Newsman, Energy Czar Are Upcoming Lecturers

Upcoming speakers for the Harding American Studies Lecture Series include Richard C. Hottelet, United Nations correspondent for CBS, and Frank G. Zarb, former U.S. energy administrator.

Hottelet will speak February 22 on "America's Role in World Affairs." A 35-year veteran of the news corps, Hottelet's career spans a period from before the beginning of World War II, when he was associated with United Press International, to the present, as a reporter for CBS covering special events and on a regular radio news program.

Hottelet was named United Nations correspondent in 1960. In that capacity, he has been on the scene for all major confrontations of world leaders at UN headquarters. On assignment in Moscow, he reported the beginning of the Cold War. Later, in Bonn, Berlin, Paris and London, he witnessed the growth of European unity. He reported the coronation of Queen Elizabeth and the visits of four presidents to South and Central American and to Europe.

Other highlights of his career have been: covering first U.S. contacts with Communist China, the Middle East Crisis, the Panama Canal and the Vietnam Peace Conference.

"The Energy Challenge — Our Survival as a Free Nation Depends on It" will be Zarb's topic on March 5.

During his career with the federal government, Zarb served as executive director of the cabinet-level Energy Resources Council, where he directed the energy activities of all federal agencies. In addition, he was assistant to the president for energy affairs and a member of the president's economic policy board and domestic council.

From 1971-72 he was assistant secretary of labor. His contributions to

government were given special recognition by the Senate and House in "A Tribute to Frank Zarb" printed in the Congressional Record.

Zarb currently serves as a member of the Board of the Alliance to Save Energy along with Dr. Henry Kissinger and Senator Charles Percy.

Zarb is executive vice president and a member of the board of Shearson Hayden Stone Inc.

Both lectures will be at 7:30 p.m. in

August 4-in-1 Workshop Set by Bible Department

A 4-in-1 Bible workshop with programs for women, elders, preachers and workers in the prison ministry will be hosted August 7-9 by the Harding College Bible Department.

"The primary thrust of the programs will be to provide practical instruction in the various phases of Christian service," said Dr. Jerry Jones, chairman of the department.

The workshop will feature the individual workshops during the day and an all-together program in the evening. Lawrence Anderson of Gary, Ind., Clyde Thompson of Lubbock, Texas, and Jim Woodroof of Searcy will be the featured speakers for the all-together programs.

Designed specifically for women, the Women's Workshop will include lectures by Louine Woodroof of Searcy; Flo Jones of Maryland Heights, Mo.; Becky Moore of Searcy; Joy McMillon of Oklahoma City, Okla.; and Lynn England of Searcy.

The topics for the women's workshop will cover many aspects of the lives of Christian women today. Some of the subjects for discussion are "Security in Christ," "Overcoming Depression," "Facing Tragedy," and "At His Side."

Leadership, stewardship, counseling and discipline are some of the subjects that will be discussed in the Elders' Workshop. The speakers will include Clifford Paine of Toledo, Ohio, and Jack Thomas, Dale Smith, Bill Cox, Don Shackelford and J. D. Bales, all of Searcy.

The Preachers' Workshop will focus on the various facets of a preacher's life

including church growth, Christian evidences, preaching, counseling and his relationship to the community.

Several members of the Harding Bible faculty — Avon Malone, Will Ed Warren, Neale Pryor, Tom Eddins, Ed Sanders — along with Bill Flatt of Memphis, Al Fowler of Searcy and Glen Pace of Magnolia, Ark., will lead the discussions.

The Prison Ministry Workshop devotes the attention of its participants to serving and helping the inmates in prisons, particularly in reaching them with the Gospel.

Some of the speakers will be Ron Goodman, Bill Crossman, Charles Yeager, Lawrence Anderson, Lucinda Crossman, Roy Ellsworth, Linda Hays, Buck Griffith, Luke Curtis, Fred Selby, Billy James, Bill Paschal and David George.

The registration fee for the workshop is \$7.50 which includes the cost of instruction and the syllabus. An unlimited number of persons from one congregation can be accepted for a group rate of \$100. All the names will have to be submitted at the time of registration.

A supervised program will be provided for the children of those attending the workshop.

Housing is available on campus for those wishing to stay in the dormitories at a minimal cost.

For more information, contact the Bible department, Harding College, Searcy, Ark. 72143 or telephone (501) 268-6161, ext. 448.

In the aftermath of a snowball deluge, sophomore Judy Baird of Bartlesville, Okla., tries to rid herself of the cold white stuff before she must go on to her next class. Many students readily took advantage of the snow by building some traditional and some not-so-traditional snowmen, and by taking out tensions and frustrations with snowball fights staged on the front lawn. Summer Bible Programs Planned

A full schedule of summer Bible workshops has been planned by the Harding Bible Department for 1979.

Two of the workshops are scheduled for June — a Church Leadership Development Seminar and a Counseling Workshop. In July, the department will sponsor a Preacher's Workshop and a Death and Dying Workshop.

The Church Leadership Development Seminar, which is being sponsored by the Bible Department in conjunction with the Business and Education Departments, is scheduled for June 12-14.

The purpose of the workshop is to help church leaders (elders, deacons,

preachers) develop and enhance their leadership skills. Participants will be exposed to proven Christian management concepts and strategies. The workshop will emphasize individual participant involvement.

A \$50 fee is required for the seminar, which will include the cost of the workbook and the internationally recognized Management Style Diagnosis Test. The workshop will be limited to 50 participants.

