Harding University

Harding University is a private Christian institution of higher education committed to the tradition of the liberal arts and sciences. It is composed of the following academic units: a College of Arts and Sciences; a College of Bible and Religion; Schools of Business, Education and Nursing; and graduate programs in religion and education. The University serves a diverse, coeducational student body from across the United States and around the world, although the primary constituency for students and financial support is the fellowship of the churches of Christ. The board of trustees, the administration and the faculty believe that the freedom to pursue truth and high academic achievement is compatible with the Christian principles to which the University is committed. The faculty is dedicated to excellence in teaching, scholarship and service, and to their role as models of Christian living. The University community seeks to provide an environment that both supports students and challenges them to realize their full potential. Thus, **Harding's mission is to provide a quality education that will lead to an understanding and philosophy of life consistent with Christian ideals.** This involves the following goals:

Generally, the integration of faith, learning and living (developing the whole person through a commitment to Christ and to the Bible as the Word of God, an emphasis on lifelong intellectual growth, and the encouragement of Christian service and world missions through a servant-leadership lifestyle).

Specifically, the development of Christian scholarship (while acknowledging dependence on God, stressing Christian commitment to intellectual excellence through a strong liberal arts foundation and effective professional preparation).

The promotion of Christian ethics (creating an atmosphere that emphasizes integrity and purity of thought and action).

The development of lasting relationships (fostering personal and social relationships through interaction among faculty, staff and students; and stressing a lifelong commitment to marriage and the Christian family).

The promotion of wellness (emphasizing that the body is the temple of the Holy Spirit and that lifetime health habits contribute to a better quality of life).

The promotion of citizenship within a global perspective (developing a Christian understanding of and respect for other cultures through an emphasis on liberty and justice).

Motto

The motto of Harding University is "Developing Christian Servants."

The Harding motto grows from the University mission statement with its emphasis on the integration of faith, learning and living. Students are encouraged to live lives of service to Christ and His church and, in so doing, to bless the lives of others. The development of a servant-leadership lifestyle is stressed.

The University provides sponsorship, support and encouragement for countless Christian service projects, including evangelistic and medical missions, disaster relief and aid to the disadvantaged. Thus, students become more like Christ, who came not to be served, but to serve.

History

Harding began as a senior college in 1924, when two junior colleges, Arkansas Christian College and Harper College, merged their facilities and assets, adopted the new name of Harding College, and located on the campus of Arkansas Christian in Morrilton, Ark. Harper had been founded in 1915 in Harper, Kan., and Arkansas Christian had been chartered in 1919.

Upon completion of a study begun in May 1978, the board of trustees approved the study's recommended change of Harding to university status, and on Aug. 27, 1979, the name of the institution officially became Harding University.

The college was named in memory of James A. Harding, co-founder and first president of Nashville Bible School (now David Lipscomb University) in Nashville, Tenn. A preacher, teacher and Christian educator, James A. Harding inspired his co-workers and associates with an enthusiasm for Christian education that remains a significant tradition at Harding University.

With the merger J.N. Armstrong, who had served five years as Harper's president, became president of Harding College, and A.S. Croom, president of Arkansas Christian for two years, became vice president for business affairs. In 1934 Harding was moved to its present site in Searcy, Ark., on the campus of a former women's institution, Galloway College.

One of Harding's first graduates, George S. Benson, returned from mission work in China in 1936 to assume the presidency of his alma mater. The vigorous educator quickly directed the College out of deep indebtedness and launched it on a journey to financial stability, national recognition and academic accreditation. When Dr. Benson retired in 1965, his 29 years of tireless service were more than evident in a multimillion-dollar campus, regional accreditation, a strong faculty, and a continually growing student body. Dr. Benson died in December 1991 and is buried in Searcy.

Dr. Clifton L. Ganus Jr., a 1943 graduate, served as president from 1965 to 1987. A former history department chairman and vice president of the College, Dr. Ganus kept alive his predecessor's drive for excellence by leading a plan of campus improvement and expansion. During his administration, enrollment increased from 1,472 in the fall of 1965 to 2,767 in the fall of 1986. Seven major academic buildings, four large residence halls, and several married students' apartments were constructed. A \$1 million addition to the Science Building was completed in 1984. Also, six academic buildings were renovated and/or enlarged. The nursing program, the social work program, the Mission Prepare program, the School of Biblical Studies (with programs in Searcy and in Nassau, the Bahamas), and the Harding University in Florence (Italy) program were developed during his administration. In Memphis, Tenn., the Graduate School of Religion experienced significant growth, received accreditation by the Southern Association, and added the Doctor of Ministry degree to its program. Upon his retirement, Dr. Ganus became Harding's first chancellor, and in his honor, the board of trustees named the physical education complex the Clifton L. Ganus Jr. Athletic Center.

Dr. David B. Burks became Harding's fourth president in May 1987. A 1965 graduate, he has been a member of the faculty since 1967 and previously served as dean of the School of Business. As professor of business and director of the American Studies program, Dr. Burks received the Distinguished Teacher Award in 1974 and 1986. A C.P.A. and consultant, he has written *The Christian Alternative for Business* and *Strategic Management Simula-*

tion, both of which are used as textbooks at Harding. He instituted the course in Christian Business Ethics, a requirement for all business majors. He holds a doctorate in administration of higher education from Florida State University. Under his leadership, the University has experienced record growth in enrollment and giving and, more importantly, continues to place significant emphasis on Christian servanthood.

Accreditation

Harding University is accredited by the Commission on Institutions of Higher Education of the North Central Association of Colleges and Schools. Harding is also a member of the American Council on Education, the American Association of Colleges for Teacher Education, the College Entrance Examination Board, and the National Commission on Accrediting (not an accrediting agency).

The graduate and undergraduate teacher education program is accredited by the National Council for Accreditation of Teacher Education (1961). The social work program is accredited by the Council on Social Work Education (1978). The School of Nursing is accredited by the National League for Nursing (1989). The Department of Music is accredited by the National Association of Schools of Music (1983). The School of Business is accredited by the Association of Collegiate Business Schools and Programs (1992). Harding is approved for the training of vocational family and consumer sciences teachers. Letters of accreditation are on file in the Office of the President and are available upon request.

Location

Harding's home community, Searcy, Arkansas, a city of 17,000 persons, is the seat of White County. Founded in 1837, Searcy enjoyed gradual growth as the center of a chiefly agricultural area until the last 35 years, when the location of several industries in the city brought a favorable balance of economy and a more rapid growth than before. Today's Searcians are a progressive citizenry proud of their community and dedicated to its advancement.

Located in east central Arkansas, about 50 miles northeast of Little Rock and 105 miles west of Memphis, Tenn., Searcy is reached by U.S. Highway 67 from the north and south and by U.S. Highway 64 from the east and west. The nearest commercial passenger plane service is at Little Rock, but Searcy has a small airport and is served by bus lines.

The nearness of Little Rock and Memphis gives Searcians access to the cultural and entertainment opportunities of metropolitan areas without sacrificing the special charms of small-town living. Searcy itself features recreation facilities of all types, and Greers Ferry Lake to the north of the city is famous for its fishing and water sports.

Harding occupies about 200 acres east of the downtown area of Searcy, but the impact of the University on the town is more far reaching than that caused by geography alone. Interaction and interdependence between the University and the community is great. Many Searcians serve Harding in a variety of ways, and the University contributes significantly to the civic, cultural, economic, educational, recreational, and spiritual well-being of the city.

Academic Facilities

Harding University Special academic facilities supplement classroom experience with practical opportunities for increased understanding of concepts and students' own creative development. Libraries, laboratories and studios, for example, provide invaluable training and study opportunities apart from a classroom environment.

BRACKETT LIBRARY

The library is the academic heart of the University. On a typical weekday, more than one-third of the student body and faculty use Brackett Library, named in honor of Mr. and Mrs. Bob Brackett, who underwrote much of its 1990 renovation costs.

Collections include 437,000 volumes and other media including software, videos, cassettes, CDs and maps. The library subscribes to 1,317 periodicals and 11 newspapers. Access to information is enhanced by the "Electronic Library," which includes an automated catalog/circulation system; computerized periodical indexing for nursing, psychology, business, education, theology and general-interest periodicals; Internet; remote databases such as FirstSearch, Medline, Chemical Abstracts and WESTLAW; and some fulltext journals. Dial-up and Internet access to Harding's on-line catalog is also available. The local collection is supplemented by 22 million items held by other libraries accessible to Harding students via the computerized, Harding-subsidized interlibrary loan service.

A staff of seven professional librarians, one systems manager, seven support staff and 53 student workers select, acquire, describe, maintain and interpret the collection for library users. Services include a reserve book collection, a best-seller collection, library tours, class instruction, librarians who provide reference/research assistance, copiers, audiovisual equipment and conference rooms for group study.

Among the library's special collections are the George S. Benson Collection, the G.C. Brewer Library, archival material related to Harding's history and the history of the churches of Christ, a rare book collection, a juvenile and adolescent literature collection maintained as a teaching resource, and the Arkansas and U.S. Government Documents Collections. In 1996 the Library's Williams-Miles History of Chemistry Collection was recognized by the American Chemical Society as one of only eight National Historic Chemical Landmarks in the United States.

The library also maintains a music library housed in the Reynolds Center. Records, tapes, CDs and scores are accessible to all students.

The holdings of the Curriculum Library, located in the American Studies Building, are included in the Brackett Library on-line catalog. The Curriculum Library contains curriculum and media materials primarily for students enrolled in the School of Education who are preparing assignments.

ACADEMIC COMPUTING

Harding's Ethernet local-area network interconnects campus computer and information resources and also provides access to global facilities via the Internet. Digital Equipment Corp. VAXes and Sun Microsystems UNIX machines support centralized computing services. Campus labs, which are open to all students, provide access to DOS/Windows and Macintosh applications. These public facilities are complemented by a diverse collection of departmental equipment addressing the unique needs of the various disciplines.

EDUCATIONAL MEDIA

The Educational Media Center, located in the Mabee Business Center, contains an assortment of audiovisual equipment, copy machines and facilities for preparing instructional materials.

LABORATORIES

SCIENCE LABORATORIES for students in biology, chemistry and physics are located

STUDENT INFORMATION

Student Activities

The social aspect of Harding University — the pursuit of an education within a Christian social environment — is of paramount importance to the University's mission. Indeed, the emphasis on Christ-centered student life within the Harding community is a key indicator of Harding's uniqueness.

This chapter on student life presents an overview of student activities, student services and the student Code of Conduct. Detailed information is contained in the Student Handbook available from the Office of Student Services.

RELIGIOUS ACTIVITIES

Opportunities for spiritual enrichment abound. Some, such as Bible classes, chapel and worship services, require regular attendance. Many others offer students opportunities to grow personally while serving others. These include:

Big Brothers/Big Sisters: Work with disadvantaged younger children.

Campaigns: Stateside and international campaigns, conducted mostly during spring and summer vacations, involve students in evangelistic, medical and choral mission activities throughout the United States and the world.

Camps: Students serve as counselors at Harding's Camp Tahkodah and numerous other summer camps for young people.

Chapel: Faculty and students are required to attend chapel on a daily basis.

Church Activities: Faculty and students are required to attend worship services regularly. Numerous congregations are found in Searcy and surrounding communities.

Dactylogy Club: Ministry in signing for the deaf.

Devotionals: Social club and campus-wide devotional services are a prominent feature of campus life.

Good News Singers: A mixed octet sponsored by the College of Bible and Religion; open to all students by audition.

Hope: Harding Outreach Program of Evangelism is led by the director of the Mission Prepare Program.

JOY: A women's club emphasizing Jesus first, others second, yourself last.

Lectureships: The University Lectureship, generally held in October, features outstanding speakers from around the world. In addition, students administer an annual lectureship in which all presenters are students.

Mission Study: Numerous study groups focus on specific aspects of world missions.

Service Projects: The Student Association, social clubs and other organizations sponsor numerous and far-reaching service projects ranging from disaster relief to fund raising for worthy causes.

Timothy Club: The College of Bible and Religion sponsors three activities through the Timothy Club, an organization for students with Bible-related majors. Alpha Chi Malachi involves students interested in preaching, missions, Christian education and biblical languages. Tentmakers prepare to work in self-supported church ministries. Youth Corps focuses on youth ministry.

CULTURAL ACTIVITIES

Opportunities abound for cultural growth through participation in music and dramatic productions, art shows, lectures and special events. These include the fall Homecoming musical production, Spring Sing, and senior shows, recitals and theatrical presentations.

The Lyceum Committee and the Student Association Student Activities Committee bring outstanding professional performers to campus. Academic departments sponsor visiting lecturers in their respective disciplines. The American Studies Institute brings world-renowned speakers in industry, business, education and government to campus. Frequently, the University sponsors culturally oriented trips, such as performances of Opera Memphis and the Arkansas Symphony Orchestra.

COCURRICULAR AND EXTRACURRICULAR ACTIVITIES

Some 50 student organizations, including professional clubs, social clubs, honor societies, athletic teams and special-interest organizations offer social and recreational opportunities as a part of the total educational process. These include:

Honor/Scholarship Societies: The Arkansas Eta Chapter of Alpha Chi National College Honor Scholarship Society at Harding University is the University's designated general honor society. Membership is open to the top 10 percent of the junior and senior classes (3.85 grade point average on 80+ hours for juniors; 3.75 grade point average on 104+ hours for seniors). Twenty-four hours in residence are required. Membership in Alpha Chi is the highest academic award that can be bestowed at Harding University. Harding is home to the national headquarters of Alpha Chi, which supports chapters at more than 300 colleges and universities nationwide.

Phi Eta Sigma is the freshman honor society open to students who achieve a 3.0 grade point average.

In addition to these general honor/scholarship societies, numerous academic disciplines also sponsor honor societies.

Music Organizations: The Department of Music sponsors several organizations open to all students by audition. These include Belles and Beaux, a show choir meeting three times each week; Chorus and Concert Choir, mixed choruses meeting daily, performing mostly sacred literature and touring extensively; Concert Band, rehearsing from late fall through spring, performing concert and symphonic band literature; Jazz Band, performing traditional jazz and featured at Spring Sing; Orchestra, meeting three times per week to perform works of major classical composers for orchestra; String Quartet, an invitational ensemble meeting at least once a week; Thundering Herd Marching Band, meeting regularly in the fall and marching for Bison football games; and University Singers, meeting twice weekly, performing mostly sacred literature, with limited touring.

Student Publications: Student publications provide a factual record of the year's events and a laboratory for student writing, editing and design. The weekly newspaper, *The Bison*, has won awards in state and national competitions, including First Class and All-American ratings from the Associated Collegiate Press. The yearbook, the *Petit Jean*, was honored consecutively for 27 years with an All-American rating from the Associated Collegiate Press and was one of two universities chosen for inclusion in the ACP Hall of Fame at its initiation in 1988. The English Department annually publishes *Shapes and Names*, a magazine of creative writing submitted by students to the Jo Cleveland Creative Writing Contest.

Communication Activities: Intercollegiate debate teams participate in several major tournaments each year and have achieved an excellent record in state, regional and national competitions. Team members also participate in oratory, extemporaneous speaking, public discussion and oral interpretation events.

The campus radio station, KHCA, is a cable radio station heard throughout a large portion of White County as background music on cable channel 16. The station is student operated and managed by approximately 80 students per year.

Students in mass communication produce news, sports, entertainment, religious, and special-event programs for airing on Harding's cable channel 16. TV-16 is reserved exclusively for Harding students and faculty through a special arrangement with White County Video. The station is operated by approximately 120 students per year.

The Student Speech and Hearing Association is composed of individuals working toward a major in communication disorders. This organization is affiliated with the National Student Speech-Language-Hearing Association. Projects include a campus-wide hearing screening, a graduate fair, and trips to regional and national meetings.

Faculty- and student-directed theatrical productions, including the annual Homecoming musical, are presented each year. Each summer students participate in drama through performance and technical production work in the Searcy Summer Dinner Theater.

Athletics: Athletics play an important role in Harding's educational and recreational life.

The Athletic Committee administers intercollegiate sports in harmony with established policies approved by the faculty, and competition is regulated by the educational purposes of the University. In the conduct of intercollegiate athletics, the University administration subscribes to the Athletic Policy of the Commission of Colleges and Universities of the North Central Association of Colleges and Schools. Intercollegiate competition is sponsored through membership in the National Collegiate Athletic Association (NCAA). The program is administered in compliance with the NCAA rules and regulations concerning the principles of fair play and amateur athletics, the physical welfare of student-athletes, and the academic success of student-athletes.

