## Blessings of CHRISTIAN **EDUCATION**

What a pitiful sight it is to see men and women who are adults in knowledge but infants in faith! Yet how can we prevent this from happening to all of our young people unless we provide them with teaching in faith that is commensurate with the instruction they are receiving in other areas? Harry Robert Fox, Jr.

#### \* \* \* \* \*

The Bible is a tested book, Its science is accurate; its history is true; its record of man's origin, mission and destiny is genuine. The Bible does not change and its principles governing behavior cannot be improved. Its golden rule stands pre-eminent in requlating man's relationships, Its commands change not and its promises are eternal. The college classroom offers one of the best opportunities to strengthen faith in the Bible, in the church therein revealed, and in the hope of eternal life which it offers to man. H. A. Dixon

"We shall preserve our liberty only by the religious education of our youth."

### George Washington

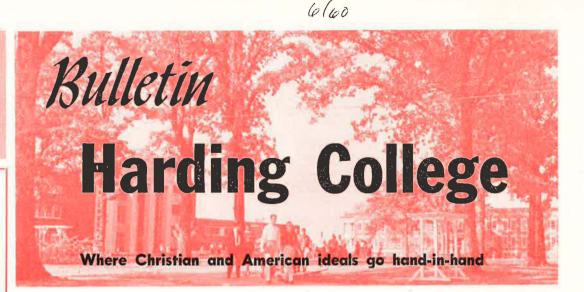

\* \* \* \* \*

If you would make your money immortal, invest in young people. Let us sacrifice some of our addgets in this age of luxury so that we can provide Christian education not only for our own but for thousands of eager students who would attend a Christian school if there were scholarships and other forms of student aid available. To give to a Christian school is really an investment in a better future for mankind. The richest treasure of America is her young people. Let us dedicate ourselves to using our time, our talent, and our money to see that more and more of these immortal youth are given the opportunity to have a Christian education of the highest quality. M. Norvel Young

\* \* \* \* \*

The Christian school exists to develop the three-fold spirit of power, of love and of discipline. This is the spirit that God gives. This is the spiritual basis of a Christian college.

## Dean L. C. Sears Honored On Retirement

gathered at the annual year-end versity of Chicago in 1935. dinner to honor a colleague for College.

That man was Dean L. C. Sears, who started his work in 1919 as academic dean of Harper College. Dr. Sears' announced his re- til today. tirement as dean before 225 faculty and staff members, some of Sears for years.

On hand for the occasion were five college deans, three from the appreciation each had for a man that would stay on a per-40 years.

### **Receives A Watch**

Expressing the faculty's appreciation for his service, Dr. Benson presented Dean Sears a watch.

Dean Sears' college career began with undergraduate work at Cordell Christian College and the

Faculty and staff members step was a Ph.D. from the Uni-

In the middle of his academic 40 years of service to Harding studies he became Dean of Harper College in 1919. In 1921 he visited the State Department of Education seeking accreditation - a quest that has continued un-

Besides striving for accreditation, he is academically noted whom had worked with Dean for many institutional studies, including studies for North Central Accreditation. One study, "A College Examines Itself, sister schools and two from state completed in 1957, has been used colleges. Dean Sears heard short by the Danforth Foundation as talks from each — talks showing an example of an excellent study.

Dean Sears is recognized in state educational circles, having plexing firing line for a successful held offices as president of the Arkansas Association of College Deans, president of the Arkansas Association of College English Teachers and president of the Department of Higher Education of the Arkansas Education Association.

### Served As Trustee

He also served on the Har-University of Oklahoma. After re- ding Board of trustees from 1925ceiving his M.A. at the Univer- 41, the Board of the Searcy sity of Kansas in 1921, the next Chamber of Commerce and as

"... my best contribution to Harding is yet to come."

Joseph E. Pryor

Lieutenant Governor of Kiwanis, 1941-42.