The Counseling Workshop, which is being sponsored in conjunction with the Psychology Department, is scheduled for June 19-21.

Developing communication and counseling skills will be stressed in the

workshop which will also focus on recognizing behavior problems and improving one-to-one relationships in counseling.

A registration fee of \$50 is required, which will include the cost of required textbooks to be sent to each participant. The workshop will be limited to 30 applications.

Focusing on preaching skills, the Preachers' Workshop is scheduled for July 10-12. Some of the topics to be discussed are sermon structure, persuasive preaching, the values of Greek and Hebrew texts, and preaching from the prophets.

A \$25 fee is required, which will include the cost of materials.

The Death and Dying Workshop, focusing on the Christian response to death, is scheduled for July 24-26. Some of the topics to be considered include grief, suffering, comfort, misery, children, education, and fear as each one relates to death.

A registration fee of \$25 is required.

For more information, contact the Bible Department, Harding College, Searcy, Ark. (501) 268-6161, ext. 448.

The board was organized in 1965.

Record Snowfall Blankets Campus

It was truly a scene of winter wonderland when students awoke February 6 to a campus blanketed with 6½ inches of nice, white snow.

The snowfall was not the first of the year, but it was the heaviest and was part of one of central Arkansas' worst snowstorms in history.

While much of the county was forced to shut down, the Harding campus held classes as usual. The only exceptions to the routine were between-class snowball fights and snowman building. Most students seemed to appreciate the surprising amount of Arkansas snow. One young man even donned his skis to travel cross campus.

But around the state, the precipitation, which included some sleet and freezing rain, caused power outages, downed trees and shrubbery, and hazardous driving.

Spring Enrollment Sets New Record

The official enrollment for the spring semester of 1979 is 2707, according to Virgil Beckett, registrar.

Although the total is 172 less than last fall's record student body of 2,872, the spring figure represents a record enrollment for the second semester of the school. Another reason for the diminished number is the winter graduation exercises. Harding graduated 109 seniors in December '78.

KHCA Radio Announces Additional Broadcasts

Campus radio station KHCA, in operation on the campus for the past 14 years, has begun an expanded program for 1979, according to station manager Allen Grieb, a senior mass communications major from Okla. City.

KHCA is restricted to the dormitories on the campus. By operating a carrier current transmitter, programs are sent through the electrical wires, which serve as the system's antenna.

For the spring semester, KHCA will answer a request of the students with additional hours of broadcast. The station will go on the air at 3 p.m. and remain open until 12 midnight seven days a week.

Grieb explained the reasons for the new hours. "First, we wanted to make

our broadcast hours more uniform. Now students won't have to guess when we're on the air throughout the week. Second, we hope to gain an audience in the afternoon by starting at 3 p.m. Many students get out of classes early and we feel our service will be much more effective once the student body learns our new hours."

The additional hours will not affect the early broadcast times of 6:30 to 8:45 a.m.

The station's emphasis is supplying up-to-the-minute information that concerns primarily the Harding student, such as club activities, announcements and things that concern everyone at the college, Grieb noted.

A special feature of KHCA coverage has been broadcasting of all home basketball and baseball games as part of an emphasis on campus events. These broadcasts are aimed at students who are interested in such events but who may be too burdened with studies to attend every game.

The staff for the semester also includes Rhonda Scoby, Tyler, Texas, program director; Steve North, Orlando, Fla., production director; Wes Davis, Trussville, Ala., sales director; Deana Kenamer, Grant, Ala., news director; Tim Hamilton, Sidney, Ark., sports director; Bob Aldrich, Calverton, N.Y., traffic director; Ray Gentry, Memphis, chief engineer; and Karen Green, Caro, Mich., assistant music director.

Courses on Alcohol Acquired by Library

Beaumont Memorial Library, as a selective Government Depository, has received three courses from Health, Education and Welfare's National Institute on Alcohol Abuse and Alcoholism entitled "Decision and Drinking."

The three courses include one for blacks entitled "An Ounce of Prevention"; another for parents of young children called "Power of Positive Parenting"; and another for women with the title "Reflections in a Glass."

The courses have materials consisting of a handbook, presentation outlines cards, handout masters and take-home summaries for each session.

"By using this material and ordering films, which are free of charge, it would be possible for professors, civic groups, social clubs or individuals to set up a very informative program to help America towards the solution of our drinking problem," Miss Bell said.

The films available are "Eat, Drink and Be Wary," "Spirits of America" and "The Emerging Woman."

A Cappella Chorus Sets Northeast Tour

The A Cappella Chorus and Dr. Kenneth Davis will be on an eight-state tour March 9-21 to the Northeast. Programs have been tentatively scheduled for the following:

For the first fine arts lyceum of the semester, a trio from Ozark Attractions' "An Evening With Rodgers and Hammerstein" performs music from "South Pacific." The program, which also featured songs from "Oklahoma," "The King and I," and "The Sound of Music," was staged at Harding January 26.

American Studies Group Plans Washington D.C. Trip

The American Studies student group will leave on spring tour of Washington D.C., and other points of interest in the East on March 23.

After a night stop in Knoxville, Tenn., the group will travel to Williamsburg, Va., and stay until

Sunday afternoon. They will proceed to Washington, D.C., where they will be staying at the Midtown Motor Inn.

On March 26, visits will be made to points of interest including the Lincoln and Jefferson Memorials. The remainder of the day will be spent hearing discussions on lobbying Congress and the state of the economy, first from the union perspective with AFL-CIO leaders, and then a contrasting view from the National Chamber of Commerce. The group hopes to meet with the first secretary of the Soviet embassy for dinner that night.

