Board of Trustees Launch 5-Year Endowment Campaign

"Endowing A Destiny," a five-year, multi-million dollar endowment campaign, has been launched by the Harding University Board of Trustees, according to Board Chairman Richard Gibson.

The campaign is the result of a feasibility study conducted by the Board to determine the critical issues facing Harding in the decade of the 1980's. Several of these critical issues were determined to be the state of the national economy, competition for fundraising dollars, demographics of student population, inflationary pressures, reduced Federal Aid for students, and Harding's continuing leadership in the Christian brotherhood.

After reviewing the findings of the study and considering suggestions, the Board developed a plan that will build upon the strengths of the University, and at the same

time eliminate many of the weaknesses found in the study.

"The plan is an attempt to bridge the gap between tuition income and increasing costs," said President Clifton L. Ganus. "By our commitment to the 'Endowing a Destiny' program, we re-affirm our commitment to Christian education for the students enrolled now and for generations to come.

"We have built a beautiful campus and a strong academic and spiritual program," Ganus added. "Now we must ensure the future of Harding."

Harding's financial needs for the next five years have been identified as approximately \$7 million for annual operating supplementation, \$2 million for the renovation of buildings, \$1.1 million for an addition to the Science Building, \$3 million in current

gifts for endowment, and a multi-million dollar deferred gift endowment to be determined.

The total of current giving and endowment needs will be the largest single project ever undertaken by the University's Board of Trustees, and is the first real endowment campaign for Harding.

Endowment, a permanent source of income, now provides only two and one-half percent of Harding's annual budget. During the 1982-83 school year Harding had to raise \$1.1 million in gifts to balance the budget. During the five-year period 1983-87, the University's annual budget is projected to rise by approximately 27.6 percent to \$26.5 million.

"Harding needs a much greater endowment in order to free the institution from the annual burden of balancing the

budget out of current gifts and tuition increases," said Lott Tucker, vice president for finance.

By definition, endowment funds are assets (cash, stocks, bonds, and real estate) that have been given to an institution to provide a base of financial support. The gift is invested and only the income is used by the institution to supplement the operating budget.

Floyd Daniel, vice president for development, said, "Endowment will provide a relatively stable source of income that is needed each year to balance the budget."

The endowment campaign, more than any previous effort, will rely upon an organization of volunteers to do the majority of the fundraising. Volunteers during the advance gifts phase will be members of the Board of Trustees and the President's Development Council. Other volunteers will be enlisted once the advance gifts phase is completed in 1983.

James H. Cone, vice chairman of the Board of Trustees, is serving as chairman of the Trustee Development Committee, which is in charge of the 'Endowing A Destiny' campaign. Assisting him is James Ellers, committee vice chairman.

The 347-member President's Development Council has been organized with a chairman, Dannie Skipper of Tyler, Texas, and members have been divided into 13 geographical regions.

Donors are being asked to make two pledges: a current capital gift and a deferred capital gift. "The dual pledge solicitation is not the traditional method of fundraising," said Daniel, "but it is the only method by which Harding can expect to reach its needs in five years."

The current capital gift or pledge will be contributed over a five year period. Basically, these funds will be used for the \$13.1 million in current operating needs. Current capital gifts in excess of \$13.1 million will be added to the general endowment fund. At the present time current capital pledges totaling \$5 million have been received. Deferred gifts will be used to help build the school's endowment resources. These gifts usually take the form of a bequest by will, annuity, unitrust, life insurance, life estate gift or other types of gifts appropriate to the individual donor's estate planning objectives.

Spring Graduates Hear Address by Stotts

May 15 at 2:30 p.m. a capacity crowd of about 3,000 gathered in the George S. Benson Auditorium to participate in and to witness the graduation of 363 Harding University students.

Dr. Keith Stotts, president of Ohio Valley College in Parkersburg, W. Va., delivered the commencement address and told the graduates that they are trustees for the next generation. He advised them to be servants and to be active listeners concerned with the needs of other people.

An honorary Doctor of Laws degree was conferred upon Stotts by Harding President Clifton L. Ganus Jr. in opening ceremonies. Stotts was cited for service to Christian education and for leadership while at OVC. A 1955 Harding graduate, Stotts has also been a minister and administrator of a children's home.

While at OVC he has assisted in improving the annual gift income from \$235,359 in 1977 to \$830,285 in 1982, with a school budget growth from \$627,864 to \$2,052,150 during the same period. Three major facilities have been constructed: Fox Dining Hall, Stanley Student Union and a women's dormitory. Enrollment has increased from 163 to 244 and accreditation was received from the North Central Association of Colleges and Schools.

Ten awards and/or scholarships were presented following the conferring of diplomas. Receiving Distinguished Teacher Awards for 1982-83 were Barbara Barnes, associate professor of physical education; Don England, professor of chemistry, and Mary Ann Harris, associate professor of education.

The awards are given each year to three faculty members judged by students and peers as excelling in classroom teaching, service and Christian example. Each includes \$1,000 in cash. Faculty members are ineligible for the award for five years after winning it, and may win a maximum of three times.

Barnes joined the Harding faculty in 1965 and completed a Master of Arts in Teaching degree in 1971. She is a 1964 Harding

Budget Increase Approved

The Harding University Board of Trustees approved a record budget of \$21,084,654 for the 1983-84 school year at their annual spring meeting in May, according to Lott Tucker, vice president for finance.

The new budget will reflect only a very slight increase over this year's current budget projection of \$20,830,774, Tucker said. The new fiscal year will begin in July.

"The Board is anxious to hold down overall expenses of the University and to

keep student costs to a minimum," Tucker said. "Every effort has been made to hold the lid on prices," he added.

The Board approved a four percent hike in costs for the 1983-84 school year, which is the smallest rise in several years, Tucker said. Tuition will be \$92 per semester hour next fall, compared with this year's \$88.50 per hour fee.

The University has begun a five-year endowment campaign in order to provide a broader base of revenue and to meet current and future financial needs.

70 Honored at Spring Faculty-Staff Awards Banquet

Seventy employees who cumulatively have worked at Harding University 1,150 years, were honored at the annual Faculty-Staff Awards Dinner April 15 on the campus.

Dr. J. E. Pryor, academic dean and vice president who will retire from those positions this year, was honored with a 40-year pin. The physical science professor received a standing tribute of appreciation from the 550 attending the affair.

Thirty-year recipients were Cecil Beck, intramural director; Kenneth Davis Jr., music department chairman; Conard Hays, Bible; Richard Walker, speech and Herman West, Harding Press.

For 25 years of service, four received awards. They were Virgil Beckett, registrar; Harold Bowie, Harding of Memphis superintendent; Bob Helsten, Bible and Lyle Poindexter, shop foreman.

Twenty-year honorees were Ted Altman, vice president for students affairs; Eddie Campbell, dean of men; Bill Diles, Academy principal; Maxine Hager,

bookstore; Ruby Janes, dorm director; Darrell Ridings; plant maintenance and Joe Segraves, history, and Latina Dykes, secretary to the vice president for finance.

Fifteen-year awards went to Peggie Baker, Bible secretary; Lucille Bohannon, post office; Ruth Burt, cashier's office; Kathryn Campbell, physical education; Bobby Coker, School of Education dean; Sharen Crockett, home economics; Ron Doran, biology; Cliff Ganus III, music; Betty Green, athletic department secretary; Rodger Gilliam, Harding Press; Alice Jewell, English; Fred Jewell, history; Helen Kearbey, comptroller's office; Jean Kelly, graduate education secretary; Nita Lasley, Pattie Cobb; James Mackey, physical science; Don Meredith, Memphis library; Kathy Moore and Oscar Moore, Memphis bookstore;

Paul Pitt, art; Art Roberts, Memphis maintenance; Carroll Smith, physical science; Mae Anne Tucker, bookstore; Betty Watson, education; Rosemary Wilson, admissions; Ann Wright, development secretary; Dorothy Wright, modern foreign languages and Ray Wright, Academy.

The 10-year honorees were Marcella Bailey, athletic department secretary; John Boyer, maintenance; Rodger Brewer, English; Herman Brown, plant maintenance; Lois Brown, education; Ronnie Burkett, maintenance; Earl Cobill, political science; Ava Conley, modern foreign language; Lynn England, home economics; Louisa Evatt, custodial; Al Fowler, development; Peggy Hilbun, Memphis bookstore; Dwayne James, plant maintenance;

Mike James, publicity; Mac Lynn, Memphis; William Jenkins, Heritage

Distinguished staff members for 1982-83 are, l. to r., Jane Tomlinson of the Harding Graduate School in Memphis; Mary Groves, secretary of the Harding University Science Dept.; James Brown, mathematics teacher at Harding Academy, and Joyce Johnson, student personnel secretary at the University. Each received a \$1,000 check. (Photo by Mike James).

Graduation (from page 1)

graduate and is married to Dr. Jerome Barnes, director of the Educational Media Center. The couple has three children: Roy, Randy and Jennifer. A native of Hickory Ridge, Ark., Mrs. Barnes is Director of Women's Intramurals and a member of Associated Women for Harding, Southern Association for Physical Education of College Women, American Association of Health, Physical Education and Recreation, and chairman of the Arkansas Association of Health, Physical Education, Recreation and Dance.

England is a former winner of the Distinguished Teacher Award, both in 1967 and 1972. He joined the faculty in 1960 and is a sponsor of Alpha Chi Eta Chapter, author of *A Christian View of Origins* and *A Scientist Examines Faith and Evidence*, and a deacon at College church of Christ.

He is married to the former Lynn Alexander and the couple has two children, Mark and Donna. England was educated at Austin Peay State College, Clarksville, Tenn.; The University of Arkansas at Fayetteville, and the University of Mississippi in Oxford, where he received his Ph.D. degree in 1966.

England is a member of the American Chemical Society, Arkansas Academy of Science, Sigma Xi, Searcy Optimist Club, American Association for the Advancement of Science, and Southeastern Association of Advisors for the Health Professions.

Harris joined the faculty in 1978 after a distinguished career as a public school teacher. She served as assistant to the public relations director, Harding University, from 1956-59; elementary school teacher, Paris, Ill. from 1962-63, and public school teacher, Memphis, Tenn. from 1967-78.

A 1954 Harding graduate, she received an M.Ed. in 1969 and an Ed.D. in 1976 from Memphis State University. The wife of Jack D. Harris, the couple has two children, Robert Wayne and Lee Davis. Mrs. Harris is a member of Kappa Delta Pi, Council for Exception Children, International Reading Association and Association for Childhood Education International.

Several student awards were also presented. The Mort Utley Scholarship for self-improvement went to Edmund Metcalfe of Bridgewater, N.J. and Theresa Michelle Sechler of Madison Heights, Mich. The Ken Rose Memorial Scholarship was awarded to Terry Yates of Fayetteville, Ark. as the first recipient.

C. L. Ganus Awards for academic achievement were presented to Joyce Clark

Cafeteria; Durward McGaha, admissions; Sue McGaha, elementary school; Carroll Osburn, Memphis; L. V. Pfeifer, Bible; Lorene Poindexter, post office; Rachel Roberson, history secretary; Marie Rowe, Heritage Cafeteria; James Rumfield, plant maintenance; Ed Sanders, Bible; Bill Spurlock, maintenance; Barbara Statom, business education and Millie Yarbrough, registrar's office.

A Cappella Wins \$3500

The Harding University A Cappella Chorus won \$3,500 in two choral festivals this spring — \$1,000 in the regional Great American Choral Festival April 9 at Bethany, Okla. and \$2,500 May 28 in Ann Arbor, Mich. in the national festival.

The Chorus won first place in the regional contest and third place at the national festival.

The 59 singers competed in the college non-choreographed category in the contest with the numbers "Sing A New Song," by Achebel; "All Breathing Life," by Bach; and a motet, "Praise To the Lord," by Norman Lockwood, a former professor of Dr. Kenneth Davis Jr., director.

Regional winners were invited to participate in the national competition. Almost \$20,000 in prize money was awarded, with \$10,000 for first place.

The group was entered in the non-choreographed section of the Festival, which is sponsored by singer Johnny Mann, and performed for judges at the Power Center on the campus of the University of Michigan throughout the day. Finalists were recalled for a concert at 8 p.m. at the Power Center, at which time the awards were made.

"We're elated," Davis said, "and feel these results reflect the quality of our students."

Distinguished Teacher Awards went to, from left, Mary Ann Harris, associate professor of education; Don England, professor of chemistry, and Barbara Barnes, associate professor of health, physical education and recreation. In addition, each received a \$1,000 check.

of Norwich, Ohio and Jerry Wright of Bald Knob, Ark. The M. E. Berryhill Award for outstanding athlete went to Hubie Smith of Memphis, Tenn. The L. O. Sanderson Award for outstanding achievement in music went to Brian Casey of Newark, Del. and Johnny Matlock of Lead Hill, Ark.

The Alpha Chi Key Award went to Jeff Baughn of Columbus, Ohio. The Charles Pitner Mathematics Award went to Susan Skipper of Tyler, Texas. The Duane Priest Award for pre-medicine went to Cindy Whitfield of Jacksonville, Ark. and the Ray Kinslow Chemistry Award went to Brent Oldham of Searcy.

On May 14 the Harding School of Nursing held their spring pinning ceremony for graduating seniors. Jaqueline Harris of Faribault, Minn. received the Head, Heart and Hands Awards and was named Outstanding Colleague. Freda Sowell of Judsonia, Ark. received the Outstanding Academic Achievement Award with a 3.89 cumulative grade point average.

Co-honorees for the Outstanding Scholarly Paper were Jena Thomas of Columbus, Ga. and Charles Stilwell of Warren, Mich. Donna Shackelford of Searcy was chosen for the Outstanding Community Servant Award.

ON THE COVER: Premedical major Meg Finch of San Jose, Calif., receives a warm embrace from her father, W. R. Finch, following May graduation exercises.

Smith Earns Ph.D.

Cathleen Smith, dean of the school of nursing, successfully defended her doctoral dissertation this spring at Vanderbilt University in Nashville.

Smith was granted a Ph.D. for her work on the subject, "Communications Skill Preparation Needs of Academic Nurse Administrators," at graduation ceremonies May 13.

Smith, who has been doing her graduate studies since 1978, completed the program with a 4.0 grade point average, and as top graduate from the George Peabody School, served as Banner Bearer.

Smith received her master's degree from Emory University in Atlanta and completed her undergraduate work at the University of South Carolina at Columbia with a B.S.N.

Dr. Cathleen Smith

Hearn Elected AWH National Chairman

Mrs. Johnice Young Hearn of Harrison, Ark. was elected National AWH chairman, Mrs. Mattie Dale of Russellville, Ark. received the Volunteer Service Award, a new iris was named for Mrs. Carrie Lou Little, Harding Board of Trustees member from Ardmore, Okla., and more than \$30,000 was presented to Harding's general fund during the general meeting and Council meeting of AWH on the Searcy campus April 22-23.

Mrs. Hearn, a graduate of 1956, succeeded Mrs. Mary Jolly of Midland, Texas as national chairman of the Council, which was formed in 1979. She has served as president of the Harrison chapter, where she resides with husband James, also a 1956 graduate. Their two sons, Jeff and Scott, and daughter-in-law Cyndie are Harding alumni as well.

Mrs. Dale was recognized at the noon luncheon on Friday. A charter member and president of the Russellville chapter, she has worked many years on Harding's behalf and is the mother of two graduates, Donna and Lyndal.

The latest in the series of irises developed especially for Harding was a deep purple specimen named for one of two ladies serving on the Board. Rhizomes for the variety will be available next year, as are ones issued previously and named Jan Burt, Louise Ganus and Jimmy Carr. AWH has the Burt and Ganus rhizomes available at \$30 each; the Carr ones will be available next year.

About 60 representatives of the various chapters attended the general session on Friday, when Mrs. Sandra McDade of Shreveport, La. and Mrs. Dottie Ellis of Nashville, Tenn. addressed the group. President Clifton Ganus was presented checks totaling more than \$30,000 from

Mrs. Johnice Hearn

members represented. Additional gifts have been received for the school's general fund during the year.

Mrs. Hearn accepted the position as a personal challenge. "We need you!" she declared in appealing to women to join the support group of Harding University.

Membership has four options — through a local chapter, through "at-large" membership for those who reside where no chapter exists, life membership of \$100 and patron membership of \$500. All are tax deductible.

The Council meeting was held in conjunction with the annual general meeting on the previous day wherein about 60 representatives of the various chapters in Arkansas and surrounding states presented more than \$30,000 to President Clifton Ganus during the report session of the business meeting.

Long Chosen for NEH Summer Seminar

Dr. Larry Long, associate professor of English, has been chosen to attend and participate in the National Endowment for Humanities Summer Seminar this summer.

The seminar will be held June 27-August 19 in Concord, Mass. Long was chosen along with 11 other applicants nationally.

The director of the seminar this year is Walter Harding, the foremost American scholar on Henry David Thoreau in the country, Long said. Harding has written several biographies and is secretary of the Thoreau Society.

Participants will attend group meetings and report on individual projects. Also, some material of common interest will be covered together. The group will also visit libraries and museums.

"Each of us will produce a scholarly paper on transcendentalism," Long said. His paper will cover the religious aspects.

Dr. Larry Long

Alpha Chi National Council Names Pryor First Executive Director

Dr. Joseph E. Pryor, vice president for academic affairs at Harding University, has been appointed the first executive director of Alpha Chi, the national honor society that he has served as secretary-treasurer since 1970.

Dr. Pryor's last term as secretary-treasurer expired at the national convention April 7-9 in San Antonio, at which time the society also approved a constitutional amendment creating the executive director's position. The new National Council chose Dr. Pryor for the job at its meeting April 8.

The executive director will be responsible for many of the duties formerly held by the secretary-treasurer, especially the registering of new members, handling of revenue and supervising the expansion program of the society. It will be the society's first funded central office.

The amendment also changed the secretary-treasurer's position to that of secretary, an elective office on the National Council responsible for the keeping of minutes and supervising the scholarship program.

Dr. Pryor will serve on the 25-member National Council and the Executive Committee, but as a non-voting member. Dr. Dennis Organ, chairman of the English department, holds a similar position on the council as editor of the society's publications.

On his retirement as secretary-treasurer, the convention honored Dr. Pryor with an engraved desk set commemorating his years of volunteer service to Alpha Chi. During his tenure the society grew from 99 chapters and about 40,000 members to 242 chapters and 120,000 members.

