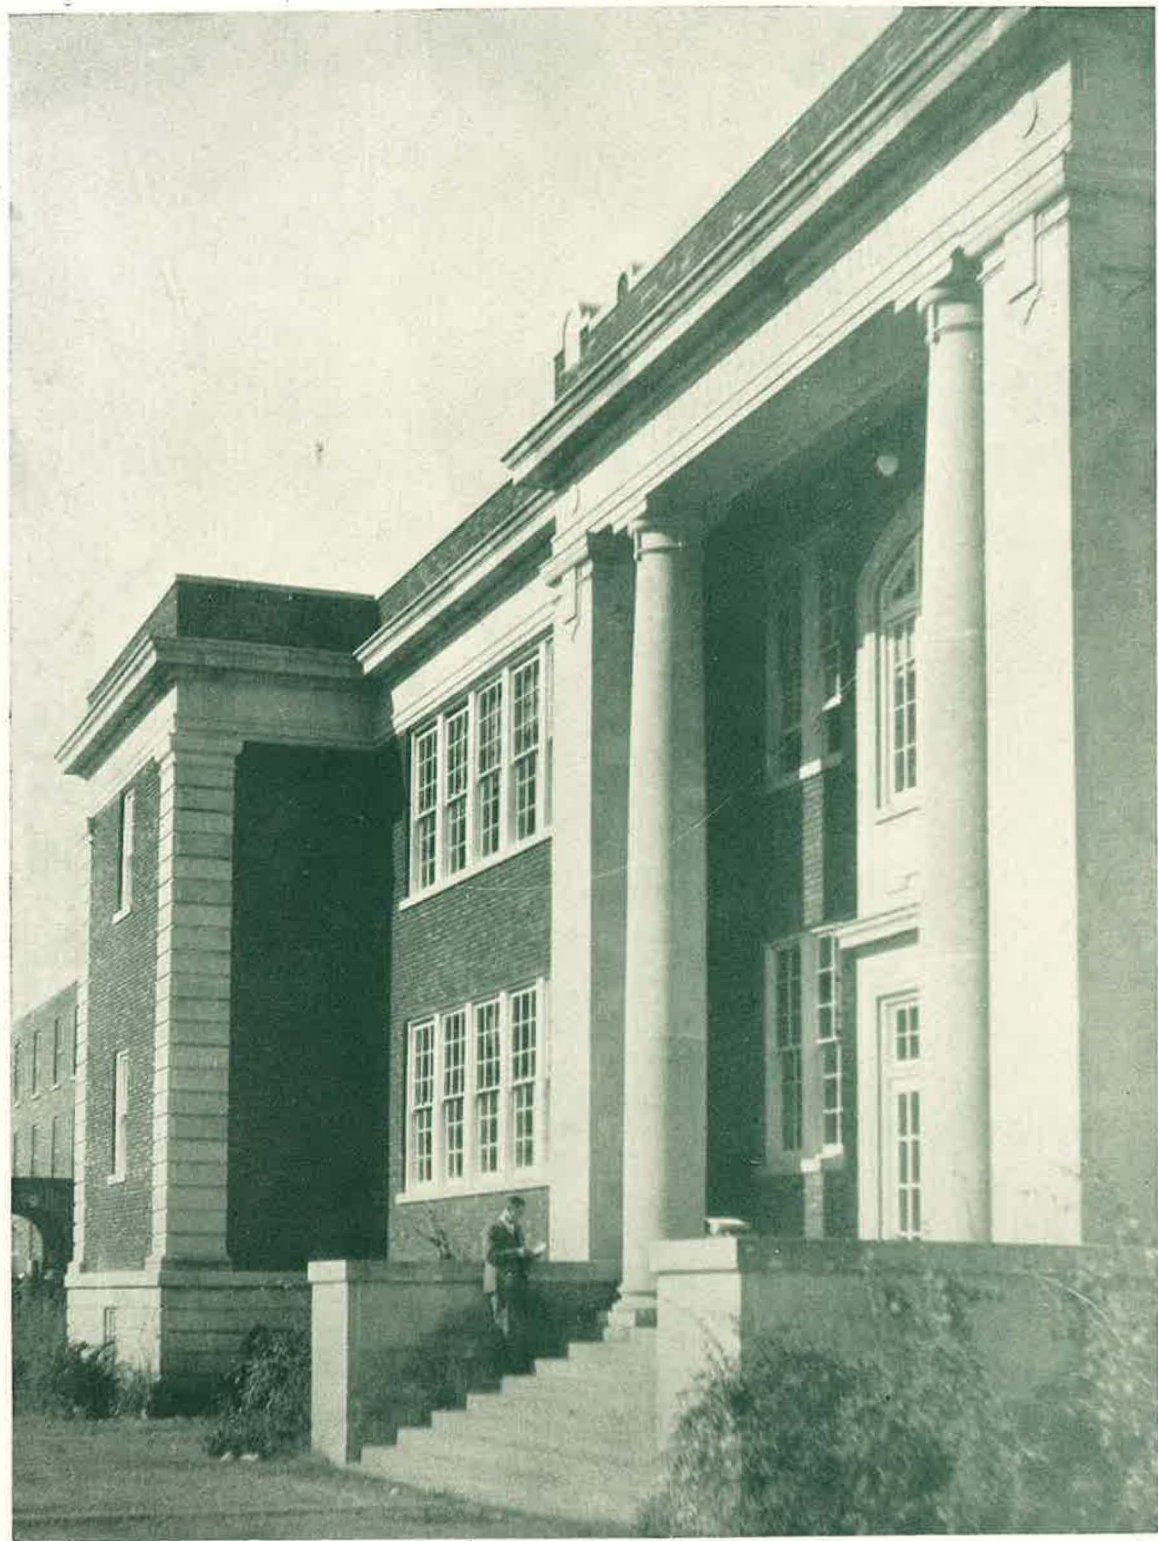

HARDING COLLEGE

Volume VIII.