There are many more honors and memberships - all of which indicate a life of service, and the future holds no stagnation!

Although he gave himself completely to his position of dean, Dr. Sears didn't have the time to do the activity he likes most - teaching English.

"I have enjoyed wonderful faculty co-operation in our struggle for accreditation, but now I will have more time for my students and more time to write," he says.

Typical of the compliments paid Dean Sears for his service was one by his successor, Dr. Joe Pryor. "Dean Sears was one of the three truly great teachers I had throughout undergraduate and graduate study," he said.

Dr. Joe, as students and faculty refer to him, looks upon his new job as a challenge. "We will work toward continued academic excellence and the development of Christian character," he says.

Dean Pryor's only regret in his new office is appreciated by Dean Sears. Both love teaching, and Dr. Joe's classroom activity will diminish as Dr. Sears' increases.

A home economics major, Paula wants to participate in the international farm youth exchange program. Home is a farm near Claude, Tex.

Contest winning is almost a habit with Paula — a habit that began when she was only seven with a doll dress that placed seventh in a national contest.

She insists, though, that her real interest in sewing started two years later. That's when her mother, Mrs. Mary Obrecht, began directing Paula's talents.

As a freshman at Harding in 1958 she chalked up another sewing honor, attending the national 4H Congress in Chicago as a Texas dress review winner.

Then last August a friend sent her an entry blank to the wool contest. Paula manned her tools and during the Christmas holidays completed her Vogue Paris original by Lavin-Castillo.

On January 26 she was declared national winner.

What are her future plans? Paula's immediate interest is 4-H work in her home area.

## Glover Relates Advantages Found In Christian Education

the best equipped private col- the movement of the Dean's leges in the Southwest, will add home to a location between Sew-\$677,500 to its 12.5 million assets ell Hall and the American Studies by August 1961.

This involves construction of three buildings and addition to another

Largest is a proposed women's dormitory which will house 190 students and help boost Harding's enrollment to 1500 by 1965. The three-story brick building, modeled after the College's Pattie Cobb and Cathcart halls, will cost an estimated \$475.000.

Its construction north of Cathcart requires the leveling of tem-

### Book Store Addition

Harding College, already one of porary shops and garages and Building facing Center Street.

> Harding president George S. Benson said construction is expected to start this summer and be completed by August 1961.

> The building will feature suites with connecting baths, a calisthenics room in the basement and devotional and social rooms on each floor.

### **Bible Building**

A \$175,000 Bible building is three-fourths completed and should be ready by fall.

Located east of the Administration building, the two-story structure has 10 classrooms, two capable of seating 200 persons each, and is specially equipped for Bible instruction.

A \$20,000 extension will be added to the bookstore by next fall. The addition will include a storage basement and display floor,

The final phase of the current building plan is the construction of a coin operated laundry attached to the southeast end of the Harding Laundry and Cleaners. The proposed \$7,500 annex will utilize 10 washers and three driers.

The new Bible Building adjoins Administration Building.

#### Science Building

A modern science building may be built within the next few years, although the planning stage has not yet been reached.

Due to war-brought building restrictions. expansion did not begin at Harding until 1946. The housing the Academy - were built in 1947.

Since the real beginning of expansion 25 years ago, Harding has averaged almost \$400,000 a year for a total of \$5,287,968 enough to account for more than 80 per cent of the present plant valuation.

period since 1934 are interesting. per cent from nearby states.

The 1959-60 student body of about 1000 is four times the 252 in Harding's first term in Searcy.

### **Budget Multiplied**

The academic budget has grown from \$60,000 annually to \$1,992,571 at latest report. The first new buildings — those number of library books has guadrupled from 13,000 to 59,000 volumes

The 1934-35 student body came from 18 states and one foreign country, with 44.8 per cent from Arkansas and 38.1 per cent from adjoining states. Now students come from 37 states and 12 foreign countries, with 35.7 Simple comparisons over the per cent from Arkansas and 27.1