In a resolution of appreciation, council

Dr. Joseph E. Pryor

member Dr. Bailey B. McBride of Oklahoma Christian College said, "All of us in Alpha Chi feel that Joe Pryor is our personal friend. He has a special style of leadership that focuses on people, yet he knows that the vitality of an organization depends on the proper and efficient functioning of its parts."

He continued, "Joe Pryor ushered Alpha Chi into a new era. He was part of a team that made Alpha Chi a truly national organization."

Dr. James Divelbiss of Westmar College in Iowa, whose term as president of the National Council also expired at the San Antonio meeting, praised Dr. Pryor as the "cogwheel of the society" and said Alpha Chi's current healthy status was due primarily to his work.

CAMPUS NOTES

Edmund Wilson Jr. (physical science) attended a course in Mass Spectrometry during April at the Midwest Center for Mass Spectroscopy in Lincoln, Neb. and on April 19 attended the Southern and Southwestern Meeting of Forensic Chemists in Little Rock, along with his entire Analytical Chemistry class . . . Gailyn Van Rheenen (Bible) and Van Tate (sociology) helped conduct a missions workshop April 15-17 at the 7th and Mueller church of Christ in Paragould, Ark. . . Wade Bedwell (education) attended a workshop on "Neurological Assessment of Learning Styles" in North Little Rock, Ark. March 18, and a symposium sponsored by Peabody College of Vanderbilt University, Nashville, Tenn. March 27-29 entitled "Student-Use Media for Severely Handicapped Learners . . . Microcomputers and You" . . . Ron Doran and Mike Plummer (biology) attended the annual meeting of the Arkansas Academy of Science in Conway, Ark. April 1-2, and the annual meeting of the Southwestern Association of Naturalists in Little Rock April 14-16, where Plummer presided over a paper session. Plummer also attended the annual field meet of the Arkansas Herpetological Society at Petit Jean State Park April 22-23. He is currently president of AHS. Doran took six students to Big Bend National Park (Texas) for a week-long trip during spring break (March 12-20) to study desert ecology. Doran also attended the annual meeting of the Arkansas Native Plant Society in Mena, Ark. April 22-24 . . . Bill Verkler (sociology) attended the annual convention of the Southern Sociological Society in Atlanta, Ga. April 6-9, and was appointed Southern Regional Representative of the Clinical Sociology Association . . . Winnie Bell, Suzanne Spurrier, Frank Hayes, Henry Terrill and Craig Beard (library) attended a meeting of the Arkansas Library Association April 21-22 in Fayetteville, Ark. Avenues of computer reference service were explored in various university libraries in Arkansas from the standpoint of evaluation of the search service, user interpretation aids, fees-for-service and document delivery . . . Bruce Cook, Mike James (public relations) and four journalism students attended a meeting May 16 in Little Rock of the Arkansas Advertising Federation . . . Barbara Barnes (physical education) has been chosen chairman-elect of the Intramural Section of Arkansas's Association of Health, Physical Education, Recreation and Dance. She will serve as vice chairman for 1983-84 and will also serve as chairman 1984-85 . . . William E. Bridges (bookstore) has recently been appointed to serve as a member of the Smaller Stores Committee of the National Association of College Stores . . . Neale Pryor (Bible) spoke on the Alabama Christian College lectureship March 28; he also spoke on the York Lectureship April 10-11 and was the commencement speaker for Central Arkansas Christian School, North Little Rock, Ark. on May 13 . . . Jim Nichols (personnel) was recognized in San Diego, Calif. recently for outstanding contributions to higher education personnel administration through appointment to the Academy of the Southwestern Region of the College and University Personnel Association . . . David Burks (business) attended the 1983 Annual Meeting of the American Assembly of Collegiate Schools of Business held in Kansas City, Mo., April 12-15.

School of Business Students Awarded Scholarships

Three Harding University students in the School of Business have recently been selected as scholarship winners by several organizations. Byron Carlock of Blytheville, Ark. received a \$14,000 Rotary Foundation scholarship; Debbie Garrett of Brookston, Ind. won \$5,000 as the top essayist nationally in the first Milton Friedman free enterprise competition; and Jeff Tennyson of Harrison, Ark. received a \$2,500 scholarship from the Arkansas Bankers Association.

A senior accounting major, Carlock was sponsored by the Blytheville Rotary Club and competed against eight other candidates from District 615, which covers roughly the northeast one-fourth of Arkansas and includes 33 clubs.

Scholarship candidates were interviewed April 23 in Forrest City, Ark. by the District Scholarship Committee, and Carlock received a letter April 28 notifying him of his selection. Two other candidates were also awarded scholarships.

According to Dr. O. L. Bayless, District 615 scholarship chairman, "the competition this year was really keen. Eight of the applicants had a 3.5 or better grade point average and one was a Phi Beta Kappa student at Yale."

According to Bayless, District 615 awards three graduate scholarships for international study each year to deserving students from the district.

"The Committee felt that Byron was a very personable young man who would be a fine person-to-person goodwill ambassador for the United States," Bayless said. "That counted as much as his academic record, which was equally exceptional.

"Wherever Byron goes to study, he will be asked to speak to Rotary Clubs in the area while he is there, and upon his return to the United States, he will discuss his experiences with the Rotary Clubs here," Bayless said.

The scholarship is for the 1984-85 school year, and Carlock said he will use it to begin work toward an MBA degree in finance. Carlock listed five universities, located in London, Singapore, and Hong Kong, in order of preference.

Garrett, a junior management major, was chosen to be one of 11 finalists in the essay contest by a panel of three judges. Milton Friedman, Nobel Prize winner in economics, then selected the top three essays and ranked them.

Garrett was accompanied to Los Angeles, Calif., where she received her \$5,000 cash award May 21, by Dr. Don Diffine, professor of economics and sponsor of the Harding Economics Team, of which Garrett is a member.

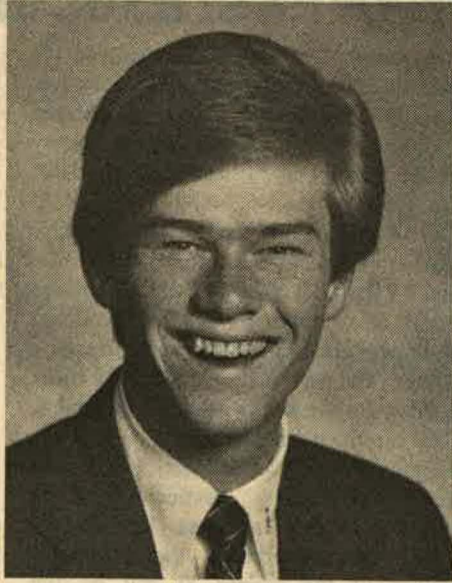

Diffine received \$1,000 cash as her sponsor. This is the first year the competition has been held, and students from 37

Crooms Establish Bible Scholarship

The children of A.S. and Margaret Croom have established a scholarship for worthy students majoring in Bible, on their father's 91st birthday, February 20. The couple was honored recently in chapel, when an announcement was made concerning the establishment of the fund.

The children are John A. Croom ('45), a land attorney with an office in Oklahoma City, Okla., Dr. W.S. Croom ('47), a cardiologist in Lubbock, Texas, and Mrs. Sarah Hatch ('52) of Boulder, Colo. who is working toward the doctorate in music.

The Crooms reside at 1307 E. Market Ave., Searcy, Ark. 72143.

Byron Carlock

colleges and universities throughout America entered. The contest was sponsored by the Americanism Educational League.

Title of the essay was "What Free Means to Free Enterprise." The contest was based on the "Free to Choose" film series by Friedman, which is shown in many college classrooms in conjunction with Microeconomics courses.

Essay length was 1500 words.

Dr. Friedman presented the \$5,000 check to Garrett and called her essay "an excellent statement of the basic (economic) principles.

"Her essay is an excellent one and is entirely deserving of its (first) place," he added.

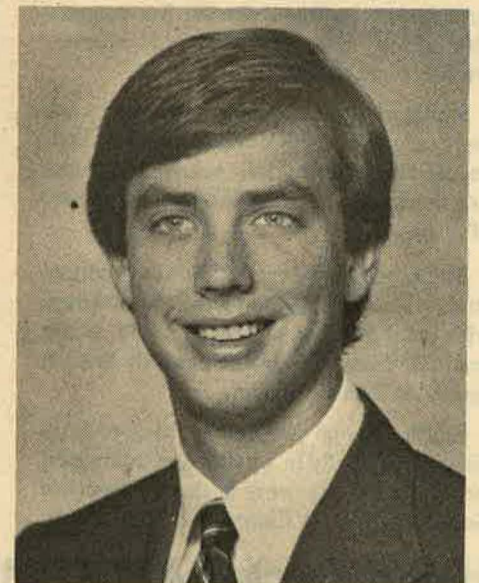

Excerpts which Friedman read from

Debbie Garrett

Garrett's essay included: "There are many things free enterprise is not. It is not the freedom to seek profits by any and all means, not the right to profit at the expense of others, and not the right to appeal to government subsidy or protection whenever adversity appears. When an individual or business is free to create and seek monetary reward within a framework of reasonable laws and a minimum of government intervention, the individual or business can prosper, and the other members of society will benefit."

Tennyson, a junior accounting major was named Young Banker of the Year. The award is annually given to an Arkansas resident who plans to enter the banking profession.

Jeff Tennyson

Tennyson is a member of the Harding Economics Team, TNT men's social club, and Delta Mu Delta national business honor society, and he is a member of the National Youth Council of the March of Dimes Birth Defects Foundation and Men's InterClub Council at Harding. He has been chosen for inclusion in *Outstanding Young Men of America* for 1983 and last summer he served as a staff assistant for Arkansas Congressman John Paul Hammerschmidt.

"It was an extreme honor to be chosen for the scholarship, due to the caliber of competition," Tennyson said.

He will be working at First Federal Savings & Loan Association of Harrison this summer. "I hope to go into the banking industry or public accounting," he added.

Harding to Host Business Games This Fall

According to David Burks, dean of the School of Business, the first annual Harding University Invitational Business Games will be held on the campus this fall. The 1983 games will involve 18 selected high school teams from across the nation, and there will be a junior college division composed of six teams.

David Johnson, accounting instructor, will be directing the games.

The 1983 games will involve three stages: an orientation seminar on April 29, actual competition beginning around Sept. 15, and final judging Nov. 17-19.

Burks and Dr. Jim Henderson, sponsor of Harding's intercollegiate business team, presented details of the competition to prospective sponsors and student participants in April, describing how to set up a team, the work of the sponsor, the work of the student, and some of the intricacies involved in simulated business competition.

Those participating in the pre-game conference included representatives from Nashville Christian School, Judsonia High School, Central Arkansas Christian, Harding Academy-Searcy, Madison Academy of Huntsville, West Memphis Christian, Great Lakes Christian College, Ohio Valley College, Michigan Christian College, and York College.

The following schools did not attend the pre-game conference but do plan to participate in the games: Boyd-Buchanan School, Chattanooga, Tenn., Harding Academy-Memphis, Ouachita Christian School, Christian Academy of Greater St. Louis, Shreve Christian School, Arkansas State University-Beebe, Northwestern Christian Junior College.

At the beginning of actual competition, each school will be given control of a fictitious company. Six companies comprise an

industry, so there will be a total of four industries — three for high school students and one for junior college students. Teams will be required to make eight sets of decisions, representing a two-year (eight quarters) period of time.

Each company (school) will make decisions with regard to marketing of the company's product, the number of products produced, the financing of inventory, and other decisions necessary for a normal business operation.

Teams will telephone their decisions once a week on Fridays, decisions will be fed into a computer Friday night, and results will be mailed Saturday morning. Results should be received on Monday, in time for review before planning further decisions.

All computer operations will be performed on the Harding campus.

During the judging process, all decisions

will be completed and each school will defend its decisions before a panel of judges, consisting of area businessmen and Harding University students, faculty and staff. Industry winners as well as an overall sweepstakes champion will be selected.

The Harding Business Games will rely on a specialized business game developed by Dr. Burks and currently used by Harding business students. The current package has now been revised so that it may be used by high school students who have very little business background.

"The computer-simulated games have proven to be an extremely effective vehicle for providing students with decision-making experience and for allowing them to bridge the gap between textbook learning and real-world situations," said Burks.

"The flavor of competition heightens academic preparation," added Johnson.

Bison, Petit Jean Garner Awards

Both of Harding's student publications were among the award winners at the annual spring meeting of the Arkansas College Publications Association meeting in Arkadelphia April 19.

The *Petit Jean* yearbook won the General Excellence Award over seven other yearbooks on judging by the Associated Collegiate Press.

The *Bison* newspaper was second in general excellence among the 10 newspapers entered. University of Central Arkansas' *Echo* won the General Excellence Award and sweepstakes. The *Bison* also took second in sweepstakes.

Earlier this year *The Bison* was awarded an All-American rating by the Associated Collegiate Press for the spring semester of 1982.

Categorical winners for the *Bison* include: General Column - Walter Florence, first; Cynthia Hooton, second. Review - Randy Anthony, first; Cliff Thompson, second; David Wright, honorable mention. Sports Photo - Darrell Truitt, honorable mention. Editorial Cartoon - Jim Dotson, honorable mention. Feature Story - Etta Madden, second; Jane Gore, third. In-depth News - Hooton, honorable mention. Sports News - Ken Bissell, honorable mention. Sports Feature - Jane Gore, third. Sports Column - Bissell, third. Interview - Etta Madden, honorable mention.

Judging for the newspaper entries was by members of the Arkansas Press Association and the Associated Collegiate Press of Minneapolis.

Energy Conservation Increases Efficiency, Savings

by Bruce Cook

Energy conservation has been a very real concern for residential, industrial and governmental users alike during the last 10 years or so in America. Educational institutions in general, and Harding University in particular, have felt the "energy crunch" and have battled to combat soaring energy costs, with survival hanging in the balance.

At Harding, Herman Spurlock is the man directly responsible for seeing that energy dollars (\$1.2 million for fiscal 1982-83) are spent wisely. While managing the energy resources of a 200-acre campus with nearly 50 buildings and 3,000 students is no easy task, Spurlock, Harding's chief engineer since 1965, has responded well to the challenge.

A million dollars for one year's supply of energy seems like a lot of money, but that figure could be more, much more, according to Spurlock, without the aid of conservation measures added in recent years.

Harding became concerned about energy conservation in 1977, when utility bills were averaging \$115,000 per month. Lott Tucker, vice president for finance, asked Spurlock to look into ways of cutting costs, and an energy consultant from Little Rock was hired to assess the efficiency of campus energy systems.

The audit proved to be extremely helpful in pointing out areas of weakness and in determining where the most energy was being lost. With the approval of Tucker and President Clifton L. Ganus, a three-fold plan was developed to (1) insulate areas from which large amounts of heat escaped, specifically, the boiler room, hundreds of steam tunnels (equal to one mile in length), hot water distribution system and Rhodes Memorial Field House, (2) regulate lighting, heating and air conditioning in as many buildings (28) as possible through the purchase of a computer system, and (3) upgrade the electrical system and monthly billing procedure for utilities.

Minor areas of improvement were also explored, resulting in the addition of storm windows on the north side of Graduate Singles dormitory and on some windows in the American Heritage Center.

In 1978 Harding became the second school in Arkansas to install a computer system to monitor the energy use of its

buildings. (Henderson State University in Arkadelphia was first.) Harding purchased a Johnson JC80 Computer System with 64K memory in February and began laying cable to each building designated for monitoring.

The system became fully operational in May of 1978, and during the first year of use saved the University \$80,000. Savings for the second year were \$110,000 and the amount has continued to increase, with \$120,000 in 1980, \$130,000 in 1981 and \$135,000 in 1982, Spurlock said.

Spurlock feels the system is approaching its optimum level of efficiency, so the savings may soon level off. At the current rate, however, Harding saves enough in one year to completely pay for the system.

The computer's three main programs, or "functions," are optimum start time, demand limiting and load cycling. Optimum start time tells the heaters and air conditioners when to start working in order to achieve desirable temperature levels in the buildings. Demand limiting restricts energy consumption past a certain point, and load cycling works like a thermostat by shutting off the heating and air conditioning when a pre-defined temperature range has been reached.

The campus fire alarms and sprinkler system are also operated by the computer. A program start-stop function controls lighting, heating and cooling based on when the buildings are in use. A motor summary function indicates when the different lighting, heating and cooling cycles in different buildings are in use. Analog points in the buildings allow the system to measure temperature, air pressure and humidity at any given time. A holiday skip function automatically shuts off the system during school holidays, and the power-fail motor restart allows the power to return gradually to keep from overloading the system.

After the installation of the computer system was completed, Harding applied for several federal grants in 1979 and was awarded two, receiving funding in 1980. The University matched a \$92,375 grant and used the money for insulating the steam tunnels, boiler plants, hot water distribution system and several campus buildings. Work was begun in 1980 and completed in 1981.

The University also received a \$67,000

Herman Spurlock, Harding University chief engineer, reads a daily printout at the computer terminal in his office, which informs him of the status of current energy conservation levels on campus. Commands are fed into the computer system which controls temperature, lighting, sprinkler systems, and energy consumption in 28 buildings on the Harding campus. The unit has saved Harding several hundred thousand dollars since it was put into use in 1978. (Photo by Mike James)

grant to re-insulate the old gym. Six inches of insulation was added throughout the structure, with particular emphasis on the roof.

As a result, the gymnasium was much more comfortable for users because of better temperature control, and it consumed only half as much energy as before.

In 1981 and '82, Harding installed new electrical equipment and changed the voltage level from 4,160 volts to 13,800 volts in order to get a lower rate from Arkansas Power and Light Company and achieves less line voltage loss. Spurlock expects the new equipment to pay for itself within two years.

In addition, the University switched to Demand Billing, a new type of billing system from AP&L, designed to program the demand of energy that will be needed for a set period of time.

Future advancements in Harding's energy conservation efforts may include the installation of capacitors to the primary electric system, at a cost of about \$9,000. These capacitors would save the University an additional \$12,000 per year, Spurlock said, and increase the efficiency of the electrical system to 100 percent power factor.

But Spurlock is not ready to sit back and admire his accomplishments yet. "We're always alooking for new ways to conserve energy," he said. Recently Charles Maloney, District Manager of Middle States, Inc. of Wayne, Pa. visited the University to evaluate the school's energy efficiency level.

Results of the visit were encouraging to Tucker and Spurlock. "You're already doing everything that I can suggest," said Maloney, which means someone is doing a good job.

