Mattox stresses values of loyalty

By Dr. F. W. Mattox

(A Harding breakfast idea was suggested by Bob Eubanks (BA '58) and was promoted by Leon Sanderson (BA '54) at this year's Abilene Christian College Lectureship in February. At the breakfast, Dr. F. W. Mattox ('33), president of Lubbock Christian College, made the following remarks on the subject of loyalty.)

There is a unique quality of loyalty that is too commonly misunderstood. To many of us loyalty is exclusive. Loyalty to one college would mean that we could not support another, but this is a narrow concept that needs to be eliminated. A person can be loyal to a junior college and at the same time loyal to a senior college. He can be loyal to two senior colleges at the same time without being disloyal to either. A minister can be loyal to the local congregation with which he works without being disloyal to a former congregation. This all means that as we grow older and have more contacts, our loyalty is broadened to include many good works.

I am sure that many former students of Harding College have neglected demonstrating the loyalty that they no doubt hold to their alma mater. No matter how many other institutions we may have assisted in some way and regardless of whether we may be now working with another institution, none of these situations should be considered to cut us off from our loyalty to Harding. I personally urge all former students of Harding College to make a regular contribution to the Harding program of development. We certainly can do this without being disloyal to our present institutions or areas of activity.

Senior day pulls alumni to campus

Senior Day this year was the greatest ever!

The weather was perfect as between four and five hundred visitors and prospective students were guests of Harding College.

A full slate of events kept visitors busy Saturday, April 18. The A Cappella Chorus sang in chapel and Harding students guided the visitors around the campus. In the athletic department, Harding teams were successful, gaining two baseball victories over Arkansas Tech and a tie with them in track.

Several alumni visited and brought prospective students with them. Among the visiting alumni groups here Senior Day were Virgil Lawyer (BA '46) from Lubbock Christian College; John Davis (BA '52) from Texarkana; Mrs. Athel Crowson ('33) from Bastrop, La.; Don Humphrey (BA '58) from Wichita, Kans.; Charles Brooks ('48) and Gussie Lambert ('45) from Shreveport, La.; Edsel Hughes (BA '57) from Chattanooga, Tenn.; and King Buchanan (BA '57) from Waldo.

Eight newcomers strengthen faculty

Eight new teachers will be added to the Harding College faculty next fall while two more will be returning from leaves of absence.

Dean L. C. Sears said the additions will give Harding the strongest faculty in point of scholarship that it has ever had.

New teachers will include Dr. Clyde R. Montgomery in the education and psychology departments. Dr. Montgomery holds an A.B. degree from Salem College and M.S. and M.A. degrees from West Virginia University. He holds the Ph.D. degree from Iowa University and had nearly completed another doctorate at Duke University before the war interrupted his study. He will have charge of elementary education courses at Harding while teaching psychology courses. He will also be in charge of the college testing program.

Mrs. Clyde R. Montgomery will join the faculty next year as supervisor of student teaching on the elementary level. She holds a B.A. degree from Concord State College and an M.A. degree from Marshall College, a part of the University of West Virginia.

As head of the Spanish Department the college is adding Verne Vogt, Dean Sears said. Vogt has a B.A. degree from George Pepperdine College and an M.A. degree from Mexico City College. He has completed all requirements except dissertation for the Ph.D. degree from the University of Kansas.

Joining the English faculty will be Earl J. Wilcox. He holds a B.A. degree from Arkansas State College in Jonesboro and will receive his M.A. from the University of Texas in June.

Rose Marie Jones, due to receive her B.A. degree from Harding in May, will begin work in the busi-

President's Corner

(Alumni Association president Evan Ulrey has turned his regular column over to Don Humphrey for this edition. Humphrey (BA '58) is president of the Wichita, Kans., chapter.)

By Don Humphrey

I don't suppose that the alumni of any Christian college would question the fact that education under consecrated Christian teachers and in the right environment, should be continued. Basing our thinking upon this theory then, that this environment and teaching should continue, it only stands to reason that we should support it financially to the best of our ability. Because, if alumni and other Christians are not interested enough to support it so that it may continue, THEN PRAY TELL WHO WILL?

It was with these thoughts in mind that the Wichita Chapter of the Harding Alumni Association decided that it would Pay-for-a-Day at Harding, which was fulfilled on Senior Day, April 18.

It is sincerely hoped that this action will become a precedent for coming years, not only for ourselves, but for all Alumni chapters.

When we decided to Pay-for-a-Day, we did not have \$180 in the bank, so we had to raise it. This isn't always an easy matter, but we applied ourselves a little and it was not too difficult. At least, not difficult enough to discourage us.

If we were asked how we went about raising the money, the answer would be simple. WE ASKED FOR IT! Knowing before hand that everyone would not contribute the same, we asked for \$5 from each person. If they felt that they could not give that much, we asked for whatever amount they could give, stressing the fact that what we were after most was that everyone give something. And we are glad to announce that we not only raised the \$180, but approximately 95% of the Alumni contributed.

We were glad to Pay-for-a-Day at Harding College. We now feel that we have had a part, although small, in repaying a debt and providing assurance for the future.

Your chapter, too, can Pay-for-a-Day and perform a valuable service to Harding College and students.
