Alumni President Reviews Objectives

By Virgil Lawyer

Is Harding gaining her long-range objectives? We have heard for years the claim that we are pursuing excellence in all areas, academic, spiritual, etc.

I believe our alumni reveal that such goals are being attained. Our recent lectureship produced evidence of the fine spiritual training at Harding. We had lectures on nearly every phase of Christian living. Those who presented the lessons did their job well. The men in science gave their lectures from a background of scholarly research done at some of the most widely recognized universities in America.

Those who spoke on various problems facing our nation were men and women who work in the areas of the problem being discussed. In no sense did those who attended go home feeling they had been exposed to a vast mass of "pooled ignorance."

When representatives from Harding such as President Cliff Ganus, Dr. Joe Pryor, Jimmy Allen, and others of us make speeches about Harding, we reserve a good portion of our time just to inform people on the latest accomplishments of the students and faculty. The All-American yearbooks, the winning finance team, the overseas trips of the music and dramatic groups, athletic teams that rank nationally, winners in debate and public address, winners of scholarships and fellowships; all reveal that we are succeeding in attaining the goals of excellence set for Harding many years ago.

In recognition of the achievements made, the college is accredited by a superior accrediting organization, has received the rating of being one of the best teacher certification schools in our

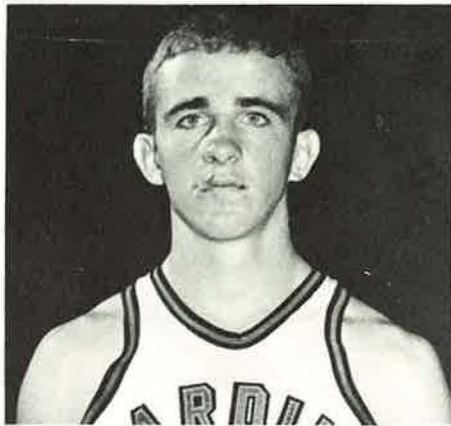

land, and is now recognized as superior by many learned societies.

A few weeks ago, a young man applied for entrance for the coming spring semester as a transfer student. He had consulted the head of a medical school in a neighboring state and had been told, "You need to transfer to Harding to finish your pre-med program to be assured of gaining entrance to our medical school."

A young man at Harding was thinking of entering a large university to gain his law degree. Somehow he felt that if he changed to another undergraduate institution his chances of getting into that large university later would be enhanced. The head of the law school surprised him by saying, "No, you stay at Harding and gain your degree in political science. This will better prepare you for our program than to change to the school you have in mind."

What about the future? Evidence indicates we will continue to achieve superior records. For example, we now require that all entering freshmen take the ACT tests. In November 572 students took the test and named Harding as their first, second, or third choice. One hundred sixty-three of the cards revealed scores of over 100 points on the composite. We grant academic scholarships to those who score this high and who have 'B' average high school transcripts. This is ample evidence of the fine academic potential of our incoming students.

Yes, I am optimistic as I look to the future. We continue to set high standards and goals hard to achieve. But, we meet our standards and achieve our goals. I feel sure God is with us. We need your prayers and your support.

Ronnie Brown

Bison Cager Setting Pace In AIC, School Scoring

Ronnie Brown who recently set a school record scoring 47 points in the Bisons' 97-93 victory over Arkansas Tech is also leading the Arkansas Intercollegiate Conference with a 21.3 points per game scoring average. He is the only player in the conference with a game average above 20 points.

The 6-ft. Pocahontas sophomore has scored 384 points this year — 139 field goals and 106 free throws. He is the fastest man on the squad and plays the corner spot.

Coach Hugh Groover's Bisons hit the mid-semester break with a 9-10 overall standing; 5-5 in conference play. The remaining 10 games will be completed February 18 and the AIC Tournament will be held Feb. 21-26 in Pine Bluff.

Belles and Beaux to Present Programs in Texas, Alabama

The Belles and Beaux will present two programs in March on successive Saturday nights, appearing March 5 at the Madison Academy in Huntsville, Ala., and March 12 at the Jesse Jones Senior High School Auditorium in Houston. Alumni living even remotely near these areas are encouraged to take advantage of this opportunity to hear this relatively new but internationally traveled group from the music department. Their showcase is of extremely high quality and you are sure to enjoy this evening of entertainment. The group continues under the direction of Dr. Kenneth Davis Jr.

Senior Day Planned

The college will be host for the annual Senior Day April 30 and a full day of activities is planned which will be special interest to high school juniors as well as seniors. The day will include a special chapel program with President C. L. Ganus addressing the visitors; performances by the A Cappella Chorus, Belles and Beaux, Chorale and Band; a luncheon in the new Charles White Cafeteria in the American Heritage Building, and a movie on Saturday night.

The highlight of the day will be the May Fete at 4 p.m. Candidates for queen are Francene Goss, Erlene Laney, Dale Philbrick and Sandy Rolan and the full processional, crowning and winding ceremonies will accompany the pageant.

In the past alumni have arranged chartered buses and caravans to bring prospective students for this event. Further details will be listed, but be making plans now to bring a group from your area. This is an excellent time for prospective students to see the full program of the school and have questions answered.

Attend Alumni Day June 1

Plans are being finalized for Alumni Day on June 1 when the class of '41 will have its 25th anniversary celebration. This class will also be in charge of Alumni Chapel at 10 a.m. Other classes honored will be '46, '51, '56, and '61. Further details will be published concerning events, but be making plans now to be on campus for alumni festivities, and commencement on June 2.

Construction continues on the new boys' dormitory despite subfreezing temperatures of a January in Arkansas. The dormitory is scheduled to be completed during the summer and will be ready for occupancy in the fall — marking the first all air-conditioned dormitory on campus.

Moving? . . . Or Planning To?

Each month the alumni office receives a vast number of address changes — accompanied by a charge of 10c per change. It would be a tremendous help if alumni would give notification of change of address before moving. This would help the alumni office and would also avoid the inconvenience of missing publications.

A Cappella Schedules Tour

The A Cappella Chorus will leave March 25 for the annual spring tour and the 10-day trip will include performances in six states.

Programs will be presented in Corning, Ark.; O'Fallen and St. Louis, Mo.; Decatur and Chicago, Ill.; Lafayette and Bedford, Ind.; Louisville, Ky.; and Madi-

Harding Hundred Club Reports

Response to the invitation to join the Harding Hundred Club, outlined and explained in the last issue of Alumni News, has been gratifying, according to President C. L. Ganus. Certificates of recognition and appreciation are being designed and will be presented to each member of the Hundred group, Dr. Ganus said. "We need the support of our greatest asset, our alumni," he added in seeking others to join in support of the college, "and we urge all of you to join and be responsible for greater accomplishments and service."

son and Bolivar, Tenn.

The group will be in Madison three days, April 1, 2, 3, for the dedication of a new church building and will return to the campus April 4 following a program at Western State Hospital in Bolivar.