July 1932

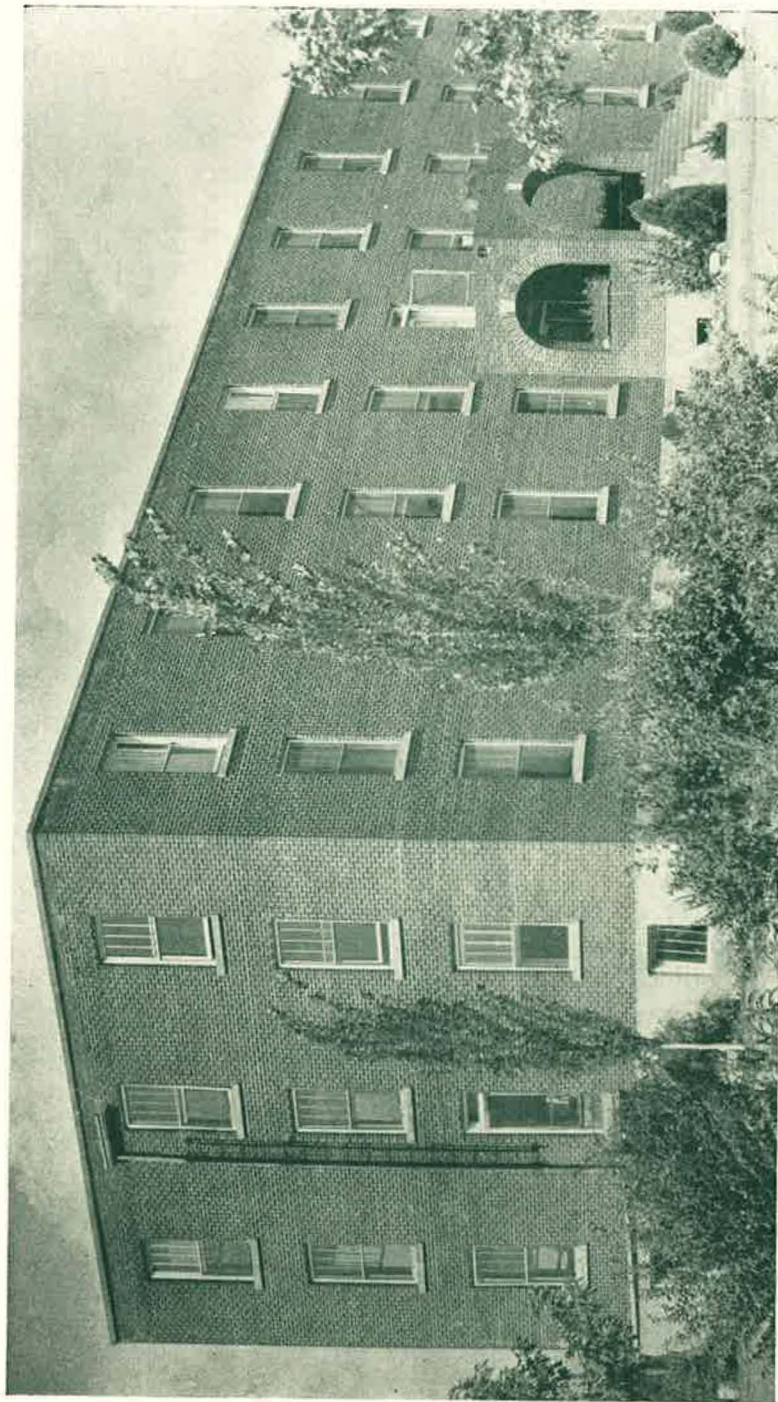

Number 3

Entered at the post office at Morrilton, Arkansas, as second class matter, July 28, 1924, under Act of August 24, 1912. Published monthly by Harding College, Morrilton, Arkansas.

ADMINISTRATION BUILDING

"It was a saying of his that education was an ornament in prosperity and a refuge in adversity."—Aristotle.