Men's teams are fielded in football, baseball, basketball, track, cross country, tennis and golf. Women's teams include basketball, cross country, tennis, track, volleyball and soccer.

Student athletes must be regularly enrolled in at least 12 semester hours and must have passed no fewer than 24 hours the previous two semesters with a satisfactory cumulative grade point average. Participation is limited to four years during the first 10 semesters of undergraduate enrollment.

Harding's outstanding intramural program involves about 70 percent of men and 55 percent of women students. The program includes both team and individual sports, with competition among social clubs and teams organized by the program directors. The major sports are flag football, softball, basketball and volleyball.

Social Clubs: Social clubs involve a large majority of Harding students. Fourteen women's clubs and 14 men's clubs provide students with a variety of club interests and sizes. In contrast to most institutions, Harding assures club membership to all students who desire it. Organized to provide students opportunities to develop leadership abilities and cooperative attitudes, clubs engage in service projects, promote school spirit at University events, and enjoy banquets, parties, outings, interclub athletics and Spring Sing participation.

Student Association: The Student Association (SA) is the student government organization. It is headed by an executive council consisting of four officers and two representatives from each class. Ten committees appointed by the council carry out specific activities of the association.

The SA exists to provide close cooperation among students, administration and faculty, and to furnish a systematic plan of student participation in the activities of the University. Executive council members serve on standing faculty committees concerned with student welfare.

The SA sponsors social events for the entire student body, assists in planning Homecoming and other special events, sponsors movies on campus, encourages academic competition among social clubs, studies campus problems, and makes recommendations to the administration and faculty about subjects relating to the University and specifically to students.

Student Services

The Office of Student Services is responsible for administering policies concerning student life. These policies are set forth in the Student Handbook, which all students are expected to read and abide by. Three programs in particular help meet students' personal needs.

Office of the Provost

CAREER CENTER

The Career Center, located in the Student Center, assists students in choosing majors and planning careers. Vocational interest testing, career counseling and occupational information are all available without charge to students and alumni.

The center assists graduating seniors and alumni in finding suitable employment or graduate study. All graduating seniors are required to register with the center. More than 185 business firms, school systems and graduate schools come to campus each year to recruit graduates. Placement files are maintained, and credentials packets are prepared free of charge for on-campus interviews, recruiters and job fairs. A \$3.50 fee is charged for requested packets that are picked up, mailed or faxed.

The Office of Cooperative Education, located in the Ezell Building, assists sophomores, juniors and seniors in obtaining jobs related to their major fields so that they may develop professional work skills while financing their education. Students participating in Cooperative Education receive academic credit for the work experience. For further information see the Cooperative Education section of the Catalog.

COUNSELING CENTER

The Counseling Center is located on the third floor of the McInteer Center. A staff of professionally trained counselors provides confidential assistance with educational, personal, marital and social problems.

The center helps students achieve realistic appraisals of abilities, interests, values and aptitudes. Special sessions are offered in time management, study skills and self-improvement. If tests are needed for self-understanding, academic planning or vocational selection, these are administered and interpreted at no cost. All services are short-term, non-fee services independent of any medical, instructional or disciplinary measures.

HEALTH CENTER

Health services are funded through registration costs and include first-aid and such emergency care as can be administered adequately in the University Health Center.

Because hospitalization is not included as a part of the University's own infirmary service, a student accident and sickness insurance plan is available to all full-time students at a cost of approximately \$535 to \$570 per year for a single student under a student group plan, with higher rates for students having dependents. This plan covers hospitalization, surgical fees and medical care as provided in the policy and includes intramural athletic activities.

Students participating in intercollegiate athletics are covered on a separate policy for athletically related injuries during participation, practice, and travel to and from athletic events. However, this insurance does not cover other injuries or illness.

Health services do not cover the cost of drugs, extensive examination, x-rays, dental care or medical attention for chronic illnesses or accidents, including those incurred in voluntary activities such as intramural sports and outings, which require the services of a physician or outside hospitalization. These services may be arranged through the nurse, but students are expected to pay the additional cost.

Students may select their own physicians in consultation with the Health Center. The University does not assume financial responsibility for medical services arranged by students. Financial responsibility of the University for health service ends with the termination of student status.

Code of Conduct

Harding expects its students to conduct themselves as responsible citizens in a Christian community.

Enrollment at the University is viewed as a privilege that brings attendant responsibilities and accountability. In order to encourage Christian living and growth, the University administers a student Code of Conduct. This code, contained within the Student Handbook, is available upon request from the Office of Student Services and is provided to every student upon enrollment.

In making application to the University, you acknowledge and agree to abide by this code. Harding University reserves the right to refuse admission to or dismiss students whose lifestyle is not consistent with the Christian principles that Harding stands for; and when the general welfare of the institution requires such action. Students suspended for disciplinary reasons during a semester may receive a grade of "F" in all courses for that semester.

Contents of the Student Handbook may be summarized briefly as follows:

1. You are encouraged to develop a servant-leadership-ministry lifestyle that integrates faith, learning and living.
2. You are expected to pursue honesty and integrity, avoiding all forms of dishonesty.
3. To encourage spiritual growth, you are required to attend Bible classes and chapel, and expected to attend church services.
4. Personal wellness is stressed, and you must abstain completely from illegal drugs, alcohol and tobacco in any form.
5. Social wellness is stressed, and you must exclude all forms of sexual immorality, pornography and profanity.
6. You are expected to dress modestly at all times.
7. You are expected to abide by a positive residence hall code designed to encourage Christian living.
8. Sportsmanship and fair play are expected.
9. You are encouraged to participate in social clubs, which provide opportunity to reflect the mission of the University in a social context.
10. You are expected to serve others, consistent with the development of a servant-leadership lifestyle.

Because the University believes that a knowledge of the Bible and an appreciation of its teachings constitute the foundation for building happy and useful lives, you are required each semester to enroll in a Bible course or in an approved course in a related field.

One of the most important periods of the day is the chapel service, which draws faculty and students together in a common worship experience. The quiet devotional period is followed by programs designed to facilitate the mission of the institution. You are required to attend daily. Policies concerning chapel attendance are set forth in the Student Handbook.

Harding University

Admission Policies

Admission to Harding University is determined on an individual basis. Each candidate is evaluated based on academic preparation and potential. Only students who appear capable of success at Harding are accepted for admission. Also, because of Harding's rich heritage as a Christian university, we seek students of the highest moral calibre. An interview is not a requirement for admission, but we strongly recommend one to ensure that there is a good match between the student's interest and talents and Harding's academic and non-academic offerings.

As stated earlier and more fully in the Nondiscrimination Statement, Harding does not discriminate on the basis of race, color, creed, national origin, sex, age, veteran status, religion or disability in its admission policies.

Pre-admission Course Requirements: High school graduates should have completed at least 15 units in academic subjects. Specifically, an applicant should have completed 4 units of English, 3 units of mathematics (taken from general math, geometry, algebra, trigonometry, precalculus or calculus), 3 units of social studies (taken from civics, American history, world history or geography), and 2 units of natural science (taken from physical science, biology, physics or chemistry). Although not required for admission, two years of foreign language is recommended. The additional units may come from any academic area.

High School Graduates: Generally, students who attain a 3.0 high school grade point average and an ACT composite score of 19 or a SAT combined score of 900 qualify academically for unconditional admission.

Students who do not meet these requirements must be reviewed by the Admissions Committee. Here ACT/SAT scores and academic records are considered; high scores in one area may offset low scores in the other. Early application is encouraged to ensure individual consideration. Alternative enrollment dates (especially summer) may be required if you fail to meet the standards.

Transfer Students: Transfer students with a 2.0 grade point average or higher are considered for unconditional admission. Those with lower averages are reviewed individually and may be granted probational admission during any semester or summer term. Transfers who have been full-time students elsewhere for at least one semester and who have earned 14 or more semester hours of credit acceptable by Harding are not required to submit ACT/SAT scores or high school transcripts.

Full credit is normally given for courses transferred from accredited institutions if these courses approximate those at Harding. Students presenting transfer credit from non-accredited institutions may have this credit validated by special examinations or on the basis of satisfactory work completed in residence.

In order for you to graduate, at least 32 hours must be earned in residence at Harding, and 60 hours must be earned at a four-year college. You may enter Harding under the catalog in effect during your freshman year, subject to the eight-year statute of limitation discussed in the Catalog Revision catalog section.

Transfer credit counts as upper-level credit only if the course has junior-senior status at the institution where taken. All work transferred from a junior college is considered lower-level credit except for 300-level courses taken in the third year in an approved third-year program. After you have earned 68 hours of credit, work from a junior college is not accepted.

Non-High School Graduates: Prospective students who did not graduate from high school

may apply for admission and attach a complete statement regarding educational background and qualifications. Those who have earned a General Education Development (GED) Certificate and meet the other admission requirements are considered by the Admissions Committee. ACT or SAT scores must be sent to Harding.

Home-Schooled: Prospective students who are home-schooled must submit transcripts, ACT/SAT test scores and references. If transcripts are not available, then GED scores must be submitted in addition to ACT/SAT scores.

Early Entrance: You may be accepted for admission without finishing high school if you are 17 years old at the time of enrollment; have completed 12 solid units; have an ACT of 24 or a SAT of 1090; have a 3.0 grade point average or higher; have good references; and have the approval of the Admissions Committee.

Advanced Studies Program: Local high school students who have achieved a "B" average or better in 12 solid courses may be approved for dual enrollment in college courses during Summer Sessions. Some may qualify for admission to Harding the following fall semester.

Special Students: Special students are those who do not meet admission requirements but who desire to enroll in certain courses. You may be permitted by the vice president for academic affairs to enroll in any course for which you are qualified, but credit earned as a special student may not count toward a degree.

Admission Procedures

The Office of Admissions Services provides comprehensive assistance to prospective students. For an application packet and other information, contact the director of admissions by mail at Harding University, Box 12255, Searcy, AR 72149-0001; by phone at 1-800-477-4407 (toll free); by fax at (501) 279-4865; or by e-mail at admissions@harding.edu. Enrollment at Harding is limited, so early application is encouraged.

Admission Fees: The \$25 application fee and the \$125 housing reservation deposit are discussed in detail under the heading Admission Fees in the financial section of the Catalog.

Reference Forms: Two reference forms included in the application packet must be completed in order for you to be considered for admission. The academic reference form should be completed by a counselor, principal or teacher (dean of students or registrar if you are a transfer student). The character reference form should be completed by a minister, youth minister or other church leader.

Transcript(s): Copies of academic credentials must be placed on file. Students entering college for the first time should have the high school guidance counselor or principal send an official high school transcript directly to the director of admissions. Students who make early application should request that these be sent at the mid-term of the senior year. Transfer students must have official transcripts sent by the registrar of each institution previously attended.

ACT/SAT Scores: Entering freshmen must submit either ACT or SAT scores as entrance examinations. Transfer students with fewer than 14 hours of credit must also submit these scores.

The ACT is administered nationally at testing centers at high schools and colleges five times during the school year. The first test period is usually in October, and the last is in June. The SAT is given nationally at test centers seven times during the school year between

October and June. Students who wish to apply for scholarships should take the ACT/SAT at one of the earlier test dates. Information and application blanks may be obtained from high school counselors or principals, or from the Harding admissions office.

Readmission Procedures: Students who have previously attended Harding and are returning are not required to make application through the Office of Admissions Services. Apply instead through the Office of Student Services. This office will process the readmission form and send appropriate notification.

If you have attended another college or university since your last enrollment at Harding, a transcript of that work must be sent to the registrar at Harding. Graduate students must apply to the dean of the appropriate school.

Registration Policies

Registration: Registration is held at the beginning of the first week of each semester. In addition, accepted students may preregister (enroll in classes) at one of two Summer Experience early orientation sessions. Returning students typically preregister near the end of each semester for the following semester.

Academic Advising: Faculty members serve as academic advisers and approve all course schedules. Students are assigned to faculty in their majors or preprofessional fields. Students who are undecided about their majors are assigned to faculty advisers who assist with scheduling classes.

Late Registration: Students who complete registration after the appointed day are charged a late registration fee as stipulated in the Special Fees section of the Catalog.

Registration is not permitted after Monday of the third week of the fall and spring semesters, after the second day of Intersession, and after the first week of either summer term, except for limited programs. Exceptions must be approved by the instructor and the registrar.

Drop/Add: During the first week of school in the fall and spring semesters, you may make changes to your schedule through your adviser with no fee charged. After the first week of classes, you must submit a signed Drop/Add Notice to the registrar. A fee is charged (see "Special Fees" section on page 38).

The last day to add a class is Monday of the third week for the fall and spring semesters, Tuesday of the first week for Intersession and short sessions, and Monday of the second week for Summer Session terms.

Any class dropped without official University approval is recorded as "F." Courses dropped by Monday of the third week do not appear on the transcript. Classes dropped after Monday of the third week are assigned a grade of "W" (withdrew); the grade point average is not affected. The last day to drop a class is Friday of the 13th week (fall) or 14th week (spring); Friday of the second week for Intersession and short sessions; and the fourth week of five-week sessions.

Auditing: You may register for courses on a non-credit basis. Audited courses will not appear on your transcript. The fee for auditing a course is one-half tuition.

Dual Registration: While attending Harding you may not enroll at another institution in order to keep from taking Bible, attending chapel, or living on campus.

Office of the Provost

Course Policies

Classification: Regular students who have met entrance requirements but who have earned fewer than 27 semester hours of college credit at the beginning of any semester are classified as freshmen. Those having 27 to 59 hours of college credit at the beginning of any semester are classified as sophomores. Juniors must have 60 to 89 hours, and seniors must have 90 hours or more.

Students enrolled in 12 or more hours per semester are classified as full-time students. Those enrolled in fewer than 12 hours per semester are classified as part-time students. However, part-time students who enroll in more than 8 hours per semester are subject to Bible-course and chapel-attendance policies.

Course Numbering: Normally, courses numbered 100-199 are for freshmen; 200-299 for sophomores; 300-399 for juniors; and 400-499 for seniors.

Courses numbered 250-299 taken by second-semester sophomores, juniors and seniors count as upper-level credit. First-semester sophomores may receive upper-level credit in these courses provided they are preceded by a year of freshman credit in the same subject. All 300 and 400 courses are upper-level.

Courses numbered 300 or above are not open to freshmen. Courses numbered 300-399 are primarily for juniors and seniors, but sophomores may enroll in these courses with the consent of the instructor and the department chair or dean. Courses numbered 400-449 are open only to juniors and seniors; courses numbered 450-499 are open only to seniors.

Graduate Credit: Courses numbered 500-599 may be taken for graduate credit by qualified students. Credit in a course at the undergraduate level normally voids the course at the 600 level. Courses numbered 600 and above are open only to graduate students and require at least 12 hours in the field as a prerequisite. Although students who are within 9 hours of the baccalaureate degree may enroll for 500 and/or 600 courses if approved in advance by the director of graduate studies or dean, credit in 500, 600 and 700 courses cannot be applied toward meeting baccalaureate degree requirements.

Semester Hour: A semester hour of credit requires 15 hours of lecture, recitation, discussion or the equivalent, exclusive of the time devoted to final examinations.

Majors and Minors: Every degree program requires a major, which should be chosen as early as possible. Majors typically include 30 to 60 hours, although some are larger. Majors with fewer than 48 hours typically require a minor of 18 hours from another field. Within these majors 18 hours must be upper-level, and 6 hours of the minor must be upper-level.

Broad-area majors consist of 48 or more hours, 24 of which must be upper-level. A minor is not required.

Within the major department, only 12 hours beyond the minimum hours required for the major may count toward the 128 required for graduation.

While minors typically consist of 18 hours, a few require more. Hours in the minor may be reduced by courses in General Education and Bible, which also count toward the minor. Thus, while the degree programs in this Catalog stipulate 18 hours, this number varies.

Double Majors: Students pursuing two majors in a single department, where a common core of course requirements exists, must, in addition to completing the requirements for both majors, complete 15 hours beyond the major with the most required hours.

Students earning two baccalaureate degrees at graduation or returning for a second bac-

calaureate degree must earn 160 hours.

Two identical degrees (for example, two B.A.s or two B.B.A.s) may not be awarded at the same commencement.