Summer Campaign Groups Help Strengthen Churches

Several hundred Harding campaigners will be spreading the good news of Jesus Christ around the world this summer, according to Dr. Don Shackelford, director of International Campaigns and professor of Bible at Harding.

Campaign groups will be in Belgium, Canada, Australia, France, England, Italy, Switzerland, Venezuela, Scotland and several Eastern European countries this summer. Other campaigners will be working in the Northeastern and Northwestern United States.

"We'll be planting seed and strengthening local churches," said Shackelford. "Efforts such as this are vital to helping morale, and provide a supervised learning experience for our students."

Nineteen students under the leadership of James Walters and Cliff Ganus III will work with the church in Brussels, Belgium for two

weeks and then travel to England where they will work with congregations in Skelmersdale, Morley, Loughborough and Corby for one month.

Thirteen students along with L.V. and Maxine Pfeifer was working with the East Kilbride, Buckie and Peterhead congregations in Scotland for six weeks. Sixteen students along with Carl and Frankie Mitchell are working with churches in Cosenza, Vittorio Veneto and Florence, Italy for six weeks.

Tom and Melody Eddins will be directing 16 students working with the Warringah and Eastside congregations in Sydney, Australia for six weeks. For the sixth consecutive year Bill and Ava Conley will be directing a team of 10 students (five from Harding and five from Oklahoma Christian College) in Caracas, Venezuela for six

weeks. Over, 140 baptisms have resulted.

Bobby and Sue Parks and Joe and Phyllis Jones will lead a team of 25 CCP (Christian Communications Program) students and wives to Edinburgh, Scotland May 17-June 2, where they will work with the Hyvotz Bank congregation of around 50 members. Edinburgh has a population of about 500,000.

Eighteen students under the direction of Ken Spoor, youth minister at College church of Christ in Searcy, worked May 15-20 with the church in Dermott, Ark. Ten students are involved in Eastern Europe campaigns this summer.

Winfred and Dorothy Wright will be leading a team of 21 students into Liege, Belgium; Mos, Belgium; Geneva, Switzerland; Lyons, France; Grenoble, France; and Montreal, Canada. Their group left May 16 and will be gone approximately

eight weeks.

Northeast Campaigns will be led by Owen Olbricht, and is sponsored by Sylvan Hills church of Christ in North Little Rock, Ark. Approximately 41 students (14 from Harding) will labor May 22-August 11 in Kentucky, New York, Virginia, Alabama, Pennsylvania, Maine, North Carolina, Indiana, Vermont and New Jersey.

Northwest Campaigns, sponsored by Downtown church of Christ in Searcy, has four group leaders and will be in Washington, Oregon and Montana May 15-August 1. Twenty-four students are involved, and are divided into teams of six.

Other Harding students will be spending the summer working with congregations as youth ministers, counselors, Bible teachers and evangelists, and some will be working in summer camps also.

60th Annual Bible Lectureship to Focus on the Family

The 60th Annual Harding University Bible Lectureship will focus on "The Christian Home" as this year's theme. Set for October 10-12, the Lectureship will feature Lynn McMillon of Oklahoma City, Okla., Joe Beam of Montgomery, Ala. and the team of Carl Brecheen and Paul Faulkner of Abilene, Texas.

"Our purpose this year is to focus on the family," said Dr. Neale Pryor, Lectureship director and professor of Bible. "We are bringing in some of the best experts in the field," Pryor said, "and our scope will include the practical as well as the doctrinal side of family interactions and relation-

ships."

The Lectureship will begin Monday night and conclude Wednesday night, with an opening address by Joe Beam on the subject, "The Home: Well Begun Is Half Done," Monday at 7:30 p.m., preceded by the Harding Academy Chorus at 7 p.m.

Tuesday's lectures will begin at 8 a.m. with "How to Prevent A Divorce" by Lynn McMillon, and continue with "What Is Love?" by Joe Beam, 9 a.m.; "Christian Parenting," Mike Ireland, "Power in the Home," Allan Isom, "Counseling Homes in Trouble," Bruce White, and "God Is Not Far From Any One of Us," Mary Oler, 9:45

a.m.;

"How to Stay Pure," Jimmy Allen, 10:45 a.m.; missionary reports, 11:30 a.m.; "What Shall I Take to My Wedding?" by Joy McMillon, "Realistic Expectations for Marriage," Lynn McMillon, and "Teaching Our Children in Our Homes," Donald and Mary Baker, 1 p.m.; "Building Strong Families in a Chaotic World," Carl Brecheen, 2 p.m.;

"Building Strong Families in a Chaotic World," Paul Faulkner, 3 p.m.; open forum, Paul Brecheen and Paul Faulkner, 4 p.m.; program by the Harding Chorale, 7 p.m., and "The Two Shall Be One," Charles Coil, 7:30 p.m.

Jack Paul of Tyler, Texas will begin Wednesday's program at 8 a.m. with "Three Magical Ingredients for the Home" and continue at 9 a.m. with "How to Tell If You Are in Love." At 9:45 a.m. guests may choose between "Christian Parenting," Mike Ireland, "Power in the Home," Allan Isom, "Counseling Homes in Trouble," Bruce White, and "I Have Time," Mary Oler.

A coffee for visiting women will be hosted

at 10:30 a.m. by Associated Women for Harding. Jerry Jones, Harding Bible chairman, will present "Be A Leader"; at 10:45 a.m., followed by missionary reports at 11:30 a.m.

At 1 a.m. guests may choose from "What Shall I Take to My Wedding?" by Joy McMillon, "Eight Skills Necessary to A Successful Marriage," Lynn McMillon, "Teaching Our Children in Our Homes," Donald and Mary Baker, and "Harding Graduate School Presents," Bill Flatt.

The lectures will continue with a theme forum at 2 p.m. on "Marriage and Divorce." Neale Pryor will speak on Matthew 19:1-9, Avon Malone will address I Corinthians 7, and Jim Massey will present "Dealing with Marital Problems in the Church."

At 4 p.m. Cecil May will lecture on "The Woman's Role of Subjection," followed by a dinner for preachers, elders and deacons at 5 p.m. The Harding A Cappella Chorus will perform at 7 p.m. and Charles Hodge will conclude the Lectureship at 7:30 p.m. with "While There Is Hope."

King to Highlight Fall Program

Richard King, Harding University Bible instructor, youth rally speaker and minister will present two messages as part of the second annual Harding University Fall High School Day program for young people Saturday, October 15. The fall program will include musical performances by two of Harding's singing groups, free admission to a football game and a spiritual message by King.

The activities will begin with registration in the Benson Auditorium lobby at 9 a.m. The "Belles and Beaux" performing group will entertain at 9:15 a.m., and King will speak at 10 a.m. with part one of a two-part lesson.

At 10:45 a.m. Harding's "The Time of Day" will present a 45-minute musical program.

After an hour break for lunch, King will speak at 12:30 p.m. with part two of his lesson for the day.

At 2 p.m. all those that registered for the High School Day program will be given free admission to the afternoon football game as the Harding Bisons host Southwestern of Memphis. After the contest, students interested in taking tours of the Harding campus will be given guided tours by current Harding students.

Richard King

All youth directors, counselors, teachers, ministers and other interested persons are encouraged to mark October 15 on their calendars in order to have their youth group spend a day at Harding University.

For more information, contact Scott Bellamy, Admissions Office, Box 762, Harding University, Searcy, Ark. 72143.

Degree Added to Assist Churches

To assist congregations which cannot afford a separate youth director, educational director and song director to serve the needs of the church, a new major in Religious Music has been developed by the Harding University department of music in an effort to alleviate the problem at least to a degree.

Dr. Kenneth Davis Jr., department chairman, said the major would serve as a means of support through supplying personnel who can fill the various positions.

The Religious Music major will require 65 hours that include several courses in Bible related to educational and youth work of the church. A minor is not required; however, Dr. Davis said the students would be strongly encouraged to complete a minor in

psychology and counseling.

"Actually, the field of choral directing will be part of the training, too," Davis noted, "so that means the majors will be able to organize church groups for singing at weddings or funerals. We feel this will be an additional value of the new major. Our whole thrust in this is to provide a service, and believe this is one of the most worthwhile things we can do."

Davis, who assumed chairmanship of the music department last fall upon the retirement of Dr. Erle Moore, also directs the Harding A Cappella Chorus.

A faculty of 11 serves the department, which last fall registered 60 music majors among the 2,972 enrolled for classes.

Phi Beta Lambda Chapter Scores High Marks in First Year

The Harding University chapter of Phi Beta Lambda, a national collegiate business organization, participated in the annual PBL State Leadership Conference held in Little Rock April 7-8, and walked away with an enviable list of awards and honors in their first year of existence.

Ellen Reid, president of the 64-member chapter and state public relations director for PBL, was nominated as Arkansas' candidate for national president. "Our success at the conference is a reflection of the caliber of students we have at Harding and the quality of our faculty," she said. "This was just an unbelievable accomplishment for our first year," she added.

Six other Harding students received awards, and Karen Koonce, secretary of the Harding chapter, was elected state PBL secretary. Seven hundred thirty-five students from 42 Arkansas chapters competed in the leadership conference. Representing Harding were Steve Birge, Dean Burton, Charles Dupre, Cindy Jarrett, Debbie Muhlenbeck, Tonya Newell, Bruce Picker, Kelli Rowland, Todd Sheldon, Jeff Stevenson, Mary Linda Thurmond, Brian Tucker and Lorri Young.

Events the Harding students competed in were Accounting I and II, Business Administration, Business Communications, Mr. and Ms. Future Business Executive, Business Law, Data Processing II, Economics, Executive Typewriting, Management, Marketing, Office

Procedures, and Statistics.

First place winners were Tonya Newell, Accounting II; Mary Linda Thurmond, Data Processing II, and Brian Tucker, Economics and Marketing. They, along with Koonce and Reid, will represent Arkansas at the National Leadership Convention in San Francisco, Calif. July 5-8.

Besides the four first place finishes, other Harding students placed in the competition. Todd Sheldon took second in Accounting II; Mary Linda Thurmond took second in Business Communications; Kelli Rowland earned third place in Marketing and Economics categories, and Charles Dupre finished third in Mr. Future Business Executive competition.

Phi Beta Lambda, the Greek name for Future Business Leaders of America, was founded in 1947 and has chapters in all 50 states plus Guam, Puerto Rico, the Virgin Islands and West Germany. PBL has 200,000 members worldwide, with 50 chapters located in Arkansas.

Membership in the Harding PBL chapter is open to any student enrolled in the School of Business program. Majors include accounting, computer systems analysis, business education, management, marketing and economics. The chapter was formed in October 1982.

"Our success at the competition was one small step for PBL and one giant step for Harding," commented Reid, a member of Harding's national championship SIFE

Harding Phi Beta Lambda award winners include, standing from left, Dr. Don Diffine, sponsor; Todd Sheldon, Brian Tucker and Charles Dupre; seated, l. to r., Mary Thurmond, Tonya Newell, Ellen Reid, Karen Koonce and Kelli Rowland. (Photo by Bruce Cook)

(Students In Free Enterprise) Economics Team, and former Vice President of the National Association of FBLA.

Steve Birge, Todd Sheldon and Brian Tucker served as Harding's voting delegates at the state conference.

Management Chapter Earns 2 Awards, National Ranking

The Society for Advancement of Management at Harding University has been selected to receive two top awards by the International Board of Directors and the national staff of SA-M.

The Harding chapter will receive the Honorable Performance Award for outstanding leadership, involvement, and activities in the field of management on the Harding campus. Also the chapter received a Century Club Award for having more than 100 members.

Perry Johnson, president of the 120-member chapter, said, "Our SA-M chapter currently ranks third in the nation among more than 200 SA-M chapters. We've had a

combination of excellent leadership from the executive committee, increased participation from the members and superb guidance from our chapter sponsor, Dr. Bob Reely. Our chapter is now two and a half years old and has been getting better each year."

Johnson said that the Society is open to all majors on the Harding campus and it provides an excellent opportunity for students to apply the management and leadership skills they've learned in the classroom. This year's activities have included a resume' workshop, two field trips to ITT Higbie and Speed Queen in Searcy and a graphoanalyst (handwriting expert).

Cable Programming to Begin

The use of Searcy Cable Channel 12 by Harding University for community and university programming has been announced by Jim Wilbanks, vice president of WEHCO Video, Inc. of Little Rock, Ark.

Work on programming for the station has begun and the station is scheduled to be on-line in the fall of 1983, according to Mike James, director of media productions, who will serve as director of Channel 12.

Wilbanks said that transmission equipment necessary for the broadcasting has been ordered and should be in soon, but the actual delivery date is not known.

"Harding has agreed to supply the local programming personnel and equipment, and we will provide the transmission facilities," Wilbanks said.

James envisions the station serving a "fourfold purpose": to train and encourage students in video and mass communications techniques, to link the University with the

Searcy community by providing them with a needed service, to disseminate educational information and entertainment to viewers, and to promote Harding and inform the community of activities on campus.

The first programs aired will likely be a nightly show of local news, weather and sports with some videotaped segments, James said. He said programming is tentatively planned for five hours a week at first, with one hour each weeknight.

Eventually, the opportunities for broadcast instruction at the TV Studio may increase the mass communications curriculum, James said.

He said workers will be needed for set design and construction, makeup, technical work and even floor assistants. "We're interested in everyone who wants to learn," he said, "whether they have or have not had previous experience."

Video Tape Libraries Established

Two video libraries have been established at Harding University this spring, according to the President Clifton L. Ganus Jr.

A University-wide National Leadership Video Library was begun in January, as was a video tape library in the Department of Music.

David Burks, dean of the School of Business and director of the American Studies Program, is coordination the National Leadership Video Library and Kenneth Davis Jr., music department chairman, is in charge of the video tape library of music, Ganus said.

"Men and women of distinction will be inducted into the Library at frequent intervals throughout the year," Burks said, in order to recognize their accomplishments and so that Harding faculty and students may use the tapes both in class and out of class.

"In time we feel that our video library will have considerable historical significance," Burks added.

People from many different fields and backgrounds will be inducted into the library, Burks said. Included will be American Studies speakers and other leaders of national prominence, including a number of successful Christian businessmen and women.

Those who have already been inducted into the National Leadership Video Library are Scott Little, Ardmore, Okla.; Lyle Yorks, management professor and consultant; James G. Watt, secretary of the Interior; motivational expert Zig Ziglar; Del Belden (LOMANCO), and General John S. D. Eisenhower.

Through a gift from a family interested in promoting the department of music at Harding University, a video tape library on music has been started for the enrichment of the department, Dr. Kenneth Davis Jr., department chairman, has announced.

The family of Charles R. and the late Grace M. Mountjoy of Anchorage, Alaska made the initial gift, which Davis says will enrich the department and provide more offerings for both the music majors and also for others taking classes in music. The library will be named in their honor.

"We have 16 one-hour tapes of music history, music appreciation and music literature now, and we plan to add to the library with equipment and tapes as both funds and occasions are available," Davis said.

Plans are for the library to include tapes of outstanding musicians who visit the campus. "This will be of extreme importance from a historical aspect," Dr. Davis said.

The Mountjoy's daughter, Donna, is married to Jimmy Smith of Clinton, Ark., a Harding alumnus.

The Mountjoys' five grandchildren have attended Harding. Steve Smith (BS'79) is a CPA in Tulsa; Randy (BS'82) is a CPA in Little Rock; Stan (BA'81) is an elementary school teacher in Fayetteville, Ark.

Currently Rod Smith and Becky Smith are enrolled and sing in the Chorale and A Cappella Chorus, respectively. Rod is a music and math major and Becky will enter the nursing program in the fall.

Their son, Keith Mountjoy, is a 1955 graduate.

Harding Society for the Advancement of Management [SAM] members include, top, left to right, Sonia Hawks, Bolivar, Mo.; Lee McCain, Southaven, Miss.; Tracy Gill, Dayton, Ohio; Romona Petrich, Virginia Beach, Va.; and Dr. Bob Reely, sponsor; bottom, from left, All Frazier, Beaver Dam, Wis.; Tammy Bishop, Cullman, Ala.; Terry Tritschler, St. Louis, Mo.; and Perry Johnson, Bentonville, Ark.

Petit Jean Dedicated to Cleveland

The 1983 *Petit Jean* was dedicated in chapel Monday, May 2. Edited by senior Jay Simpson of Pocahontas, Ark., the book's theme is "FLYING HIGH on wings of understanding."

Dr. Jo Cleveland, professor of English, is the dedicatee. She was chosen by the senior class, who cast their ballots for her early in the fall semester. In the announcement of the dedication, Cleveland was cited for her superior teaching abilities, her involvement in campus activities over the years, and the warmth and concern she has given to many students.

Also announced during the program was the recipient of the Regina Spirit Award. Zac Muncy received this year's award, which is presented annually to the senior who best exemplifies the spirit of Harding. This honor is decided by the senior class, who voted in January. Muncy, a public administration major from Searcy, was cited for his example of service.

The theme of the book was developed by Simpson, a journalism major. He stated that he tried to think of what distinguished the

1982-83 school year from any other and selected the opening of the Mabee Business Center. Upon realizing that one third of the student body are business majors, he focused on that for a theme.

"I had to find some way to graphically illustrate the concept of excelling; we can all see and relate to a bird flying, and I just drew the parallel," Simpson said.

This year's assistant editor was junior Suzanne Johnston of Paducah, Ky. Johnston, who will edit the 1984 *Petit Jean*, served as Life section editor. Other section editors were Sherri Chapman and Johnnie Miller, Social Clubs; Michael Corrigan, Students; Michele Ellis, Honors; Alan Greenhaw, Scholars; Michael Kelly, Academy; Nancy Thompson, Organizations, and David Wall, Sports.

The 1983 *Petit Jean* is the 59th yearbook for Harding and is seeking to attain an All-American rating from the Associated Collegiate Press. Should it accomplish this, it would be the 24th consecutive All-American rating for the *Petit Jean*.

New Orleans Toured by Students

Approximately 65 students in the American Studies Program at Harding University participated in a five-day tour of New Orleans, La. April 10-14. David Burks, American Studies director and dean of the School of Business, and Virgil Lawyer, associate professor of history, accompanied the junior and senior students.

Semi-annual field trips are made to historic sites, urban centers, modern businesses and governmental agencies throughout the United States as part of the Program.