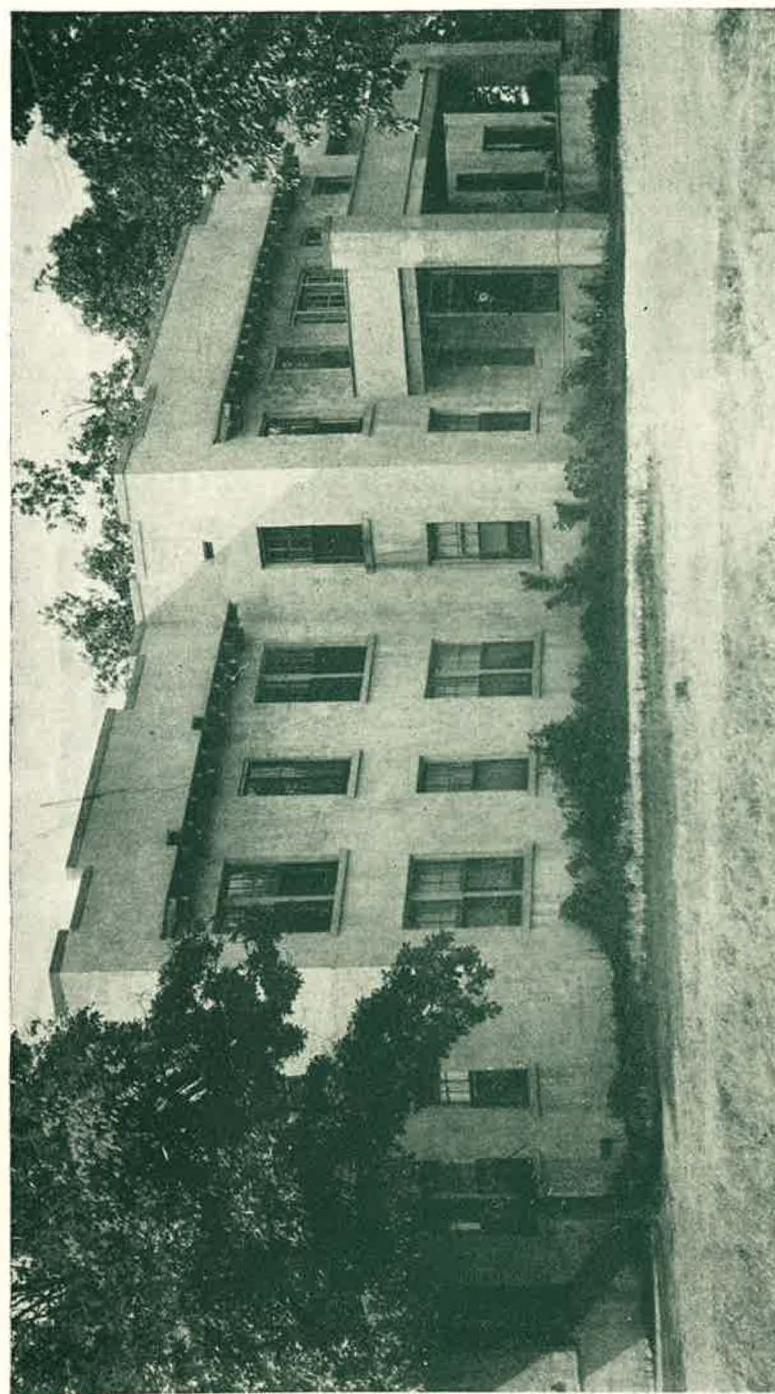

JENNY HILL HALL

"Earth's noblest thing: a woman perfected."—Lowell.

There's no happier home than Jenny Hill. President and Mrs. Armstrong live in the home and the girls are their "children". The close touch of teachers with students and the mutual love and confidence make a delightful college life.

J. B. Baker

SCROGGIN HALL

*"Let each man think himself an act of God,
His mind a thought, his life a breath of God."—Bailey.*