On Tuesday, March 27, the Arlington Cemetery will be the first stop. Then, the Central Intelligence Agency and the Federal Bureau of Investigation will be toured. A dinner meeting with Chinese Embassy representatives is tentatively planned.

The students will be at the State Department the morning of the 28th and have lunch there. They will observe the Supreme Court and try to meet with the Arkansas Congressional Delegation that afternoon.

A White House tour is planned for March 29. The Smithsonian and Mt. Vernon will be visited, with a devotional service conducted at the latter.

The last day of touring, March 30, will take the group to Philadelphia, where they will see Independence Square and Valley Forge. They will return to Washington D.C. and depart for Knoxville the following morning.

On Sunday, the group will travel to Nashville, attend church, have lunch, and return for Searcy.

The trip will be made by 52 students and five faculty members.

Houston Minister Receives Christian Service Award

Lawrence Hazelip, a minister for more than 30 years, received Harding's Distinguished Christian Service award at a dinner in his honor in Houston January 30.

In presenting the certificate, President Clifton Ganus read, "This is presented in appreciation for his humble and Christian character, his love for his brethren, and for his many years of dedicated service to his God and his fellow man."

A native Kentuckian, he was graduated from Western Kentucky State College in Bowling Green with a degree in school administration. He began his preaching career at Central Avenue Church of Christ in Valdosta, Ga., and has preached in the Houston area more than 20 years. Currently he is minister of Watters Road Church of Christ, where he also serves as an elder.

Summer Sports Camps Offered

Summer sports camps will be offered at Harding for boys, grades 7-12, interested in track, cross country, football and basketball.

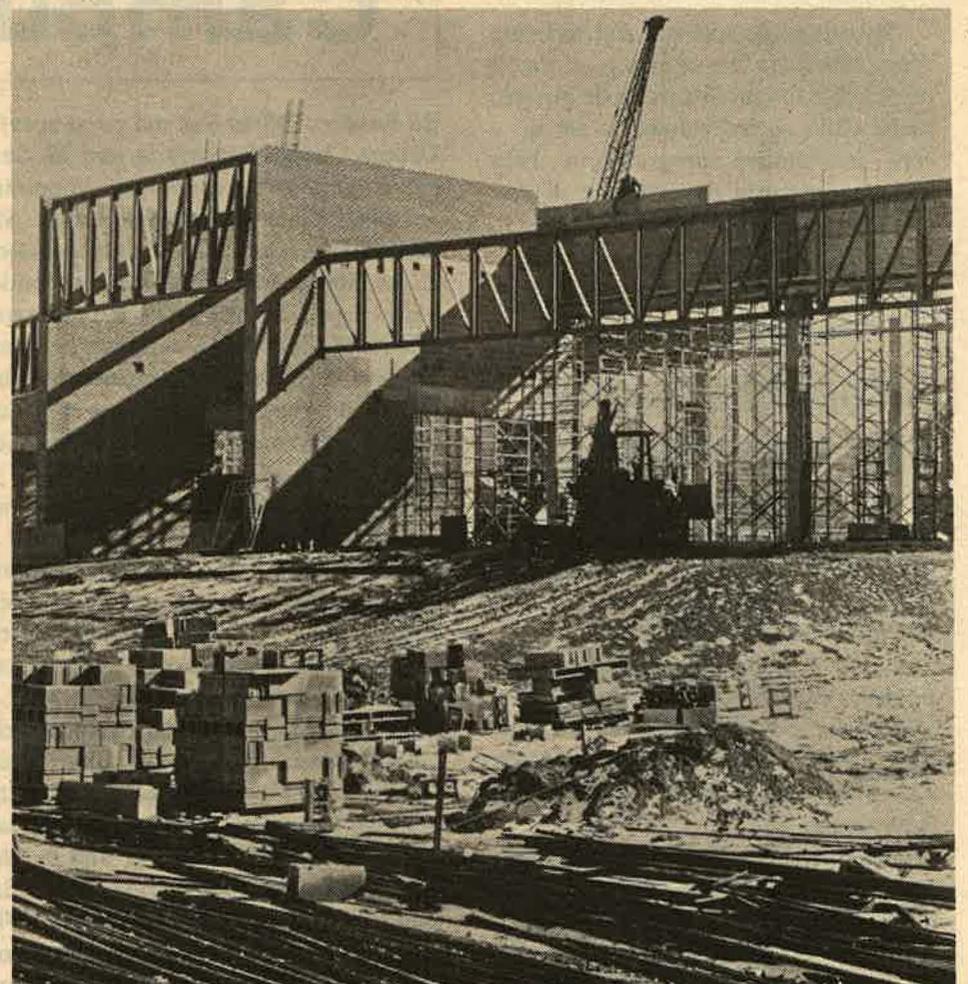

The camps give intensive instruction in fundamentals and provide each participant with the opportunity to improve his ability, according to Coach Wilt Martin, director of the camps. Instruction is given in every phase of the sport and each boy receives individual attention. In addition to working on skills, the workshop uses video tape, films and other teaching techniques.

Camp dates are: track, July 22-27;

cross country, July 15-20; junior high basketball, July 8-13; senior high basketball, July 15-20; junior high football, July 15-20; and senior high football, July 22-27.

Activities for the camps will be conducted in the modern \$3 million Athletic-Physical Education Complex. The facilities include a pro-turf floor with two regulation-size basketball courts, an indoor track, swimming pool, gymnastics area, handball courts and weight room.

