Businessmen Hear Gramm, Batten In January Management Seminar

The Sixth Annual Management Seminar, attended by more than 300 businessmen and business students, featured speakers Philip Gramm, economist from Texas A&M, and Joe Batten, management consultant and editor

Speaking on "The Status of Energy in America," Gramm postulated that resources are not running out; the only limits on resources are "limits on man's imagination and on man's freedom of action." He stressed the need to allow the free enterprise system to work to find new energy sources. "I think it is important to get on with the job of

producing energy," he said, and proceeded to outline several ways of achieving this objective which included deregulating the price of natural gas on interstate sales, opening up the continental shelf on the east and west coasts, allowing strip mining of coal in the west, building more nuclear reactors and continuing research on the breeder reactor.

In Saturday sessions, Batten spoke on "Managing by Objectives." He cited policies of two successful companies as examples other businesses could learn from. He said that high expectation of employees results in productivity.

Groundbreaking Date Set for New George S. Benson Auditorium

Groundbreaking ceremonies for the \$2.6 million George S. Benson auditorium will be held March 2, according to President Clifton Ganus.

The new auditorium will be named in honor of Dr. George S. Benson who served as president of the institution for 29 years, retiring in 1965. He now serves as a member of the Board of Trustees.

Dr. Ganus will conduct the ceremonies which will begin the facility to be completed in the fall of 1979.

The new auditorium will provide 3100 theater-type seats and an upper level balcony which will eventually

provide seating for an additional 300 persons.

The fan-shaped structure will accommodate the entire student body in one chapel service and also be used for lectureships, lyceum events, American Studies presentations and drama productions.

Located on the corner of Center and Blakeney Streets, the new building will be constructed where the old tennis courts now stand. Dr. Benson, board members and other guests and dignitaries will take part in the festivities which will begin at 4:30 p.m.

Former CIA Head to Speak

William Colby, director of the Central Intelligence Agency from 1973-76, will be on the Harding campus March 2 to speak for the American Studies Lecture Series, according to Dr. Bill Cox, vice president of the college and director of the American Studies Program.

A graduate of Princeton, Colby received his law degree from Columbia and practiced two years in New York. His intelligence career began in 1943 when he was a member of the OSS. Upon the outbreak of the Korean War, Colby joined the CIA where, with the exception of three years as chief advisor to the pacification program in South Vietnam, he remained until his retirement.

Commenting on the mistrust aimed against the Agency in recent years, Colby said, "It may have done some things in the past which were either mistaken or wrong. But the CIA today is the best intelligence service in the world . . . It is the envy of foreign nations . . . I think we need good intelligence, I think we have got it and I think it should continue."

Colby will speak on "Intelligence Out of the Shadows" at 7:30 p.m. in the Harding Auditorium.

Other spring lectures include Illinois Congressman Phil Crane, April 3; Senator Strom Thurmond, April 10; Mr. Mandell de Windt, chairman of the board of the Eaton Corporation, April 13 and Prosecuting Attorney Larry Parrish of Memphis, April 20.

On the Memphis lecture series, Parrish will debate Herold Fahringer on pornography and freedom of speech on March 20. Congressman Crane will conclude the Memphis portion of the program on April 4.

Lectureship Oct. 17-20; Homecoming Nov. 4

Dates have been set for two of the fall's annual events, but final details of both will be forthcoming.

The annual Bible lectureship will be the week of October 17-20, the opening address set for Tuesday night, Oct. 17 and the final lecture scheduled for Friday night, Oct. 20. Speakers will center their addresses around the theme "How Great Thou Art." On Saturday, Oct. 21, a Family Day will be planned by the Admissions Office. The Bisons will meet the Henderson State University Reddies at Alumni Field also on that afternoon.

Homecoming weekend will be Nov. 3-4 with essentially the same format as in recent years. The Class of '53 will be the honor class, and the Bisons will challenge Southern Arkansas University at 2 p.m. for the gridiron classic.

Added specifics for both weekends will be in subsequent Bulletins.

Preparations Finalized For Forum Activities

The population of the Harding Campus is expected to double when high school students meet for the 14th Annual Youth Forum March 24-25.