The trip included visits to Vicksburg Military Park, Martin-Marietta Contractors on the site of the NASA base in Michoud, La., a guided tour of New Orleans, a tour of the mayor's office, Avondale Shipyards, Orleans Parish Prison, U.S. Drug Enforcement Administration, Port of New Orleans, Bank of New Orleans, Destrehan

Plantation, and off-shore oil drilling rig *Ocean Tempest*, owned by ODECO (Oil Drilling and Exploration Co.).

Burks said the highlights of the tour were the Bank of New Orleans and the *Ocean Tempest*. "The bank officials really came out in force to give us a royal welcome and show us their diversified operations," he said. "The chairman of the board and president were both there, and were excited that we were there."

"Then Jack McNutt, vice president of Murphy Oil Corporation, arranged to have special guides flown in to give us a professional, detailed explanation of what goes on aboard a deep-sea oil rig," Burks added.

"We were served a lunch of prime rib and shrimp as the main course, and in general given a first class treatment by the ODECO people," he said.

Women's Athletic Program Expanded to Four Sports

Women's volleyball and basketball will be added to the intercollegiate athletic program at Harding University, according to Athletic Director Harry Olree.

Competition in the two sports will be added to the existing women's cross country and fast pitch softball programs for the upcoming school year 1983-84.

The expansion of the women's intercollegiate program was approved by the University Board of Trustees at the semiannual meeting of the group May 12, President Clifton Ganus said.

Athletic competition for women at Harding was initiated with slow pitch softball in the spring of 1981 and cross country participating in the fall of the same year. This spring the change was made to fast pitch softball, which is the sport sanctioned by the National Association of Intercollegiate Athletics (NAIA).

"We're delighted to expand our women's program," Olree said. "It will be difficult to do but we've got to start and build. We're extremely optimistic and see this as a great opportunity for young women who are wanting to compete at the collegiate level."

Olree said the program was to be started on a non-scholarship basis. He indicated steps were underway to construct schedules for the upcoming year and that only a partial schedule might be played.

"It will take some time to arrange our schedules and to attract athletes," he said.

"But we think the transition to a full program should be a smooth one."

The University is an institutional member of the Arkansas Intercollegiate Conference (AIC) and the NAIA. Beginning this fall, the AIC has approved a seven sport women's

program. AIC member schools are now being polled as to their planned participation for the 1983-84 academic year.

AIC Commissioner Harry Hall expressed pleasure that Harding would be fielding volleyball and basketball teams (in addition

to cross country and softball) and pledged complete support of the conference during the transition period.

Dr. Joseph Pryor, the University's faculty representative for athletics, expressed support for the trustees' action.

Elliott, Watkins Selected 'Coaches of the Year'

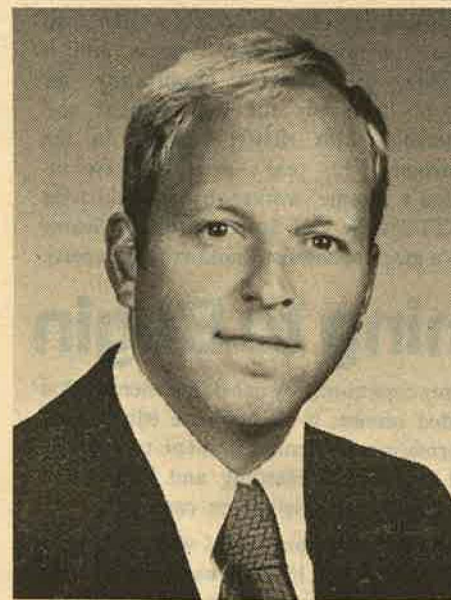

Two Harding coaches, David Elliott in tennis and Phil Watkins in golf have been selected "Coach of the Year" in the Arkansas Intercollegiate Conference and NAIA District 17.

Selection for the award was made on the basis of balloting by the AIC and area coaches.

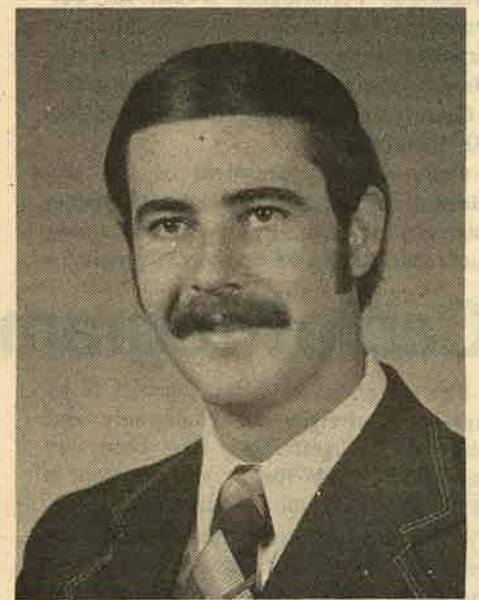

For Elliott, it was the fourth consecutive award. The 36-year-old native of Fort Wayne, Ind. directed the Bison netters to the District 17 Championship and a berth in the NAIA national tournament in Kansas City, Mo. In the regular season play, Harding posted a 19-7 record.

Elliott is a 1969 Harding graduate and winner of the AIC Scholar-Athlete Award. He joined the University faculty in 1974.

Watkins, 34, directed the Bison golfers to a fourth straight AIC championship, the district title and qualified for the national tournament in Fort Worth, Texas. For Watkins, it is his third "Coach of the Year" award. He previously was honored in 1980 and 1981.

David Elliott

Phil Watkins

A native of Colorado Springs, Colo., Watkins is in his ninth year as coach of the Bisons. In 1981, he directed Harding to a

16th place finish in the NAIA national tournament. A 1971 graduate of Harding, he joined the University faculty in 1974.

Golf Team — Standing, from left, are Hubie Smith, John Talkington, manager, Tracy Yates, John Hendricks and coach Phil Watkins; kneeling, l. to r., are Didier Villard, Mike Saeger, John Tate and Bob Pittenger.

Tennis Team — kneeling, l. to r., are Charles Dismuke, Dale Thompson, John Goodspeed, Peter Nanton, Mike Clayton and Jon Wood; standing, are Nigel Liverpool, David Redding, Rees Lloyd, Rex Fowler, Nat Malone, Keith Mays, Donnie Wallis and coach David Elliott.

Prock Roasted by Former Players

by Al Pickett

Searcy Citizen Sports Editor

"When you talk about Harding football, you're talking about John Prock."

A group of more than 200 former Harding University football players and their families gathered Saturday night (April 2) at Camp Wyldewood Retreat Center near Searcy to roast long-time Bison coach John Prock. It was the first-ever reunion of former Harding players.

The reunion and formation of a former Harding football players' association is something that Prock has dreamed of for many years. The roast of Prock, however, was a surprise to the Hollis, Oklahoma native.

Prock told his former players, "Each one of you meant so much to me and to Harding. It's great to get together and relive something that was such an important thing in your life — football. It's like seeing your family come back."

Former Bison football players representing Harding teams from 1960 to 1982 gathered to pay tribute to Prock. As Roy McGee of Memphis, the reunion's organizer, said, "When you talk about Harding football, you're talking about John Prock."

The term used most often about Prock was "the tie that binds us all together." Harding began its football program in 1959 under Coach Carl Allison. The next year Allison brought in Prock to be his assistant. Prock became the Bisons' head coach in 1964, a position he's held for the last 19 years. And now the Bisons are in the middle of spring practice, preparing for his 20th season as the head Bison.

As with any roast, the stories were many and funny. From current graduate assistant coach Lafe Caton's imitation of Prock to Searcy High School Coach Jerry Mote and Searcy physician Dr. Jim City's stories of Prock in his first year at Harding, former Bisons kept those

present in stitches with their humorous anecdotes.

They came from as far away as Washington and California to not only tell stories about their former coach, but also pay tribute to Prock. Former Bison Jerry Escue told the gathering, "I don't know how many sermons he's preached — maybe none — but I don't know a man who has touched the spiritual life of more people at Harding than Coach Prock."

One thing about the whole evening was surprising. There was never a mention of the Cowboy Bowl or the Shrine Bowl that Harding played in or the two Arkansas Intercollegiate Conference championships the Bisons won, even though there were many players there from the '72 and '76 teams. All of the stories, instead, centered around humorous incidents that took place and the comradery enjoyed by Prock and the football players.

Perhaps the evening was best summed up when McGee read several letters from former players who were not able to make it back for the reunion. One read, "It's a shame that when your won-loss record is posted each year that many people rate you by that alone. If they ever take time to know the man they will realize you have never lost in the job that's really important to you — building men. Nobody does it better."

One of the real pleasures of being a sportswriter is that I am often invited to share in other people's triumphs. Although simply an observer and not an active participant, I still get to share in the joy of the moment. Saturday night was one of those special times. It was a time to realize that the true value of sports is not on game day but in the hours of fellowship on and off the practice field as coaches build not only football teams but also men.

Baldwin, Lloyd, Redding Receive National Recognition

Three individuals associated with the Harding University athletic program have been recognized this spring by national organizations for their outstanding accomplishments. Bruce Baldwin, a 1982 NAIA First Team All-American as a defensive back, was drafted in the fifth round by the Denver Broncos of the National Football League in April, and has signed a contract to play with the team.

Veteran Bison cross country and track coach Ted Lloyd has been inducted into the NAIA Hall of Fame, and senior David Redding, an All-AIC, All-District performer on the Harding tennis team for the past four years, has been named winner of the Second Annual Arthur Ashe Award, sponsored by the NAIA and the Intercollegiate Tennis Coaches Association.

The 6-2, 205 lb. Baldwin had been the subject of contact by 22 of the professional teams before the actual draft.

"I'm excited for him," Bison coach John Prock said. "It is the highest one of our players has ever been drafted."

A three-year starter for the Bisons, Baldwin set school and conference in-

Bruce Baldwin

terception records, finishing with 23 career thefts. He had 11 during the 1982 season.

"It's not often that our conference has an athlete with the physical and athletic ability to play professionally, but we believe that Bruce does. The other coaches in the conference agree on that," Prock said.

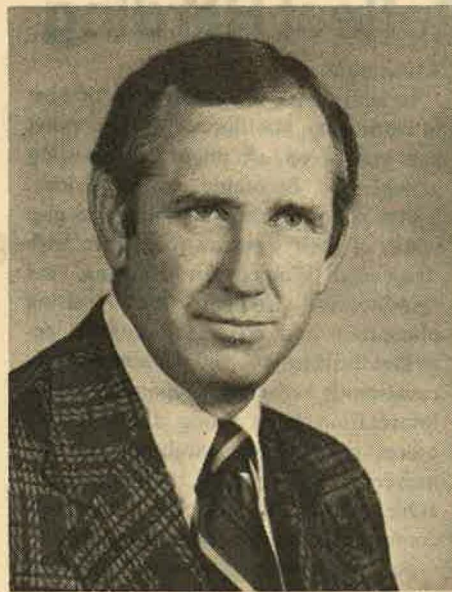

"Bruce worked real hard for us," Prock explained. "He was a good practice man, was never injured and did everything we ever asked of him. He has the qualities it will take to make it in professional football."

Track Coach Ted Lloyd of Harding University has been elected to the National Association of Intercollegiate Athletics Hall of Fame and was formally inducted May 25 at the NAIA Track and Field Championships in Charleston, West Virginia.

A highly successful coach, Lloyd has directed Bison teams to 13 cross country championships and four track titles in the Arkansas Intercollegiate Conference since 1965. In that time his athletes have earned 19 NAIA All-America Awards in cross country and track and field.

"This is the highest honor bestowed on any athlete or coach by the NAIA," said Harding Athletic Director Harry Olree. "Ted is very deserving based on his coaching expertise, dedication to track and field in the NAIA and dedication to serving young men and women through athletics and his great Christian character."

A native of Spring Hill, Kan., the 48-year-old Lloyd served as president of the NAIA Track and Field Coaches Association (1978-80) and is a member of the World University Games Subcommittee of the Track and Field Coaches International Competition

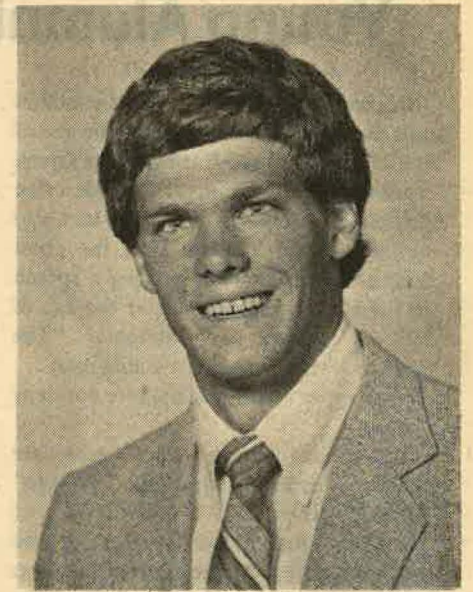

Ted Lloyd

Committee. In 1973 and 1974 he served as meet director of the NAIA Track and Field Championship Meets.

In a coaching career that began in 1957, Lloyd has coached at every level, from junior high to international competition. At the international level, he served as coach of the Panama National Team in the Caribbean Games (1969-70), an AAU team to Brazil (1974) and an NAIA All-Star team to Mexico (1979).

An associate professor of health, physical education and recreation, Lloyd joined the University faculty in 1964 after serving as football and track coach at Harding Academy from 1957-64. He is a 1957 graduate of Harding and earned his M.S. degree in 1964 from the University of Mississippi.

Redding's award was announced at a banquet May 31 in Kansas City, Mo. during the NAIA National Tennis Championships. The Bisons were present by virtue of their District 17 title. Presentation of the award

David Redding

will take place in August at Forrest Hills, N.Y. during the U.S. Open Tennis Championships.

Last year Redding was runner-up for the national award behind Craig Hamilton of Tacoma, Wash. Nominees are considered on the basis of tennis accomplishments, scholastic achievements, humanitarian concern and sportsmanship-character.

"David is very deserving of this honor," said his coach, David Elliott. "He combines talent with a positive attitude, hard work and leadership. He's the kind of person you like to see win."

Redding, a Nevada, Mo. native, is the first Harding tennis player to win 100 matches in his collegiate career. The lanky senior finished with a 100-35 record. During that time he compiled an impressive string of credentials, including All-District in 1980, '81, '82 and '83, and All-AIC in '81, '82 and '83.

He was a Second Team Academic All-America in 1982.

District, AIC Titles Won by Golf Team

Closing out the regular season with two fine rounds of golf, the Bisons claimed a fourth straight Arkansas Intercollegiate Conference championship as well as the NAIA District 17 playoff title at the Hot Springs Cortez Country Club April 29-30.

Coach Phil Watkins' team posted a 320 team score on Friday and improved that to 315 for Saturday's final round of AIC play. The two rounds also counted as the District 17 playoff as Harding posted a team score of 635 over Arkansas Tech's 647.

Senior Hubie Smith led the Bison golfers on Friday (round four) with a 76 to tie with three other players for medalist honors. He came back with a 77 in round five to finish with 153 and the runnerup spot in the District 17 playoff.

"Friday was the critical day in the tournament for us," Watkins said. "We were leading the race, but we had to have a good day to wrap it up. I know our men were thinking back to last year when we had a terrible score on that first day of district. But they responded in a great way and we improved our conference lead to five and one-half points."

Hubie Smith of Memphis and Didier Villard, a freshman from Ivory Coast, Africa, were named All-AIC and NAIA District 17.

Bison Netters Capture District

It was a jubilant Bison tennis team that made the trip back to Searcy April 30 after winning the NAIA District 17 tournament by edging rivals Southern Arkansas University 32-30 in Conway.

The championship didn't come easy, though. After the opening matches on Friday, SAU led 18-17 over the Bisons in team totals. Coming into the final match of the tournament, number three doubles, Harding led SAU 31-30.

But tragedy was avoided when two freshmen — Dale Thompson from Memphis and Jon Wood of North Little Rock — teamed to win a 3-6, 7-6, 6-4 thriller over SAU's Kurt Lehigh and Mario Guevara to seal the District title for Harding.

"We had just a super effort from all of our kids," said coach David Elliott. "In fact, it was the best we've played all year. We were mentally ready for the tournament,

and I think we played up to our potential. Our kids worked hard all year and they deserved to win it."

The win was especially sweet since it avenged two regular season losses to SAU, which cost Harding the AIC title this year.

There were numerous turning points during the two-day tournament, as every match was critical. David Redding, Nigel Liverpool, Peter Nanton, Jon Wood, Donnie Wallis and Dale Thompson won their first round singles in brackets one through six respectively to get Harding off to a fast start.

Liverpool, Wallis and Thompson won their singles brackets.

In doubles play, Liverpool and Redding were unbeatable, winning three straight matches and downing Neal White and Colin Davis of Arkansas Tech in the final, 6-2, 7-6 (7-3). They repeat as the district title team in number one doubles.

Smith Named Berryhill Winner

Basketball and golf standout Hubie Smith has been named the winner of the 1983 M. E. Berryhill Award as the outstanding senior athlete at Harding University.

The Memphis, Tenn. athlete was honored at spring commencement May 15 and presented a gold watch by Vice President for Academic Affairs Joseph E. Pryor.

Smith achieved NAIA All-America honorable mention recognition in basketball and NAIA District 17 honors four times in golf. He was an All-Arkansas Intercollegiate Conference selection in both sports. A physical education major, he recorded a 3.4 grade point average for his collegiate career.

Athletes in all sports were recognized as Bison coaches awarded trophies to outstanding members of the Harding athletic teams for the 1982-83 year:

Baseball: Most Valuable Player and Batting Champion - Rick Katchur of Des Arc, Ark.; Golden Glove Award - Dan Johnston, of Albuquerque, New Mexico;

Basketball: Most Valuable - Hubie Smith of Memphis, Tenn.; Assists - Floyd Smith of Marvel, Ark.; Defense - Lloyd Smith of Marvel, Ark.; Field Goal Percentage and Rebounds - Allen Gibbons of North Little Rock, Ark.; Free Throw Percentage - Hubie Smith of Memphis;

Cross Country: Most Valuable - Larry

Wayne of Fairhope, Ala.; Most Improved - Tomy Sitton of Atlanta, Ga.;

Cross Country [Women's]: Most Valuable - Marla Upton of Greenwood, Ind.