For more information, write Harding College Sports Camps, Box 703, Station A, Searcy, Ark. 72143.

The George S. Benson Auditorium inches up slowly during the frigid days of winter but builders remain confident that the long-awaited facility will be completed at the beginning of the 1979 fall semester. Because of constant sub-zero temperatures in January, concrete pouring was delayed and work halted. The building will seat 3,400.

Noted Political Analyst Addresses Memphians

by Mike James

"Government, the Disease for Which It Pretends to Be the Cure," was the topic for a speech by syndicated columnist George F. Will at the Memphis Lecture Series January 29.

A contributing editor for Newsweek magazine and a political analyst on the "Today Show," Will displays a remarkable knowledge of politics and economics, giving considerable preference to a conservative stance on both.

Revolving around what he and seemingly the general public believe is the nation's number one ill. Will spoke chiefly on the causes and perils of inflation.

"The American people are beginning to realize inflation is not caused by decisions in the private sector, but rather by the policy leaders in two square miles of downtown Washington," Will said.

The syndicated columnist told the Memphians that the shape of the budget is a major ailment, citing the fact that today 43 percent of the federal budget consists of transfer payments from one group of Americans to

another, through programs such as medicare, medicaid, social security, etc. Since 1950, Will says, these programs have been growing about 8.5 percent per year, making the Department of Health, Education and Welfare the largest user of the American tax dollar.

"For example," Will says, "when Social Security began, 13 people supported one pensioner. Today, the ratio is less than four to one."

Will explained that his pessimism about the country's ability to slow inflation is due to the inflationary attitudes of the people.

"Americans expect inflation to get worse, which causes them to borrow money and use credit at an outstanding rate in order to pay back debts later with dollars of less value, thereby changing devalued dollars into durable goods," he stated.

Will responded to questions from the audience assembled in the O. O.

George Will, syndicated columnist and political commentator on television's "Today Show," addresses the group at the Memphis American Studies Lecture Series January 29.

Emmons Auditorium. His lecture was number five in a schedule of eight programs.

The remaining guests for the Memphis Lecture Series of the

American Studies Program are Tennessee Congressman Robin Beard, Former Energy Director Dr. Frank Zarb, and Federal Express Corporation chairman Frederick W. Smith.

Music Encampment Sets August Dates

The 18th annual Music Camp will be held August 14-23 at Camp Tahkodah near Floral, Ark.

Conducted by faculty from the Harding Music Department, the 10-day encampment provides concentrated study in areas of choral singing, instrumental instruction for band and song directing.

The camp is conducted for Christian young people who are high school graduates. Members of the Harding A Cappella Chorus, Chorale, Bison Band, and Belles and Beaux will attend.

For a registration form or additional information, contact Dr. Kenneth Davis, Box 531, Harding College, Searcy, Ark. 72143.

Documentary Films Shown on Campus

A ten-episode documentary film, "How Should We Then Live?" by Dr. Francis Schaeffer is being shown at Harding this semester.

"Francis Schaeffer is one of the foremost protestant apologists of the 'Christian' religion today," said Dr. Don Shackelford of the Bible department. "He is an articulate spokesman and writer who is known all over the world."

Subtitled "The Rise and Decline of Western Thought and Culture," the series includes ten 30-minute segments, each focusing on a major historical age, beginning with the fall of Rome up to the present day.

More than 1000 students and townspeople have attended the first showings.

Business Team Begins '79 Reno Contest

Four students have been selected to represent Harding in the 15th annual University of Nevada-Reno Intercollegiate Business Games Conference.

The games, an annual competition sponsored by the College of Business Administration at the University of Nevada-Reno, will involve ten weeks of decisions by the students covering every aspect of business management and administration.

Members of the team are Bruce Nunnally of Memphis, Tenn., Jeff Earnhart of Cahokia, Ill., Ed Rosenbaum of Richmond, Ind., and David Perkins of Memphis. Nunnally and Earnhart were members of the team that finished first in its industry world and second overall at the games last year.

"The team will make a host of different decisions which simulate the many inter-relationships of the business world," Dr. David Burks, chairman of

the department of business and economics and faculty advisor to the team, said. "The games are based upon an artificial market so they simulate the whole economic cycle."

Five years of business management will be represented in the ten weeks of decisions by the team. In all, the team will make approximately 20 sets of decisions, each set covering one-quarter (three months) of a year.

Each team in the competition was given the same basic starting position with its initial decision due February 9. Decisions in Phase I of the competition are transmitted to Reno by telephone. Results of the decisions are then mailed back to each school in time for the next week's decisions.

The teams will submit weekly decisions from February 9 to April 5 in Phase I of the competition.

Phase II of the competition is scheduled for April 18-20 in Reno where each team will venture through

intensive decision-making conferences. Faculty advisors will not be present during the conferences.

Also included in Phase II of the competition is a presentation by each team outlining and defending its business strategy.

"The competition involves every aspect of business," Burks said. "There are three major aspects of business — marketing, production and financing. The games emphasize the production aspect to some extent."

Harding teams have dominated intercollegiate business games in the past. Since beginning intercollegiate business team competition in 1964 at the Michigan State University games, Harding has won seven overall championships.

Harding teams won the trophy at Michigan State three times and finished in second place twice. Competing in the Emory University Business Games, Harding won four championships and its industry six times.