Ken Qualls, coordinator of the program, explained that the program is designed to entertain as well as provide spiritual enrichment. "It is our desire that young people from all over the nation can gather together to experience a fellowship as never before. The enthusiasm which they derive can then be carried back to home congregations," he noted.

Jack Evans, president of Southwestern Christian College in Terrell, Texas, will speak on the theme "What Sort of Man is This?" Leading songs will be Doug Allison from the Sixth and Izard Church in Little Rock.

In conjunction with the Forum, the fifth annual Spring Sing musical event will be held March 23-25. More than 6000 are expected attend the five performances.

Overall coordinator Dr. John Ryan has been associated with the production since its beginning in 1974. "The quality of the shows has improved every year and the popularity of the event is evidenced by the early ticket sales," Ryan said. The 31 clubs which will participate in the 19 shows are now

finalizing musical numbers and designing costumes. According to

Dr. Jack Evans

Ryan, preparations are ahead of schedule compared to previous years.

A new dimension has been added to the stage band which will accompany hosts and hostesses. Musical coordinator Jeff Hopper describes the new concert spectrum as an instrument capable of producing string sounds, brass sounds, piano and harpsichord effects in any combination.

Judging will be held at each performance and final tabulations made after Saturday's last performance. Trophies will then be awarded.

Librarian Winnie Bell and KWCK radio station manager Alan Risener look over the first 16 volumes of the new Russian encyclopedia which the radio station donated to the college.

Library Given USSR Encyclopedias

Beaumont Memorial Library is the owner of a new set of Bol'shaia Sovetskaia Entsiklopedia, a collection of the Great Soviet Encyclopedia valued at \$1,800. The set is a gift from Searcy radio station KWCK, made possible through Alan Risener, manager of KWCK. The translation is English.

Winnie Bell, college librarian, termed the gift "a tremendous bonus" for the library. "It's just something we would not have been able to acquire because of the cost," she said, "and it is a most worthwhile addition to our collection. We are especially grateful to KWCK for making it possible for us."

Miss Bell explained the use of indexes as a special importance in obtaining information from the books.

Story Theater Staged By Speech Students

The Department of Speech presented "Story Theatre" by Paul Sills February 6, 7, 9, 10 and 11 in the Little Theatre of the Administration Building.

Director Chuq Parker described the production, which first opened in New York in 1970, as "an adult re-telling of fairy tales," with adaptations of stories by Grimm and Aesop. The characters were created without specific stage environments, various places, objects and thoughts. The comedy was like pantomime, but not as controlled, he noted.

Parker, an instructor in speech, was assisted by Robin Miller, a senior, as stage manager. Morris Ellis, assistant professor of speech, was technical director for the production.

Included in the cast were Donna Coker, Ellen Walker and Susan Wallace of Searcy, David Bedgood of Bossier City, La., Scott Cody of Morrow, Ga., Shannon Hawkins of Desoto, Mo., Bob Perkins of Rochester, N.Y., Brad Scott of Tulsa, Paula Trotter of Memphis and Kevin Uebelein of Hampton, Va.

Each volume is based on a corresponding Russian-language volume in the Cyrillic alphabet. "For example, one volume might include entries from 'Alvar Hugo Henrik Aalto' to 'Zulu War of 1974,'" she noted.

The librarian mentioned that there are seven pages devoted to American Agression in Vietnam and only one page to America. The set lists Fidel Castro as a graduate of the University of Havana with a doctorate of law and gives a history of the Communist Party in several countries.

"Our students can use the Great Soviet Encyclopedia as a ready reference for contemporary research; our faculty will find it gives thorough, readable treatment of Soviet medicine, law, geography, political and physical sciences; and our business community will find in it reliable articles on automation, major industries, economic trends and banking procedures," she said.

The full set will be 30 volumes, but only 16 have been received because the rest are yet in translation.

The library, constructed in 1950 with a wing added in 1971, contains 146,951 volumes, including 137,328 books. On hand is a collection of 8,823 microforms of all types, 357 cassette tapes and 2,759 records in music, speech and biology. The library receives 1,088 periodicals and 10 daily newspapers.

