# INTERNATIONAL

LET ME WELCOME YOU TO THE HARDING CAMPUS and to Spring Sing 2010. I think you are in for a special treat. The theme we selected this year, "Spring Sing International," is such an appropriate one. Not only does Harding have seven international campuses, but we also have students on the Searcy campus from 48 foreign nations. An international thread is definitely woven throughout the entire Harding experience. "Spring Sing International" will present combined efforts of more than 600 performers celebrating the sounds and cultures that give Harding a truly international perspective. Our students will present high-energy performances showcasing their musical talents. They have spent hundreds of hours polishing their acts, and I know you will be impressed.

We are glad you have chosen to spend this weekend with us. Whether you are a prospective student, alumnus, parent, or a visitor looking for an evening of musical entertainment, the students, faculty and administration of the University are happy you chose to be with us on this special occasion.

Please let us know if we can assist you in any way.

**PRESIDENT'S NOTE**

"ALL THE WORLD'S A STAGE, AND ALL THE MEN AND WOMEN MERELY PLAYERS."

WILLIAM SHAKESPEARE, "AS YOU LIKE IT"

The world is a stage and this stage is our world. We talk about the world in McLuhanesque language as a global village. We understand that technology and travel have drawn us ever closer on this world that God has given us. We all understand that we are a small part of a much larger play unfolding all around us.

But, we still need to be reminded from time to time that there are no small parts, only small actors. For three days in April there are hundreds of small parts on our stage and not one small actor. The students of Harding University are ready to embrace the world. So, for three days in April, we have decided to bring the whole world to our stage in Searcy, Arkansas.

Spring Sing International will transport you to the sounds and cultures that make Harding University truly unique in the global village. Hundreds of students have discovered in this process that there are two worlds at every turn. Spring Sing International is about finding and celebrating our place in each world.

College is a different world than high school. Other cultures impact our own. Being International may take us places we have never been and change us in ways we never dreamed. It may create a mission in our life and a purpose fulfilled in the journey. We face two worlds every day. The choices we make shape our destiny. It is how we live in the world, but not of it, that is the key. Thank you for sharing our world.

**DR. STEVE FRYE**