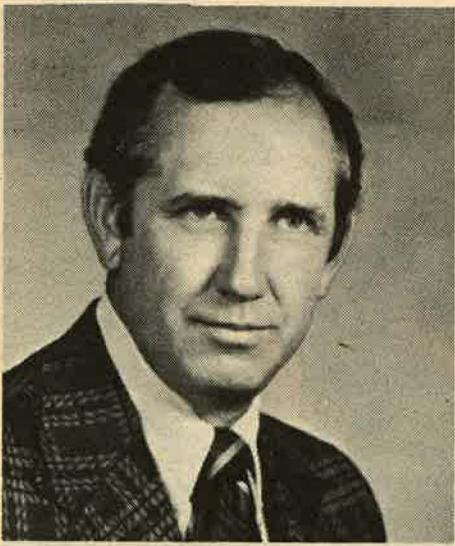

Last year, the team finished second overall at the University of Nevada-Reno games after winning its industry.

"Our team takes the competition seriously," Burks said. "They really work hard and I think the hard work and diligence are the reasons why we have been winning. We have a tradition of winning."

A by-product of the intercollegiate games is the Administrative Policy Simulation course offered by the department of business and economics. Required of all business majors in the last semester prior to graduation, the course divides the students into teams, which then compete for shares of the market as do the intercollegiate teams. This semester, 80 students are enrolled in the course, managing 24 companies in three industries.

Beginning competition for the Reno Games are business team members [from left] junior David Perkins of Memphis; senior Jeff Earnhart of Cahokia, Ill.; senior Ed Rosenbaum of Richmond, Ind.; and senior Bruce Nunnally of Memphis. Nunnally is team captain.

All-American Award Given to Publication

A Harding sports publication, "Harding '78," has been awarded an All-American rating by the National Association of Intercollegiate Athletics.

The announcement was made by Charles Eppler, NAIA director of public relations.

Harding's brochure entry covered the intercollegiate football program of the College. It was designed and edited by Stan Green, director of public relations, and editorial material and statistics were compiled by Robert Bonner, assistant sports information director.

The 1978 brochures were judged by Harry Burrell, former president of the College Sports Information Directors Association and longtime sports information director at Iowa State University.

Harding's 60-page entry was one of nine award winners in the printed category.

Other winners included Moorhead State (Mich.), North Carolina Central, Grand Valley State (Mich.), Wofford (S.C.), Terris State (Mich.), Eastern New Mexico, Bemidji State (Minn.), and Norfolk State (Va.).

Six Sport Preview

Athletes Gear Up for Spring Activities

With the coming of late winter and early spring, Bison athletes are beginning preparations in earnest for competition in six spring sports.

Requiring a variety of skills and abilities, the spring sports encompass baseball, track, swimming, golf, tennis, and bowling. The Arkansas Intercollegiate Conference offers championships in each of these six sports and the results are considered in All-Sports Trophy tabulations in May.

The following is a capsule summary on each of the teams that Harding will field in the spring sports this season.

Golf

Four of the Bisons' top five golfers last season are present this year to provide coach Phil Watkins with a strong base for the upcoming campaign.

Leading that contingent is sophomore Brent Taylor of Bartlesville, Okla., who finished second in the AIC meet last year.

The other three returnees are Keith Goree of Pensacola, Fla.; Ken Whisenhunt of Idabel, Okla.; and Charles Wicker of Memphis, Tenn. Newcomers to the squad are David Padgett of North Little Rock, Ark.; Randy Wooten of San Diego, Calif.; Phil Barnett of West Monroe, La.; and David Isenberg of South Williamsport, Penn.

The AIC title will be decided on the basis of six tournaments; one each week of April and the final two coinciding with the NAIA District 17 tournament on May 2-3. The overall leader in the

six tournaments will be the league champion.

Baseball

A mixture of the young and old could well describe the team of baseball coach Dick Johnson this spring. The head coach is looking at 11 upperclassmen to provide the leadership in the tough AIC battles.

Seniors David Stotemyer of Sylvan Hills, Ark.; and Doug Cowden of Hendersonville, Tenn., along with sophomores Mike Moody of Texarkana, Ark.; Rieke Stewart of Des Arc, Ark., and Mark Kay of Maypearl, Texas, are some of the leaders on the squad.

An outfielder, Moody was named to the All-AIC and NAIA District 17 teams last season after leading the Bisons in batting with a .377 average.

The AIC championship will be decided on the basis of a round-robin conference schedule.

Bowling

Returning five bowlers from a squad that captured the AIC and NAIA District 17 championships last season, coach Ed Burt's bowling Bisons are a prime candidate for the league honors once again.

Four of those returning bowlers placed high in the AIC meet — Mike Bedwell of Sikeston, Mo.; Mark Cramer of Jacksonville, Ark.; Ron Wheeler of Brooksville, Fla.; and David Mitchell of Garland, Texas. A sophomore, Richard Hiley, was also a member of the squad last year.

Other members of the squad are freshman Danny Campbell of Searcy; junior Ross Clinton of Germantown, Tenn.; junior Jason Davis of Miami, Fla.; sophomore Ken Dorsey of Beaumont, Texas; Tichard Hiley of Randolph, Wis.; and Tom Kloske of Maryland Heights, Mo.

Tennis

Three semifinalists from last year's Arkansas Intercollegiate Conference meet brighten what might otherwise be a rather young squad for coach David Elliott.