1978 Spring Sports Outlook

Spring sports are just around the corner and Bison athletes are optimistically looking forward to warmer weather.

Youth will previal in baseball and golf, but tennis, track and bowling will have some much needed experience to keynote their competition. Conference titles in more than one sport are definite possibilities.

Following is a capsule look at some of the prospects.

TRACK

Fifteen lettermen return for track Coach Ted Lloyd but new faces abound on the Bison cinder team.

Top returnees include aces Phil Hostetler of Topeka, Ind. and Marshall and Matt Grate of Waterloo, Ind., and field event veterans Steve Flatt of Memphis in the shotput, Perry Fraley of Phoenix, Ariz. in the pole vault, and Bruce Gaither of Conway, Ark. in the high jump.

Last year the Bisons recorded a fourth place in the conference meet but some strength in the sprints could make a big difference in this year's results.

Daryl Bassett of Sylvan Hills, Ark. and newcomers Tim Flatt of Memphis, Tenn. and Rick Collins of Norman, Okla. are counted on for performances in the sprints.

SWIMMING

A shortage of experience will hamper the Harding Waterbuffaloes in their race for the conference swimming trophy.

Coach Arnold Pylkas will have only five experienced lettermen returning but they should be able to provide the leadership to the team.

'78 Summer Sports Camps Announced

Summer sports camps will be offered at Harding for boys, grades 7-12, interested in track, cross country, football and basketball.

The camps offer intensive instruction in fundamentals and provides each participant with the opportunity to improve his ability, according to Coach Wilt Martin, director of the '78 camps. Instruction is given in every phase of the sport and each boy receives individual attention. In addition to working on skills, video tape, films and other teaching techniques are used.

Camp dates are: track, July 23-28; cross country, July 16-21; junior high Football, July 16-21; senior high football, July 23-28; junior high basketball July 9-14; senior high basketball, July 16-21.

Instruction will take place on the Harding Campus. The modern physical education-athletic complex provides a pro turf floor with two regulation size cross courts, an indoor track, swimming pool, gymnastics area, handball courts and weight room.

For more information, write Harding College Sports Camps, Box 703, Station A, Searcy, Ark. 72143.

Top Bison swimmers returning include Norman Kahla of Deer Park, Tex., Mark McElrea of Covina, Calif., Steve North of Orlando, Fla. and Al Wright of Tucasville, Ohio.

BASEBALL

Eight returning lettermen, including All-AIC pitcher-outfielder Mike Beam of Maypearl, Tex. will form the nucleus of Coach Dick Johnson's baseball team.

Six of the eight returnees were freshmen last year and this year's contingent will again be dominated by first year players. There are no seniors on the squad and only two juniors. All others are first and second year players.

Beam, who hit .416 last year, will team with junior righthander David Stotelmyer of Sylvan Hills, Ark. to tie the Bisons fortunes together.

Coach Johnson indicates better overall speed and hitting, and is counting on a good season for his pitching staff, which also includes Mike Scott of Tulsa, Okla. and Jackie Stewart of Des Arc, Ark.

TENNIS

Five of last year's players return for Coach David Elliott's tennis team and prospects of improving last year's second place conference finish are optimistic.

Counted on to lead the squad are Don Wood of Columbus, Miss., Lindy Woods of Seminole, Tex., Chris Jackson of Brownsville, Tex., Tom Lindsey of Cleveland, Miss., and Dennis Sanders of Baytown, Tex. and Ross Cochran of Hobbs, N.M.

BOWLING

Experience will be a strong characteristic of Coach Ed Burt's defending champion AIC bowlers.

Five members of last year's team return from the squad which finished third in the NAIA, including senior Bryan Davis of Tulsa, Okla., Ron Wheeler of Ashtabula, Ohio, and Kevin Fisher of Florissant. Mo.

Davis finished fourth in the national tournament, Wheeler reigned as the 1977 NAIA District 17 Champion, and Fisher is the defending AIC individual titlist.

Other veterans returning are Mike Flynn of Sterling Heights, Mich. and Danny Gerlach of Dallas, Tex.