Special Majors: Students who choose a vocation for which there is no cataloged major in many cases may arrange a program of study through the vice president for academic affairs and appropriate department chairmen.

Maximum Load: The normal course load is 16 hours per semester. Many first-semester freshmen, however, should limit loads to 14 or 15 hours; 18 hours is the maximum load permitted a freshman.

Juniors and seniors whose cumulative grade point average is 3.0 or who have earned a 3.0 the previous semester may carry up to 20 hours of credit. Under no circumstances may you enroll in more than 20 hours per semester.

Leveling Work: Leveling work may be needed in order to meet the prerequisites for more advanced courses. For example, students whose ACT English subscore is 18 and below or whose SAT verbal score is 440 and below must enroll in ENG 100 before taking ENG 111. ENG 100 is then considered to be leveling work. Leveling work decreases the number of electives and/or increases the number of hours in a degree.

Repeat Courses: You may repeat any course previously taken. However, repeating a course voids previous credit in that course, and the grade received when the course is repeated becomes the official grade for the course. The repeated course cannot be dropped without losing credit in the course. You may not raise your grade point average by repeating a course and then withdrawing. The previous grade will remain on the transcript.

Class Attendance: Class attendance policies are determined by individual faculty members. Admission to the University obligates you to observe these policies.

Bible Class Attendance: Students who take more than 8 hours in a semester or in Summer School (excluding Intersession) must take a Bible class that meets at least three hours a week. The only exceptions are students in the supervised teaching semester or field study, students who already have a baccalaureate degree, and students with more than 120 hours, including eight semesters of Bible.

Bible class attendance is compulsory regardless of the grade being earned. The required Bible class cannot be dropped. One week of unexcused absences is allowed. Students who accumulate excessive unexcused absences are penalized on their final grade at the rate of 3 percentage points per class hour missed beyond the above designated maximum. Students who miss more than three class hours beyond the maximum are referred to the Bible Attendance Committee for disciplinary action. Failure to attend Bible class may result in suspension from the University.

Bible-related Courses for Juniors and Seniors: The following courses may be taken as substitutes for required Bible courses by juniors and seniors who have already satisfied the 8-hour General Education requirement in textual Bible: Upper-level textual Greek and Hebrew courses, missions courses and philosophy courses; BUS 435 by business, public relations and advertising majors; NURS 413 by nursing majors; PH S 410 by senior science, biology and mathematics majors who meet the qualifications for admission to the course; and SOC 401 by social science majors.

Correspondence Courses: A maximum of 18 hours of correspondence credit may be counted toward a baccalaureate degree. Not more than 12 consecutive hours of such credit

may be submitted, however, until 6 hours of additional residence work have been completed. If correspondence work is permitted while you are in residence, the hours of credit carried by correspondence are included in determining the maximum load permitted per semester.

All correspondence courses that are to apply toward graduation should be approved in advance by the vice president for academic affairs. A course that you have previously failed will not be approved. Courses must be taken from a college or university that is a member of the National University Continuing Education Association. A minimum grade of "C" must be achieved for the credit to transfer.

Reserve Officer Training Corps (ROTC): Harding accepts ROTC credit from the University of Central Arkansas in Conway. Consult the registrar for details.

Examinations

COURSE EXAMINATIONS

You are expected to take all scheduled examinations. If you miss an examination because of illness confirmed by the school nurse or a family physician, participation in a school-sponsored activity, or other cause sanctioned by the vice president for academic affairs, you may make up that examination. Procedures for making up examinations differ from teacher to teacher, and these are subject to the approval of the vice president for academic affairs. Teachers are under no obligation to give make-up examinations for unexcused absences.

Final examinations are subject to the guidelines listed above. Generally, they may not be taken ahead of schedule, and then only by prior approval of the vice president for academic affairs (lab courses are an exception). A change of examination fee, listed in the Special Fees section, is charged except for confirmed illness and official school representation.

SPECIAL EXAMINATIONS

Harding requires 96 hours of credit by formal course instruction, including classroom instruction, independent study, co-op and field work, contract courses, and correspondence courses (maximum of 18 hours). Beyond this, you may earn course credit by taking examinations outside the formal classroom environment. Often these are taken prior to or at the time of initial enrollment. There is no limit to the number of credits that may be earned by special examinations. All credit earned serves to advance academic classification and progress toward a degree.

Advanced Placement (AP): Harding grants credit to incoming freshmen for courses completed in the Advanced Placement Program of the College Entrance Examination Board. A table of available AP exams, minimum qualifying scores accepted by Harding, courses for which qualifying scores may earn credit, and number of hours which may be earned, is printed below. No grade is assigned and no tuition is charged. A fee is charged for each course recorded on your transcript (see Special Fees section). Freshmen earning AP credit may take sophomore-level courses in the subject where credit was earned.

College Level Examination Program (CLEP): Harding is a CLEP test center and awards credit through General and Subject Examinations. Credit is awarded for specific courses. No grade is assigned and no tuition is charged. A fee is charged for each course recorded on your transcript (see Special Fees section).

CLEP examination fees are set by Educational Testing Service and are subject to change.

You should consider taking CLEP exams if your ACT score is 27 or higher, if your SAT is 1200 or higher, if you have completed relevant high school honors courses, or if you have knowledge of specific subject areas through life experiences.

CLEP General Examinations test knowledge in general subject areas. At Harding up to 14 credit hours may be earned on the General Examinations in English, Humanities and Natural Science as follows:

CLEP GENERAL EXAMINATIONS

General Examination	Cut Score	College Course	Credits Earned
English Comp with Essay	500	ENG 111 or 113	3

CLEP test registration forms are mailed to incoming freshmen in April by the Office of Student Services. They may also be obtained from high school counselors or from Harding's Office of Institutional Testing, Box 12250, Searcy, AR 72149-0001. If you wish to take CLEP exams elsewhere, a CLEP Test Center booklet listing test centers is available from CLEP Publication Orders, Box 6601, Princeton, NJ 08541-6601.

CLEP General Examinations must be taken no later than the first date following enrollment as a freshman — October in the fall semester and January in the spring. A completed registration form and appropriate fees are due at the Office of Institutional Testing at least one month before the test date.

The General English Composition with Essay examination is administered four times a year — in January, April, June and October. Incoming freshmen must take this general exam in June before fall enrollment or in October during the first semester.

CLEP Subject Examinations test knowledge in specific subject areas. They may be taken on any test date during your undergraduate enrollment. They are administered on the third Thursday of the month in January, April, June, July, August and October. You may not take Subject Examinations for courses in which you are or were enrolled.

International Baccalaureate (IB): Harding grants credit for appropriate courses based on qualifying scores of 5 on the Higher Level examinations. Course equivalencies are determined by participating departments. No credit is awarded for the subsidiary exams, and no tuition is charged. A fee is charged for each course recorded on your transcript (see Special Fees section).

Credit by Examination: To encourage independent achievement, Harding offers students the opportunity to earn credit by taking comprehensive course examinations. Entering freshmen with outstanding high school records and examination scores may receive credit by examination for courses which largely duplicate completed high school work. Enrolled students with grade point averages of 3.0 or higher may also earn credit. However, students who have either withdrawn from or failed courses may not earn credit by examination in these courses.

You must apply on a form supplied by the Registrar's Office and obtain approval of the instructor, department chair, and vice president for academic affairs. A fee of \$10 is due at the time of application. A grade of "C" or higher must be achieved in order to earn credit; the grade earned is recorded on your transcript. Tuition is charged when credit is awarded. No transcript recording fee is charged.

Validation: Students who have taken courses of study in non-collegiate programs such as hospitals, business schools and vocational schools may validate college credit for such study through comprehensive examinations for comparable courses offered at Harding.

There is a \$10 application fee for each course attempted. A grade of "C" or higher must be achieved in order to earn credit; the grade earned is not recorded on the transcript. There are no tuition or recording charges. Validation credit counts toward the 96-hour course instruction requirement for graduation.

Exemption Examination: You may earn exemption from most required General Education courses by passing appropriate comprehensive examinations. There is a \$10 application fee for each course attempted. No credit is awarded.

Grade Reports: Reports of mid-semester and semester grades are sent to parents or guardians unless you meet federal requirements for exemption and file with the registrar a written

request that grades not be sent. The following grade scale is used to indicate student performance in each course:

Grade	Standard	Quality Points
A	Excellent	4
B	Good	3
C	Average	2
D	Below Average	1
F	Failure	0
W	Withdrawn	—
I	Incomplete	0
NC	No Credit	—
NR	No Grade Reported	—

An "I" may be given only when you have been unable to complete a course for circumstances which, in the judgment of the faculty member, were unavoidable. It must be removed by mid term of the semester immediately following the semester or summer term in which it was received.

A grade of "I" is considered to be an "F" for grade point average computing purposes until it is removed, and it becomes an "F" automatically if not removed by the deadline.

Change of Grade: After a final grade has been reported to the registrar, the only basis for changing the grade is error on the part of the faculty member in calculating or reporting the grade. Students appealing a grade should first consult the teacher, next the department chair, then the dean, and finally the vice president for academic affairs in accordance with accepted procedures. For additional information, see the Academic Grievance Procedure section of the Catalog.

Grade Point Average (GPA) Computation: Cumulative GPA is calculated on the basis of total quality points earned divided by total hours attempted. In this Catalog the term "GPA" is to be construed as minimum cumulative grade point average unless otherwise indicated. Transfer credits will be calculated into the GPA (except for credit from foreign schools).

Dean's List: A Dean's List is published each semester honoring those who achieve high scholarship. To be eligible you must earn a 3.5 GPA on 12 or more hours of work.

Graduation with Honors: Graduating seniors who achieve at least a 3.3 GPA graduate *cum laude*. Those with a GPA of 3.6 graduate *magna cum laude*, and those with a GPA of 3.85 or higher graduate *summa cum laude*.

Academic Warning, Probation and Suspension: The following table sets forth criteria for less than satisfactory academic progress.

Hours Attempted	Academic Warning	Probation
Up to 26 semester hours	Less than 1.50 GPA	Less than 1.35 GPA
26 up to 56 semester hours	Less than 1.75 GPA	Less than 1.50 GPA
56 up to 80 semester hours	Less than 2.00 GPA	Less than 1.75 GPA
80 or more semester hours		Less than 2.00 GPA

Academic Warning status is an early warning to students who are in danger of being put on probation and as such does not carry any restrictions.

Academic Probation policy applies only to fall and spring semesters, not to Summer Session. Probation is removed at the end of a semester, never at mid-semester. Failure to

Students on Academic Probation are limited to a normal course load and are not eligible to represent the University in extracurricular activities, such as intercollegiate athletics, Chorus, debate, band, dramatic productions and student publications. Representing the University includes public performances and trips but not regular meetings and practices.

Students on Academic Suspension are required to drop out for at least a full semester. You may attend Summer Session, however, and if you achieve a satisfactory record on a program of summer work approved in advance by the Academic Retention Committee, you may be accepted for readmission for the fall semester. In order to be readmitted, you must make application for readmission to the Academic Retention Committee, giving evidence that you will be able to do satisfactory academic work if readmitted.

A second suspension is permanent and results in academic dismissal.

Graduation Requirements

The following are minimum requirements for graduation:

- Complete 128 semester hours. Some majors require more.

- Complete 32 hours in residence at Harding.
- Complete 23 of the last 32 hours in residence at Harding.

 - Earn a grade of "C" or higher in ENG 281 at Harding.
 - Receive credit in ENG 111 and 211 at Harding through the Advanced Placement Program or the International Baccalaureate Program.

Code of Academic Conduct

Students at Harding are expected to be honorable and to observe standards of academic conduct appropriate to a community of Christian scholars. Harding expects from its students a higher standard of conduct than the minimum required to avoid discipline. All acts of dishonesty in any academic work constitute academic misconduct. This includes but is not necessarily limited to the following:

1. *Cheating*: Use or attempted use of unauthorized materials, information or study aids in any academic exercise.
2. *Plagiarism*: Representing the words, ideas or data of another as your own in any academic exercise.
3. *Fabrication*: Falsification or unauthorized invention of any information or citation in an academic exercise.
4. *Aiding and Abetting Academic Dishonesty*: Intentionally helping or attempting to help another student commit an act of academic dishonesty.
5. *Chemical Consumption*: Consuming chemicals that alter thinking and cause physical or behavioral changes, unless these are taken under the direct supervision of a physician.

Incidents of alleged academic misconduct should be resolved between the faculty member and the student whenever possible. If a matter cannot be resolved, it must go to the appropriate department chairman or dean. Appeals of the chairman's or dean's decision may be made to the vice president for academic affairs and, ultimately, to the Academic Misconduct Appeals Committee.

In cases where the faculty member is also a department chairman, dean, or the vice president for academic affairs, he or she may assume all of the authority of his or her highest office in the carrying out of this procedure.

The procedure set forth below is to be followed in order to facilitate a full and equitable resolution of allegations of academic misconduct.

Resolution by Student and Faculty Member: A faculty member or any other person who has reasonable cause to believe that you have engaged in an act of academic misconduct may confront you with the allegation as soon as possible. If a resolution cannot be reached between the faculty member and you, the faculty member must report the matter to his or her department chairman.

Resolution by Department Chairman: The department chairman will confer with the faculty member or other appropriate person, ascertain the circumstances involved, and review pertinent materials to determine if a reasonable or sound basis exists for believing that academic misconduct has occurred. If he or she concludes that a reasonable or sound basis exists for believing that an act of academic misconduct may have been committed, then he or she will promptly arrange a conference with you. You must be informed that an issue of possible academic misconduct exists and that further investigation of the circumstances by the department chairman may be necessary in order to determine whether an act of academic misconduct has occurred.

The department chairman may resolve the matter as follows:

1. The matter will be dismissed if evidence leads the department chairman to conclude that you did not engage in an act of academic misconduct, or that such misconduct cannot be proven.

2. The matter will be concluded at the departmental level if you make a voluntary written admission that you engaged in an act of academic misconduct. In matters where an admission is made, the department chairman will, with the written concurrence of the faculty member, prescribe a penalty. Under such circumstances, the penalty prescribed can be anything up to, but not including, suspension or expulsion.
3. The matter will be forwarded to the academic dean if (a) it is not resolved by a dismissal of the charge or admission of wrongdoing; or (b) either the faculty member or you insist upon further review of the situation. The department chairman has the authority to refuse to take a voluntary written admission and may forward the matter to the academic dean if he or she believes that the offense may warrant suspension or expulsion.

Resolution by Academic Dean: Any matter not resolved by the department chairman must be forwarded to the academic dean. The academic dean may arrange conferences with the faculty member, you and others as may be appropriate, to discuss the matter in question. You will be given the opportunity to make a statement and present any evidence, witnesses or materials favorable to your position. The academic dean, after careful deliberation, will render a decision. You will be informed in writing of the dean's decision and of your right to appeal within 48 hours of receipt of the notice of the dean's decision.

Resolution by Vice President for Academic Affairs: If you appeal the decision of the academic dean, the vice president for academic affairs must schedule a conference with you to explore the circumstances and reasons for an appeal. If, after meeting with you and conferring with others as may be appropriate, the vice president for academic affairs is able to reach a satisfactory and agreeable solution to the matter, the appeal process will be concluded.

Resolution by Academic Misconduct Appeals Committee: If mediation of the appeal to the vice president for academic affairs fails, then he must convene an appeals committee to resolve the issues that remain. The committee will consist of the vice president for student affairs, the vice president for academic affairs, one student from the division where the alleged misconduct occurred and who is appointed by the president of the Student Association, and one faculty member from the division where the alleged misconduct occurred and who is appointed by the president. The vice president for academic affairs will serve as hearing administrator and will coordinate and preside at all meetings conducted to resolve the academic misconduct issues; he or she will have a vote in determining the decision of the committee and will serve the committee in matters of process and procedure. The committee's decision will be final and will conclude the process insofar as the University is concerned.

The hearing will be conducted in a manner that ensures substantial fairness and will not be restricted by the rules of evidence common to court proceedings. All witnesses will be required to attest to a statement regarding the accuracy of the testimony to be given. The usual order will be the submission of evidence of the alleged academic misconduct; the submission of evidence in support of the charge; the submission of any rebuttal evidence; and closing arguments. Evidence of previous violations of University rules and regulations or violations of local, state or federal laws, ordinances and regulations will not be considered in determining whether the violation charged was in fact committed, but such evidence may be considered in determining the appropriate sanction.