Scott Dawkins of Ketchikan, Alaska, Dennis Sanders of Baytown, Texas, and Don Wood of Columbus, Miss., were semifinalists in their respective brackets as the tennis team placed third in the league. Sanders and Wood also teamed in the doubles competition to make the semi-finals of the No. 2 doubles.

The squad includes six freshmen in addition to York College transfer Scott Carstens of Salinas, Kan., and sophomores Dave Delaware of Norcross, Ga.; Timothy Coucke of Fremont, Ohio; and Ricky Bankston of Trumann, Ark.

The AIC championship will be decided this season on the basis of round-robin competition with the other schools in the league. All the conference teams will be eligible for the NAIA District 17 play-offs scheduled for May 4-5 in Arkadelphia, Ark.

Swimming

Youthfulness plus a new head coach characterizes the swimming team under the direction of coach Jack Boustead, who joined the Harding faculty last summer.

The team includes 11 freshmen, in addition to returning squadmen Vernon Beach of Searcy; Wendell Cave of Gainesville, Fla.; Chris Cherry of St. Clair Shores, Mich.; Chris Davis of Searcy, and Carl Waites of Dearborn, Mich.

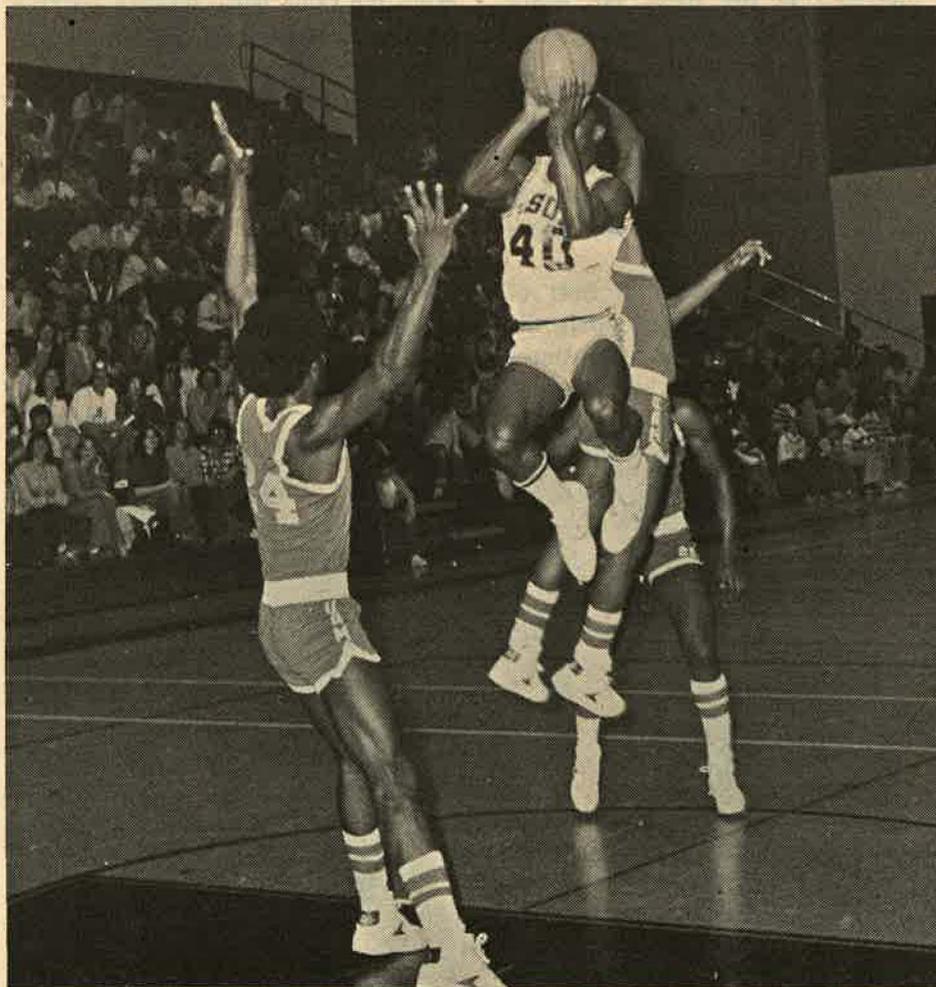

The AIC meet is set for February 23-24 at Arkansas Tech University in Russellville.

Track

With 11 lettermen returning from last year's squad, the outlook is bright for coach Ted Lloyd's track team this spring.

Included among those athletes are sophomore Bruce Baldwin of Jacksonville, Ill., who holds the AIC triple jump record; junior Perry Fraley of Scottsdale, Ariz., who holds the school record in the pole vault; sophomore Richard Teixeira of Auburn, Ind., who won the AIC cross country title last fall; and Mike Lynch of Bevins, Texas, and Don Thurman of Germantown, Md., who recorded second place finishes in the AIC meet last year.

Harding placed fourth in the conference meet last season. The Bisons will host the AIC Track and Field Championships at Alumni Field on May 1 and 4.

Bison guard Bruce Baldwin [40] easily clears the floor for a jump shot against the University of Arkansas-Monticello Weevils in an Arkansas Intercollegiate Conference clash. The Bisons defeated UAM, their second victory in a current four-game winning streak. Senior forward Stan Eckwood continues to pace the Bison attack averaging over 25 points and 10 rebounds a game. He has been named the AIC Athlete of the Week three times this season, and is a strong candidate for All-America honors.

Webb Rides Third Champion Tennessee Walker

by Alice Ann Kellar

To Billy Sims it's the Heisman Trophy and to Ron Guidry it's the Cy Young Award, but to any walking horse enthusiast the absolute in achievement is the National Celebration in Shelbyville, Tennessee, where more than 1,800 horses are entered in competition.