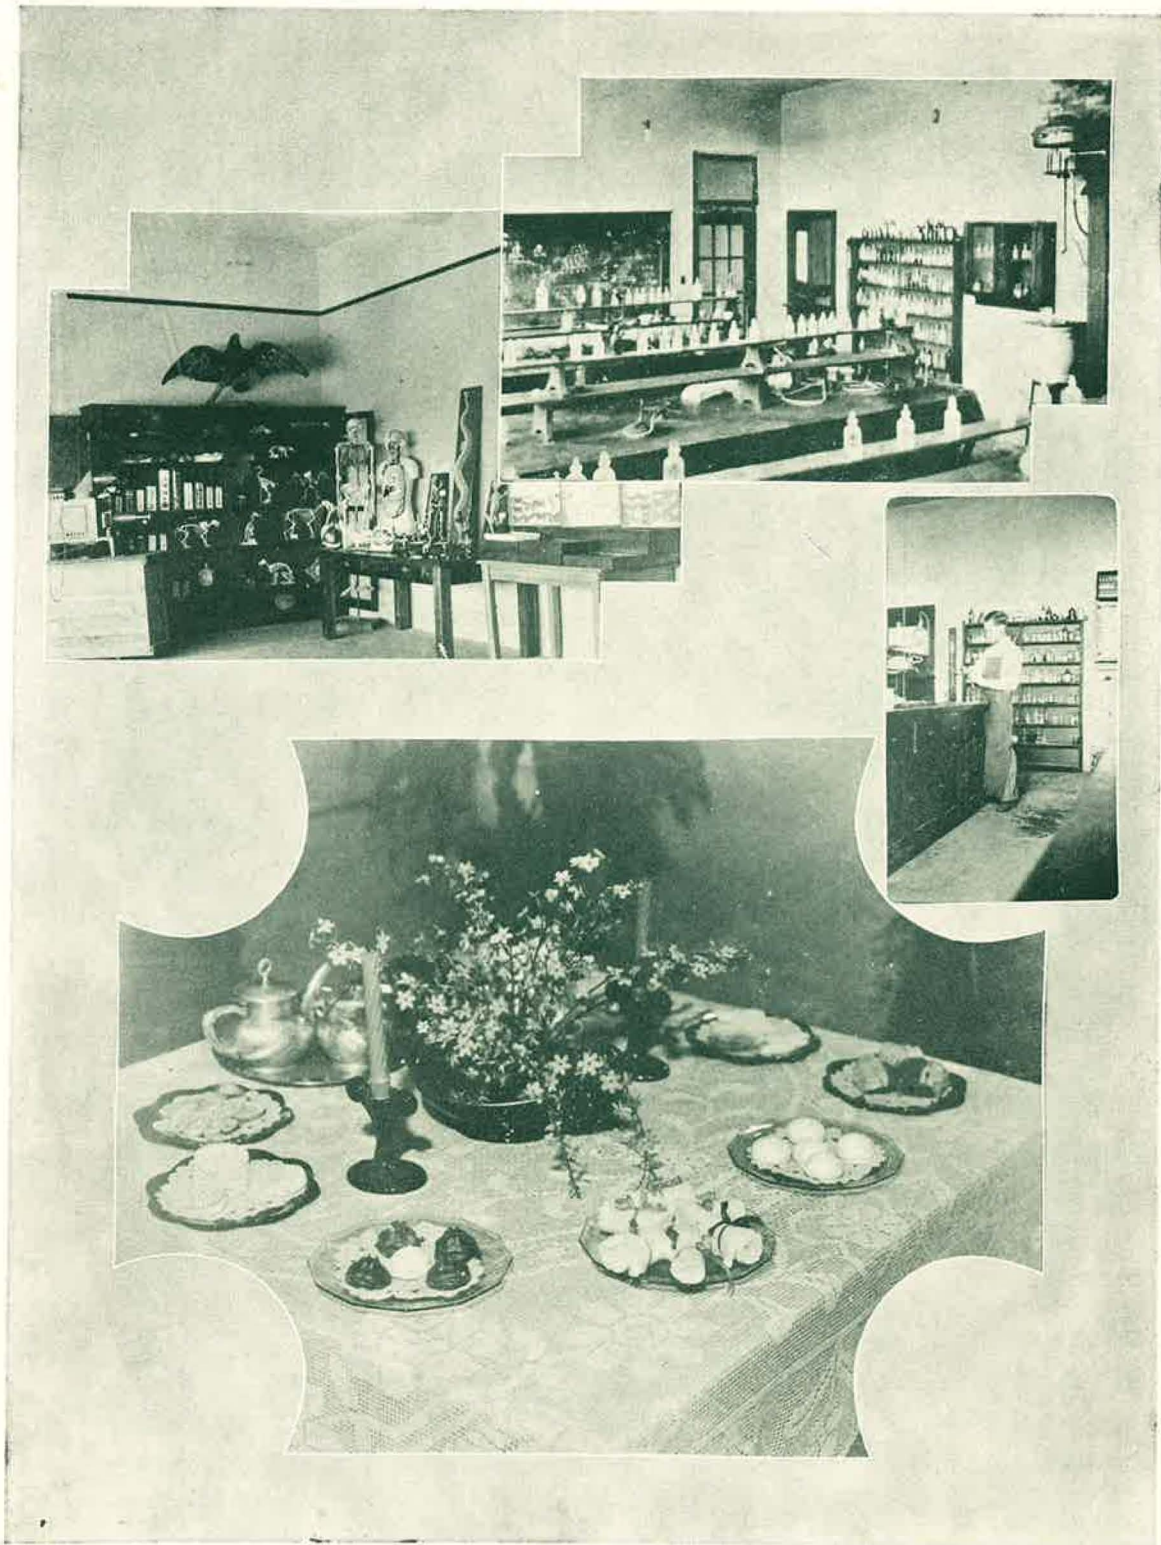

The life at Scroggin Hall is dedicated to the building of men. No cleaner, more wholesome, or more stimulating atmosphere can be found.

DINING HALL

The College Club is operated on a unique plan by which every student gets his meals at actual cost. Under the capable supervision and management of Mrs. L. C. Sears it is rendering a unique service to the students and teachers of Harding.

Everything good to eat is served in a dainty and attractive manner on the small frost-green dining tables. Tasty meats and sauces, chicken, fish, tender lamb roasts or breaded pork chops; delicious vegetables, attractive salads; pies, cakes, and desserts, ices, sherbets and creams offer a varied and perfectly balanced menu for Harding students. If your mother prepares a dish you get homesick for, you have only to give Mrs. Sears the recipe and she brings it up for you. You are eating at home at Harding.

