4,000 Attend Harding College's 41st Annual Bible Lectureship

Dr. George S. Benson, president of Harding College, and Lee Watts, one of the nation's outstanding portrait artists, stand beside a portrait of James A. Harding, for whom Harding College was named. Watts was commissioned by the college to do the portrait of Harding. The work was unveiled during the recent Bible Lectureship. The portrait in oil will hang in the library of the Harding Graduate School of Bible and Religion in Memphis.

Registered guests come from 29 states and four foreign countries: Germany, Canada, Israel and Japan.

'65 Theme Announced

In commenting on the lectureship, Joe Hacker, Jr., chairman of the Bible Department, said, "The response of the brethren to the lectures this year was very gratifying. The quality of the speeches was outstanding. We're looking forward to developing next year's theme 'Christ for the Space Age'." This year's theme was "My God and I."

Forty outstanding Bible scholars were featured for the daily lectures, forums, classes, luncheons and dinners during the fourday session. The Harding Concert Band, A Cappella Chorus, Chorale, Men's Quartet, Women's Ensemble and the Academy Chorus performed throughout the week.

The Harding Bison basketball team, playing their second game of the season, were defeated by the Arkansas College Scots, playing their fifth game of the season, in the annual Thanksgiving Day game.

speakers for the Evening Lectureship were Cleon Lyles, minister for the Sixth and Izard Church of Christ in Little Rock; Carl Hugo McCord, a member of

Over 4,000, the largest group in the Oklahoma Christian College

Cleon Lyles

Discussing "My God and I-Lyles pointed out that our covenant with God is greater than any made with man in the past. He stated, "Under the old covenant the blood of animals was offered, and though the centuries witness the flowing of rivers of animal blood it could not take away the sins of the world. Under the new covenant we have the blood of the Son of God which cleanses us from all sins.'

It is through revelation that we not only know God is a God rich in mercy, a God of love, a God full of compassion and a God who is long-suffering, but we also learn that God is a consuming fire. Through God's son Jesus Christ man receives redemption.

A reformed life is natural for the man who realizes how much God loves him and how He has demonstrated that love, said Lyles.

Hugo McCord

McCord, in his lecture "The God I Worship" stressed the fact that man, purely by human reasoning, may know of the existence of God and several facts about Him: 1) He is a creator, 2) He is superhuman, 3) He is a great power, 4) He is orderly, 5) He is one, 6) God is good, 7) He loves beauty and 8) He is moral.

Although one can know something of man's origin without special revelation, he cannot know man's duty nor man's (Continued on page 2)

Hacker Receives 20th Century Christian Award

Joe Hacker Jr., chairman of the Department of Bible of Harding College was awarded the 20th Century Christian's Christian Education Award by Jim Bill McInteer, business manager of the publication at the annual 20th Century Christian dinner November 24 during the 41st annual Harding Bible Lectureship.

Co-recipient of the award with Hacker was Dr. LeMoine Lewis, professor of Bible at Abilene Christian College, Abilene, Tex.

The award read: "In recognition of his effeciency in many spheres, notably in the excellency. of the arrangement of the Fall Lectureship program of Harding College, his able chairmanship of the Bible Department of the undergraduate work, his vision in the promotion of the Summer Workshop, his service in the writing of gospel literature, his private authorship of many papers widely quoted in the brotherhood, the 20th Century Christian gratefully presents the Christian Education Award as a co-recipient with Dr. LeMoine Lewis of Abilene, Texas, to Joe Hacker of Harding College in recognition of his outstanding leadership."

Hacker received the BA and MA degrees from Harding College and the MRE from Southwest Baptist Seminary. He is presently working on a doctor's degree in Houston, He joined the Harding faculty in 1961.

Professor Asks

Can Christian College Education Be Objective?

By Raymond Muncy

Assistant Professor of History

Most modern scholars strive for objectivity in their particular field of study. This involves an impersonal approach to subject matter without bias or prejudice. Contrast this with appreceptions which are derived from the limitations of the mind which may be preresolved by cultural. political or religious beliefs. Since the generally accepted concept of Christian education is that training which endeavors to assist students in building a philosophy of life consistent with Christian ideals while preparing them to live useful lives, can such an education be objective? Is it possible for academics on a Christian college campus be free from the determinism of its administration and faculty?

Education is a problem of selection and rejection. It is impossible fcr the human mind to absorb the whole encyclopedia of the sciences, literature and the arts. Professors know this and stu-

strators have to be selective in control" are as much a proven what fields of education will be offered and to select qualified individuals to present these fields. Teachers must then determine which areas will be presented in their field and which will be excluded, since it would be pedagogically impossible to present the whole of any subject. This does not preclude objectivity. Just because the administrators have devised a curriculum which they feel will best culminate in the overall aims of the institution and the faculty members have deleted all material from their presentations which does not facilitate a comprehension of an assigned area of thought does not mean there is no academic freedom on a Christian college campus. These limitations will be in any institution of learning.

At Harding College students are urged to probe, investigate, inquire, search and examine in detail every subject presented in the curriculum. Neither faculty nor administrators tells the students, "to here you may go in vent love of truth." How can your inquiry, but no farther."