Last September, Joe Webb ('50) had the distinction of claiming that world championship title for the third time, the first person ever to accomplish such a feat.

Webb's mount was a nine-year-old black stallion called Mark of Carbon, whose grandsire, Rodgers' Perfection, claimed the victory in 1959 and his sire, Perfection's Carbon Copy, in 1964. It was the first time a trainer had started, trained and ridden three generations of World Grand Champions.

In taking Mark of Carbon to the roses, Webb, who has trained horses more than 35 years, had his charge since the nine-month-old colt was sent from California by his owner, Verd Walker. Mark of Carbon has been retired by Walker and is now standing at stud in Middle Tennessee.

Webb started breaking the horse at 15 months, then taught him the flat walk and running walk. The canter is the last of the three gaits of a Tennessee Walker. He also teaches the head motion, the nodding being the peculiarity that sets the walker apart from other breeds.

Breaking records is not a new experience to Webb, however. In his training career he has trained and ridden 14 world champions. In addition to operating a training stable in Searcy,

Joe Webb rides Mark of Carbon in the traditional Tennessee Walking Horse style.

Joe holds a riding camp for boys and girls age 8 to 18 at Camp Miles Sylvania near Clarksville, Arkansas, during the summer months. Also he conducts

riding and training schools for adults. Recently a session in Searcy attracted 32 riders from 10 states. Other shows will be conducted as far as San Francisco and the state of Virginia before he starts the show circuit in late spring.

The alumnus is the author of "The Care and Training of the Tennessee Walking Horse," a publication now in the third revised edition and the only recognized book that has been published on training walking horses.

His operation took a serious setback in 1976 when his barn was completely destroyed by fire. The facility has been rebuilt and he now has about 30 horses in training again.

The calm, confident, patient demeanor that is so much a permanent characteristic of Webb somehow seems to be imparted to the horses he trains. Time is no barrier when it comes to the amount of attention necessary to bring an animal to show ring quality. Observers quickly note and are readily amazed at the control he commands with his mounts. When he climbs in the saddle it's as though he and the horse become a solid unit and Joe gives the appearance of riding in a luxury automobile. He can electrify a crowd, whether he is giving an exhibition ride or performing in fierce competition.

Horses have always had a place in his life. While he was a student at Harding

in the late 40's, he worked part time on a farm in Searcy training walkers. As a boy he trained his pets, Rex and Tony, to do numerous tricks. Some might claim his affinity for horses reached the ridiculous when he and Nell Young ('54) were married in 1950 and took two horses on their honeymoon!

Except for a brief stay (training horses) in Florida, Searcy has always been home for the Webb family — the listing of which reads like a Harding alumni directory.

Their children are Sharon (BA '74), married to Phil Pharr (BA '70), who lives in Nashville, Tennessee; Joanna (BA '78) is married to Adrian Hickmon (BA '77), who is now working toward his master's at Harding; Kim, a December graduate, resides in Searcy with Bob Winston (BA '77); and Kevin is currently a sophomore and also a Bison football letterman.

Joe's three sisters, Normanda ('45), K. Nell ('45) and Maudemma ('42), are married to alumni Dean Lawyer (BA '45), Jack Pruett (BA '48) and James Daniel (BA '40), respectively, and Nell's sister Vera ('51) is married to Charles Draper (BA '50). The next prospects are Sharon's two young sons.

Webb can claim a world title from the 50's, the 60's and the 70's, and with a new decade about to begin, he's looking feverishly for the right 'hoss' to keep the chain going for the 80's.

In the lounge of Webb Stables in Searcy, trainer and horse take a coffee break.

Alumni Donors Spring Fiscal Year 1979

An increase in the number of alumni donors and an increase in the total percentage of alumni contributing highlighted the 1978 annual report submitted by David Crouch, executive secretary of the Harding Alumni Association. During 1978, alumni contributed \$489,701.

From January through December 1978, the number of alumni contributing was 3,991. The number of alumni donors was an increase of 151 over the 1977 total. The 1978 total was the second highest in the college's history. The record number of alumni donors came in 1975 when 4,191 alumni contributed to the school.

During the 1978 year, 27 percent of Harding's alumni made a contribution to the school. This was an increase over the 26.2 percent that contributed during 1977.

"The response of Harding alumni during 1978 is certainly gratifying," said Floyd Daniel, vice president for development. "We rely heavily on our alumni to help us provide our academic program for our students. Alumni support is a very vital key to Harding's existence," he said.

"We are very proud of our alumni. Last year, 27 percent of our total alumni constituency made a gift to Harding. Nationally, 17.9 percent of alumni contribute to their alma mater. Harding alumni are special and we anticipate that their support will continue to grow each year," said Daniel.

The average gift made by an alumnus during the year was \$122. During 1978 alumni continued to pay on capital campaign pledges in addition to responding to the Benson Birthday Project, the Senior Class Project, and the annual alumni phonathon.

Below are listed in alphabetical order the names of Harding Alumni who contributed during 1978.

We have attempted to have a correct listing of all alumni donors. If we have overlooked your name, we apologize. If your name is missing otherwise, won't you send your gift now in order to be included in the list of 1978 donors?

The list of donors includes those individuals who made contributions during the 12-month period January through December 1978. The list does not include names of contributors to the Harding Graduate School of Religion in Memphis.