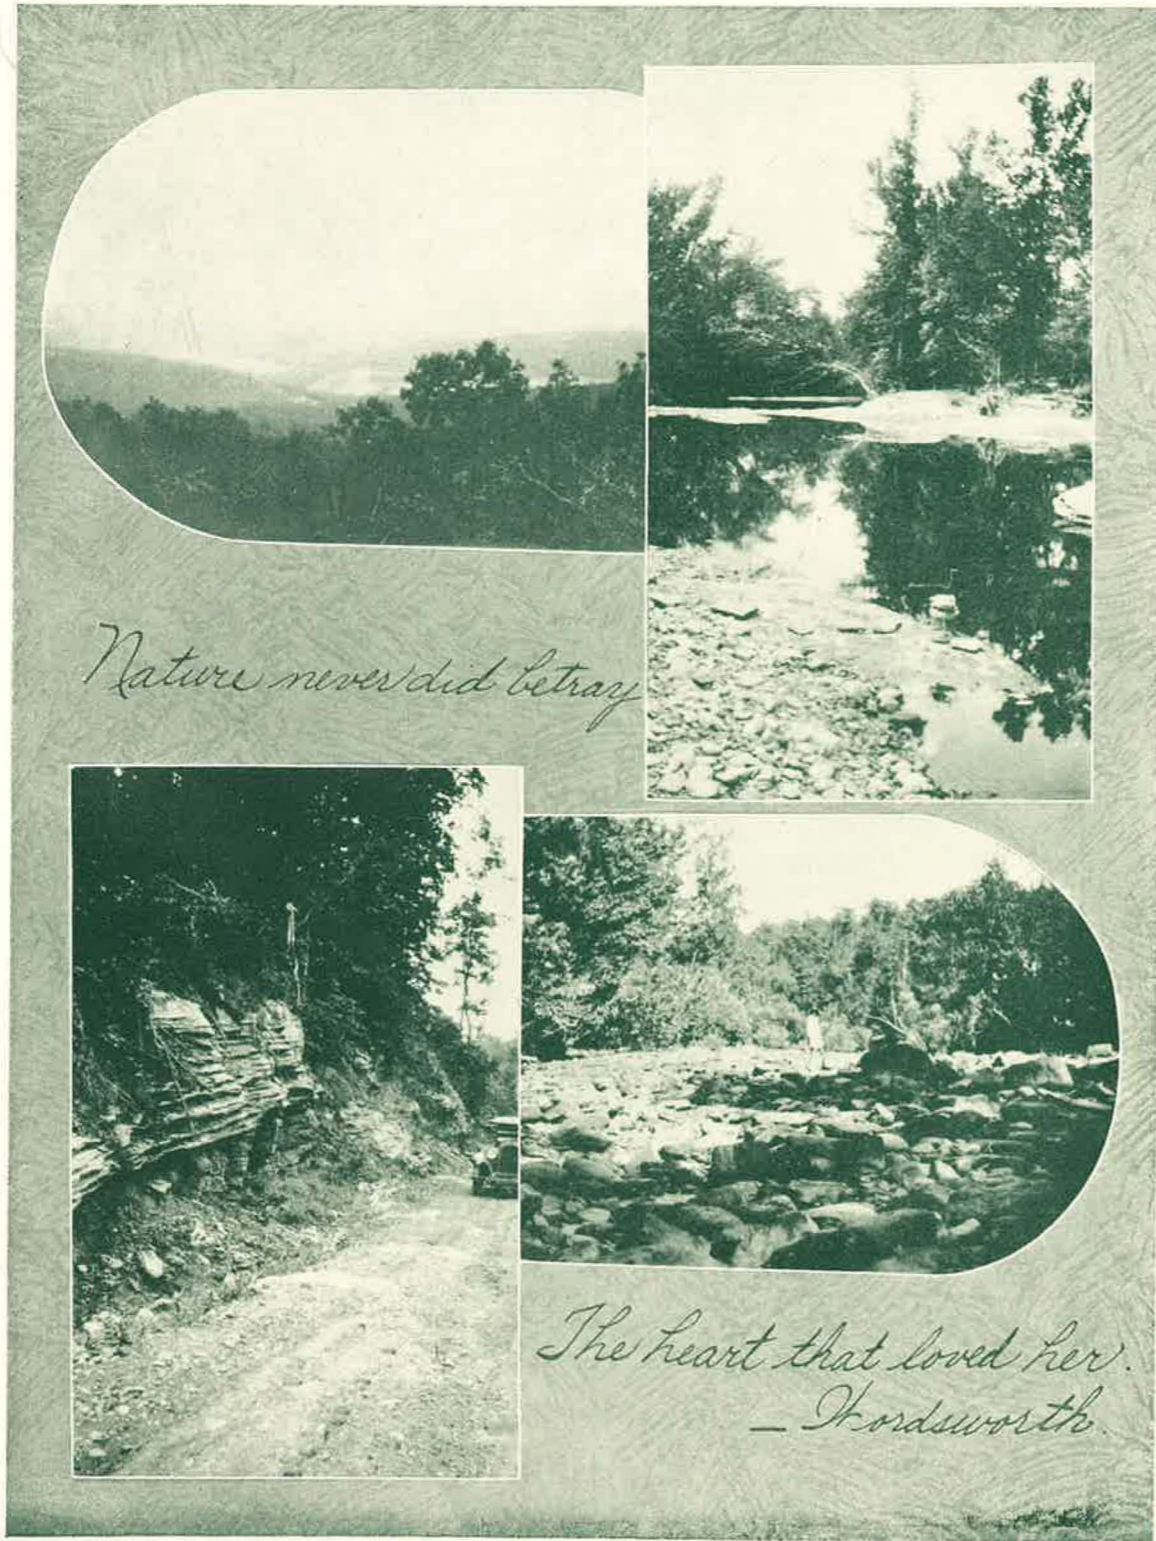

WHERE THE SECRETS OF EARTH ARE LAID BARE

Laboratories for chemistry, botany, zoology, physiology, and physics are adequately, in some instances even elaborately furnished for every course. Pre-medical, pre-dental, and pre-engineering work is efficient and thorough.

"The discovery of a new dish does more for man than the discovery of a new star."

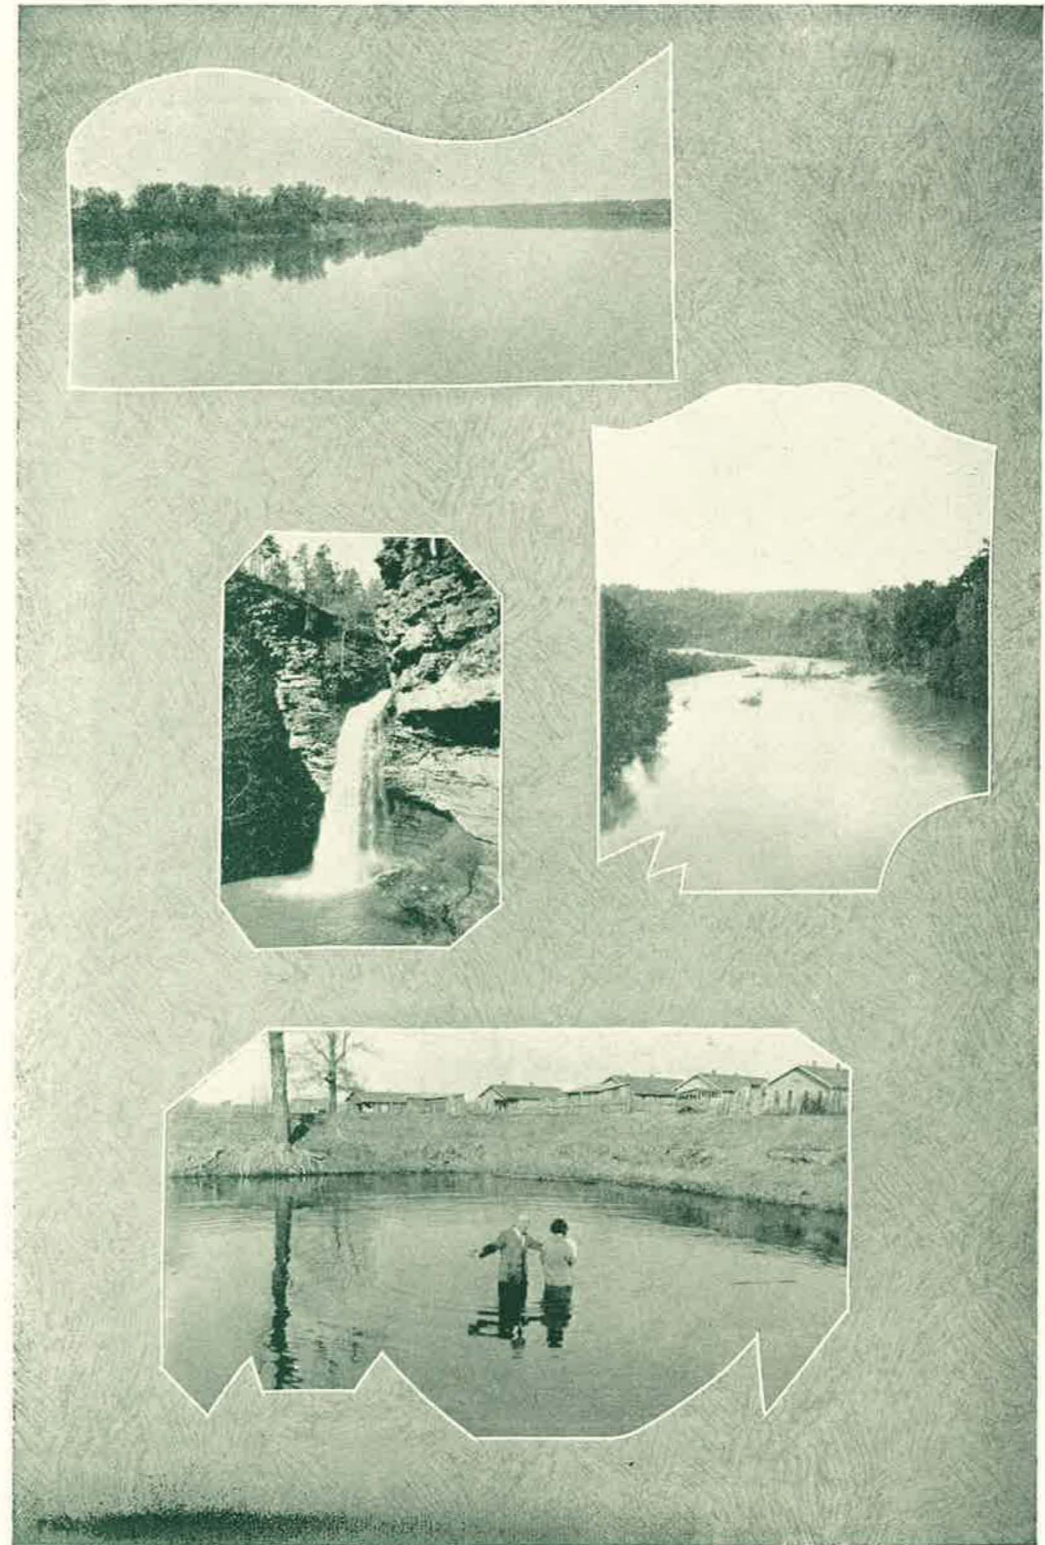

There is no more valuable work for young women than the courses in foods, clothing, and household arts. The suite of laboratories devoted to home economics is well furnished with everything needed for effective work.