Football: Outstanding Awards — Offensive Bank - Kyle Blickenstaff of Boise, Idaho; Offensive Lineman - Durwood Dry of Merritt Island, Fla.; Offensive Receiver - Mark Adkison of Tulsa, Okla.; Defensive Lineman - Ron Kohlbrand of Merritt Island, Fla.; Linebacker - Randy Buttram of Windermere, Fla.; Defensive Back - Bruce Baldwin of Jacksonville, Ill; Specialty Team - Byron Walls of Columbus, Ohio; Hustle Award - Gary Hill of Memphis, Tenn.; Most Improved - Mike Chase of Union Grove, Wis.;

Golf: Outstanding Player and Inspiration Award - Hubie Smith of Memphis;

Women's Softball: Most Valuable Player - Linda "Chappie" Phillips of Royal Oak, Mich.; Batting Champion - Lois Goodin of Roselle, Ill.

Swimming: Most Valuable Swimmer - Gano Butcher of Newberg, Ore.; Most Valuable Diver - Terry Jones of Rogers, Ark.; Most Improved - Mark Christaldi of Broomall, Pa.; Stroker Award - Gano Butcher.

Tennis: All-AIC and NAIA District 17 - Nigel Liverpool of Kingstown, St. Vincent, W. I. and David Redding of Nevada, Mo.

Track and Field: Most Valuable (Track) - Tony McCoy of Texarkana, Texas; Most Valuable (Field) - Rod Teague of Grandview, Mo.; Bruce Gaither Inspiration Award - Joe O'Connor of Shelter Island, N.Y.

Young Alumni Reflect Harding

by David Smith, M.D.

Although my claim to the distinction will soon expire, I am happy to be one of the young alumni of Harding. The Greek word used for youth, *ncotes*, can describe anyone of military age — that is, up to age 40. When William Pitt, the great Earl of Cheatham, was making a speech in the House of Commons at the age of 33, he shared my thoughts: "The atrocious crime of being a young man . . . I will neither attempt to palliate nor deny . . ."

Like most young people who are making their frustrating "passage" through their 20's and 30's, we frequently find ourselves tolerated but quietly ignored. At the time in our lives when we had time for maximum participation in institutional activities, we found ourselves overlooked. By the time our talents were recognized, new and more extensive family, church and work responsibilities increased to sap our time and energies.

A short time ago this phenomenon was recognized by the Alumni Association. Concrete efforts were initiated to "mainstream" young alumni and abolish any real or perceived generation gaps of the past. Young alumni have now become quite visible in every phase of Harding activities, including administration, faculty advisory board members and the Executive Council representation of the Alumni

Association.

In addition to this integration of ages in leadership, the impact of diversified age groups on all phases of Harding activities is becoming more obvious. Scores of young alumni continue to give hours of their time as volunteers with Associated Women for Harding, the Development Council, fund raising phonothon and other promotional activities for Harding. The *Alumni Bulletin* consistently reports a preponderance of information from young alumni. This group reflects the excellence of the university as they report their impressive achievements in business, academic, community and church activities.

As a frequent visitor for activities such as Homecoming, Spring Sing, Youth Forum and other activities, the presence and enthusiasm of large numbers of young alumni really sets the tone of these events.

Finally, the impact of financial support by young alumni is impressive. In spite of the struggles that this group commonly encounters in their young family years, they have consistently contributed heavily to Harding. In 1982, 58 percent of the total alumni donors and 39 percent of the total dollars were from young alumni, graduates since 1965.

There is a famous French phrase which says with a sigh: "If youth but had the knowledge, if age but had the

Dr. David Smith, Alumni Association president

power." Utilizing the power of our young alumni more effectively is a major challenge of the current Alumni Executive Committee. The distinction of young alumni as strong financial contributors must continue and be encouraged. We must explore ways of greater utilization of the special talents and enthusiasm of this group. We must expand their utilization in recruiting, career counseling in the early years, development, public relations and other areas.

We are committed to promoting the welfare of Harding both today and in the future. We are convinced that involving young alumni in Harding today will pave the way for loyalty and support in the future.

Several new programs utilizing young alumni are being reviewed by the Alumni Association. If you have suggestions for greater involvement of this group, please write me. We hope to be implementing these new ideas in the near future.

Plan Now for Homecoming '83

"Fiddles and Fun" has been selected as theme for the 1983 Homecoming program at Harding University, according to David Crouch, director of alumni relations, with activities to be held October 28-29.

The festive weekend will feature a production of the popular musical "Fiddler on the Roof" by the Departments of Speech and Music, a road race, alumni banquet, numerous class and social club reunions, variety show, and football game with conference rival University of Arkansas at Monticello.

Registration will begin at 1 p.m. on Friday in the lobby of the American Heritage Center. Neale Pryor, professor of Bible and popular speaker, will serve as master of ceremonies for the Black and Gold Alumni Banquet. Subtitled "Fiddles and Feast," the dinner will begin at 6:30 p.m. and conclude at 7:45 p.m. Cost is \$6 per person.

At 8:15 p.m. "Fiddler on the Roof," the heart-warming story of a tradition-oriented Jewish family's emergence into the 20th Century, will be performed in the 3,428 seat Benson Auditorium. Cost is \$4.50 per reserved seat.

Saturday morning a complimentary continental breakfast will be served for alumni in the Hammon Student Center from 7:30 to 9 a.m. The Bison Stampede, subtitled "Fit As A Fiddle," will begin at 8 a.m. Included will be a 10 kilometer run, two-mile run, and 20 kilometer bicycle race. A registration fee of \$5 will be charged, with all participants receiving a Bison Stampede T-shirt.

From 9-10:30 a.m. a special alumni chapel will be held in the Heritage Auditorium, and social club reunions will be scheduled from 10-11:15 a.m. The Belles and Beaux will perform from 11:15 a.m. to noon in the Benson Auditorium, and after lunch, the Bisons will take on UA-Monticello Boll Weevils in varsity gridiron competition at 2 p.m.

A reception for Morrilton alumni is scheduled for 4 p.m. in the Olen Hendrix Building, and the Blackouts Variety Show will have an opening performance at 6:30 p.m. "Fiddler on the roof" will be performed at 8:15 p.m. and a second showing of Blackouts will begin at 8:30 p.m. in the Administration Auditorium.

SA Reps Elected

Eddie Madden, a sophomore with the Harding University in Florence program this semester, got 115 votes to defeat Roger Beck who had 96 votes in Student Association class representatives elections for men's junior representative. Madden filed his intent to run from Italy and had mimeographed notes sent to all present sophomores through campus mail.

The men's senior representative was decided in a run-off election April 15. Kent Means with 114 votes defeated David Long who had 68 votes. In regular elections, Means had 83 votes, Long had 103 and Jody Yee, 58 votes.

Another run-off was held to determine the sophomore men's representative, Mansel Smelser. He had 88 votes, Ron Cox had 75 votes and Greg Lawrence had 65 votes. Smelser defeated Cox in the run-off with 119 votes to Cox' 108 votes.

The sophomore women's representative election was won by write-in candidate Angela McDonough. McDonough accumulated 132 votes while candidate Twila Lane collected 65 votes and write-in D. Tomlinson had 20 votes.

The senior women's representative will be Kelli Rowland who had 128 votes to Kelly VanPatter's 119 votes.

The junior women's representative will be Mary Beth Hill who ran uncontested.

Freshman men and women's representative elections will be held in the fall for incoming freshmen.

ALUMNOTES

CLASS OF 1952

Lin Wright (BA) is associate director of Mississippi State's University Relations. Along with working full time in University Relations, Wright teaches a night class for Continuing Education which deals with how to write to have your stories published. He also has written a book, *Mississippi State University: The First One Hundred Years*, which has won two national awards.

As associate director of University Relations, Wright edits and writes various publications for the university. He writes things as simple as a little folder, to MSU's "Viewbook" to the "Alumnus," published four times a year.

His book is a history of MSU, and was published in the centennial year. It received the Lantern Award from the Southern Public Relations Federation and the National School Public Relations Association Award of Excellence.

Wright's address is P.O. Box 1532, MSU, Miss. 39762.

Dr. G. J. Wheeler (BA) is retiring from the public school system this year. He has been in public school education in Brevard County, Fla. for 21 years. He began his teaching career in 1955 at Central Junior High School in Judsonia.

He went to Brevard County in 1962 as an English teacher at Melbourne High School. After five days he was promoted to assistant principal.

In 1965-66 Wheeler became director of administration at what was then Stone School, a school that was still all black and had grades one through 12. Integration of Brevard County schools began that year.

In 1967 and 1968 Wheeler attended the University of Miami where he earned his doctorate degree. He became South Area superintendent of schools in 1969. "It was an exciting time," recalls Wheeler. "I wrote the desegregation plan for the south county schools. We created a middle school (Stone) and integration was implemented into the high schools."

Wheeler is not only principal of Johnson Junior High in Melbourne, Fla., but also teaches a seventh grade English class.

Wheeler and his wife, Wanda, have two daughters. Sandy Jones is an English teacher at Palm Bay (Fla.) High School and Gloria Summerford is an employee at Harris Semiconductor.

Dr. Wheeler and his wife reside at 2014 Wallace Ave., Eau Gallie, Fla. 32935.

Gene Billingsley (BA) is district superintendent of schools in Lemoore, Calif. Gene is a charter member of the Institute of Industrial Relations at UCLA, a member of the Lemoore Kiwanis Club, Chairman of the Board of Hanford Christian School and Chairman of the Board of Western Christian School. He is also educational director of the Hanford church of Christ.

He and his wife, Loretta, have three children Eldon Gene Jr., Diana Elaine and Cynthia Marie — all of whom are current students at Harding.

The Billingsleys reside at 16828 Hanford-Armona Rd., Lemoore, 93245.

CLASS OF 1953

Mrs. Olin Warmack, the former Dorothy Giddens (BS) teaches first grade in Lineville, Ala. Her husband, Olin, is minister for the church of Christ in Ashland, Ala. Their address is P.O. Box 606, Ashland, 36251.

CLASS OF 1955

Bob (BS) and Betty Elkins ('57) Brown are living in San Angelo, Texas where Bob was transferred with GTE in September, 1982. They had spent four years in Tampa, Fla. and were very happy to return to West Texas.

Their older son, Scott, is completing the master's degree in psychology at ACU. He is employed with Abilene (Texas) state schools. Their other son, Rick, is a graduate of ACU and is youth minister for the Johnson Street church of Christ in San Angelo.

The Browns reside at 3806 Tridens Trail, San Angelo, 76904.

CLASS OF 1956

Our Garden of Song, a biography of song writers of the Church of Christ, was compiled and edited by Gene C. Finley (BA'56). The volume, published in 1980, also contains articles and other selections from worship in song.

Finley's long-time interest in music and a knowledge that the world's great Christian musical heritage did not include a segment from churches of Christ prompted him to spend two and a half years in compiling data and gathering information for the book, which was published by Howard Publishing Company of West Monroe, La.

Listed alphabetically are more than 200 men and women whose songs have been published, although not all have been printing in hymnals. The editor also included several articles about music by songwriters who were instrumental in the growth and teaching of music in the church. Included is data on the editor, who himself has written eight songs, with "Lord, Dismiss Us In Their Care" being perhaps the best known.

The oldest writer included is Knowles Shaw, who was born in 1834. Shaw's contributions include "Bringing In The Sheaves," "I Am The Vine," and "Tarry With Me," in the more than 100 songs he wrote. Shaw died in 1879.

"Because of the love of Jesus toward us and our love for Him we sing our praises, our hopes, our joys, our tears, our thanksgiving and our adoration," Finley said, "and this book is written in the hopes that you can find some enjoyment, some answer to some problem or some message to help you on your way through life."

Finley is a counselor at Star City High School and formerly taught English there for 15 years. He completed a master's degree in 1969 at the University of Arkansas.

Finley is married to the former Wilma Smart. Their two children, Don and Dianne, attended Harding.

"This is the hardest work I've ever done in my life but the most enjoyable," said Finley, whose first songs were published in 1950.

His address is P.O. Box 11, Star City, Ark. 71667.

CLASS OF 1958

Mrs. Jearl Crabtree, the former Ann Cannon Sullins, is employed at Amana Refrigeration, Inc. in Fayetteville, Tenn. as an industrial engineer. She has been in this field for six years. The Crabtrees reside at Route 8, Box 492B, Fayetteville, 37334.

CLASS OF 1960

Mavis S. Baldwin is a chaplain in the Air Force and was promoted to major in March. He holds the Master of Divinity degree from Abilene Christian University. His wife, the former Rosalind King ('62), is graphic arts illustrator with Media, a Texas advertising firm.

The couple resides with their two children, Mark Robin and Mavis Beth, at 257 Oxford, Abilene, Texas 79605.

CLASS OF 1961

Waldemar (BA) and Beatrice Bryant ('63) Eichmann are proud of their daughter, Monika, who is a student at Central High School in Little Rock. Monika has recently been awarded a four-week, all-expense-paid study-trip to the Federal Republic of Germany.

Monika was one of over 16,000 students who competed for the study-trip by participating in a nationwide German testing program administered by the American Association of Teachers of German. Sixty-nine students were eventually selected to receive the prestigious prize. The study-trip awards have been made possible annually for over a decade by a grant from the Federal Republic of Germany through its Embassy in Washington, D.C.

The participants will live with families in the Nuremberg area, attend classes at a German secondary school, and take part in excursions of cultural and historic interest. A highlight of the program will be a four-day trip to West Berlin with tours of both East and West Berlin scheduled.

The Eichmanns live at 1323 Jennifer Dr., Little Rock, Ark. 72203.

Clifford E. Sharp (BA) is employed with Harding University as associate professor of physical science. He is also field coach and assistant track coach. His coaching honors include AIC champions in 1981 and '82, National Decathlon Referee and TAC officials chairman for Arkansas. Cliff is also a member of the Civitan Club.

He is married to the former Jane Ball ('64), who owns an antique shop, Country Cottage. The Sharps have three daughters, Cindy Nickerson, Candace, and Christy; also a grandson, Drew. The family resides at 1502 Deener Dr., Searcy, Ark. 72143.

CLASS OF 1962

Lydia Goins Brown (BA) is employed with Cook Memorial Library as circulation secretary. Her husband, Orville (BS), is with Rust-Oleum Paint Corp. as manager, coating products laboratory.

The Browns have two children, Lisa and Phillip, and reside at 1206 Abbey Ct., Libertyville, Ill. 60048.

Dowell Flatt, chairman of the Bible Department at Freed-Hardeman College, received the 1983 Alumnus of the Year Award from the Harding Graduate School of Religion during recent ceremonies in Memphis. A plaque appropriately inscribed was presented to him by Dr. Clifton Ganus, president of Harding University.

Dowell was reared in Jackson County, Tenn. by his parents, Mr. and Mrs. Benton M. Flatt. He is a graduate of Freed-Hardeman College, Harding University, Harding Graduate School of Religion, and has a doctorate in New Testament and counseling from New Orleans Baptist Theological Seminary.

His ministry experience includes a number of years in local work in Tennessee, Michigan and Louisiana. He has been teaching Greek and New Testament at Freed-Hardeman College for the last eight years. In addition to this work, he presently holds about 20 meetings per year including some campaigns with his brothers Leamon, Bill, and Don.

Dr. Flatt is married to the former Della

Maltby. They have two daughters, Carol Ann and Donna Lynn.

CLASS OF 1963

Carol Richardson Whitaker is personnel specialist with the Huntsville City Schools while husband, Joe, is educational director of West Huntsville church of Christ. They reside with their three children — Nathan, Joel and Amanda — at 3912 Battlefield Dr., Huntsville, Ala. 35810.

Shirley McNew Willhite (BA) is associate professor at the University of Tennessee at Martin while her husband, Joe, farms. The couple has two children, Shannon and Joel, and lives at Route 1, Box 356, Martin, Tenn. 38237.

Jack L. Orr (BA) is assistant professor at Cameron University in Lawton, Okla. He sings with the Lawton Barbershop Chorus, serves as its treasurer, and in 1982 won the Barbershopper of the Year Award in the Lawton chapter.

He and his wife, the former Barbara Durling (BA'62), have three children: Douglas, Gary and Sherry. The family resides at 22 S.W. 45th, Lawton, 73505.

Dr. Sidney W. Tate (BS) is a family practitioner with the Searcy Medical Center. He and his wife, the former Naita Jean Berryhill (BS'64) have four children: Allen, Steve, John and Carol Ann. The family lives at 9 Magnolia Dr., Searcy, Ark. 72143.

Curtis N. Anderson (BA) is teacher and elementary principal with White County Central Schools in Judsonia. He is married to the former Carolyn House (BBA'80) who is a secretary in the School of Education, Harding University. Carolyn is a member of Harding Business Women and serves as their secretary.

The couple has two sons, Brian and Todd, and the family resides at 19 Cloverdale, Searcy, Ark. 72143.

CLASS OF 1964

Betty Tipton Hood (BA) is employed with Witco Chemical Corp. of Houston, Texas as Telecommunication Department Supervisor. Her husband, Stanley, is programmer technician with Cherron Geosciences. The couple has two children, Meoldy and Steven, and resides at 902 Kenforest, Missouri City, Texas 77489.

Dan McCaghren is family minister for the Southern Hills church of Christ in Tulsa, Okla. He received the M.A. and the Ph.D. from Oklahoma State University. He and his wife, the former Betty Barnett ('65), have two children, Rhonda and Ryan, and live at 6716 S. 73 E. Ave., Tulsa, 74133.

John E. Stinnett (BA) owns Stinnett Construction Company in Jackson, Mo. He and his wife, Faye, have four children: Cynthia, John, Mark, Joy Kaye and Amy. The family resides at 2025 Ridge Rd., Jackson, Mo. 63755.

Mrs. Edgar Speer, the former Karen Darnell (BA), is administrative assistant with the Covenant Baptist Church in Houston, Texas. She worships with the Bering Drive church of Christ. She and her husband, Edgar (BA'62), have two children, Helena and Sinda, and live at 4118 Marlowe, Houston, 77005.

Judy Epperson Pate (BA) received the M.Ed. degree from Mississippi State University and the Ed.S. degree from Mississippi University for Women, and is assistant professor at Mississippi University for Women. Her husband, Joseph (BS'63), is a chemist with General Tire and Rubber Co. The couple has two children, Brent and Angela, and reside at 912 Tuckaho Dr., Columbus, Miss. 39701.

(continued on page 12)

(continued from page 11)

Reba Wood Paterson has her own business, which is designing needle work patterns and selling crafts. She and her husband, David, have two children, Jason and Andrea, and live at 2510 Elizabeth Dr., Helena, Ala. 35080.

Dr. Milton R. Sewell (BA) is serving as vice president for institutional advancement at Freed-Hardeman College, Henderson, Tenn. Dr. Sewell has served as president of the Lions Club, the Cobb County Youth Museum, Inc., the Cobb County Association of Educators, and was named Outstanding Principal of the Year. He is a member of Phi Delta Kappa, and Kappa Delta Pi.