The involved faculty member and you will have reasonable opportunity for questioning of the witness(es). If a witness is unavailable, the committee will determine whether or not, in the interest of fairness, the written statement of such witness(es) will be admitted. How-

ever, in no case will such evidence be considered unless an opportunity for rebuttal is provided. Only one single verbatim record will exist. Hearing proceedings (excluding deliberations of the panel) will be tape-recorded and become the property of the University. The hearing will be open only to the involved faculty member, you, witnesses and representatives (including the committee) of the vice president for academic affairs. Neither legal counsel nor your parents will be permitted to appear before the committee except as witnesses.

Record of Academic Misconduct: If you admit or are found to have engaged in academic misconduct, your name, student number and academic division will be forwarded to the office of the vice president for academic affairs, which will act as a central clearinghouse for the names of all students who have been determined to have engaged in academic misconduct. The office of the vice president for academic affairs will assist the department chairman or dean in determining whether or not you have a prior determination of academic misconduct. If it is determined that you engaged in academic misconduct, then your prior record of academic misconduct will be considered in imposing sanction.

Academic Grievance Procedure

If you have reason to question the decision of a faculty member with regard to a grade received in a course or unreasonable denial of academic progression, a procedure has been established to resolve your grievance. The procedure is as follows:

1. You must register your complaint in writing to the faculty member within seven days following the alleged incident. Within the writing, you must set forth reasons and grounds for your grievance. Upon receipt of the complaint, the faculty member must meet with you and strive to resolve the problem.
 - a) If a resolution cannot be reached within five days and the complaint concerns a course within the College of Arts and Sciences, then it is your responsibility to register your complaint in writing with the department chairman. Upon receipt of the complaint, the department chairman must meet with the faculty member and you and strive to resolve the problem. If a resolution cannot be reached within five days, then it is your responsibility to initiate the grievance procedure set forth in paragraph 2 and following.
 - b) If a resolution cannot be reached within five days and the complaint concerns a course within the College of Bible and Religion, School of Business, School of Education or School of Nursing, then it is your responsibility to initiate the grievance procedure set forth in paragraph 2 and following.
2. If, after completion of the procedure set forth in paragraph 1 above, you believe that your grievance has not been equitably resolved, then you may file an appeal in writing with the appropriate dean and set forth within the appeal the grounds and reasons of the appeal. The dean must immediately notify the involved faculty member of the appeal and, upon notification, the faculty member will have three days to respond in writing to your allegations.

Within five days of receipt of the appeal, the involved dean must appoint an ad hoc Grievance Committee and notify the faculty member and you of the date and time to appear before the committee for a formal hearing on the allegations and issues. The hearing must be held within 14 academic days of the receipt of the appeal. ("Academic days" are those days included within the fall and spring semesters and summer terms excluding Intersession.)

The hearing must be conducted in a manner ensuring substantial fairness, and it will not be restricted by the rules of evidence common to court proceedings. All witnesses will be required to attest to a statement regarding the accuracy of the testimony to be given. Each party will have the right to be accompanied by one other person, but that person may not be your parent, guardian or legal counsel. The hearing will be open only to the faculty member, you and witnesses. Neither your parents, guardian nor legal counsel will be permitted to appear before the Grievance Committee except as witnesses. Hearing proceedings (excluding the deliberations of the committee) will be tape-recorded.

Each party will make a brief opening statement. Evidence will then be presented by the faculty member in support of the grade assigned or the denial of academic progression. Then you will be permitted to present evidence in support of your allegations. Thereafter, both sides will be permitted to present rebuttal evidence followed by closing statements. During the hearing the faculty member and you will have reasonable opportunity for orderly questioning of the witnesses. Evidence may be presented in the form of witnesses or documents relevant to the issues to be determined by the committee.

At the conclusion of the evidence, the hearing will be adjourned and the committee will have three days to reach a final decision. The decision must be submitted in writing by the committee chairperson to the faculty member, you and the dean. The decision of the committee will be by majority vote.

3. The decision of the Grievance Committee may be appealed by the faculty member or you to the vice president for academic affairs within three days of its receipt. Upon receipt of the appeal, the vice president for academic affairs will order preparation of a transcript of the hearing before the Grievance Committee. That transcript, along with all documents submitted by both parties, will be reviewed by an ad hoc Appeals Committee appointed by the vice president for academic affairs. The committee will be composed of three persons, and the vice president for academic affairs will serve as the chairman for the committee. The responsibility of the Appeals Committee will be to review the record created before the Grievance Committee and to render a decision based on a review of the record. There will be no opportunity for presentation of additional evidence before the Appeals Committee. The Appeals Committee may take one of the following actions:
 - a) Affirm the decision made by the Grievance Committee, in which case the decision is final.
 - b) Remand the decision of the Grievance Committee for additional evidence, reconsideration and redetermination. The redetermined decision of the Grievance Committee is subject to further appeal to the vice president for academic affairs.
 - c) Reverse the decision of the Grievance Committee and render their own decision, in which case their decision will be final.

Upon final decision of the Appeals Committee, you will have exhausted your right of appeal within the University.

As in the case of any policy and policy guidelines, Harding reserves the right to modify them or to make appropriate revision, additions, amendments or corrections. Faculty and students will be notified of any substantial changes.

Harding University

Financing a college education is a concern shared by virtually all prospective students and their parents. The financial information contained in the following pages presents educational expenses in a realistic manner and suggests ways that you can meet them.

Harding University, a private institution without benefit of tax support, must meet its operating costs by income from student tuition and fees, government grants, auxiliary enterprises, gifts and endowment earnings. As tuition and fees are discussed in the following pages, you will discover that the cost of attending Harding is moderate compared to many colleges and universities of the same size and quality.

Admission Fees: Two fees should accompany the Application for Admission — a \$25 application fee and a \$125 housing reservation deposit. These may be forwarded as one check or money order for \$150 made payable to Harding University. The application fee is nonrefundable and is designed to cover the cost of application processing. The housing reservation deposit is applied to your account. The housing reservation deposit will be refunded for residence hall rooms if your reservation is canceled before May 1 for the fall semester, Oct. 1 for the spring semester, or April 1 for Summer Session. Commuting students should file only the \$25 application fee. Married students applying for campus housing should file, in addition to the \$25 application fee, a \$125 apartment reservation deposit for a total of \$150. The apartment reservation deposit for Harding Village Apartments is \$200. The apartment reservation deposit is refundable if the reservation is canceled 30 days before occupancy date.

Typical Expenses: A typical boarding student taking 15 hours per semester can meet all regular expenses of tuition, fees, room and board for \$11,878 for the school year. A non-boarding student can meet expenses of tuition and fees for \$7,530. These expenses are illustrated in the following table:

	SEMESTER	YEAR
Tuition (15 semester hours)	\$3,765.00	\$7,530.00
*Technology/Academic Enrichment Fee	100.00	200.00
Meals (16-meal plan plus declining balance)	1,099.00	2,198.00
Residence Hall Rent	975.00	1,950.00
Total basic cost for typical student	\$5,939.00	\$11,878.00

*Technology/Academic Enrichment Fee: Each full-time student (12 or more hours) will pay a special fee of \$100 per semester as a Technology Academic Enrichment Fee. Students taking 10 semester hours or less will pay \$10 per semester hour.

Board: Board ranges from \$1,099 to \$1,432 per semester, depending on the meal plan and declining balance amount selected. Meal tickets are nontransferable.

All students who live in residence halls are required to eat in the cafeteria. Freshmen and sophomores must choose either a 16- or 21-meal plan. Juniors and seniors may choose a 12-, 16- or 21-meal plan. Students living in Searcy Hall must take a 5-, 12-, 16- or 21-meal plan. Students who have a physician's statement prescribing a special diet are still required to eat in the cafeteria, but the cafeteria will furnish the diet prescribed by the physician at the regular cafeteria price.

Married Student Housing: Married students may rent furnished and unfurnished apartments on campus for \$260 (one bedroom) and \$277 (two bedroom) per month plus utilities in the East Married Student Apartments. The West Married Student Apartments rent for \$260

Office of the Provost

(one bedroom) and \$320 (two bedroom) per month, plus utilities. Apartments in Harding Village rent for \$355 (two bedroom) unfurnished and \$385 (two bedroom) furnished, plus utilities. Town houses in Alumni Village rent for \$385 (two bedroom) unfurnished and \$413 (two bedroom) furnished, plus utilities. The telecommunication fee for all apartments is \$18 per month.

Summer Session Expenses: For financial information regarding Summer Session, see the Summer School Bulletin.

Graduate School Expenses: For a summary of the tuition and fees for graduate students in the School of Education, see the Graduate Catalog. The same facilities and rates for room and board are available for graduate students as for undergraduates. Expenses for graduate students at the Harding University Graduate School of Religion are published in the Catalog of the Harding University Graduate School of Religion, 1000 Cherry Road, Memphis, TN 38117.

Financial Policies

General Policies: Harding's financial well-being is dependent upon prompt payment of accounts. For this reason, no diploma, certificate, transcript or letter of recommendation is issued if you have failed to take care of any indebtedness to the University. Transcripts to other schools cannot be released until all accounts are paid in full. Exception is made for government loans if they are not past due. At the discretion of the administration, you may be suspended for non-payment of indebtedness. Semester charges are not reduced for late enrollment.

Payment of Accounts: A payment of \$1,950 each semester must be made by all students at the time of registration. The balance of the account may be paid when billed (Fall, Sept. 20; Spring, Feb. 5) or may be paid in three monthly installments as follows:

FIRST SEMESTER	SECOND SEMESTER
Sept. 20	February 5
Oct. 20	March 5
Nov. 20	April 5

The deferred payment fee is \$23 per semester.

An 8 percent per year service charge is added to past-due accounts.

Books and supplies must be paid for at time of purchase.

Refunds: Since the operating costs of a university must be based upon an estimated enrollment, you are granted admission with the understanding that you are to remain for a full semester. The Technology/Academic Enrichment Fee is nonrefundable.

When you officially withdraw, refund of tuition (not the Technology/Academic Enhancement Fee) is governed by the following policy calculated from the cataloged date for enrollment:

Within first week	90 percent refund of tuition
Within second week	80 percent refund of tuition
Within third week	60 percent refund of tuition
Within fourth week	40 percent refund of tuition
Within fifth week	20 percent refund of tuition

Students leaving residence halls by permission of the administration are refunded rent for the unused time, except that any part of a four-week period started is counted as a full period. The telecommunication fee is nonrefundable.

Board is refunded when your student ID is returned to the Business Office. Cost of meals and declining balance will be due for any week started plus any declining balance spent over the amount prorated. No refund can be made for meals missed while enrolled. Refunds cannot be made for meals missed due to late enrollment. The official check-out from residence halls is the determining factor for meal refunds.

If your withdrawal results from misconduct, the institution is under no obligation to make any refunds.

Scholarships are charged back at the same rate tuition is refunded unless you have Title IV Federal Financial Aid; then refunds are based on the U.S. Department of Education's refund formula.

Based on the Higher Education Amendments of 1992, students receiving Title IV financial aid and attending Harding University for the first time are given a pro rata refund for the first semester if they do not complete 60 percent of the enrollment period for which they have been charged. If you are not enrolled for the first time, then a standard refund calculation determines how much of the Title IV financial aid must be returned to the federal programs. In some cases, all Title IV aid must be returned when you withdraw from school.

Office of the Provost

Financial Aid

Financial aid is available to most Harding students in the form of scholarships, government grants, loans, work-study programs, veterans programs and vocational rehabilitation programs.

These funds are administered wholly or in part by the Office of Student Financial Services. Requests for information and assistance should be directed to Harding University, Box 12282, Searcy, AR 72149-0001; telephone (501) 279-4257 or 1-800-477-3243 (toll free).

Requirements: Application for aid should be made as follows:

1. Apply or be admitted to Harding University. Application forms are available from the Office of Admissions Services.
2. Request application forms for financial aid from the Office of Student Financial Services.
3. Complete an approved need analysis application.

In most cases, to qualify for financial aid, you must be enrolled for at least 12 hours each semester. Before enrolling for fewer than 12 hours, check with the Office of Student Financial Services to determine what effect it will have on your financial assistance.

Financial aid awards are based on current federal and state regulations. To help meet your need (as determined by your completed need analysis application) awards are made in the following order: grants, scholarships, loans and work-study. You have the right to accept or decline any aid offered.

Disbursements: With the exception of Federal Stafford Student Loans, disbursements are made once each semester and are credited to your account during registration or during the semester. Stafford Loans are disbursed twice during each loan period.

Refunds: If you withdraw from school during the semester, an evaluation is made to determine whether or not refunds are due to federal or state financial aid programs. If refunds are due, they are allocated in the following order:

- Unsubsidized Federal Stafford Student Loan
- Subsidized Federal Stafford Student Loan
- Federal PLUS Loan
- Federal Perkins Loan
- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- Other Title IV aid programs
- Federal Nursing Student Loan
- Other federal sources of aid
- State programs of aid
- Private sources of aid
- Institutional aid
- Student or family payments

Satisfactory Academic Progress Policy: Students who receive Title IV financial aid must make satisfactory progress toward a degree. Satisfactory progress includes maintaining the following grade point averages:

Harding University	1.35	First semester through 25 semester hours
	1.50	26 through 55 semester hours
	1.75	56 through 79 semester hours

In addition, full-time students must complete degree work according to the schedule below. In the table, academic year is construed to mean the fall, spring and summer sessions.

Academic years completed	1	2	3	4	5	6
Semester hours completed	18	36	58	80	104	128

Part-time students may take longer, with expectations prorated according to academic load.

Failure to maintain the required grade point average and complete degree work on schedule results in suspension of aid. When the requirements once again are met, aid is reinstated the following semester.

Students with mitigating circumstances regarding financial aid may appeal in writing to the Financial Aid Committee through the Office of Student Financial Services. Appeals for the approaching school year must be received by Aug. 1.

Ethics: Beyond academic requirements, in accepting financial aid you incur an ethical responsibility to observe the University Code of Conduct and fulfill your contractual financial obligations.

Scholarships

Academic Scholarships: All full-time students with a high school grade point average of 3.0 or higher and an ACT score of 22 or SAT score of 1020 will be considered for an academic scholarship. In cases where multiple scores are reported, the highest composite score will be considered.

All academic scholarships are prorated over a four-year period. To retain your scholarship you must be a full-time student and maintain at least a 3.0 cumulative grade point average.

National Merit Scholarships: A limited number of scholarships are available to National Merit Scholarship finalists. These provide full tuition. During eight semesters of enrollment, the amount awarded is approximately \$30,000. To apply, send your official National Merit score report to the director of admissions services. A photocopy is not acceptable.

To retain your scholarship, you must be a full-time student and maintain a 3.25 cumulative grade point average.

Trustee Scholar Awards: Twenty Trustee Scholar Awards (full tuition for eight semesters) are awarded on a competitive basis to applicants who meet the qualification requirements and are selected. To be considered you must:

- Have a 31 or higher ACT composite score or 1330 or higher SAT combined score;
- Have a 3.5 grade point average or higher (based on 4.0);
- Undergo a scholarship interview on campus after March 15;
- Be a full-time residence hall student;
- Possess leadership ability;
- Have good moral character; and
- Be a new Harding student with fewer than 14 transferable semester college hours, excluding AP, CLEP and IB credit.

You must already be admitted to Harding and apply by March 15. Winners are selected and notified by mid-April. If selected, you must accept the scholarship by May 1. To retain your scholarship, you must be a full-time residence hall student and maintain a 3.25 cumulative grade point average. If you are not selected, you receive automatically the academic

Departmental Scholarships: Scholarships are awarded in speech and debate, vocal and instrumental music, family and consumer sciences, art and Bible. Except for debate, these scholarships are generally awarded to departmental majors. Contact the appropriate department chairman or dean for information.

Athletic Grants-in-Aid: Grants-in-aid are available in men's and women's athletics, according to rules of the NCAA. The maximum grant-in-aid covers tuition, fees, room and board. Contact the head coach of each sport for information.

Endowed Scholarship Funds: Scholarship funds have been established by friends of the University in order to help students receive an education. When you apply for admission to Harding, you become a candidate for these scholarships. In many cases these funds are used to pay for scholarships you already have been awarded. Therefore, unless otherwise specified, do not apply for these scholarships.

To continue to receive all the scholarships described above, students must meet the academic standards of that scholarship and abide by the University's code of conduct.

Scholarship funds, loan funds and endowment funds can be found on page 194 at the back of this catalog.