Nature never did betray

*The heart that loved her.
— Wordsworth.*

Out of
Doors
at
Harding

Views from a mountain peak, deep shades of glens and overhanging cliffs, clear streams that mirror the trees and rocks, "sounding cata-racts", broad sweep of lakes, or impetuous rapids where the swift bass strikes—a hundred places of beauty for Harding students.

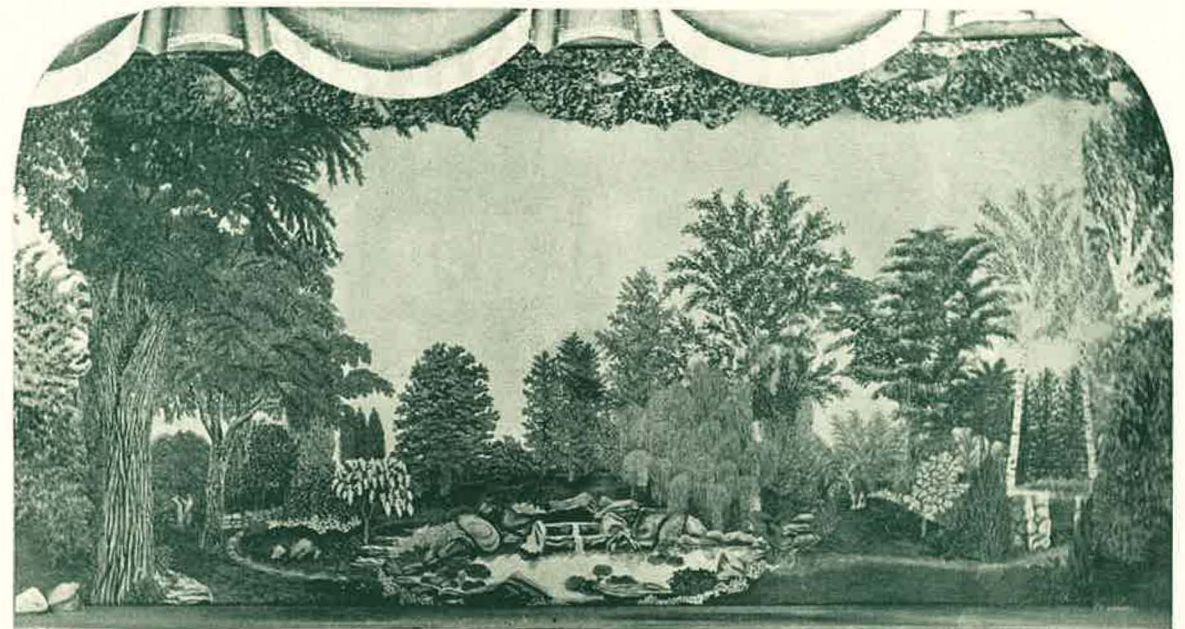

TRAILMAKERS

These are explorers of mountains and streams, students of birds and wild flowers and trees. No mountain is too high or cliff too steep for their trails. They are one of seven social clubs to which all students are eligible. These happy groups make a delightful social life at Harding.

*STAGE SET, DESIGNED AND PAINTED BY THE CAMPUS PLAYERS—
A FRENCH CANADIAN CABIN.*

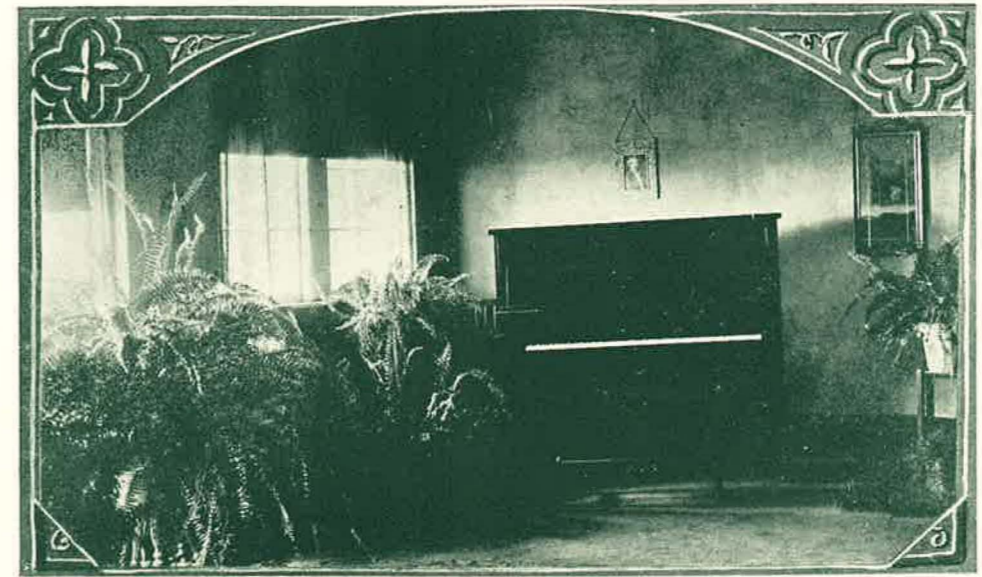

GARDEN SET DESIGNED AND PAINTED BY THE CAMPUS PLAYERS

No stronger or more complete work will be found in Speech Arts from oratory and debate to impersonation and play production. Every phase of dramatics from revision of plays and impersonation to costuming, make-up, stage lighting and scene painting is given. The Campus Players in 1931-32 created three interior sets and one exterior and this summer are painting a special mountain set for *The Great Divide*. They have done outstanding work in the state Little Theatre Association, winning state honors for the best woman actor in 1931, and entertaining the State Tournament in 1932, creating all scenery and lighting for it, and managing all stage sets and scene shifting.