Alumni Sing, Make A Joyful Noise

by Bruce Cook

It all began innocently enough in 1978, when several Harding University graduates living in Little Rock and worshipping with the Geyer Springs church of Christ decided to form an acappella singing group to perform at weddings and funerals for members of the church in the Little Rock area.

The group performed on that basis for a year, but decided to choose a name for themselves when they were invited to sing at an area-wide youth rally in Little Rock in 1979. Since then a lot has happened.

"We thought about Psalms 100 and decided on 'The Joyful Noise,'" said Winston Chandler (BA'66), business manager and promoter for the group. Also the songleader at the Geyer Springs church, Chandler said the group tries to limit itself to two performances per month.

"We sing contemporary gospel music," Chandler said. "There's some exciting, powerful music being written outside the church today that gets down to where people live. We try to bring good instrumental music to the church through an acappella arrangement," he explained.

Chandler named "Praise The Lord" and "Old Man's Rubble" by Brown Bannister, and "Rise Again," "Tell 'em Again," "Thank You Jesus" and "Hey, I'm A Believer" by Dallas Holm as examples of contemporary songs. All of these have been recorded by The Joyful Noise.

The eight-member group has sung at workshops, gospel meetings, worship services, lectureships and other church functions for about five years. "Expansion is a possibility, but we feel that eight is an optimum size," said Chandler. "There's already enough trouble in keeping all of our calendars synchronized.

"We also practice on a regular basis, and that takes planning and coordination, too," he said. Brad Dell (BS'77)

The Joyful Noise — Standing, l. to r., Susie Qualls, Phil Goad and Starla Goad; kneeling from left, Brad Dell, Mary Lee Dell, Winston Chandler, Lynne Ketteler and Gene Gadberr. All are members of the Geyer Springs congregation in Little Rock, and seven of the eight are Harding graduates. (Photo courtesy of Brad Dell)

three years, he was replaced by Myers, which gave the group an even split between male and female voices. Myers left after a year and was replaced by Ketteler in 1982.

Surprisingly, only a few members had previous experience with vocal groups, and most were not music majors in college. "We felt there was a need for a group such as ours, and we're trying to meet it," said Chandler. "We just like to sing," he added.

Ketteler and Qualls both sang with the Belles and Beaux, and the Dells sang with the A Cappella Chorus while at Harding.

The albums have been recorded at Audio Recording Corporation of Arkansas (ARCA), Chandler said, with financing provided by members of the Geyer Springs congregation. "We paid it back as we sold the albums and cassettes," Chandler said. "They (people) felt strongly enough about our music that they were willing to back us financially."

Chandler said the group is collecting and working on songs for a third album. "Things just keep happening for us," he said. One thing that has happened has been good sales of their music. Chandler said that sales have totalled about 3,000

"I feel that singing should be an active part of the worship service. Singing sometimes inspires people more than preaching or speaking."

— Winston Chandler

directs the group and schedules rehearsals. His wife, the former Mary Lee Burcham (BA'78), is their music arranger.

"They (the Dells) know music and provide a base for the group," said Chandler.

Other members include Phil (BS'77) and Starla (BA'76) Goad, Lynne Ketteler (BA'80), Susie Qualls (BS'79) and Gene Gadberr. All are members of the Geyer Springs congregation, and all but Gadberr are Harding graduates. In fact, he is the first member of the group that has not attended Harding.

Former members have included Keith Straughn (BA'67), Carol Eudaly Myers (BA'76), and Stacy (BS'75) and Kathy (BA'75) Peters. The Peters were among the founders of the group, and only recently moved to Dallas, Texas. They were replaced by Qualls and Gadberr.

Straughn was also a founding member. When he left the group after

"Starla Goad has one of the finest soprano voices I've ever heard," said Chandler. "The quality of her voice lifts us above the ordinary. Her solo on 'Mountaintop' is one of the prettiest things we've recorded.

"Singing sometimes inspires people more than preaching or speaking," he added.

"People tell us their lives are blessed by our music," Chandler said. "We try to convey praise through our songs. I feel that singing should be an active part of the worship service.

"People are willing to do something non-traditional when given the opportunity," said Chandler.

The Joyful Noise has recorded two albums, one in 1980 and one in 1982. "It takes two to three months to record and produce an album," Chandler said. "We feel the Lord can continue to bless people's lives as they listen to our music."

units (albums and cassettes) so far, with 2,000 of the first recording and 1,000 of the second recording sold. He expects added sales of 1,000 for the second one by the end of the year.

"None of us are willing to devote full time to the group," Chandler emphasized. "We've all got jobs and families that take priority."

But chances are, if you've ever heard the group sing, you were glad that you did, and you came away feeling uplifted.

"Make a joyful noise unto the Lord, all ye lands. Serve the Lord with gladness: come before his presence with singing. Know ye that the Lord he is God: it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture. Enter into his gates with thanksgiving, and into his courts with praise; be thankful unto him, and bless his name. For the Lord is good; his mercy is everlasting; and his truth endureth to all generations." (Psalms 100)

(continued from page 12)

technician with the State Military Dept. at Camp Robinson. He and his wife, Nina, have three children: Michael, Robert and Rebecca. The family is at home at No. 9 Perin Rd., North Little Rock, Ark. 72118.

Dorothy Mehl Decker is a learning disability paraprofessional with Dodge City Junior High School. She and her husband, Scott have two children, Carmen and Gary, and reside at Route 2, Box 75A, Ensign, Kan. 76841.

Bruce L. McClelland (BA) is teaching in the public school in Tavares, Fla. He and his wife, Joan, have two children, Wendy and Michael. The family's address is Box 689, Umatilla, Fla. 32784.

Leo Montgomery (BA) is a partner in the accounting firm of Arthur Young & Company, Atlanta, Ga. He is an officer and a member of the Board of Directors of the Georgia Society of CPA's. He is a member of the Advisory Council at the University of Georgia Business School, is secretary of the Leukemia Society of Georgia, and serves on the Allocations Committee of United Way of Atlanta.

He and his wife, Martha Sue, have two children, Jay and Nikki, and reside at 5234 Wynterhall Circle, Dunwoody, Ga. 30338.

Freda Turney Williams is sales development coordinator with PepsiCo (Pepsi-Cola Division) in Memphis, Tenn. Her husband, Ellis (BA'63) is a sales representative with TENN-EDD Products. They have a son, Mark, who will be a freshman at Harding this fall. The family lives at 7094 Brunswick Rd., Arlington, Tenn. 38002.

Ted Carruth (BA) is associate professor with David Lipscomb College, Nashville, Tenn. His wife, the former Georgia Ridgeway ('70), is director of the Hospice Program at the V.A. Hospital. The couple has three children — Amy, Ellen and Karen — and resides at 755 Elysian Fields Rd., Nashville, 37204.

John I. Garrett (BA) is vice president of the American Colonial Insurance Company in Little Rock. He and his wife, the former Diane Hawthorne ('65), have a daughter, Ashly Ann, and the family lives at 1601 Shumate Dr., Little Rock, Ark. 72212.

Mary Onetha Millard teaches English and reading at the Middle School in Mountain Home, Ark. She is a member of the NEA and the AEA. She also serves as secretary for Associated Women for Harding. Miss Millard resides at 217 Morris, Mountain Home, 72653.

Florence Klemm (BA) is reference librarian with the U.S. Air Force Academy Library in Colorado Springs, Colo. Her job includes what books to order for the library in the fields of English, religion, philosophy, art, music, and foreign languages. She has published a few book reviews and some poems, and has written several library-use guides.

Miss Klemm is a volunteer sign-language interpreter for the deaf at the Eastside church of Christ where she worships.

She resides at 1317 E. Monroe, Colorado Springs, 80907.

Robert H. Bell (BA) is employed as store manager with Automotive Parts & Equipment Co., Lake Butler, Fla. He also preaches for the Keystone Heights church of Christ, and is involved with Little League Baseball and Cub Scouts.

He and his wife, Patsy, have two children, Joy and James, and reside at Route 4, Box 1012, Starke, Fla. 32091.

Edward Isom (BA) is an attorney with

Wilson, Bolt, Isom, Jackson & Bailey law firm in Anniston, Ala. He and his wife, Alison, have three children — Edward Alan, Brett Austin and Jon Andrew — and reside at 2 Hathaway Heights, Anniston, 36201.

Billy G. Davenport (BS) is manufacturing engineer with LaBarge Electronics in Huntsville. He and his wife, Anne, have two children, Dianna and William Barton. The family's address is Box 732, Huntsville, Ark. 72740.

Paulette Joslin Berger is a medical technologist with Leo N. Levi Arthritis Hospital in Hot Springs. Her husband, Charles, is a counselor with Lake Hamilton High School. The couple has two sons, Alan and Michael, and reside at 321 Woodgate, Hot Springs, Ark. 71913.

Paul D. Learned (BA) is executive director of church services with Sweet Publishing Co. of Ft. Worth, Texas. He and his wife, Nan, have three children — Perry, Dustin and Evans — and reside at 705 Thousand Oaks, Hurst, Texas 76053.

Mrs. Walter J. Gerdes, the former Jennie Flessner (BA) is a member of the Appelaire Women's Choral Society, Native Daughters of Washington Territorial Pioneers, and the Smokium Roller Skating Club. She and her husband have four children — Carol, Marlene, Rodger and Leatha — and live at 1807 8th St. NE, East Wenatchee, Wash. 98801.

Carolyn Houser Hermelink is a homemaker while her husband, George, is vice president & creative director of Walter Thompson USA in Wheaton, Ill. They have three children — George, Charles and Heather — and reside at 26 W 082 Black Hawk, Wheaton, 60187.

Barbara Simpson House is a licensed secretary with State Farm Insurance. Her husband, Glen (BS'66), is employee relations manager with Sterling Drug. Barbara teaches tole and decorative painting classes offered through the McPherson Arts Assoc. She is also a board member of the McPherson Chapter of Sweet Adelines.

Barbara and Glen have two children, Brent and Stacy, and live at 1349 N. High Dr., McPherson, Kan. 67460.

Ted Maple (BS) is a dentist in Ulysses, Kan. He served as a delegate to the White House Conference on Families, is a member of the Harding President's Development Council, and is a deacon in the Ulysses church of Christ.

He is married to the former Paula Obrecht (BS'62) and they have two children, Merilynn and Paul. The family resides at Route 1, Ulysses, 67880.

Karen Hadley Roehrman is a part-time secretary at Larmer-Sykes Co. in Wichita where her husband, Dale, is a stockbroker. The couple has two children, Lisbeth Breitensten and Michael. The family resides at 1318 Bridgewater, Wichita, Kan. 67209.

Robert E. Smith Jr. (BA) holds the Ph.D. in speech and dramatic art and is associate professor of the Communication Department at Purdue University, West Lafayette, Ind. One of his short stories, "The Gift Horses' Mouth," was published in *Best American Short Stories 1982*.

Smith's wife Pauletta, is an elementary teacher at Lafayette School Corp. and they live at 520 Terry Lane, West Lafayette, 47906.

James Springer (BA) is serving as a missionary in Germany, and is supported by the Whitehaven church in Memphis, Tenn. He and his wife, Elsa, have twin daughters, Karin and Diana. The family's address is Pastorenweg 50, 2800 Bremen 21, West Germany.

Julie Williams Chester (BA) is librarian at

Rep. Ed Bethune, R-Ark., pins the oak leaf insignia on Major Ed Work, a 1967 graduate of Harding who recently was promoted in the Air Force. Work is an assistant for Congressional matters. Looking on is Work's wife, Anne.

Harding Academy of Memphis while her husband, Jim (BA'65), serves as chairman of the music department at the Academy. They have two daughters, Autumn and Tiffany, and reside at 4408 Cherrydale, Memphis, Tenn. 38117.

(continued from page 13)

Karen Kay Hershey Hobby is director of Children's Center, a preschool center in Arlington, Texas. Her husband, David (BA'62), is campus minister and assistant Bible chair director at the University of Texas at Arlington. They reside with their two children, Kim and Jim, at 1911 Cottonwood, Arlington, 76014.

Janice Snyder Ross (BA) is technical clerk in the hematology lab at Baptist Memorial Hospital in Memphis, Tenn. She does volunteer work with handicapped children also. Her husband, John, is a real estate broker with The Hobson Company. They have two children, Jason Michael, and Jana Marie, and reside at 199 Gardenia Cove, Memphis, 38117.

Kathy Shields Vaughn is bookkeeper for Glenwood Ready Mix which her husband, Harold, owns. They have two children, Michael Steven and Tamara Ann. The family's address is P.O. Box 1405, Glenwood, Ark. 71943.

CLASS OF 1967

Sherman N. Shewmaker (BA) completed requirements in November, 1982 for the Ph.D. degree in physical geography, with specialization in geomorphology at Indiana University. His dissertation was entitled "Variations in Stream Channel-Form Relationships in Environmentally Distinctive Regions: Midwest Versus Great Plains." Sherman was a temporary assistant professor at the University of Georgia in 1982.

Dr. Shewmaker is married to the former Dianne Davis (BA) and they have two children, Scott, eight, and Brooke Arles, two. Dianne is a guidance counselor at Owen Valley Middle School in Spencer, Ind. She was selected to appear in *Who's Who in the Midwest* in the field of Education. The family lives at 4611 Middle Ct., Bloomington, Ind. 47401.

CLASS OF 1968

Derlad W. Ailes (BA) is self-employed as a farmer and salesman. His wife, the former

Pamela Bedenkop (BA'69), is sales director for Mary Kay Cosmetics. They reside with their three children — Thaddeus, Dena and Zachary — at 513 S. Smoke Rd., Valparaiso, Ind. 46383.

Jim Stewart (BA) is employed with Emerson Electric as general foreman. He has been named to *Outstanding Young Men Of America* and the board of directors of the Cotton Boll Sheltered Workshop. He also coaches Little League baseball.

Stewart is married to the former Nyla Greenway ('69), who is a homemaker. The couple lives with their two children, Tana and Kevin, at 1914 Lynndale, Kennett, Mo. 63857.

CLASS OF 1969

Harriet Betts Westfall (BA) takes care of children in the home while her husband, Daniel, works with Xerox Corporation as senior tech representative. They reside with their son, Matthew Todd, at 201 Fairview S. Dr., Greenwood, Ind. 46142.

Larry T. Layne (BS) is an osteopathic doctor with Helen Keller Memorial Hospital in Sheffield, Ala. He serves as secretary-treasurer of Colbert County Medical Society and is chairman of the Patrol Committee of Broadway Neighborhood Watch.

He is married to the former Jeanne Cain (BA) and they reside with their three children — Laura, Marjorie and Arthur — at 408 SW Clark Ave., Muscle Shoals, Ala. 35660.

Robert E. Dnaiel (MAT) is vice president, mortgage securities with First Tennessee Bank of Memphis, Tenn. He serves as chairman of the Council on Ministries for the First United Methodist Church, is leadership chairman of United Way and is a charter member and treasurer of Whitehaven Civitan Club.

He and his wife, Nancy, have three children — Jennifer, William Robert and Allison — and live at 803 Kingsway Cove, West Memphis, Ark. 72301.

Ronald E. Reeve (BA) received the M.A. and Ph.D. degrees from the University of Michigan and is with the University of

Virginia as associate professor of education and of the Institute of Clinical Psychology. He is also coordinator of the combined program in school/clinical child psychology. One day a week he is in private practice of psychology in Richmond, Va.

His wife, the former Peggy Tarpley ('71), is also with the University of Virginia as research associate in the School of Education. The couple lives with their two children, Amanda and Adam, at 2216 Banbury St., Charlottesville, Va. 22901.

Shirley Spurlock Denham (BA) serves as secretary for the Kanawha City church of Christ and is self employed as a classical pianist. Her husband, Charles, is supervisor in the Bio-Chemical Division of E.I. DuPont. The couple lives with their son, Christopher, at 204 50th St., SE, Charleston, W.Va. 25304.

Lynda Rikard Davis (BS) took the medical technology internship at Lloyd Noland Hospital and is hematology supervisor of the laboratory at Don Med Building. Her hobby is oil painting and she received the "Purchase Award" at the spring show of the Vestavia Art Association in 1981. Her husband, John, works for Burlington Northern Railroad.

The couple has two children, Melanie and Richard, and reside at Route 1, Box 187-B, Wilsonville, Ala. 35186.

David Gibson (BA) is minister for the church of Christ in Commerce, Texas. He received the Master of Divinity degree from Abilene Christian University in 1980. He has been selected to appear in *Outstanding Young Men Of America*.

Gibson is married to the former Sara Keesee (BS), and they have three children: Melissa, John, and Monte. The family resides at 1910 Jefferson, Commerce, 75428.

Rogers Sutherlin along with his wife, Paula, own and operate Cedar View Farm in Greencastle, Ind. The couple has three children — Ronald, David and Dean — and live at Route 2, Box 332, Greencastle, 46135.

Melba Blair Justice received the B.S. and Ed.S. degrees from Mississippi State University and the M.S. from the University of Central Arkansas. She is math teacher and director of computer science in the public schools in Amory, Miss. She is a member of Phi Delta Kappa and chairman of fundraising for Cystic Fibrosis and St. Jude Children's Research Hospital. Her husband, Michael, is a chemical engineer with True Temper Corp.

The couple has two children, Rachel and Christy. The family lives at Route 2, Box 304A, Amory, 38821.

Charles T. Black (BS) received the M.D. degree from the University of Texas and is clinical pathologist with Wadsworth V.A. Hospital Center in Los Angeles, Calif. His address is P.O. Box 2227, Malibu, Calif. 902657227.

Ron F. Ward (BA) is minister for the church of Christ in Minot, N.D. He has been a cubmaster for the Boy Scouts and participates in the CPE (Clinical Pastoral Education), a chaplain program at the local hospital. He is also a member of the Minot Ministerial Association.

Ron is married to the former Margaret Bloomberg (BA) and they have three children: Luke, Rodger and Callie Joy. The family is at home at 1405 8th St. SW, Minot, 58701.

Bonnie Plunket Barnett (BS) is assistant director of food service with Community General Hospital in Thomasville, N.C. Her husband, John, is manager of human resources with HaHer's Yachts. They reside with their three children — Richard, Justin and Kenyon — at 902 Rotary Dr., High Point, N.C. 27260.

