God and Jonah – God and Me

God and Jonah at Sea

Florence Olmstead Collins

The word of the Lord came to Jonah son of Amittai: "Go to the great city of Nineveh and preach against it, because its wickedness has come up before me." But Jonah ran away from the Lord and headed for Tarshish. He went down to Joppa, where he found a ship bound for that port. After paying the fare, he went aboard and sailed for Tarshish to flee from the Lord.

Then the Lord sent a great wind on the sea, and such a violent storm arose that the ship threatened to break up. All the sailors were afraid and each cried out to his own god. And they threw the cargo into the sea to lighten the ship. But Jonah had gone below deck, where he lay down and fell into a deep sleep. The captain went to him and said, "How can you sleep? Get up and call on your god! Maybe he will take notice of us, and we will not perish." Then the sailors said to each other, "Come, let us cast lots to find out who is responsible for this calamity." They cast lots and the lot fell on Jonah. So they asked him, "Tell us, who is responsible for making all this trouble for us? What do you do? Where do you come from? What is your country? From what people are you?" He answered, "I am a Hebrew and I worship the Lord, the God of heaven, who made the sea and land." This terrified them and they asked, "What have you done?" (They knew he was running away from the Lord, because he had told them so.)

The sea was getting rougher and rougher. So they asked him, "What should we do to you to make the sea calm down for us?" "Pick me up and throw me into the sea," he replied, "and it will become calm. I know that it is my fault that this great storm has come upon you." Instead, the men did their best to row back to land. But they could not for the sea grew even wilder than before. Then they cried to the Lord, "O Lord, please do not let us die for taking this man's life. Do not hold us accountable for killing an innocent man, for you, O Lord, have done as you pleased." Then they took Jonah and threw him overboard, and the raging sea grew calm. At this the men greatly feared the Lord, and they offered a sacrifice to the Lord and made vows to him.

There is no doubt that Jonah "believed that God is." With his head he believed that God exists. But at the time of the story of the book of Jonah, in his heart he said, "There is no God." He demonstrated this lack of faith by the way he responded to God's command to go to Nineveh. He acted foolishly and didn't do the good he was told to do (Psalm 14:1).

JONAH TURNS FROM GOD

"At sea" in heart, he put himself at sea in body. He took the downward trail to Joppa, then down to the ship, down to its inner part and finally down to the depth of the sea (1:3, 5; 2:6). Apparently feeling no remorse, before he went below deck to sleep he told the sailors that he was running from his God (1:10).

This rebellious behavior of Jonah did not fit into God's plan. Knowing in advance that Nineveh would repent when they heard the message He sent by Jonah, God intervened. He sent a violent storm to buffet the ship and to give Jonah opportunity to have a

change of heart. God is powerful. He allows only one thing to interrupt His purposes, and that only temporarily. That one thing is the sovereign will of each of us. God could have replaced Jonah, but He continued to work with him and train him to be a missionary.

The mariners were religious men and also knew there was a "higher power." The crew worshipped many gods, and fearing the storm, each man prayed to his own god. Knowing that Jonah, too, had a god, the captain waked him and rebuked him for not praying. No mention is made in the text that Jonah prayed at this time.

The situation was terrifying, so the sailors cast lots to find if someone aboard was to blame for their plight. In both pagan and Hebrew religions the casting of lots was used to get information and determine decisions. The lot fell on Jonah. "The lot they cast was in the hand of Jonah's God (Proverbs 16:33)." [Kohlenberger] God still overrules in many matters which we know nothing about and may call "coincidence" or think them to be of no significance.

When the lot fell on Jonah and he was asked about his God, he gave an honest answer. He made no attempt to explain his behavior, but declared his belief and gave one reason for his faith. That reason was that the Lord he honored is God of heaven, and maker of the land and sea (1:9). Jonah's God "does not do battle with the elements as do the gods of Phoenicia and Canaan; he made them and is sovereign over them." [Kohlenberger]

The sailors' fear of the stormy sea turned into respect for the Maker of the sea. They were in awe of this Creator-God and were astonished that Jonah could have defied Him (1:10). Surely the amazement of these pagan Gentiles must have impressed Jonah and he began to learn of the power of words that tell about the God of heaven. This was a good lesson for a missionary.

The innate knowledge of all mankind since Eden is that disobedience deserves punishment (Genesis 2:17). Therefore, the crew began planning how retribution could be made to Jonah's God. Since Jonah had sinned against his god, they believed his god must be appeased. Every sin we commit is primarily against God, for He said "Be ye holy, for I am holy." For example, David sinned contemptibly against Uriah, but felt that his sin against God was greater (2 Sam. 11; Psa. 51:4).