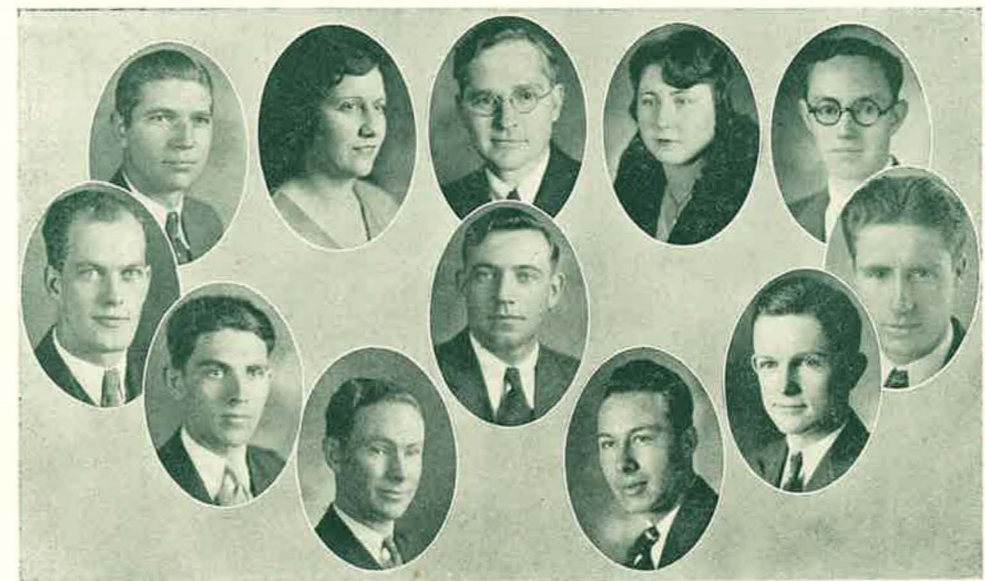

"God is the author of all music; He laid the key-note of all harmonies—and he made us so that we could hear and understand."—Brainard

The choruses, glee club, quartettes, and orchestra offer finest cultural training to the students of Harding. The departments of voice, violin and piano are headed by strong experienced teachers whose students are their best recommendations.

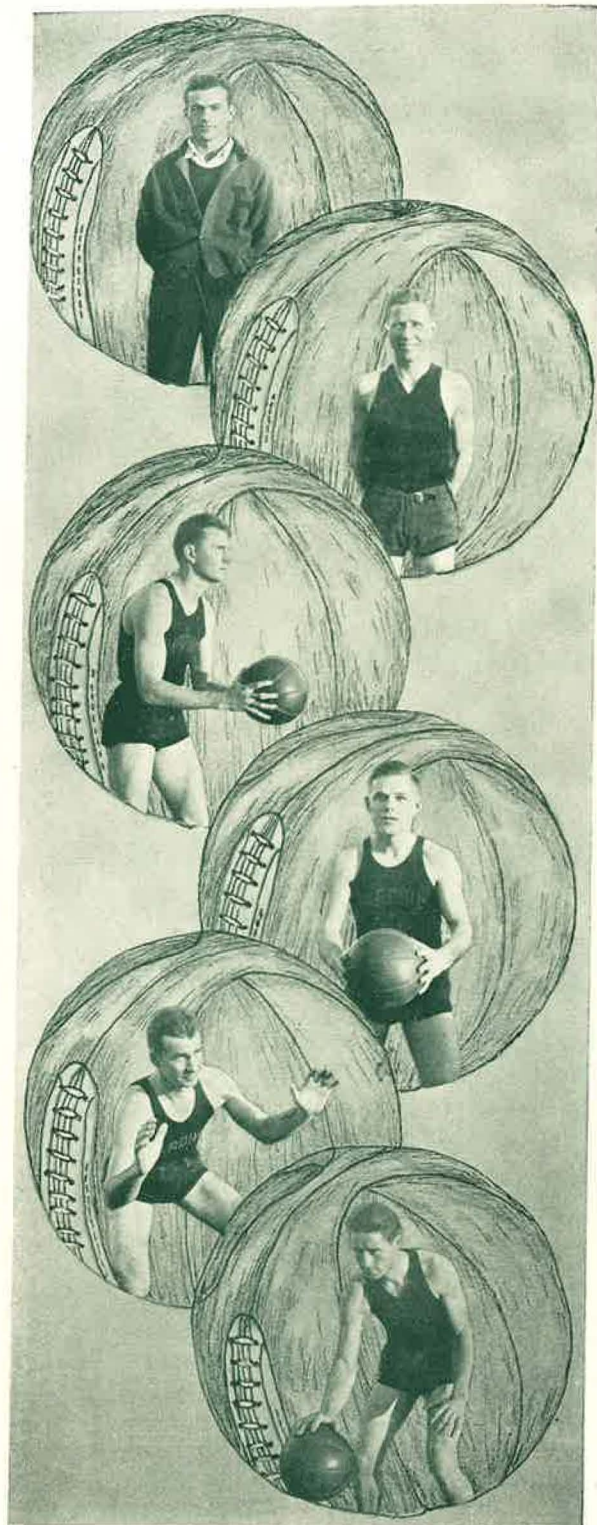

PIANO STUDIO

It is important even for beginners to have the instruction of an expert in music. It takes an artist to create artists. You will be delighted with your work in the piano department.