Carol Lewey (BA) received the Master of

Music degree from Northeast Louisiana University and is studying voice with Edward Zambara at St. Louis Conservatory of Music and with Kirt Pavitt, principal coach of the St. Louis Opera Theatre. Carol is also an administrative secretary at Washington University. She lives at 1000 Loekes, Florissant, Mo. 63031.

Larry McKenzie (BS) is a partner in the law firm of Smith & McKenzie in Henderson, Tenn. He was appointed juvenile referee for Chester County and also appointed county attorney for Chester County. He is married to the former Judy Miller (BA'68), who is a certified public accountant.

The couple has three children — Josh, Michael and Katie — and live at 412 North Ave., Henderson, 38340.

Dan R. Price (BA) is head basketball coach for the public schools in Porter, Texas. His wife, the former Ann White (BA'70), teaches arts and crafts in the same school district. They reside with their two children, Bryan, eight, and Clay, five, at 2919 Parkwood Manor, Kingwood, Texas 77339.

R. David Ramsey received a masters degree from Vanderbilt University and one from the University of Leeds, England. He received the Ph.D. degree in 1979 from Rensselaer Polytechnic Institute. He was married May 29, 1982 to Birgitta Linnea Sjoberg.

Ramsey has received several educational awards, including a graduate fellowship from the Rotary Foundation for study at the University of Leeds in England during 1977-1978.

Ramsey services as chairman of the Republican Party's Political Action Committee in the Hammond (La.) area. He is also a member of the Rules Committee of the Republican Party in the state of Louisiana. He has traveled to 30 countries on four continents in addition to 47 of the 50 states.

Ramsey is assistant professor at Southeastern Louisiana University in Hammond. His address is P.O. Box 2491, Hammond, 70404-2491.

James C. Sidle (BA) is production administrator with Science Research Associates, Inc., Chicago. He and his wife, the former Virginia Matthews ('70), live with their two children, Lisa and Troy, at 182 King Arthur Court, Palatine, Ill. 60067.

James E. Green (BS) owns eight Burger-King Restaurants. He serves on the National Marketing Council and Business Planning Council for Burger King Corporation. He was awarded "Operator of the Year" for the Atlanta (Ga.) region for Burger King three consecutive years. Green is a member of the President's Development Council.

He and his wife Debra reside with their three children — Bobby, eight, Jason, seven, and Jamie, four — at 9439 White Hemlock Ln., Matthews, N.C. 28105.

Judy Clark Glover holds the CPA certificate and is a legal assistant with P.M. Sharpe, Attorney at Law. Her husband, Glenn, is chief engineer with Techform, Inc. The couple has one son, Forrest Daniel; they live at 1205 Pine Creek Trail, Mount Airy, N.C. 27030.

Dr. Dale E. Douglas (BS) is a surgeon and president of the Upper Cumberland Surgical Clinic in Cookeville, Tenn. He is married to the former Carol Winland (BA'70) who is a salesperson for The Knit Shop. The couple lives at Route 5, Box 39, Cookeville, 38501.

Gary L. Cox is employed with Chubb Life (continued on page 16)

Busy Staff Member Manages Time Well

by Bruce Cook

He talks fast, walks fast, thinks fast, dresses sharply, seems to have a perpetual smile and cheery 'hello' for others, and his enthusiasm is apparent and infectious to those around him.

No, he's not a preacher, politician or lawyer, but is a self-starter, teacher, photographer, husband, father, student, church worker, social club sponsor, member of civic and professional organizations, and most recently, was named director of media productions.

Who is this go-getter? It's Mike James, 36, a Harding University staff member since 1973 in the Public Relations Office. For his efforts, James received a 10-year service pin in April at the annual Faculty-Staff Awards Banquet.

A 1973 graduate of Harding, James joined the staff as director of photography after serving four years as head photographer of the award-winning school yearbook, the *Petit Jean*.

His duties include photography for alumni publications, brochures, the school catalog, slide presentations, sporting and cultural events, speeches, awards, banquets, classroom situations, student and administrative organizations, and more. He also serves as cinematographer, filming all of the school's football games.

In addition to his other duties, he began teaching beginning and advanced photography classes in 1979, upon the retirement of longtime journalism teacher Neil Cope. The classes are popular with students and are filled quickly each semester, including many non-journalism majors.

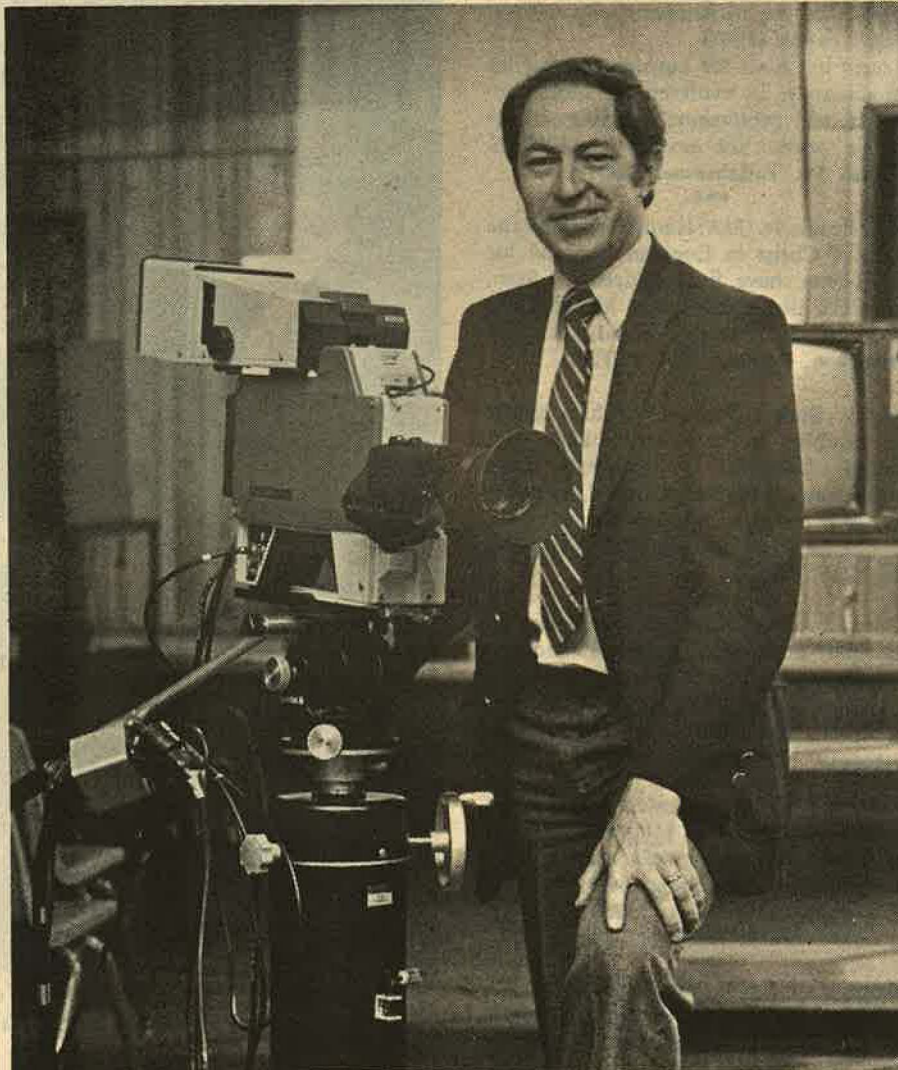

James also does portrait and wedding photography and has a studio in Searcy, which he and his wife, Beth, opened in 1971 shortly after they were married; both were still students at the time. Beth serves as business manager, mother of their four children, and appointment secretary.

But photography hasn't always been a part of the James' lifestyle. It came about quite by accident, according to Mike, or perhaps it was providential in nature. At any rate, Mike joined the U.S. Army after graduating from high school in Kennett, Mo. and was stationed in a variety of places, including Ft. Sill, Okla.; Washington, D.C.; Stuttgart, Germany, and London, England.

It was in Germany, at the age of 21, that James was given the position of Company Commander and Battalion Communications Officer as a First Lieutenant in the Corps of Engineers.

"I wasn't really interested in photography," said James, "but I didn't have much choice in the matter."

After completing a tour of the duty

Mike James, director of media productions, will be in charge of Harding Channel 12 this fall as the University begins broadcasting cable programming. (Photo by Bruce Cook)

with the Army, he enrolled at Harding in 1969 with the intention of studying engineering. It was in the registration line that he met his future wife, Beth Hogan.

"I was a transfer student from Freed-Hardeman College (Tenn.)," recalled Beth, "and Hal Gates, Mike's roommate and former F-HC student also, introduced us. We had our first date the next week, began a mutual admiration society, and were married the following June.

"Mike's a very fun-loving, hard-working person," said Beth, "who's dedicated to the Lord, his family and his work. When he begins something he wants to see it through, but he's also adventuresome and likes to try new things."

One new thing that Mike has been involved with recently is video production. He became interested when Floyd Daniel, vice president for development, approached him about doing some promotional video work for Harding. During the spring of 1982, Mike enrolled in a television production class taught by Lou Butterfield, and

completed a video production seminar in November, 1981 sponsored by SONY.

He then practiced what he had learned by taking footage of students studying, relaxing, and participating in sports, especially football games. When members of the Dallas Cowboys came to Searcy for an Optimist Club fund-raising basketball game, he produced a video program with interviews and live footage, plus background music.

This spring the preparation paid off for Harding, as James spent over a hundred hours writing, filming and editing a 20-minute video tape about Harding for the Development Office. A National Leadership Video Library has been added to the University, in which interviews are conducted and filmed with American Studies speakers and other famous Americans, and this fall Harding Channel 12 is scheduled to begin broadcasts from the University's television studio over a local cable network.

This spring an on-line computer terminal was installed in the Public Relations Office in order to begin a computerized label addressing system

for various publications. The terminal is linked directly with the PSP11-70 administrative computer housed in the basement of the Administration Building.

James, with an undergraduate degree in mathematics, serves as liaison between the PR Office and the Computer Center and has been instrumental in promoting effective office use of the terminal. He and PR Director Stan Green have suggested several programs for increasing the speed of access to a variety of media, including newspapers, radio and television stations, and Christian publications.

In addition to his enormous workload, James serves on three committees at the College church of Christ, and serves as a group discussion leader for a class. He and Beth are also members of a care group at the church, and set aside Sunday evenings to have into their home church members whom they don't know very well.

James is a member of the Optimist Club and Searcy Chamber of Commerce, and serves as a sponsor for Theta Tau men's social club and Harding's chapter of the Public Relations Student Society of America. He is also a member of Professional Photographers of America and Arkansas Professional Photographers.

For relaxation and hobbies, Mike enjoys mechanics and sports. He likes to take apart things like cameras, engines and appliances and then put them back together. Golf, tennis and basketball are among his favorite sports.

"We both have very demanding schedules," said Beth, "with lots of time barriers. You have to go full steam and keep after it in order to get things done."

The Jameses seek to maximize their time together by scheduling family activities. Mike cooks dinner every Tuesday night and the kids — Jeremy, Jennifer, Jessica and Jonathan — help him. The family tries to eat breakfast together when everyone is home, and ordinarily includes a devotional with the meal. Mike coached a boys team and girls team last summer in order to spend time with his children, who were members of the T-ball and softball teams. And he plans to coach again this summer.

Where do the Jameses get all their energy? "We've both always had good health," said Beth. "We've been fortunate. And we get a lot of enjoyment out of little things, like playing with our kids, watching TV or going shopping."

While some people complain about a lack of time, perhaps the amount of time available isn't the real problem, but rather how that time is used. If you've got a minute... ask Mike James.

Intramural Awards Presented

Darrell Webb, a graduate student from Silvis, Ill., was first place point winner in the intramural program April 29 in chapel. Webb also won the sports skills award for the third consecutive year.

Brad Holloway, a senior from Pine Bluff, was given the intramural athlete-of-the-year award. Mike Nolte, a senior from Monticello, Ill., was given the spirit award.

Fourteen athletes have participated in various intramural events throughout the year and have qualified for jackets. The

events include basketball, volleyball, football, horseshoe throwing, tennis, swimming, table tennis, cross country running, free-throw shooting, three-man basketball, softball and raquetball.

Those who qualified for an intramural jacket include Webb, Tim Thompson, Holloway, Mike Miller, Brent Alexander, Mark Weeks, Scott Vaughn, Kevin Conolty, Cho Law, Tom Carden, Ben Armstrong, Duane Whitehead, Mike Shirley and Greg East.

Broadcasting System to be Added

A Bruner Broadcasting System will be installed in the student center next fall, Dr. Jerome Barnes, professor of education and director of the media center, announced at Tuesday's Student Association meeting. The system will display news, sports, national ads and school messages across a computerized screen of lights.

The system is made by Computer Generated Information Services. It will be installed for free because the national advertising takes care of the cost, Barnes

said. It will be located to the left of the campus post office by the stairs, because that is a high traffic area, Barnes said.

"We are very pleased to add this information system for the benefit of our students," Barnes added.

The school will be using the system for movie announcements, sporting events and to announce other campus activities. Barnes said that during Homecoming and Spring Sing weekends the school will use extra characters for added coverage.

America Insurance Company as manager of advanced underwriting in Concord, N.H. He is a Chartered Life Underwriter and also serves as a captain in the National Guard. He and his wife, the former Sharon Tedford, live with their daughter, Kimberly Beth, at Box 298, RFD 11, Queen St., Boscawen, N.H. 03303.

David Cole (BS) received the M.S. from Kansas State University and is assistant professor of physical sciences at Michigan Christian College. He had the honor of having the MCC yearbook dedicated to him and has been selected to appear in *Outstanding Young Men Of America*.

Cole is married to the former Barbara Christy (BA), who is assistant professor of secretarial science at MCC. They live with their two daughters, Jennifer and JoEllyn, at 8730 Cologne, Sterling Heights, Mich. 48078.

Larry D. Brown (BA) received the M.S.T. from Middle Tennessee State University and is self employed as a farmer. He and his wife, Brenda, have a daughter, Jenny, and live at Route 5, Box 80, Russellville, Ky. 42276.

Lawrence A. Barr (BA) has worked in Kenya, East Africa since 1972 planting churches and training leaders. He speaks both Kiswahili and Dholuo languages. He and his wife, the former Jesse Driver (BA'68), have two children, Joel and Paul. The family's address is P.O. Box 1933, Kisii, Kenya, East Africa.

Carrol Wayne Balding (BS) works for Rock City Furniture in North Little Rock. His address is P.O. Box I, Ward, Ark. 72176.

Mrs. Leonard Van Bragt, the former Sharon Mahaffey (BA), is employed with AFCO Industries as a lab technician. Her husband is with Western Machine Tool Works and they live at 174 East 5th St., Holland, Mich. 49423.

Dale Alan Turner (BS) is fiscal specialist in banking for the Department of the Army. He and his wife, Janis, have two children, Jeffrey and Michael, and reside at 7251 Rose Dr., Indianapolis, Ind. 46227.

Nancy Black Lahey (BA) is a relocation specialist with the Department of HUD in Los Angeles. She and her husband, Robert, have two children, David and Elizabeth, and reside at 439 Sequoia Dr., Pasadena, Calif. 91105.

David L. Buck (BS) is store manager for Jon's Clothier, Inc. in North Canton, Ohio. He resides at 3451 Akron View Dr., Barberton, Ohio 44203.

Dr. Donald H. Polk (BS) is an osteopathic physician in Waynesboro, Tenn. He is an American Board of Family Practice Diplomat and Fellow, also an American Osteopathic Board of General Practice Diplomat. Dr. Polk has three children: Donald Gabriel, Joshua, and Jeremy. His address is P.O. Box 778, Waynesboro, 38485.

Aleta Emmerich Fears (BA) teaches seventh grade at Clover Elementary, Clover, Va. Her husband, Kenneth, is maintenance supervisor with Westinghouse Electric. The couple has three children: Kenneth II, Keith, and Kelly. The family lives at Route 1, Box 198-A, Scottsburg, Va. 24589.

Foylen Bryant (BA) is employed as specialist in financial management with the Florida Department of Education, Tallahassee. Miss Bryant has served as chairperson, Florida Standards in Financial

Management for School Food Service. She is co-author of *Development of Accountability and Management Procedures*, and the article, "Keeping the Books in Florida" in the *American School Food Service Journal* (1982).

Bryant has been the keynote speaker for approximately 25 conferences, state conventions, and professional meetings in the past six years. She resides at 1716 S. Meridian St., Tallahassee, 32301.

H.B. Frank, Jr. (MA) is missionary for the church of Christ in England. He and his wife, Helene, have five children — Stan, Paula, Joel, Lisa Ashurst and Molly. Their address is 3 Waverley Road, Louton, Warrington, England WA 3 2HE.

Phyllis Banks Green (BA) has retired from teaching to be a homemaker. Her husband, Kenneth, is University Data Administrator with Pepperdine University. They have two sons, Daniel and Michael, and live at 2768 Beckett Ct., Thousand Oaks, Calif. 91360.

Gary L. Abney (BS) is vice-president for municipal sales with Salomon Brothers Inc. in New York City. His wife, Darlene, is a freelance design consultant. They have a son, Aaron, and reside at 41 Locust Ave., Larchmont, N.Y. 10538.

David G. Hyde is president and chief executive officer of H-C Industries, Inc. of Flint, Mich. He and his wife, Norma, have two children, Amy Diann and Melanie Janice. The family lives at 3330 Wallingford Dr., Grand Blanc, Mich. 48439.

Karen Kathleen Mayhall Hilton (BA) is a substitute teacher while her husband, Marlin (BS'67), is a major in the Marine Corps. They reside with their two children, Holly and Heather, at 9-C Hillcrest, Lk. Arrowhead, Stafford, Va. 22554.

Charles Labriola Jr. (BS) is director of advanced underwriting with Farm Bureau Insurance Company in Montgomery, Ala. He has received National Sales Achievement, Quality and Health Quality awards.

Labriola is married to the former Lola Cantelou (BA'68) and they have two children, Beth and Nic. The family resides at Route 2, Box 270-L, Wetumpka, Ala. 36092.

William D. Keesling (BA) is pulpit minister for the Taylor Blvd. church of Christ in Louisville, Ky. He is married to the former Susie Dillin ('70). The couple resides with their two children, Kari and Brittney, at 4308 Lahna Dr., Louisville, Ky. 40216.

Earl D. Lomax (BA) is assistant professor of English at David Lipscomb College and is a candidate for the Ph.D. degree in August from the University of Missouri. Buddy resides at 4203 Granny White Pike, Nashville, Tenn. 37204.