GOVERNMENT GRANTS

Federal Supplemental Educational Opportunity Grants: FSEOG grants are available to undergraduate students with exceptional needs.

Federal Pell Grants: All undergraduate students are eligible to apply for Federal Pell Grants. Applications may be obtained from the Office of Student Financial Services or from high school counselors.

State Grants: Residents of Arkansas, Pennsylvania, Rhode Island and Vermont may apply for grants from your respective states.

LOANS

The Office of Student Financial Services is the primary source of information about loans and grants. Contact the office at Harding University, Box 12282, Searcy, AR 72149-0001. The telephone number is (501) 279-4257 or 1-800-477-3243 (toll free).

Federal Stafford Student Loan: The Federal Stafford Student Loan Program makes loans available to both undergraduate and graduate students. Loans normally are made through hometown banks and other private lending agencies. Some states have deadline dates for loan applications. If local lending institutions are unwilling to make student loans, other sources are available. Contact the Office of Student Financial Services for information.

Through this program you may borrow at an interest rate based on the 91-day Treasury Bill plus 3.10 percent. Repayment need not begin until you graduate or cease taking a half-time load of study. The government pays the interest while you are in school if you qualify for a subsidized loan based on need. Students who do not qualify on the basis of need are given unsubsidized loans and are responsible for the interest while in school.

Federal Perkins Loan: Students who show a financial need may be able to borrow through the Federal Perkins Loan Program. Repayment begins nine months after you leave school and continues for no more than 10 years at an interest rate of 5 percent per year.

Federal Nursing Student Loan: This program assists students who are pursuing degrees in nursing.

Loan Funds: Numerous student loan funds have been established through the generosity of friends of the University. These funds are administered by the Office of Student Financial Services and can be found on page 200 at the back of this catalog.

WORK

Work on campus is a source of financial aid to students, some of whom work up to 20 hours a week and earn more than \$1,400 per semester. Many, of course, work fewer hours and earn less.

There are two work programs: The College Work-Study Program, funded by the federal government; and the Harding program. To qualify for either program, you must complete an approved need analysis application and the Harding Student Data Form.

Students approved for work on campus are eligible for work but are not guaranteed an assignment. Neither can Harding promise you will be able to earn all of the award for which you are eligible. After arriving on campus, those who have been approved for and have not obtained work should contact the Cooperative Education office for assistance in locating an assignment. Students are paid minimum wage on the College Work-Study Program and are switched to the Harding program when Work-Study funds are expended. The Harding program rate of pay is 85 percent of minimum wage.

VETERANS PROGRAMS

Veterans must be certified for eligibility by your local VA offices and must contact the appropriate representative in the Office of Student Financial Services. Veterans of the post-Vietnam period must have made contributions into the educational program (Montgomery and New GI Bill) in order to receive benefits. An educational program is also available to certain members of the Reserves and National Guard. Widows and children of eligible veterans should contact the Office of Veterans Affairs to apply for assistance through educational benefits.

Disabled veterans entering under Public Law 16 should apply to your state Veterans Administration headquarters for counseling and approval, and then contact the Office of Student Financial Services.

In compliance with the Veterans Administration's minimum standards of progress, if you receive VA assistance, are placed on academic probation, and do not remove this probation within one semester, you will be suspended from receiving VA education benefits for the following semester.

VOCATIONAL REHABILITATION

If you are permanently disabled, you may receive free vocational counseling and financial assistance toward the cost of your college education, provided your vocational objective is approved by a rehabilitation counselor. Apply directly to the vocational rehabilitation counseling service of your state Department of Education and at the same time notify the Office of Student Financial Services at Harding so that assistance may be given if necessary.

Interdepartmental Programs

Interdepartmental programs transcend departmental boundaries. These eight programs — ADVANCE, Cooperative Education, the General Education Program, the General Studies major, the Honors Program, the Humanities major, International Programs, and Student Support Services — vary greatly in size and scope. One — the General Education Program — is required of all students. The others are more specific in nature. All play an important role in supporting traditional academic programs.

ADVANCE PROGRAM

DIRECTOR: Dee Bost, Ed.D.

PROFESSORS:

Gene Dugger, M.S. (mathematics)

Ken Hammes, Ph.D. (English)

ASSOCIATE PROFESSOR:

Dee Bost, Ed.D. (psychology)

Eddie Campbell, M.A.T. (psychology)

INSTRUCTOR:

Curt Baker, M.Ed. (psychology)

Carolyn Priest, M.Ed. (reading)

The mission of ADVANCE is to help students become active, independent learners who possess a repertoire of effective self-assessment, goal setting and learning strategies that can be employed across the curriculum. The program is designed for students who enter Harding with ACT composites of 18 and below or SAT scores of 890 and below. These students are then further tested and advised by program staff.

The ADVANCE curriculum consists of five courses and labs designed as leveling work for General Education courses. ADVANCE courses carry

college credit and count toward degree requirements only when they can be used in a curriculum as free electives. Some majors do not allow hours of free electives, so most students will find that these courses are taken in addition to the courses required for their major. A grade of "C" is required to pass each course.

ENG 100. BASIC ENGLISH. (3) Fall, Spring. Grammar and basic composition skills.

MATH 100. BEGINNING ALGEBRA. (3) Fall, Spring. Basic arithmetic; introduction to elementary algebra.

PSY 100. INTRODUCTION TO UNIVERSITY STUDIES. (3) Fall, Spring. Instruction and practice in effective study habits and attitudes; availability and use of university resources; exploration of personal values and goals.

RDNG 110/112(LAB). COLLEGE READING. (2) Fall, Spring. Mastering basic skills in reading, including reading efficiency and flexibility, reading selectively, increasing comprehension, developing vocabulary, interpreting and evaluating reading material.

RDNG 111/113(LAB). CRITICAL READING AND REASONING. (2) Fall, Spring. Designed for students reading at near college level. Advanced practice and instruction in reading rate, vocabulary, comprehension, critical analysis and study reading.

COOPERATIVE EDUCATION PROGRAM

DIRECTOR: Denise Miller, J.D.

Students desiring on-the-job experience while helping finance their education should investigate cooperative education. You may pursue an alternating plan of full-time work and full-time classes; a parallel plan of half-time work and part-time classes; a one-semester internship; or a summer program. A maximum of 4 hours of elective credit in cooperative education is accepted for students transferring from a community college or other institution that grants credit for work assignments during the sophomore year. A maximum

of 6 hours is accepted in transfer if at least 2 hours were earned after the sophomore year.

367/567. COOPERATIVE EDUCATION. (1-6) Offered on demand. A program whereby formal classroom theory is applied to practical, career-related work experience. The Cooperative Education staff and a faculty member designated by the department chairman supervise the work experience. Both written and oral reports are required. The department chairman may accept a maximum of 6 hours of credit to substitute for required or elective courses in the major. Prerequisite: sophomore standing and joint approval of the department chairman and the director of cooperative education.

GENERAL EDUCATION PROGRAM

The General Education Program is a 54-hour core of basic courses required of all students. The program reflects the principles contained in the University mission statement and provides a foundation for study in major and minor fields.

The mission of the General Education Program is to:

1. Give all students a basic understanding of specific content areas;
2. Develop essential and fundamental skills;
3. Develop a Christian world view that brings a spiritual perspective to every academic discipline; and

- 4 Students certifying to teach must take POLS 205 and 3 additional hours of social science (anthropology, geography, history, political science, social science, sociology) beyond General Education re-

quirements. Elementary and special education majors must take GEOG 302 or 303. Secondary majors should choose from ANTH 250, GEOG 302 or 303, POLS 202, and SOCS 301, all of which satisfy both global literacy and social science requirements.

- 5 Students who transfer to Harding with fewer than 3 hours of kinesiology activity must take KINS 101.

- 7 Students certifying to teach must earn credit in math. Others may satisfy the General Education requirement in math by achieving an ACT math score of 27 (SAT of 590).
- 8 The physical science requirement may be satisfied by CHEM 114 or 121 or PHYS 201 or 211.

- 9 Foreign students must take HIST 101 or 102.
- 10 The global literacy requirement is waived for international students for whom English is a second language. Other students who wish to apply for a waiver on the basis of extended residence abroad may have their case considered by a review board. Appeals for waiver should be addressed to the Global Literacy Committee via the Office of the Vice President for Academic Affairs. Appeals should be presented with documentation (for example, report cards, yearbooks and visas) for the years abroad.
- 11 Only one of ANTH 250 and BMIS 386 may count for global literacy. Only one BMIS course may count for global literacy. Only one course may count for both Bible and global literacy.

A.A. or A.S. degree graduates of junior and community colleges may satisfy Harding's General Education requirements by completing the following broad-area curriculum: Bible (textual) — 8 hours; speech — 3 hours; art or music appreciation — 2 hours; natural science — 6 hours; mathematics — 3 hours; social science (must include 6 hours of American and/or world history) — 12 hours; kinesiology activity — 3 hours; English composition and literature — 9 hours.

Again, this plan applies only to graduates of junior and community colleges. Further, students who qualify for this plan and who are certifying to teach must still meet all Arkansas certification requirements.

Non-graduates of junior and community colleges must meet Harding's typical General Education requirements. However, upper-level courses may be substituted for lower-level ones.

GENERAL STUDIES MAJOR

The colleges and schools of Harding University cooperate to offer an interdepartmental bachelor of arts degree in general studies. This degree is intended for students who need a creative plan of study that serves their professional aspirations better than established traditional majors. Students interested in this major should contact the Office of the Registrar.

Graduation requirements include 128 hours with an overall GPA of 2.0, a 2.0 in the primary thematic concentration area (minimum 30 hours), and a 2.0 in the secondary thematic concentration area (minimum 12 hours).

Specific course work within a thematic area is determined in consultation with an appropriate chairman or dean in that area.

General education courses may not be used to meet primary and secondary requirements. Any developmental course obligations are considered to be leveling work.

HONORS PROGRAM

HONORS (HNRS)

DIRECTOR: Larry Long, Ph.D.

The Honors Program challenges and stimulates outstanding students to develop their intellectual abilities to the fullest. Harding offers three tiers of honors credits for qualified students: the Honors Scholars Program, the Honors Students Program, and contract courses. Both the Honors Scholars Program and the Honors Students Program offer lower-level honors courses that substitute for general education courses. Beyond this, qualified students can earn upper-level honors credits through contract courses.

The Honors Scholars Program is by invitation only. Students qualify by being named National Merit Finalists or Trustee Scholarship recipients, or by being selected from the pool of applicants scoring 31 or above on the ACT (1280 or above on the O-SAT; 1330 or above on the R-SAT).

The Honors Students Program is open to students who score 27 or above on the ACT (1200 or above on the SAT). These students are notified of their eligibility by the Office of Admissions Services, and may choose from among a variety of honors sections of general education courses listed in the class schedule each semester.

Students who complete either of these tiers qualify to take honors contract courses for upper-level credit. Current students and transfer students may also qualify for this tier of honors work.

For more information contact Dr. Larry Long, Director of Honors Programs, Box 898, Harding University, Searcy, AR 72149; or call (501) 279-4617.

The following courses are the foundation courses for the Honors Scholars Program. All Honors Scholars are required to take HNRS 201, 202, and 2 courses from 100, 203, 204 and 205. Credits earned in these courses apply to the general education requirements as listed. Note: Some departments count these courses toward the general education requirements but do not allow them to meet prerequisites in their majors. You should consult your academic adviser.

HUMANITIES MAJOR

The College of Arts and Sciences, through the cooperation of six of its departments, offers a bachelor of arts degree with a humanities major.

This major is designed for students who desire a broad-based curriculum in the liberal arts. With roots in classical Greek and Roman languages and literature, humanities focuses on branches of knowledge concerned with human culture, such as philosophy, literature and the fine arts, as distinguished from the sciences.

The humanities major provides preparation leading to careers in professions where human values are stressed, such as library science and law. The program provides a menu of courses from diverse disciplines while promoting more focused study in areas of individual interest.

For more information about this major, consult the chairman of the department in which you are most interested.

Robbie Shackelford, M.Ed., Director of HUF

The Harding University International Programs — academic programs based in Florence, Italy (HUF); London, England (HUE); Brisbane, Australia (HUA);

and Athens, Greece (HUG) — provide unique opportunities for study and travel overseas. No attempt is made to provide a broad general curriculum but rather to offer courses that may be studied with profit in a particular locale. Serious involvement in classes combined with the experience of international living furnishes students with insights and perspectives that can be gained in no other way.

Applications are accepted from students of Harding

University and other institutions. Only students with a minimum GPA of 2.0 on at least 27 semester hours are considered. Formal acceptance occurs the last full semester prior to the semester chosen for attendance.

Note: No student is eligible to attend HUF, HUE, HUA or HUG who is currently on academic, chapel or disciplinary probation on the Searcy campus. Any student who has applied and/or been accepted will automatically become ineligible if placed on any type of probation up until departure time. Such individuals will be placed on a waiting list and may go only if there are openings after probation has been lifted. If there are no openings, the application fee will be refunded.

HUM 260 or 265 is required, either for credit or audit, as part of the international studies programs.

Students interested should contact Dr. Don Shackelford, Dean of International Studies, Harding University, Box 754, Searcy, AR 72149-0001; or call (501) 279-4528.

STUDENT SUPPORT SERVICES

DIRECTOR: Linda Thompson, Ed.D.

STAFF:

Harold Alexander, M.S.E., N.C.C., Counselor
 Jennifer Hurd, Ed.D., Communication Skills
 Coordinator
 Bill Hodges, B.S., Administrative Assistant

Student Support Services is a Title IV "TRIO" program funded by the federal government. The Student Support Services (SSS) program at Harding serves 275 students who are admitted to the program if they are American citizens or nationals, interested in the program's services, and meet one or more of the following criteria:

1. First-generation college student. Neither parent has obtained a baccalaureate degree.
2. Low-income student. Low-income status is based on the family's taxable income and number of dependents for the previous year.
3. Physically or learning disabled student. Upon documentation of the disability, the program

admits the student and provides or recommends provision of academic accommodations.

All program services and activities are designed to meet the academic and personal/social needs of eligible students within the higher education environment.

All services are provided free of charge. These include learning labs staffed by student learning specialists who provide tutoring in individual subject areas and training in study skills; counseling provided by certified professional counselors in the areas of career guidance, personal counseling, financial aid counseling, academic counseling, and learning styles diagnosis; testing for learning disabilities; test accommodations for qualified students, including oral testing, extended-time testing, and private testing in a non-distracting environment; and academic advising.

SSS Students are also offered free attendance at cultural events such as opera performances in Memphis and the dinner theater in Little Rock. Additional activities include the Ropes Course and an annual Leadership Training Retreat.

PREPROFESSIONAL PROGRAMS

Harding offers preprofessional curricula in 12 academic areas, largely through the College of Arts and Sciences. While a baccalaureate degree is offered specifically in only one of these areas (medical technology), you are encouraged to earn a degree in the area of your interest whenever possible. Having a degree enhances your chances of being admitted to a professional school.

Majors involving business, dietetics, mathematics, the natural sciences, nursing, psychology, and vocational family and consumer sciences assume you have adequate high school preparation in mathematics — at least a year and a half of algebra and a year of plane geometry. If you are deficient in mathematics, you must take MATH 105 before taking 151 or 152. If you have a good background in high school mathematics, you should take MATH 171 or 201 (MATH 200 for those in business) in lieu of 151, 152.

Harding University
 You should obtain a current catalog of the profes-

sional school you plan to attend and, together with your adviser, devise a program of study that will maximize your experience at Harding and prepare you for admission to your chosen professional school.

PREARCHITECTURE

ADVISER: Don Robinson, M.A.

Architectural schools require a minimum of four years in residence. If the program is a six-year schedule, then two years may be taken at Harding. If the program is a five-year schedule, only one year at Harding may be transferred. For students who prefer two years at Harding, the following program is recommended. If only one year can be taken at Harding, your adviser can prepare an appropriate one-year program. Students transferring to the University of Arkansas must plan to take FNAR 1062 and ARCH 2113, 2316 there during the summer to be accepted into the School of Architecture.

PRE DENTISTRY

ADVISER: Ronald Doran, M.S.