GOLF

The outlook for Coach Phil Watkins' golfers is definitely on the bright side with the addition this year of a group of talented freshmen.

Senior Jeff Price of Bloomington, Ind., a two-time All-AIC selection, will receive top competition from first year men Brent Taylor of Bartlesville, Okla., Keith Goree of Pensacola, Fla. and Charles Wicker of Memphis, Tenn. All three freshmen bring strong competitive backgrounds to the Bison squad.

Junior guard Stan Eckwood of Brinkley dunks for two points against Southern Arkansas University. He is averaging 18.8 points per game for the Bisons.

Eckwood Chosen Player of Week

Harding basketballer Stan Eckwood was named the Arkansas Intercollegiate Conference Player of the Week for Jan. 22-28 according to league commissioner Leroy Nix.

Eckwood, a 6-4 junior from Brinkley, recorded 54 points and 23 rebounds in games against Hendrix and Henderson. He tallied a season and career high of 38 points against the defending champion Henderson team.

A former Arkansas All-Star selection, Eckwood is currently ranked second in AIC scoring with a 19.5 point average per game on 328 total points. He also ranks in rebounding with a 10.3 average per game.

Earlier this season, Eckwood was selected to the All-Tournament team at the Evangel Classic in Springfield, Mo.

He is the son of Mrs. Hattie Eckwood of Brinkley.

European Campaign leads to Vocation for '72 Alumna

Claudine Gray (BA '72) never imagined that volunteering for an evangelistic campaign to Germany in 1971 would put her in a permanent job in Amsterdam, Holland. But that's how it turned out.

Actually she never went to Germany, but went to Holland instead because of a shortage of campaign workers there. After the campaign she was persuaded to return as a helper for the James Krumrei family, missionaries in Holland. When International Business Machines needed an employee who spoke English and could also communicate in Dutch, Claudine accepted the job.

During a recent visit with her parents, Paul and Helen Waller ('45) Gray in Judsonia, Claudine spoke to students in a secretarial procedures class in the business education department.

She has since returned to Amsterdam where she is a secretary in the international division of IBM. Basically she gathers information for reports, then types them. She's the only American in an office staffed by workers of nine other nationalities and she's fluent in Dutch. So she admits her duties also include such things as finding a suitable place for a manager to get his poodle clipped and helping wives become familiar with the country. Nevertheless, she describes her

situation as 'glamorous' and is grateful for the experiences she's having.

Convincingly, she told the class members that the job market is open for trained people who are willing to work. She acknowledged her training at Harding as better than adequate, and told how a filing system she devised for her office has been adapted in several other offices throughout her company, an attest to her expertise.

Mrs. Ermal Tucker, one of her former teachers, related that she had thought of Claudine as ". . . a dedicated, serious, quiet student, not nearly so outgoing as she is today," and added, "I couldn't believe it when I heard what she was doing."

"It shocked me, too," Claudine replied. "I didn't think I had the nerve."

Her work is at a factory which builds typewriters. "Sometimes, even now," she confessed, "I find myself almost over come at the sophistication of the equipment I operate. When I stand at a machine and think 'This one machine cost more than a Mercedes and a half' I feel completely awed. But then I remember that I can master it, so I proceed."

Miss Gray deliberately communicates in Dutch as she shops or visits, because she feels that is a better way to fit into the community. Some of her associates have never attempted to

learn the language, and she thinks they are missing out. Most of the Dutch people can speak English, she notes, but she prefers to communicate in Dutch. "Sometimes I speak Dutch to them and they reply in English," she remarked.

A bit of prodding did cause her to reveal some disadvantages. The distance from her family is a big factor, but company benefits allow her a long vacation period, which she uses each year in Arkansas. Taxes bite into her salary more than she likes to think about, but she realizes that would be

somewhat of a problem of the United States, as well.

So, operating on the theory that if a person isn't enjoying what he's doing he should quit, she continues to work happily with IBM.

"I've decided that I'll stay until I find something I like better, or until I get tired of Holland, and that's impossible."

Alumni Contributions Matched by \$30,133

Harding will receive a gift of \$30,133 as the result of the response of alumni to a special matching gift challenge during 1977.