JONAH'S SACRIFICE

Jonah was outnumbered by the heathen seamen, yet he confessed his faith in the God of the Bible. This confession can be costly to anyone. It caused Jonah to back up his words with action. He freely offered to sacrifice his life on behalf of the lives of the sailors. He never expected to survive the raging waters. Although he had been unwilling to give time and effort to spiritually saving the Gentiles of Nineveh, now he was willing to give his physical life for the physical lives of these Gentile sailors. We can criticize him for his misplaced priorities only if we, ourselves, daily devote more time, thought and energy to our spiritual life and to that of others than we do to physical and material things.

The mariners, trying another means of saving themselves, rowed even harder. It was futile. But before they threw Jonah into the

sea, they did as we should do when making decisions—they asked God for His mercy. They used His Hebrew name, showing that their allegiance had turned from their old heathen gods to Jonah's God (1:14).

Jonah later said that it was God Himself Who cast him into the sea. (2:8). Jonah knew the effectiveness of a sin-bearing offering and volunteered to be that offering. He had no doubt that God would calm the sea and save the ship. Jonah didn't dive into the sea, and the action of the seamen in throwing him overboard proves their submission to the Lord and their trust in His power to control the storm and to save them.

When Jonah was thrown into the sea, the Maker of the sea instantly stopped its raging. Then the sailors made the proper response to God's goodness. They offered sacrifice to the Lord, and pledged themselves to the God Jonah worshipped.

It is possible that in eternity we will meet these first converts that God saved through Jonah's preaching.

VOICES from the FIELDS

My wife and I are grateful to our gracious Heavenly Father for though she passes through the valley of the shadows of cancer, her soul has been comforted. She really faces decisive battles everyday with Satan and suffering. Her health condition is gradually running down, nevertheless she is fighting the good fight of faith.

We have already purchased a lot to erect our church building for our congregation of Coridallos. A Christian architect is working out the drawings and the whole process for a concrete building which will consist of a basement, all-purpose hall about 500 square feet area, the main auditorium 600 square feet area and the upper floor of seven rooms.

We estimate that the total cost of the above building will be about \$150,000. What we have in hand right now is only \$30,000. For the balance of the amount needed, we trust the Lord to provide. The whole project is a matter of trusting the Lord.

Our plans are to fix first the basement as soon as possible to move in to save the money we pay every month for rent, and then we will gradually work on the main auditorium and as the Lord prospers, the upper floor.

We hope to be ready to break the ground by July 20, 1991. Would you please pray for this big project?

April and May were busy times here at Rockwood Christian Camp. First, there was the Men's Leadership meeting over the

long Easter weekend from Friday through Sunday with an attendance of 74.

Second was our Junior Camp for ages 7-12. This was our largest group and also the first camp planned to last a full week. There were 45 girls and 37 boys making a total of 82 campers.

This was followed a week later by our Senior Camp for ages 13-17. Here we had 75 campers—45 girls and 30 boys. Again this camp lasted a full week. In both of these camps we made use of some graduate campers as teachers. Some of our young men who have gone to university or teacher training and are now teaching or are still in training, or perhaps other occupations, and who are developing as leaders, were used as teachers.

Six faithful women did the cooking for all these camps, and cooking so many meals for so many for so long was no easy task. Yet time was also taken for Joy to lead them in some Bible studies and to practice some new songs.

We had a wonderful graduation program, with only six graduates though, one woman and five men. A week later it was followed by "Holy Friday" activity gathering the members of at least 85% of the church's outreaches. There were about 700 people at the back of the chapel (we couldn't fit in) in different open tents. When I look at them, the joy was overwhelming. I couldn't help but remember the day we arrived, with only Nemesio and me worshipping. The Lord has been so good.

A week after we had our Missions and Prophetic conference. At the second day, I was down with severe pain in the stomach and went to the doctor for medication. I had peptic ulcer. The medicine is tremendously expensive. The conference struggled financially because of the effects of the last storm, but the Lord led us through. There were 50 delegates and the theme was "Thy Kingdom Come," focusing on the Second Coming and our response in missions. The worship times were times of unspeakable joy and fellowship in the Lord's presence. The conference was so far the best we've ever experienced because of the emphasis on worship. After the conference 5 people were baptized.

We have 6 VBS in 6 different outreaches, each with only a week duration. The faithful teachers suffer persecutions in some of these places. At least a total of 400 children and 200 parents were ministered to. We praise the Lord, that the latest congregation which Nemesio and I pioneered only 2 months ago had 52 students.

Victor N. Broaddus: News received from Manila

May 29, 1991

A recent letter from David Moldez, evangelist in Metro Manila area, mentions the formation of another Bible study and worship group in Novaliches (suburb of Manila). They had met for five weeks as of the date of his letter, and it is his hope that soon they may become a congregation. At present they are meeting in a vacant house.

The down-town church in Manila (where Bro. Eniego ministers) had a "family retreat" at a resort outside Manila on March 28 and 29.