Three years of college work with a minimum GPA of 3.2 are required for entrance to most schools of dentistry. However, preference is given to those who

have a bachelor's degree. You may elect any major, but your program of study should include the following: 9 hours of English, 8 hours of inorganic chemistry, 8 hours of organic chemistry, 8 hours of physics, and 8-16 hours of biology. Other courses that are highly recommended include psychology, sociology, business management, foreign language, and any course that improves manual dexterity and hand/eye coordination (such as drawing, sculpture, ceramics). The Dental Aptitude Test is required; it is advisable to finish the listed science courses before taking the test.

If you wish to apply to a dental school after three years, you should follow the curriculum outlined below. Upon request, Harding will confer the bachelor of science degree with a major in general science on students who complete two years in an approved school of dentistry and who satisfy the other requirements for graduation.

PRE-ENGINEERING

ADVISER: William W. Ryan, Ph.D.

The pre-engineering curriculum at Harding consists of a basic two-year program closely paralleling the first two years at any engineering school. You should be aware that the typical engineering degree, whether taken at one school or as a transfer student from another school, is increasingly becoming a five-year degree.

The following is a suggested program for students who plan to transfer to an engineering school at the end of two years.

First Year	Sem. Hrs. (Fall, Spring)
CHEM 121, 122	4, 4
MATH 171*, 201	5, 5

*Students inadequately prepared for MATH 171 must take leveling courses. Well-prepared students may begin with MATH 201.

PRELAW

ADVISER: Tom Howard, Ed.D.

A strong liberal arts education, which is considered by law schools to be the best prelegal preparation, provides a stable foundation for future law school success. Harding University offers such preparation through its preprofessional program in law. Because law schools generally do not require specific undergraduate majors, you can major in any undergraduate field you desire. Harding graduates with degrees ranging from business to foreign languages have been admitted to law school. However, future benefits can be gained by concentrating studies in such areas as history, political science, public administration, social sciences, psychology, and sociology. Courses for majors in these departments require a higher degree of written work and group discussion, thus preparing

students for the nature of law school courses. Students, upon entry into a law school, must have mastered expression, comprehension and fluidity of the English language, and be thoroughly acquainted with American institutions, values and culture. The Law School Admissions Test, required by most law schools, stresses creative thinking and writing ability.

Harding's challenging, Christian liberal arts curriculum, along with the extensive number of undergraduate law classes and other unique opportunities that prelaw students enjoy, entwine to provide a solid background to students desiring careers in law.

PRELIBRARY SCIENCE

ADVISER: Suzanne Spurrier, M.L.S.

The master's degree in library/information science is considered the entry-level degree for the profession. Harding University does not offer an undergraduate degree in librarianship but recommends the following plan to students contemplating such a career:

1. Develop a broad background in the liberal arts by electing courses in humanities, natural sciences and social sciences.
2. Choose a major of particular interest. Libraries search for professionals with a wide range of subject specialties.
3. Arrange a counseling appointment with the library director to discuss undergraduate course options, library experience opportunities, and accredited graduate schools.
4. If school librarianship is your goal, take the professional education courses required for certification by the state in which you plan to work.

PREMEDICAL TECHNOLOGY

ADVISER: Terry Fletcher, Ph.D.

The departments of biology, mathematics and physical science cooperate to offer the basic science requirements to qualify students for an affiliated and approved hospital school of medical technology for one year's clinical training. Students who complete the three-year program outlined below, subsequently complete the clinical program of work in an approved hospital school of medical technology, have a transcript of the completed clinical program sent to the registrar, and complete the other cataloged require-

ments for graduation become candidates for the bachelor of science in medical technology degree. The equivalent of 35 semester hours of upper-level credit is granted for the successfully completed clinical program.

Students have the responsibility of making application and gaining admission to an approved clinical program, although Harding will provide counsel and assistance. Currently, Harding has affiliation with two hospitals: Arkansas Baptist Medical Center, Little Rock, AR 72205 — Program Director: Gina Messersmith, BS, MT (ASCP); and St. Vincent Infirmary, Little Rock, AR 72201 — Educational Coordinator: Pam Keller, BSMT (ASCP).

Students interested in pursuing the clinical year in a hospital other than one of the programs with which Harding is affiliated should inform both the Harding medical technology adviser and the program director of the hospital as early as possible.

Because admission to the clinical year is highly competitive, it is recommended that you achieve well

above a 3.0 GPA on the 93 hours of preclinical courses outlined below. At least 32 of the last 40 semester hours immediately preceding entry into the clinical year, including at least 12 upper-level hours in the sciences, must be completed at Harding with a minimum 2.0 GPA. Students planning to pursue the B.S.M.T. degree should obtain a written statement of approval from Harding's vice president for academic affairs before beginning the professional program in an affiliated hospital. If the cooperating institution confers the baccalaureate, Harding will not confer a second one.

PREMEDICINE

ADVISER: Debbie Duke, Ed.D.

Most schools of medicine require for admission a minimum of three years of college work with a GPA well above 3.0 and relatively high scores on the Medical College Admissions Test (MCAT); however, preference is given to those who have a bachelor's degree. Students who wish to complete a baccalaureate degree before transferring to medical school may elect any major. However, it should be remembered that the Medical College Admissions Test is based on a total science emphasis, and your program of study should be planned accordingly. For this reason most premedical students major in biology, biochemistry or chemistry. Still, other majors are encouraged. Upon request, Harding will confer the bachelor of science degree with a major in general science on students who complete two years in an approved school of medicine and who meet the other requirements for graduation.

Although you may choose any major, the following courses must be included in your academic plans for the first three years. These courses are necessary to prepare you for the Medical College Admissions Test, which should be taken in the spring semester of your junior year. In addition, most medical schools require many, if not all, of these courses as prerequisites.

First Year	Sem. Hrs. (Fall, Spring)
BIOL 121	4, 0
CHEM 121, 122*	4, 4
MATH 171, 201*	5, 5

Second Year	Sem. Hrs. (Fall, Spring)

PHYS 201, 202**	4, 4

Third Year	Sem. Hrs. (Fall, Spring)
BIOL 259	4, 0
CHEM 324	0, 3

* Students inadequately prepared for MATH 171 or CHEM 121 must first take leveling courses.
 ** Chemistry majors must take PHYS 211-212.

PREOPTOMETRY

ADVISER: Bill W. Oldham, Ed.D.

Schools of optometry require three years or more of preprofessional work for admission. The basic courses required by practically all schools include the following:

First Year	Sem. Hrs. (Fall, Spring)
CHEM 121, 122	4, 4
ENG 111; 201 or 202	3, 3
HIST 101 or 102; 110 or 111	3, 3

BNEW 211, 213, BDOC 251, BRED 234 (any 2) ..	2, 2
Total	16, 17

MATH 200 and 201; CHEM 301 and 302; BIOL 275; COMO 101 are required by most schools of optometry.
 * Students inadequately prepared for MATH 151 or CHEM 121 must take leveling courses.

PREPHARMACY

ADVISER: David Cole, Ph.D.

Most pharmacy schools are moving toward offering only a doctor of pharmacy (Pharm.D.) degree, a four-year program of study following two years of a prepharmacy curriculum. Because of the heavy science load in this curriculum, many students add an additional summer or spend three years at Harding before entering pharmacy school. The Pharmacy College Admissions Test (PCAT) must be taken prior to March 1 for admission to pharmacy school the following fall. The following outline meets the entrance requirements of the College of Pharmacy at the University of Arkansas for Medical Sciences.

First Year	Sem. Hrs. (Fall, Spring)
BIOL 121	0, 4
CHEM 121, 122*	4, 4
MATH 171*	5, 0

* Students inadequately prepared for MATH 171 or CHEM 121 must take leveling courses.
 ** Electives must be in humanities or liberal arts.
 *** 6 hours must be selected from PHYS 202, MATH 200, 201, 251, CHEM 261, or ACCT 205

PREPHYSICAL THERAPY

ADVISER: Jo Goy, M.S.

Entrance to physical therapy school is very competitive. A bachelor's degree is recommended. Many schools of physical therapy do accept students with three years of college work that fulfills that school's prerequisites. You should maintain a minimum 3.5 GPA. Some schools require the Allied Health Professions Admissions Test (AHPAT). Observing or aiding a licensed physical therapist is also required by most physical therapy schools.

You should obtain admissions requirements to the school of physical therapy you plan to attend and arrange your curriculum accordingly. A free booklet listing all of schools of physical therapy in the United States may be obtained by writing the American Physical Therapy Association, 1111 N. Fairfax St., Alexandria, VA 22314. The booklet, *Careers in Physical Therapy*, is updated annually.

Although Harding recommends a bachelor's degree, below is a suggested three-year program of study

that may be used as a guideline for planning course work.

First Year	Sem. Hrs. (Fall, Spring)
CHEM 121, 122	4, 4

* Qualified students may elect to take MATH 171 or 201 and/or PHYS 211, 212.

PREVETERINARY MEDICINE

ADVISER: Mike Plummer, Ph.D.

This program is essentially the same as that outlined for medicine. Veterinary schools usually require scores on the Veterinary Aptitude Test (VAT), the Medical College Admissions Test (MCAT), or the Graduate Record Exam (GRE) as part of the application. Residents of Arkansas should register with the Coordinator for Veterinary Medicine Education, Animal Sciences 103E, University of Arkansas, Fayetteville, AR 72701.

College of Arts and Sciences

DEAN: Dean B. Priest, Ph.D.

The College of Arts and Sciences comprises 13 academic departments — art, behavioral sciences, biology, communication, computer science, English language and literature, family and consumer sciences, foreign languages and international studies, history and social science, kinesiology, mathematics, music and physical science.

The college reflects the University's commitment to the liberal arts and sciences through its involvement in interdepartmental and preprofessional programs and the General Education Program required of all students.

DEPARTMENT OF ART

CHAIR: Don Robinson, M.A.

PROFESSORS:

- Faye Brewer Doran, Ed.D.
- John E. Keller, Ph.D.
- Paul Martin Pitt, M.A., M.F.A.
- Don Robinson, M.A.

ASSOCIATE PROFESSOR:

- Daniel Adams, M.A., M.F.A.

INSTRUCTORS:

- Beverly Austin, M.A.
- Steve B. Choate, M.A., M.F.A.

The mission of the Department of Art is to:

1. Enrich the artistic understanding of all students;
2. Develop competent artists, designers, and teachers of art;
3. Supply the art training required by various disciplines.

The purpose and principles of God's creation are stressed as a design norm and the Christian ethic is promoted as a model for living. Many courses requiring no special ability are open to all students and are recommended electives.

The department reserves the right for each teacher of an art class to retain one example of each student's work each semester for addition to the department's permanent collection.

General Requirements: After completing 15 hours of core requirements, all majors must present to the art faculty for review a portfolio of 15 or more examples of their best work. This normally occurs at the end of the sophomore year.

Art Core Requirements: The following 31-hour core of art courses is required of all art majors except Interior Design and Art Therapy: 103, 104, 105, 200, 201; 3 hours from 205, 235, 312, 340, 400; 260, 375, 6 hours of art history, and 450.

Teacher Certification: The Bachelor of Arts and the Bachelor of Science degrees with teacher certification are available. The Bachelor of Science degree is recommended.

DEPARTMENT OF BIOLOGY

CHAIR: John W. Moon Jr., Ph.D.
ASSOCIATE CHAIR: Steven C. Moore, Ph.D.

PROFESSORS:

Ronald Doran, M.S.
Michael V. Plummer, Ph.D.
Ward Bryce Roberson, Ph.D.

ASSOCIATE PROFESSORS:

John W. Moon Jr., Ph.D.
Steven C. Moore, Ph.D.

ASSISTANT PROFESSOR:

Joe Goy, Ph.D.

INSTRUCTORS:

Steve Cooper, M.S.
Jo Goy, M.S.

The mission of the Department of Biology is to:

1. Provide a basic knowledge of biology as a necessary part of general education;
2. Train teachers of biology;
3. Equip students for graduate study; and
4. Prepare students to pursue medicine, dentistry, nursing, medical technology, and similar professions.

Biology majors may elect either the Bachelor of Arts degree if you are certifying to teach or the Bachelor of Science degree. Senior majors must take the Major Field Test in Biology, preferably during your last semester.

As a rule, students with ACT math scores of 29 and below (O-SAT 630 and below; R-SAT 630 and below) need leveling work before taking MATH 201. Students with ACT math scores between 19 and 24 (O-SAT between 410 and 530; R-SAT between 450 and 550) should take MATH 151 (4 hours) and 152 (2 hours); those with ACT math scores between 25 and 29 (O-SAT between 540 and 630; R-SAT between 560 and 630) should take MATH 171 (5 hours). Leveling work decreases electives or increases total hours in the degree.

The mission of the Department of Communication is to provide, within a Christian context, a foundation of human communication principles. Each area of study enhances student growth in critical thinking, scientific inquiry, and Christian service. The department prepares students for placement and careers in communication and furnishes a strong preparation for graduate study.

Communication and information exchange occupy significant positions in world affairs. There is increased need for skilled communicators in all segments of society — media, government, politics, business, and the church. Thus students must complete a basic course in oral communication.

The Department of Communication offers majors in five program areas: communication disorders; communication management; mass communication (advertising, electronic media, journalism, print journalism, public relations); oral communication; and theater.

Students may certify to teach oral communication or journalism at the secondary level or gain the necessary educational preparation for graduate study in any of the above areas of communication.

COMMUNICATION DISORDERS

The communication disorders majors are preprofessional in nature and are strongly recommended for students planning to pursue a master's degree and certification by the American Speech-Language-Hearing Association (ASHA). Students receive their clinical experience under the supervision of ASHA-certified speech-language pathologists. The program follows the ASHA Advisements for Undergraduate Education and supports the ASHA position that the graduate degree should be the minimum requirement for professional certification.

You may select one of two major options. The public school option allows you to take the education courses and complete the practicum requirements necessary to apply for a public school certificate in Speech-Language Pathology following the completion of a degree at an ASHA Council on Academic Accreditation accredited graduate program. The non-public school option allows you to substitute a selected minor for the education courses.

DEPARTMENT OF FOREIGN LANGUAGES AND INTERNATIONAL STUDIES

The mission of the Department of Foreign Languages and International Studies is to prepare students for life and work in the modern world where communication with people of other cultures and languages is becoming increasingly important.

Students may pursue foreign language study for cultural enrichment, research, personal pleasure, foreign travel, and careers where a foreign language is of value. Such careers include foreign missions, translation, government service, and international business and industry. Knowledge of a foreign language is considered an asset in many professions and careers in the United States, and employers who are considering applicants of otherwise similar qualifications often choose the one who can communicate in a foreign language.

The department provides the following opportunities for foreign language study abroad:

1. The Harding University in Florence program (HUF) in cooperation with International Programs offers a semester of Italian in Florence, Italy.

2. The French Work/Study Tour is a summer program combining seven weeks of evangelistic campaigns with French language and culture study in the French-speaking countries of Europe.
3. The Latin American Work/Study Tour is a summer program combining six to eight weeks of evangelistic campaigns with language and culture study in Venezuela or another Latin American country.
4. The Independent Study Abroad program provides a semester of study in a foreign university. Often this study is combined with residence in a home where the target language is spoken.

Placement of students with foreign language background varies according to the level of language proficiency. Normally, students with two years or more of high school study are encouraged to enroll in the intermediate level. Students with exceptional foreign language skills may be approved by the department chairman for enrollment in advanced courses.

Validation credit for previous language study may be obtained upon written request as follows: Students with two or more years of high school foreign language study, upon completion of the intermediate university course of the same language with a grade of A or B in both semesters first time enrolled, may receive 8 hours of credit for the elementary course.

French or Spanish as a Second Teaching Field: Students certifying to teach French or Spanish must complete 24 hours of the language, including the following: 6 hours in functional language skills; 6 hours in culture, civilization, and literature (at least 3 being in culture and civilization); 12 hours of electives. The mission of the Department of Kinesiology is to:

1. Contribute to the wellness education of all students;
2. Prepare individuals to teach physical education and coach or work in related fields of kinesiology;
3. Help meet the recreational needs of students;
4. Assist in instilling in students a faith in God.

The department offers Bachelor of Arts degrees in kinesiology (certification and non-certification) and sports management, and the Bachelor of Science degrees in athletic training and exercise science. The kinesiology certification major prepares students to teach physical education in elementary and secondary schools. The non-certification, sports manage-

prepare students for careers other than teaching.

The department also offers certification in the second teaching fields of kinesiology, kinesiology (K-12), and health. A coaching endorsement is also available.

Minors are offered in kinesiology, health, and recreation.