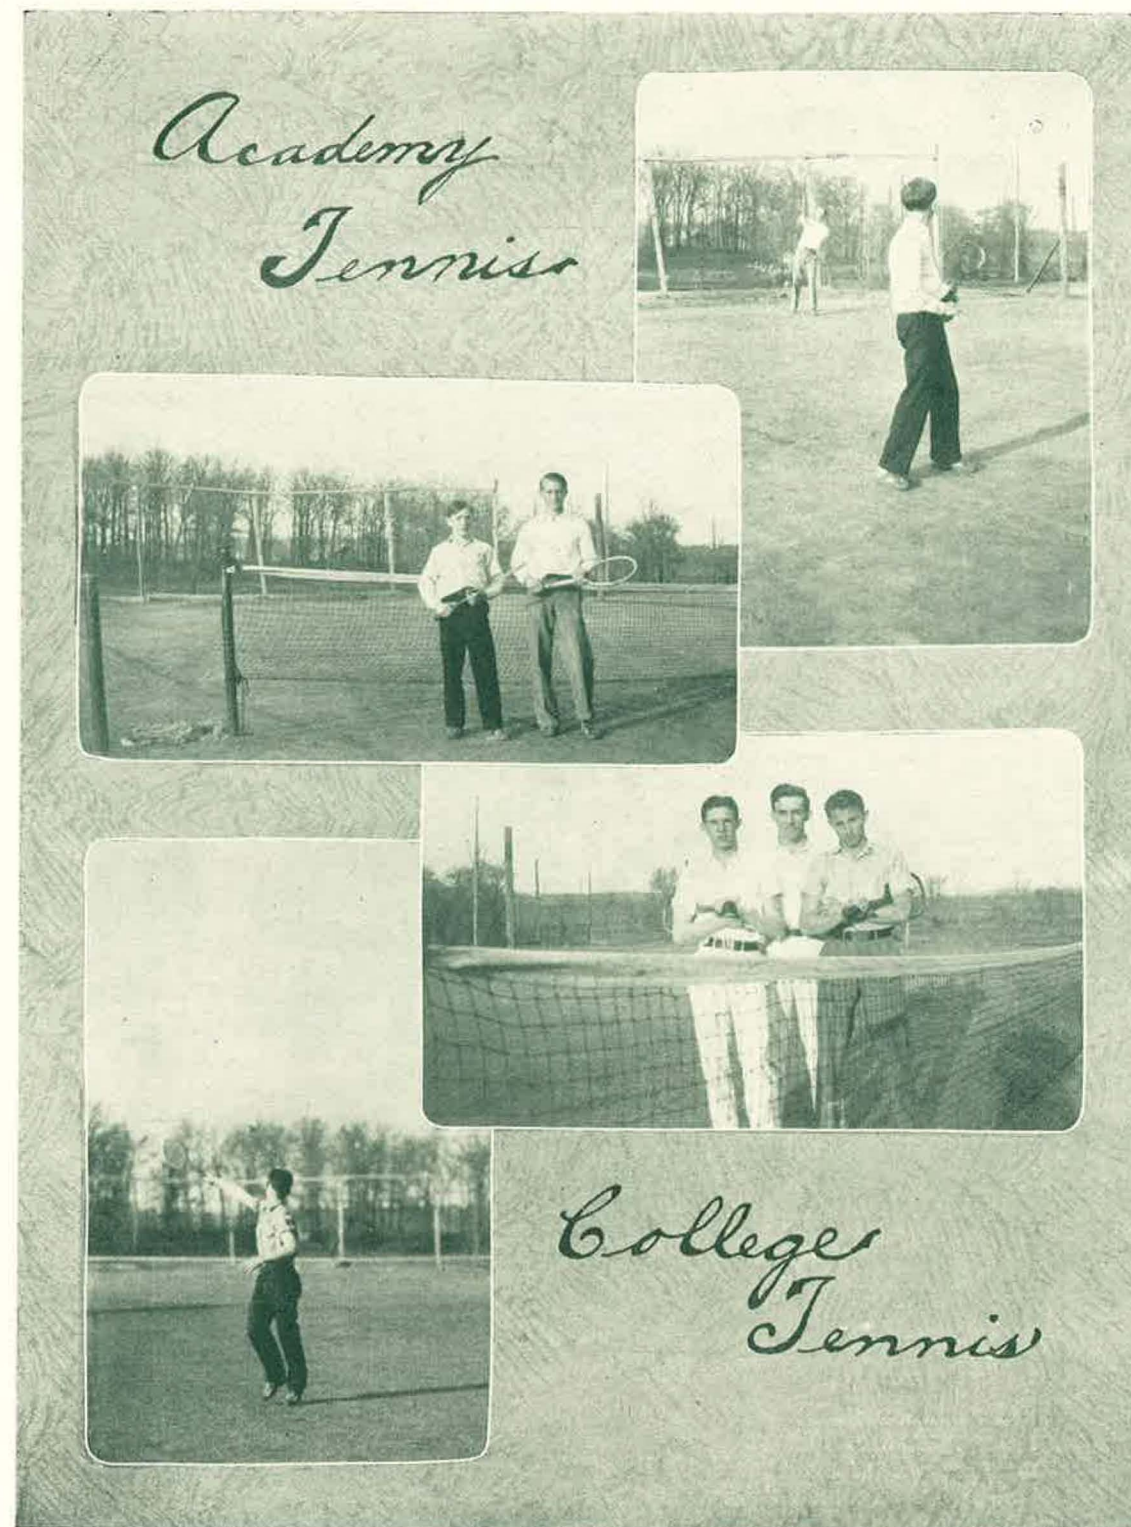

DEBATE VICTORS

Each year interest in debate has grown and Harding debaters have brought home additional victories. Last year the debaters engaged in three state tournaments and the National Pi Kappa Delta Tournament. The girls team, Dorothy Majors of Claremore, Oklahoma, and Glenda Belle Sayers of Newark won first cup in both the state tournament and the invitation tournament including the states around. They had won the state cup the preceding year also. In 1932-33 Harding entertains the state tournament and will enter three additional tournaments in Arkansas and Oklahoma.

In all athletics Harding stands for clean, vigorous playing, as a means to physical and mental fitness. It maintains all the usual forms of college activities. In basketball this year Harding closed the season having defeated every opponent but one. In baseball the series of almost unbroken victories gave Harding a rating of second in the state, the eleven not being able to meet the rival team during the season.

A POPULAR SPORT AT HARDING

Each year Harding net men enter the state tournament. This spring Walter Blake won state championship in singles, while Blake and McReynolds were victorious in every intercollegiate competition.

"Where waters sparkle into song and fill the woods with light"---Larcom.

The streams and woods are calling for you. Will you come and enjoy them at Harding?