If you have any questions regarding your contribution to the college, please contact the Alumni Association or the Development Office.

Scenic Plates Mailed

The 1978 Harding commemorative plates have been mailed to those who contributed \$100 or more to the college last year.

"If an individual receives a broken plate, the plate should not be returned, but please notify the development office so that we may replace the token," said Al Fowler of the development office. "Also, if you do not receive a plate in February but have donated \$100 in 1978, please contact us," he continued.

Each year a different campus scene is chosen for inclusion in the set. The current plate, designed in black and gold, pictures the W. R. Coe American Studies Building. The three-story classroom building houses the American Studies Program, the Teacher Education Program, the Graduate Program Office and the departments of business and economics, education, English, history and social science, and journalism, as well as a small auditorium.

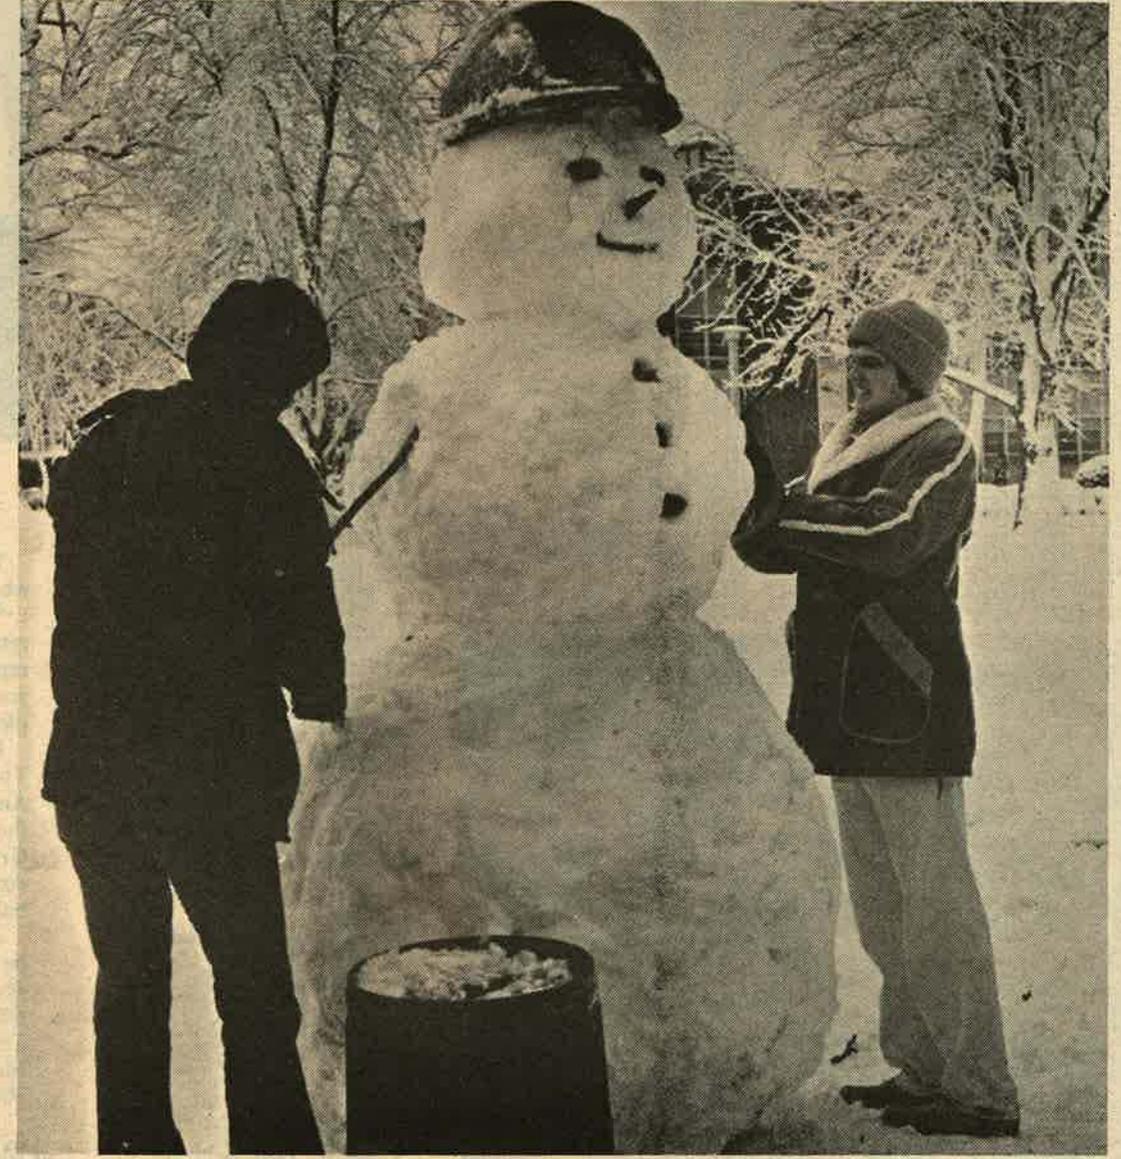

As long as the supply lasts, plates from the eight previous years may be obtained by sending your contribution and designating which plate you would like to receive. Scenes that have been depicted in previous editions include the Administration Building, Hammon Student Center, Patti Cobb Hall, the American Heritage Center, Beaumont Memorial Library, the Archway, the Olen Hendrix Building and the 50th year Anniversary plate.

Address all correspondence to the Harding Development Office, Box 932, Harding College, Searcy, Ark. 72143.