In February, 1977, an anonymous donor issued a challenge to match dollar for dollar the increased amount of an alumnus' 1977 contribution over the amount of the alumnus' 1976 contribution.

By making the challenge the donor sought to give "alumni the opportunity to increase the magnitude and effectiveness of their gifts to Harding."

According to the final report compiled by the College's Development Office, a total of \$30,133 in gifts will be matched by the donor.

Approximately \$27,500 was contributed as the result of a "miniphonothon" conducted among alumni during October, 1977. Faculty and staff members called alumni, who had responded to previous phonothons, asking them to increase their 1977 contributions.

The remainder of the matching gift total came in response by alumni to a series of direct mail brochures.

Help Find Our Lost Alumni

We need your help. Sometimes alumni move and forget to inform the Alumni Office of their new address. As a result we are unable to send them the Harding Bulletin and other informational materials. Below is a list of Harding alumni who have been placed in the inactive file because we do not have an accurate address. Additional names will be run in future Alumnotes. If you can provide an accurate address on any of these alumni, please write the Alumni Office, Box 768, Station A, Searcy, Arkansas 72143. The Alumni Office wants to provide information to all alumni. Help us find these "lost" alumni.

Harding College Commemorative plates

Plates Available to \$100 Contributors

A contribution of \$100 or more entitles donors to receive a gift of a specially designed commemorative plate in black and gold.

Each year a different campus scene is chosen for inclusion in the commemorative edition. Many alumni have begun collecting these plates and proudly displaying them in their homes.

The 1977 plate depicts a scene familiar to all Harding alumni. The Olen Hendrix Building (formerly the Old Science Building) was chosen to be displayed on the 1977 commemorative plate. These plates will be mailed to alumni during February.

It is not too late for alumni to begin

their own collection of Harding plates. Send your contribution of \$100 or more during 1978. Your plate will be mailed to you during February, 1979.

Scenes that have been depicted in previous editions of the commemorative plate include the Administration Building, Hammon Student Center, Patti Cobb Hall, the American Heritage Center, Beaumont Memorial Library, and the Harding Archway.

As long as the supply lasts, plates from the eight previous years that the plates have been offered may be obtained by sending your contribution and designating which plate you would like to receive.

Contributions by alumni during 1977 reached a record high, according to the annual report submitted by David Crouch, executive secretary of the Harding Alumni Association.

From January through December, 1977, alumni contributions totalled \$528,056. The 1977 contributions surpassed the previous record of \$409,338 contributed by alumni in 1975.

The number of alumni contributing in 1977 was 3,840 or 26.2 percent of the college's 14,636 active alumni. The number of alumni contributing during 1977 is the second highest in the college's history. The record number of donors came in 1975 when 4,191 alumni made contributions to the school.

There was a significant increase in the average gift made by an alumnus. During 1977 the average gift was \$137 as compared to the 1976 average of \$105. In addition to the \$528,056, deferred gifts from alumni totalling \$48,433 were recorded.

According to Crouch, there were four reasons why 1977 was a recordsetting year for alumni contributions: (1) Alumni responded overwhelmingly to a mini-phonothon which was conducted in October, 1977. (2) Alumni responded to a matching gift challenge by an anonymous donor. (3) The senior class project continues to add a significant number of donors each year. (4) Alumni responded very significantly to direct mail fund-raising appeals.

Commenting on the results for 1977, Floyd Daniel, vice president for development, said, "We are deeply grateful for the support of our alumni. In many institutions alumni support is declining, but not at Harding. For the last six years an average of more than 25 percent of the alumni constituency has made a contribution each year. This is an outstanding record and we expect this percentage to increase.

Below listed in alphabetical order are the names of Harding alumni who contributed during 1977.

We have attempted to have a correct listing of all alumni donors. If we have overlooked your name we apologize. If your name is missing otherwise, won't you send your gift now in order to be included in the list of 1978 donors?

The list of donors includes those individuals who made contributions during the 12-month period January through December, 1977. The list does not include names of contributors to the Harding Graduate School of Religion in Memphis.

If you have any questions regarding your contribution to the college. please contact the Alumni Association or the Development Office.