The institutional requirement of 3 hours in kinesiology can be met by KINS 101 and 2 additional hours from the following: 112, 117, 118, 119, 120, 121, 122, 124, 126, 127, 128, 214; RECR 131, 132, 133; and, for kinesiology majors and minors and sports management majors, KINS 355, 356. Students who transfer to Harding with fewer than 3 hours of physical activity courses must take KINS 101.

Veterans who have spent at least one year in continuous active military duty may receive credit for the 3 hours of kinesiology required by Harding by filing a written request with the registrar and submitting a copy of the DD214.

Students certifying to teach at the elementary or secondary level must complete 6 hours of health and kinesiology, including H ED 203, KINS 101, and 2 hours of activity classes. Elementary Education majors must also complete KINS 330.

All kinesiology majors must demonstrate proficiency in swimming or take KINS 112 as leveling work. Also, all majors in kinesiology must pass a physical fitness test during their senior year. Students with disabilities are reasonably accommodated in compliance with federal and state guidelines.

All Bachelor of Arts and Bachelor of Science degree majors require a uniform kinesiology core of 20 hours. The purpose of the core is to provide all kinesiology students with a common body of knowledge.

**BACHELOR OF SCIENCE DEGREE
ATHLETIC TRAINING (ATHT)**

The athletic training major is a pre-athletic training program. Students graduating from this major must take the national certification examination before the year 2004. Thereafter, they must have graduated from a CAAHEP certified program before they can take the examination. The Department of Kinesiology is pursuing the possibility of certification.

SELECTION/RETENTION PROCEDURES:

Application Requirements:

Student applicants to the Athletic Training Program should follow these procedures:

1. Apply and be accepted for admission to Harding University.
2. Indicate Kinesiology/Athletic Training as their preferred major on the admissions application in order to receive a program application.
3. Submit three (3) letters of recommendations. These letters should be from head athletic trainers, coaches, team physicians, or other supervisory personnel who would be able to attest to your work in the field of athletic training. If you have no experience in athletic training, you must prepare a letter that would explain your interests in this field and career goals associated with the attainment of a degree in athletic training.
4. Provide official high school transcript and transcripts of any college credits completed.
5. Complete an application that would include appropriate ACT/SAT scores and other pertinent information.
6. All application materials and transcripts must be sent to Ronnie Huckeba, Program Director, Harding University Box 12281, Searcy, Arkansas 72149-0001.

Upon receipt of all application materials by the program director, the student will be eligible for selection into the candidacy phase of the athletic training program.

Preliminary Selection-Candidacy Phase:

Applicants will be ranked numerically based on the following criteria (18-point scale):

1. Non weighted, cumulative high school GPA/

2. GPA/4.0 scale in high school science and sports medicine related course work (0-4 points).
3. Class rank/ACT-SAT scores (0-4 points).
4. Previous athletic training experience (0-2 points).
5. Recommendations or paper explaining interest in athletic training (0-2 points).
6. Extracurricular activities/leadership experience (0-2 points).

The upper 15 applicants in this ranking are eligible for candidacy status.

Final Selection-Student Athletic Trainer Phase:

From the entire pool of candidates, up to six (6) students will be selected into the Athletic Training Program after completion of two semesters as Athletic Training Program candidates. Selection will be based on the following criteria:

1. Academic performance-cumulative university GPA — 40%.
2. Clinical evaluations-observation log/minimum of five (5) hours per week for both semesters — 40%.
3. Formal interview — 20%.

Retention:

Retention in the Athletic Training Program will be based on the following criteria:

1. Cumulative GPA of 2.50 or higher
2. GPA of 3.00 or higher in all course work in the major
3. Compliance with all policies defined in the Athletic Training Handbook
4. Compliance with the rules and regulations of Harding University

Failure to meet any one of the retention criteria requires the student to be on probationary status. If the student fails to meet the criteria for two consecutive semesters, the student will be dropped from the program.

The mission of the Department of Mathematics is to:

1. Provide cultural training in mathematics;
2. Prepare teachers of secondary school mathematics;
3. Provide the basic training in mathematics needed by preprofessional students and students of science;
4. Lay a broad foundation for students majoring in mathematics.

Mathematics majors may elect the Bachelor of Science or Bachelor of Arts degree. Senior majors must take the Major Field Achievement Test in mathematics, preferably during your last semester.

As a rule, students with ACT math scores 29 and below (O-SAT 630 and below; R-SAT 630 and below) need leveling work before taking MATH 201. Students with ACT math scores between 22 and 24 (O-SAT between 410 and 530; R-SAT between 450 and 550) should take MATH 151 (3 hours) and 152 (2 hours); those with ACT math scores between 25 and 29 (O-SAT between 540 and 630; R-SAT between 560 and 630) should take MATH 171 (5 hours). Leveling work decreases the hours of electives or increases the total hours in the degree.

APPLIED MUSIC

(BRS, GUI, PERC, PIA, STR, VOI, WWND)

Private instruction is offered in guitar, piano, and voice, and in brass, percussion instruments, string, woodwind. In private study, one 30-minute lesson per week plus one hour of practice per day (70 per semester) are recommended for one hour of credit. An hour lesson per week and two hours of practice

Harding University

per day (140 per semester) are recommended for two hours of credit. For private piano, two hours of group instruction per week may be substituted for the 30-minute lesson.

Special fees are charged for all applied music courses. For each course, there is a private lesson fee. In addition, students who use departmental facilities to practice piano and voice must pay a piano rental fee of \$41 per credit hour. Special fees in music generally are non-refundable, and refunds, whether full or partial, must be approved by the department chairman.

The normal number of lessons per week in any one performance area is one. Make-up lessons are given for lessons which are missed by the teacher or by you if your absence is excused.

In addition to regular lessons and practice periods, all applied music students, regardless of major, are required to attend and perform on the departmental Studio Hour, held on Tuesdays at 3:00, and to perform on jury examinations at the close of every semester, unless they have performed a solo recital during that semester.

Course prefixes and names are assigned according to the type of private instruction being taken (BRS—Brass, PIA—Piano, VOI—Voice, WWND—Woodwind). Students in their first through fourth semesters in a given applied area take 101. Those already having taken four or more semesters in that area take 301.

PIA 100. CLASS PIANO. (1) Fall, Spring. Group instruction in the fundamentals of keyboard reading and playing. May be repeated. Fee: \$198.00.

PIA 250. PIANO PROFICIENCY EXAMINATION. (1) Fall, Spring. A performance examination in rudimentary keyboard skills.

VOI 100. CLASS VOICE. (1) Offered on sufficient demand. Group instruction for beginning voice students emphasizing vocal techniques, methods, and physiology. Students who pass VOI 100 should proceed to take VOI 101. Fee: \$185.00.

101, 301. PRIVATE LESSONS. (1-2) Fall, Spring. Fee: \$201.00 for half-hour private lesson per week; \$350.00 for hour private lesson per week.

DEPARTMENT OF PHYSICAL SCIENCE

CHAIR: David Cole, Ph.D.

DISTINGUISHED PROFESSOR:

James Donald England, Ph.D.

PROFESSORS:

David Cole, Ph.D.

James E. Mackey, Ph.D.

Lambert E. Murray, Ph.D.

Edmond W. Wilson Jr., Ph.D.

Robert Roy and Callie Mae Coons Chair of

Biomedical Science

ASSOCIATE PROFESSOR:

William W. Ryan Jr., Ph.D.

ASSISTANT PROFESSORS:

Terry Fletcher, Ph.D.

Marsha Hendricks, Ph.D.

Keith Schramm, M.S.

The mission of the Department of Physical Science is to:

1. Increase the general culture of all students;
2. Prepare high school science teachers;
3. Provide basic training for preprofessional students in medicine, engineering, and other professional fields;
4. Prepare biochemistry, chemistry, and physics majors for graduate study or industrial work.

The Bachelor of Science degree is awarded to biochemistry, chemistry, and physics majors. The Bachelor of Arts degree with a major in general science with emphasis in chemistry is awarded to students certifying to teach. Minors are offered in chemistry and physics.

As a rule, students with ACT math scores below 30 (O-SAT below 640; R-SAT below 640) need leveling work before taking MATH 201. Students with ACT math scores between 19 and 21 (O-SAT between 410 and 470; R-SAT between 450 and 500) should take MATH 105 (3 hours); those with ACT math scores between 22 and 24 (O-SAT between 480

and 530; R-SAT between 510 and 540) should take MATH 151 (3 hours) and 152 (2 hours); those with ACT math scores between 25 and 29 (O-SAT between 540 and 630; R-SAT between 560 and 630) should take MATH 171 (5 hours). Leveling work decreases the hours of electives in the biochemistry, chemistry, and physics majors and increases the total hours in the general science major.

A non-refundable fee of \$38 is required in each course that has a laboratory.

The mission of the College of Bible and Religion is to equip all students with a knowledge of the Bible in order that their lives may be firmly founded upon a personal Christian faith. Such faith must include a thorough integration of Biblical truth and life-experience, regardless of major. In addition, the College provides foundational education for those who seek to enter full-time church ministry.

In order to accomplish this mission, the College is committed to:

1. Awaken and deepen students' faith in God, and in the Bible as the revelation of His will;
2. Motivate students to study the Bible within a context of sound interpretation;
3. Train and motivate students for service in the local church, for Christian living, and for communicating their faith to others;
4. Teach students to think clearly and deeply about life and the implications of the Christian faith, so that they might formulate a well-rounded philosophy of life with clearly defined purposes, values, and goals;
5. Provide students multiple opportunities for meaningful experience in the development of Christian character while on campus;
6. Teach Greek, Hebrew, and other skills necessary for primary Biblical exegesis;
7. Train students for service in ministry settings, including preaching, missions, religious education, youth ministry, teaching the Bible in an academic setting, and vocational ministry.

Bible major transfer policies: Students who transfer from other colleges or universities and who major in Bible are required to take 10 upper-level hours in Bible at Harding. Six of these must be in the Old and New Testament divisions and the remaining four distributed according to the recommendation of the dean.

Schools of preaching: Graduates from two-year schools of preaching who enter Harding may apply for up to 40 hours of credit in Bible, biblical languages, and missions courses. The procedure is to (1) Enroll at Harding; (2) Submit a transcript to the dean of the College of Bible and Religion; and (3) Present a letter of request to the dean, who then determines the validation process. There is a \$10 recording fee for each course accepted.

Students who transfer from such schools will be regulated by the following policy in pursuing a baccalaureate degree:

1. The dean of the College of Bible and Religion directs the validation procedure and sends to the registrar a list of the courses, with hours of credit earned, that he has approved for validation.
2. A course in which a "C" has been earned must be validated by earning at least a "C" on a test at Harding. Courses in which a "D" was earned cannot be validated.
3. Students must meet the 32-hour residence requirement and the requirement that 23 of the last 32 hours required for the degree be completed at Harding.
4. Students who have already earned a degree from Harding must complete an additional 18 hours for a degree in Bible.
5. Students must take 10 upper-level hours in Bible as stipulated by the dean. Depending upon the number of hours transferred and/or validated, many more hours may be required.
6. Students must complete all of the requirements for a B.A., B.Min. or B.Th. degree in Bible.

Track 1: Certificate in Bible and Ministry.

Track 1 is a non-credit and non-degree track. Students who have not earned a high school diploma or completed a GED but meet all other Harding admission requirements are admitted as special students to Harding and HSBS. Upon completion of the 103-hour HSBS curriculum with a GPA of 2.0 or higher, these students will be awarded a certificate of achievement.

Track 2: Diploma in Bible and Ministry.

This is a credit, but non-degree-granting track. Students must meet all admission requirements to Harding and HSBS. Students must pass all courses in the 103-hour HSBS curriculum with a GPA of 2.0. In addition, as need is determined by testing and performance evaluation, students may be required to take specified general education courses in order to develop the following skills needed in ministry: analytical and critical thinking, problem-solving, organizational, communication, personal adjustment, interpersonal relations, and cultural awareness. When a student completes the HSBS curriculum and all other prescribed courses, the university will award him/her a diploma in Bible and ministry, but no degree.

Track 3: Bachelor of Ministry (B.MIN.) Degree with Major in Bible and Ministry.

This track leads to an academic degree commensurate to other baccalaureate degrees awarded by Harding University. Students must meet all admission requirements to Harding and HSBS. ACADEMIC PROGRAMS

Master of Science in Marriage and Family Therapy:
 The purpose of the Master of Science in Marriage and Family Therapy degree is to prepare students with the professional competency to minister to families and individuals through counseling in local church ministries and professional practices.

The M.F.T. degree consists of 60 semester hours of course work and 500 hours of clinical practice, most involving couples or families. One hundred of these hours are under the direct supervision of supervisors approved by the American Association of Marriage and Family Therapy (AAMFT). The curriculum meets the standards of AAMFT and features systems theory.

Persons admitted to this program must hold a bachelor's degree from an accredited college or university with an undergraduate GPA of 2.75. Applicants with less than a 2.75 GPA may be considered for admission on the basis of relevant work experience. A minimum of 900 is required on the Graduate Record Examination (General Aptitude) in combined verbal and quantitative scores.

Applicants to the M.F.T. program should complete a major in one of the behavioral sciences (psychology, sociology, or a closely related field). Background course work in learning theory, personality theory, behavior pathology, measurement, human development, and family relations is also recommended. Six semester hours of work in the behavioral sciences is required. Students who are deficient in these requirements may be asked to do leveling work.

Upon completion of two semesters in the program, students are reviewed by the M.F.T. committee who assess preparation for clinical practice. Students are notified in writing if additional preparation is required prior to beginning the first clinical practicum.

**MASTER OF BUSINESS
ADMINISTRATION DEGREE**

The MBA degree is one of the most popular business degrees in the world. At Harding University, we have designed the program to develop and improve skills for managing in the public and/or private sector. The degree program offers an option to continue an undergraduate business degree, or to move from a non-business undergraduate degree to a business degree at the graduate level.

Available Tracks: Students with an undergraduate business degree should take the **ACCELERATED** track. It requires 36 hours (27 core hours plus 9 hours of electives) to complete. Students with an undergraduate business degree and desiring a concentration in a specific area need to take the **CONCENTRATION** track. It requires 42 hours (27 Core plus 15 hours of electives in your concentration area) to complete the degree plan. Those with a non-business undergraduate degree should take the **ADVANTAGE** track. Designed for students with little or no business background, this track gives the business basics needed to proceed with the MBA degree. It requires 48 semester hours (27 Core plus 21 additional hours of business courses). Those with a professional graduate degree can use business-oriented courses already taken in graduate study programs and proceed to the **PROFESSIONAL** track. All tracks take 15 months to complete the MBA.

Prerequisites: In order to be prepared for the MBA curriculum, each student must bring some academic background to the table. To enter the Accelerated, Concentration, or Professional tracks, at least one undergraduate course in the following areas is needed: marketing, management, economics, research or statistics, and finance. In order to determine the status needed, bring transcripts from all colleges previously attended for a review.

Degree Requirements: To graduate with an MBA degree, at least 36 semester credit hours must be completed. More hours may be required if a student does not have an undergraduate business degree or if a concentration is desired.

The basic beliefs of the program are summarized as follows:

1. Teachers must earn at least a baccalaureate degree with studies in the liberal arts, their field of specialization, and professional education.
2. Teachers must develop a commitment to professional preparation and achievement.
3. Teachers must enter their professional careers as qualified, competent practitioners and as responsible members of the community.
4. Teachers must prize individual and cultural differences and promote the development of moral values.

PROGRAM OVERVIEW

Administration: The dean of the School of Education is the chief administrator of the School of Education. The Administrative Council for Teacher Education (ACTE), comprising both faculty and students, formulates policies and coordinates aspects of the Teacher Education Program. The Committee on Admission and Retention to Teacher Education (CARTE) recommends criteria in this area and applies the policies adopted by ACTE.

Undergraduate: The School of Education offers programs leading to the Bachelor of Arts, Bachelor of Science, and Bachelor of Music Education degrees.

Special Note: Majors in elementary education K-6 and 1-6 will not be available to freshman entering after June 1, 1997. The Arkansas State Board of Education has eliminated licensure at these levels and has added early childhood education and middle-level education in their place. Course of study, admission and retention requirements into the Teacher Education Program and into the professional semester will

be identified in subsequent catalogs.

Teaching majors are available in elementary education, special education and secondary education. Elementary education programs include emphases in both K-6 and 1-6. Special education offers an emphasis in teaching the mildly disabled. Teaching majors for freshmen enrolling after June 1, 1997, are available in early childhood education, middle-level education and secondary education. A program of studies leading to special education licensure may be added to each major. Secondary education includes certification in art, biology, business education, chemistry, drivers education, English, French, general science, health education, mathematics, music education, physical education, physics, print journalism, social science, Spanish, speech, and vocational family and consumer sciences. Students may add certification to teach at the middle school level or Teaching English as a Second Language (TESL) by meeting Arkansas requirements.

Graduate Studies: The School of Education offers the Master of Education and Master of Science in Education degrees with majors in elementary education, elementary administration, secondary administration, reading, and secondary education. Students interested in graduate education should contact: Dr. Delores Carson, interim director of graduate studies, Box 12261, Harding University, Searcy, AR 72149-0001.

Accreditation: The Teacher Education Program is accredited by the National Council for Accreditation of Teacher Education (NCATE). In addition, programs leading to certification are approved by NCATE and the Arkansas Department of Education.

Admission to the Teacher Education Program is a prerequisite for admission to all required professional education courses except EDFD 201, 203; SPED 303.

The following deadlines apply to applications for the Teacher Education Program:

12. Have a recommendation form completed by the chair or the chair's designee of your appropriate major academic area and two faculty members from whom courses have been or are being taken.

Continuation in the Teacher Education Program is predicated upon maintaining the requirements for initial admission to the program. Failure to maintain these requirements will result in probation or suspension from the Teacher Education Program.

ACTE may impose further standards not specified in this catalog or change present standards as the need arises in order to conform to the standards of NCATE and the regulations of the Arkansas Department of Education. Such changes become a part of the Teacher Education Program requirements at the time specified by the council.

TO BE RETAINED IN THE TEACHER EDUCATION PROGRAM

At the end of each semester, the names of students applying for admission into the teacher education program and the names of those already admitted will be sent to the dean of students requesting that the office note those, if any, whose behaviors required administrative action. In addition, the director of teacher education will monitor students' overall GPA and GPA in their majors to ensure continued compliance with a minimum GPA of 2.5 in each.

Undergraduate Nursing Program: Admission to the undergraduate Nursing Program requires a 2.5 GPA in prenursing courses and junior standing. Priority for admission is given to students with high pre-nursing GPA's. For progression in the program the student must maintain a 2.5 GPA in nursing, including a grade of "C" or better in all nursing courses.

Students who wish to enter the undergraduate Nursing Program must file an admission application with the School of Nursing. Students who wish to enter fall 1999 or spring 2000 must apply for admission to the School of Nursing before Oct. 1, 1998. Applicants are considered for a fall or spring admission depending on when all admissions requirements are met and space availability.

Admission application forms may be obtained by contacting the School of Nursing. No final action will be taken on an application until the student has been admitted to the University, all prerequisites have been

met, and the application completed. Contact the assistant to the dean for further admission information.

Admission to the nursing major is granted following successful completion of required prenursing courses and NURS 100, 203 and 363. Formal transcripts of all college credit granted elsewhere must be submitted to the registrar. Reference evaluations must also be completed prior to admission.

Note: Students who enroll in any nursing course consent to participate in the learning activities required in that course in order to progress in the nursing curriculum.

Prior to admission, the student must present medical certification indicating health status, current immunization, satisfactory blood tests, a tuberculosis skin test (PPD/intradermal) or chest x-ray and other laboratory results as indicated on the School of Nursing health form. Current certification in cardiopulmonary resuscitation (CPR) is required. Health and disability insurance coverage are strongly recommended. Hepatitis A and hepatitis B vaccines are required prior to the semester admitted.

The following are recommend in planning a program of studies:

1. Along with the nursing degree, consider obtaining a vocational ministry major. Details are available in this Catalog and can be provided by the College of Bible and Religion faculty.
2. NURS 367 is available as a cooperative education clinical experience. See the undergraduate program director of nursing for details.
3. Mission and health-care mission opportunities abound. NURS 344 and 413 are available to enrich your knowledge and skills with missions and health care. See the nursing missions director for details.
4. Though the junior and senior year may be predominately nursing courses, students are encouraged to participate in campus activities.
5. The assistant to the dean and faculty advisers are available to serve in academic and career planning. Individual and group academic advising sessions are available each semester.

* These prerequisite courses must be completed with a minimum grade of "C" or higher prior to admission to the School of Nursing. BIOL 249 must be completed prior to taking NURS 203. BIOL 249 and 253 must be completed prior to taking NURS 363.

If a student has taken fewer than two years of high school algebra the student is strongly encouraged to take MATH 105 prior to enrolling in CHEM 215 (or during the summer session preceding the fall semester of the first year). Entering freshmen must achieve an ACT English subscore of 14 (270 on the O-SAT; 350 on the R-SAT) and ACT math subscore of 14 (290 on the O-SAT; 330 on the R-SAT) in order to take CHEM 215 during the freshman year. A pre-test will be given to determine knowledge of chemistry. CHEM 114 may be required.

If a student achieved 20 or lower on the ACT English test, ENG 102 must be taken prior to taking ENG 111.

Advanced Placement Track: The Advanced Placement Track is available to students who hold current Arkansas nursing licensure (licensed practical nurses, licensed psychiatric technical nurses, and registered nurses). The School of Nursing has adopted the Arkansas articulation plan for advanced placement. Licensed nurses who have completed prerequisite courses are eligible for the Advanced Placement Track. Work experience is required for admission if the initial degree or diploma was obtained 12 or more months before admission to the School of Nursing. NLN Mobility Profile testing is required if admission is sought more than 60 months (five years) after initial graduation or if work experience criteria is unmet. All nursing courses are held in escrow until degree requirements are completed. Licensed nurses are to contact the assistant to the dean for review of prior clinical and educational experiences as well as an individualized degree plan.

Registered Nurses. Registered nurse students who have completed prerequisite courses are eligible for the Advanced Placement Track. For registered nurses this means taking NURS 315 (5 hours), required nursing courses, and selecting from a menu of nursing courses to satisfy degree requirements. This usually required two semesters of full-time nursing study; part-time study is available. Thirty nursing hours are awarded and held in escrow once admission requirements are completed. Registered nurse students who wish to complete the Traditional Track may elect to do so.

Prior to the semester in which the student enrolls in junior nursing courses, registered nurse students seeking admission more than 60 months (five years) after initial graduation take the following examinations during a scheduled testing session:

- NLN Nursing Mobility II Tests
- Care of the Adult Client
- Care of the Client during Childbearing
- Care of the Child
- Care of the Client with Mental Disorders

Licensed Practical Nurses (LPN or LPTN). For licensed practical nurses, this means taking the traditional track except for the courses exempted by the following testing sequence to satisfy degree requirements. Testing may be omitted if work criteria experience is met and if admission is sought fewer than 60

months (five years) following graduation. After completion of prerequisite courses and prior to the semester in which the student enrolls in junior nursing courses, the licensed practical nurse takes the following during a scheduled testing session:

- NLN Nursing Mobility Profile I, Book I Foundations of Nursing
- Skills Validation Test

Upon successful completion of the Nursing Mobility Profile test, 6 hours of credit are awarded. The student then enters the Traditional Track after completion of prerequisite courses and NURS 315.

ACCREDITATION

The School of Nursing is accredited by the National League for Nursing Accrediting Commission. They may be contacted at NLNAC, 350 Hudson St., New York City, NY 10014 or 1-800-669-9656, ext 153.

HONORS

Nursing majors interested in honors courses are to apply through the Honors Program office. Nursing courses that can be taken for Honors credit during 1998-99 are NURS 363, 412, 454 and 462.

SIGMA THETA TAU INTERNATIONAL NURSING HONOR SOCIETY

The Epsilon Omicron chapter of Sigma Theta Tau International Inc., a collegiate honor society in nursing, was chartered at Harding University on Feb. 9, 1982. Application for this chapter was made by the local Honor Society of Nursing that was installed in the fall of 1976. Membership in Sigma Theta Tau is by invitation based on demonstration of outstanding qualities in character, leadership, nursing ability and scholastic achievement.

SECOND MAJOR IN VOCATIONAL MINISTRY

Students interested in a second major in vocational ministry must take 33 hours of Bible as specified in the vocational ministry major listed in the College of Bible and Religion catalog section.

INTERDISCIPLINARY MISSION COURSE

BMIS 385, Seminar in World Missions, an interdisciplinary mission effort between the School of Nursing and the College of Bible and Religion, is offered during intersession on sufficient demand. This meets a Bible or global literacy requirement.

NURSING FEES AND INCIDENTAL EXPENSES

In addition to general fees, Harding administers special fees for NURS 100, 300, 315, 321, 350, 351, 352, 362, 413, 450, 452, 453 and 462. These fee amounts are listed both in the Special Fees catalog section and in the individual course description.

MASTER OF SCIENCE IN NURSING DEGREE

Graduate Nursing Program: Harding University's School of Nursing has developed the master of science in nursing degree. This is a part-time program designed for the full-time nursing professional. The 39-hour master's degree program has two different tracks of academic emphasis: Managed Care for High-Risk Populations and Primary Care in Community and International Settings. In addition to the specialized classes in each track, all students complete core nursing courses. After admission to the graduate program, the degree can be completed in six academic semesters. Students should be aware of Harding University's distinct purpose and be willing to commit themselves to upholding institutional values. Admitted students are also expected to abide by Graduate Nursing Program policies, requirements and procedures.

Requirements: Admission to the Graduate Nursing Program requires a cumulative undergraduate GPA of 3.0 or higher, completion of a B.S.N. degree, R.N. licensure in at least one state or foreign county, and the review committee's acceptance of the admission application to be submitted no later than May 1, 1998, for the fall 1998 semester and September 1 for the spring 1999 semester.

The application for admission requires a \$25 non-refundable fee, photocopy of current licensure, essay (described in application), professional resume, and photocopy of current health and liability insurance policies along with evidence of meeting several health requirements. Also required is official transcripts from all colleges and universities attended by the applicant, attainment of "C" or higher in elementary statistics, nursing research and health assessment, and three professional references. Photocopies or faxes are not accepted as official. Two of the three professional references must be RN's or the equivalent in foreign countries.

For those whose native language is not English, a minimum score of 550 on the ETS (Educational Testing Service) version of the TOEFL test (Testing of English as a Foreign Language) is required on an official ETS score report.

All portions of the application must be submitted together and received before the deadline to be re-

viewed by the admission committee. No Harding course work will be considered toward the Graduate Nursing Degree without prior admission to the graduate program.

All requirements are outlined in detail in the application for admission. Applications are available through the assistant to the dean at the School of Nursing at (501) 279-4682, or email at tmartin@harding.edu. GRADUATE NURSING COURSES (NURS)

610. THEORETICAL FOUNDATIONS OF NURSING. (3) Examines the basis of theory construction and the role empirical, esthetic, ethical, and personal knowledge have in the development of nursing science. Conceptual models and theories are analyzed and evaluated for their contribution to the profession and its advancement. Knowledge of nursing models and theories is used as the basis for critical analysis of these perspectives on nursing.

611. LEADERSHIP, ORGANIZATIONAL MANAGEMENT, & FINANCING OF HEALTH CARE SYSTEMS. (4) The focus of this course is to prepare the clinical nurse specialist to participate in the design, implementation, and evaluation of quality cost-effective care in a variety of health care systems. This course serves to prepare the graduate to perform a servant leadership role in managing systems and organizational functions with effective use of human, fiscal, and material health care resources through collaborative practice and innovative partnerships.

612. NURSING RESEARCH AND TECHNOLOGY IN THEORY AND PRACTICE. (3) Prepares the student to monitor nursing practice and facilitate research of problems in a variety of clinical settings. Achieved through developing a climate supportive of investigation so that scientific knowledge and research methodologies can be employed to identify possible solutions. Use of relevant technology is incorporated. In addition, the relationship of theory to research is emphasized along with importance of disseminating research findings to nurses.

614. MASTER'S PROJECT. (3) Provides the graduate student with the opportunity to develop a usable clinical project in collaboration with an agency. Emphasis is on leadership with project materials and technology that have application to practice settings and advanced nursing practice.

615. COMMUNITY & INTERNATIONAL ISSUES IN ADVANCED CLINICAL PRACTICE. (3) The course focuses on community barriers and enhancers of receiving quality health care. Community assessment, using the epidemiological model and relevant technology, explores organizational structures and financing of care providers. The nurse's role in the continuity of care and health care programs for high-risk aggregates is explored.

616. ETHICS AND ADVANCED CLINICAL PRACTICE. (2) Explores issues facing high-risk clients, their families, and communities using a holistic ethical framework. The relationship of values, health beliefs, technology, and resource utilization to health choices and practices are examined. Concepts of compassion, communication, caring, change, and critical thinking are emphasized. A personal ethical framework for practice is developed.

617. PROFESSIONAL ROLE DEVELOPMENT. (3) This course serves to prepare the student for transition into the new role of advanced practice as a clinical nurse specialist. The content provides the student with enhanced understanding of the nursing profession, advanced practice nursing roles, and the requirements for and regulation of these roles and interdisciplinary relationships. Emphasis is placed on integration of new functions and activities of the advanced nursing role into professional practice. An understanding of advanced nursing practice within the context of current professional, ethical, legal, economical, and political issues is essential in preparation to impact health policy and the health care outcomes of high-risk clients, families, and the global community.

618. PROGRAM DEVELOPMENT AND EVALUATION FOR HEALTH PROFESSIONALS. (3) Introduces students to select theories and methods of program development and evaluation, starting with the role of the strategic planning process. Includes teaching-learning principles and a review of research utilization, critique of research, and research methods from survey techniques to inferential statistics. Use of relevant technology is explored. Provides the health professional with the ability to design and implement basic program evaluation and to critique professional evaluation research.

619. ADVANCED EPIDEMIOLOGY, PATHOPHYSIOLOGY AND RELATED CONCEPTS OF CLIENT CARE. (3) Utilizing an epidemiological approach from a nursing perspective, the student gains an in-depth knowledge of common national and global physiological health concerns across the lifespan. Pathological responses to disease, stress, and environmental changes are explored. Critical thinking, research utilization, health promotion, and disease prevention are applied to analyze complex clinical conditions, treatment implications, nursing care, and outcomes related to high-risk aggregates.

633. ADVANCED THEORY AND PRACTICE FOR HIGH-RISK POPULATIONS IN COMMUNITY AND INTERNATIONAL SETTINGS. (4) This combined theory and clinical course focuses on the role of the clinical specialist in high-risk populations. The clinical component has domestic and international community experiences. Special emphasis is placed on the use of the nursing process within a conceptual framework for nursing practice. Use of integrated data management systems are explored. Clusters of common nursing diagnoses are used to develop culturally sensitive community plans of care to minimize the effort of illness and disability, to enhance optimal function and development, prevent institutionalization, and promote a peaceful and dignified death.

634. CLINICAL SPECIALIZATION FOR HIGH-RISK POPULATIONS IN COMMUNITY AND INTERNATIONAL SETTINGS. (6) This combined theory and clinical course focuses on the role of the nurse specialist in community and global high-risk aggregate care. Based on identified competencies of the clinical nurse specialist, the course focuses on the roles of program management, research, consultant, and educator. Utilizing a conceptual framework, the student will design a program for a specific high-risk client population including budget considerations, human resource needs, technology use, and evaluation methods to achieve expected outcomes with a research format. Concepts of advocacy, communication, power, and leadership are emphasized.

653. ADVANCED THEORY AND PRACTICE IN MANAGED CARE FOR HIGH RISK POPULATIONS. (4) This combined theory and clinical course focuses on the role of the clinical specialist in managed care of high-risk populations. The course provides an introduction to care/case management, implementation of care/case management, use of integrated data management systems, and problem solving techniques for funding, cost effective plans, evaluation measures, and legal/ethical considerations.

654. CLINICAL SPECIALIZATION IN MANAGED CARE FOR HIGH-RISK POPULATIONS. (6) This combined theory and clinical course focuses on the role of the clinical nurse specialist in managed care for high risk populations. The course focuses on the roles of clinician, program manager, researcher, consultant, and educator. Concepts of advocacy, communication, power, cultural sensitivity, and leadership are emphasized. Utilizing a conceptual framework, the student will design a comprehensive assessment instrument for specific high risk populations including finance and standardized scales. Evaluation methods are explored to attain designated outcomes with research, relevant technology, and monitoring and reassessment strategies.