Bruce W. Logue (BA) is pulpit minister for the Green Lawn church of Christ in Lubbock, Texas. He is a member of the board of directors of the Kiwanis Club and holds clinical membership in the American Association for Marriage and Family Therapy. He has been listed in *Personalities of the South and Outstanding Young Men Of America*. For a time he wrote a weekly column, "Family Living," for the Murray, Ky. *Ledger and Times*.

Logue is married to the former Beverly Holeman (BA'81), who was listed in *Outstanding Young Women Of America*.

The couple resides with their two children, Angela and Jonathan, at 5522 27th St., Lubbock, 79407.

Jan Chesshir Morgan (BA) is music therapist and teacher for physically and

Erle and Mona Moore, left, are presented cassettes in chapel of new recordings dedicated to them by the A Cappella chorus. At right is Dr. Kenneth Davis, music department chairman.

mentally handicapped students at the School of Hope, Hope, Ark. She is active in Friday Music Club, PTA, and HEA. She teaches a Bible class at the local congregation where they worship and is a member of the group which sings for area weddings.

Jan's husband, Paul, is a pharmacist and is co-owner of Family Pharmacy. They have two children, Brent and Melani, and reside at Route 2, Box 128, Hope, 71801.

Dr. Granville Sewell (BS) is mathematician/computer software designer with I.M.S.L. in Houston. He and his wife, Melissa, have a son, Christopher Meyer, and reside at 2825 Carvel, Houston, Texas 77074.

Lowell R. Kirkbride (BA) is an accountant with Neal & Neal CPAs in Cleveland, Miss. He is a member of the Cleveland Lions Club and coaches Little League Baseball. His wife, the former Donna Neal (BS'65), teaches with the Shaw Educational Foundation.

The couple resides with their two children, Lisa and David, at 1412 Brierwood, Cleveland, 38732.

Mickey A. Driver is regional public affairs representative with Gulf Oil Corporation in Atlanta, Ga. He and his wife, Anne, have a son, Jake, and reside at 315 Amador Circle, Atlanta, 30338.

Marcus O. Davis (BA) is vice president in charge of mortgage loans with the First Federal Savings & Loan Association of Lebanon (Tenn). He is a member of the Kiwanis Club, Wilson County Career Education Advisory Board, Wilson County Board of Realtors, and Camp Wyldewood Advisory Board. He was twice named to *Outstanding Young Men of America*.

Davis is married to the former Janet Sharp who worked in the Development

Office at Harding while he was a student. She is secretary to the manufacturing manager of Toshiba America. The couple has four children — Christopher, Hollie, Sally and Matthew — and live at 709 Woodland Dr., Lebanon, 37087.

Donald T. Simmons (BA) is general mechanic with Nekoosa Papers, Inc. in Ashdown. He and his wife, the former Roberta Christason (BA'68), have three children — Shawn, Paul, and Laura — and live at Route 3, Box 106, Ashdown, Ark. 71822.

John E. Tooke (BA) is a physical education instructor with the Conway Human Development Center, Conway, Ark. His wife, the former Michelle Diller ('76) is a homemaker and they have a son, David. The family resides at 403 Brahma, Conway, 72032.

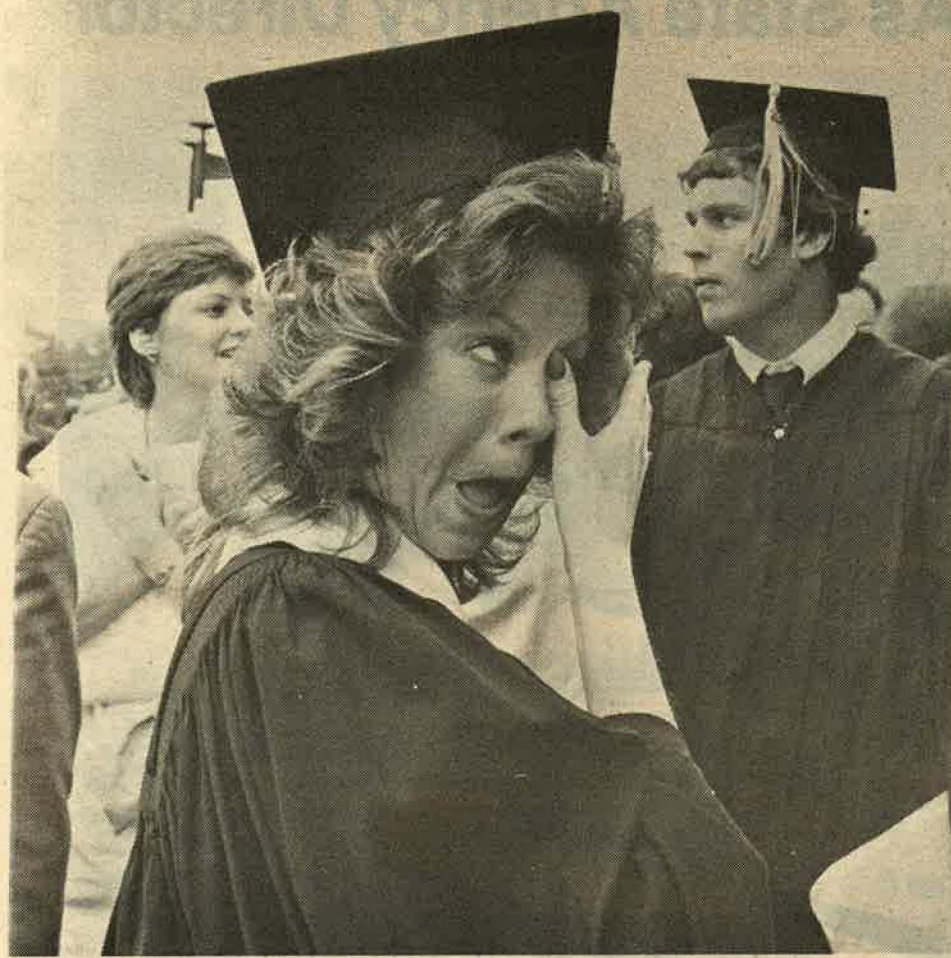

J. Richard Walker (BA) is a self-employed certified public accountant. He is married to the former Helen Hunnicutt ('70) and they live at 3321 Blue Bell Lane, Birmingham, Ala. 35243.

Robert D. Knight (BA) is high school teacher and coach with Memphis City Schools. He is married to the former Carol Bucy (BS'74) and they have two children, Robert and Jonathan. The family lives at 1601 Ivy, Memphis, Tenn. 38117.

Jerry L. Brock (BA) is accounting group supervisor with the State of Kansas Department of Social and Rehabilitation Services. His wife, the former Karen Sue Hamilton (BA'68) is first grade teacher at Berryton Elementary School. The couple lives with sons Jerry and Joshua at 4212 Ohio Court, Topeka, Kan. 66609.

Brad Williams (BA) is a psychologist in private practice with Central Baptist Hospital in Sherwood, Ark. He is married to the former Barbara Lynn Garner ('71) who is associate professor of nursing at the University of Central Arkansas in Conway. The couple resides at 24 Coachlight St., Little Rock, Ark. 72207.

Overwhelmed with emotion, Janet Kirby of Jackson, Tenn. wipes a tear from her eye after graduating. (Photo by Yo Kurabayashi).

Zela Peterson Dawson (BA) and her husband, Franklin (BA'68), own and operate a turkey farm where they grow over 100,000 turkeys each year for Cargill, Inc. They have a son, David, who is married and lives in Searcy.

The Dawsons' address is P.O. Box 6, Altus, Ark. 72821.

James D. Sears (BA) is employed as manager with Arthur Young & Company, an accounting firm. He is a member of the Greater Little Rock Optimist Club, AICPA, and the Arkansas Society of CPAs. He is also a member of the Harding University President's Development Council.

James and his wife, Leah, reside with their two children, Greg and Darryl, at 7 East Lake Dr., North Little Rock, Ark. 72116.

Janice Robinson (BA) Risinger is a homemaker while her husband, Harry (BA'68) is employed as vice president of finance with W.R. Grace Company in Memphis. They have two sons, Matthew Blake and Adam Brooks, and reside at 4673 Cedar Ridge, Millington, Tenn. 38053.

Dianne Allen Cox is employed as a medical technologist with Kino Community Hospital in Tucson, Ariz. Her husband, Sam ('70), is a graduate student at the University of Arizona. The couple resides with their two daughters, Christina and Katie, at 6501 E. Fayette, Tucson, 85730.

Mrs. Joseph F. Cowan, the former Dianne Presley, is account analyst with Atkins Insurance Corp. in Little Rock. Her husband is an accountant with Coca-Cola Bottling Co. They live at 7 White Oak Lane, Little Rock, Ark. 72207.

Gary R. Bartholomew (BA) holds the MBA from the University of Denver and is president of York College, York, Neb. He has been awarded the honorary Doctor of Laws degree from Oklahoma Christian College, Pepperdine University, and Harding University.

Bartholomew is married to the former Gwen Sims ('74) and they have two children,

Stacey and Raymond. The family resides at 1001 Platte Ave., York, 68467.

CLASS OF 1970

Gary W. Reed received the PD. degree in pharmacy from the University of Arkansas and currently owns Reed's Northside Pharmacy in Clinton. He was a member of Rho Chi honor society while in school and is past president of the District Pharmacy Association.

Gary is married to the former Loquita Burt, who received the B.A. degree from the University of Arkansas at Little Rock.

The couple and their three children — Lori, Brian, and Erin — reside at Route 1, Clinton, Ark. 72031.

James R. Cooke (BA) is serving as a chaplain with the U.S. Air Force, Sheppard AFB, Texas 76311. He is a recipient of the Air Force Commendation Medal. He is married to the former Dinah Stanley (Special), and has three step-daughters: Kristina, Diana Lynn Fair, and Tamara Kay. The couple also has a son, James Ryan. They reside at 1217 Danberry St., Burkburnett, Texas 76354.

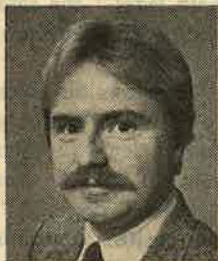

Jerry W. Flowers (BA) is managing director of the Jim Halsey Company's Nashville (Tenn.) Operations.

In the new post, Flowers will oversee the Nashville base for the Jim Halsey talent agency in country music, as well as Halsey International's television production company, Tall Pony Productions of Los Angeles, and the label and video division, Churchill Records & Video, Ltd.

While at Harding, Flowers was a member of the folk trio, "Randy, Jerry & Drew," forerunner of the current "Time of Day."

He and his wife, Sharon, live at 4919 Darlington Dr., Nashville, 17211.

Cheryl Rice Ballard (BA) is a homemaker and Brownie Scout Troop leader. Her husband, Brent, is an agent with State Farm Insurance. They live with their two children, Amy and Gregory, at 725 Deborah, Abilene, Texas 79601.

Dennis W. Smith (BS) is employed in quality control with Orkin of Jonesboro. His wife, Reta, is bookkeeper and secretary to the superintendent of Maynard Public Schools. The couple has two children, Deni and Shannon, and live at Route 1, Box 311-B, Imboden, Ark. 72434.

Daniel C. Doak (BA) is employed with Ohio Valley College, Parkersburg, W.Va. as director of the computer center. He is married to the former Bobbie Gail Nettles (BA'73) and they have two children, Rebecca and Samuel. The family resides at 1122 46th St., Vienna, W.Va. 26105.

Barbara Wheeler Cutts is executive secretary for Republic Mechanical Company, Dallas, Texas. Her husband, Arlon is a machinist, Oilwell Division of U.S. Steel. The couple has two children, Terri Lyn and Julie Dawn, and reside at 10205 Audelia Rd., Dallas, 75238.

Gary D. Caudle is manager of systems support (Data Processing Dept.) with Arkansas Blue cross Blue Shield. He and his wife have three children: Rebecca, Melissa, and Ashley. The family is at home at 11409 E. Stoney Point, Little Rock, Ark. 72211.

Sandra Sells Fisher (BA) teaches English at Belmont County Vocational School in St. Clairsville, Ohio. Her husband, John, is employed with Freeport Press. They have two children, Melissa and Benjamin, and live at 109 Pine Lane, Barnesville, Ohio 43713.

Marilyn Hart Denton is employed with Rescue Pipe & Supply as secretary/sales in Dallas. Her husband, Marshall, is a salesman with International Extrusion Corp. The couple resides at 2415 Bahama Dr., Apt. 126, Dallas, Texas 75211.

Ronny Howell (BA) is an executive with Howard Brothers Discount Stores in Monroe, La. He is listed in *Outstanding Young Men Of America* and is on the board of directors of Ouachita Christian School, and board and treasurer of the Ouachita Parish Farm Bureau. He and his wife, the former Judy Howard ('72), have five children: David Shannon, Ronald Eric, Robert Christopher, Aaron Seth, and Kelly Elizabeth. The family resides at Route 6, Box 213A, Monroe, 71202.

Brenda Caruthers Hasquin is director/teacher of Southeastern Nursery School in Indianapolis, Ind. Her husband, John, is an electrical inspector with R.C.A. The couple and their children, Helena Kay and John Louis II, reside at 9613 E. Southport Rd., Indianapolis 46259.

CLASS OF 1972

Mike Lawyer (BA) is an agent with State Farm Insurance. He and his wife, the former Linda Leasure ('69), have two children, Robert Michael Jr. and Janessa LeeAnn. The family lives at 1002 Meredith, Pine Bluff, Ark. 71602.

CLASS OF 1973

Charles W. Fall (BA) is employed with Wal-Mart Stores as an assistant store manager in Silsbee, Texas. He was associated with Woolco Department Stores for eight years until all Woolco stores were closed January 31.

Fall is married to the former Jenny Davis (BA'72) and they reside with their two children, Jeffrey and Stephen, at Hwy. 327 East, Timbers Apt. 112, Silsbee, 77656.

Ronnie L. Treat (BS) received the MBA degree in December from Abilene Christian University. He is employed as a credit manager/cost accountant for Howmet Aluminum Corporation. His address is P.O. Box 42, Rockwall, Texas 75087.

CLASS OF 1974

Janice Dockery (BA) received the M.S. degree from the University of Arkansas and is teaching home economics in the Fayetteville public schools. She was selected to Gamma Sigma Delta, a national honorary organization in the field of agri-home economics and was chosen to appear in *Outstanding Young Women Of America*.

Janice resides at 900 Douglas, Fayetteville, Ark. 72701.

CLASS OF 1975

Steve White (BA) has been selected to serve as board representative of the central Arkansas chapter of the Data Processing Management Association for 1983. Steve is Assistant Professor of Business with Harding, holds the MBA, and is a certified public accountant.

He is married to the former Jeanne Segraves (BA'74) and they reside with two children at 3 Tina Circle, Searcy, Ark. 72143.

CLASS OF 1976

Francille Eoff Vesel (BA) is a homemaker and her husband, Louis, is minister for the Church of Christ in Monett, Mo. She received the M.A. degree from Abilene Christian University and was selected to appear in *Outstanding Young Women Of America*. The couple plans to go to Botswana, Africa in 1984 as part of a team.

The Vesels reside at 1006 E. Cale No. 4, Monett, 65708.

Becky Moore (BA) recently accepted a position with Texas Department of Human Resources as a Counselor III in Child Protective Services.

In addition to this present position she has held positions at the Devereux Foundation of Texas; M.R./D.D.S. of Arkansas; and has served as the director of social work both at an Emergency Child Abuse Shelter and a Geriatric Center in Jackson.

Moore presently resides at 9220, Clarewood No. 1089, Houston, Texas 77063.

Stephen F. Herrington (BA) is an ADS revenue coordinator for the Group/Meeting Services Department for American Airlines, Inc. in the Southern Reservations office located near the Dallas/Ft. Worth Airport. Steve is active in the Singles ministry at the Highland Oaks church of Christ in Dallas. He made a trip to Ireland where he investigated ways to strengthen and edify the church in southern Ireland including the temporary relocation of brethren to the U.S. for additional spiritual training. Steve resides at 9825 Park Lane Ct., Dallas, Texas 75220.

Dr. Michael S. Cole (BS) has completed family practice residency training with the Area Health Education Center in Fort Smith, Ark. As a lieutenant in the U.S. Navy, he will serve the next three years with the Family Practice Department at the Naval Regional Medical Center in Naples, Italy.

Dr. Cole and wife, the former Jeannie Johns (BA), have two children, Angelique, three, and Steven, one. The family's address is: Lt. Michael Steven Cole, MC, USNR — NRMN Naples Box 19 — FPO N.Y. 09521.

CLASS OF 1977

Gerald G. Morgan Jr. (BS) is a partner in the law firm of Thomas and Burdett of Hereford, Texas. He is married to the former Teri M. Alexander (BA'78) and their address is P.O. Box 1917, Hereford, 79045.

Kathleen Marie Robinson (BA) has been selected to appear in the 1982 edition of *Outstanding Young Women Of America*.

(continued on page 19)

Alumnus Is Tough But Fair As State Agency Director

by Bruce Cook

"I always wanted to be a doctor," said Phyllis Garnett (BS'62), newly appointed director of the Arkansas Pollution Control and Ecology Department.

A member of the University of Arkansas at Little Rock biology department since 1972, Mrs. Garnett's new duties include managing a staff of 145, implementing policies adopted by the Pollution Control and Ecology Commission, complying with federal Environmental Protection Agency (EPA) regulations, and regulating industrial, commercial, municipal and agricultural contact with the environment in Arkansas.

A multi-million dollar budget also draws some of her attention. "We're funded about 60 percent federal and 40 percent state," she said.

Dr. Garnett was asked to assume the helm of the department by Governor Bill Clinton. Her nomination was speedily confirmed by the PC&E Commission, and she assumed the office April 1, with formal swearing-in ceremonies April 13.

She comes to the job with a great deal of experience and training, and has been well-received by both industry and conservation groups. "Clinton made a good decision," said Bob Bogard, executive director of the Arkansas Federation of Water and Air Users, which has about 200 industry members.

Bogard, who has worked with Garnett before when she was heading a hazardous-waste task force, said he found her to be a "reasonable person," who wants to hear both sides of an issue before making a recommendation.

"We feel like she will be good for the state in considering a balanced approach to environmental controls and economic progress," he said.

On the other hand, Dr. Joe Nix, professor of chemistry of Ouachita Baptist University in Arkadelphia, and an outspoken environmental advocate for many years, also favored her appointment, calling Garnett an "excellent choice."

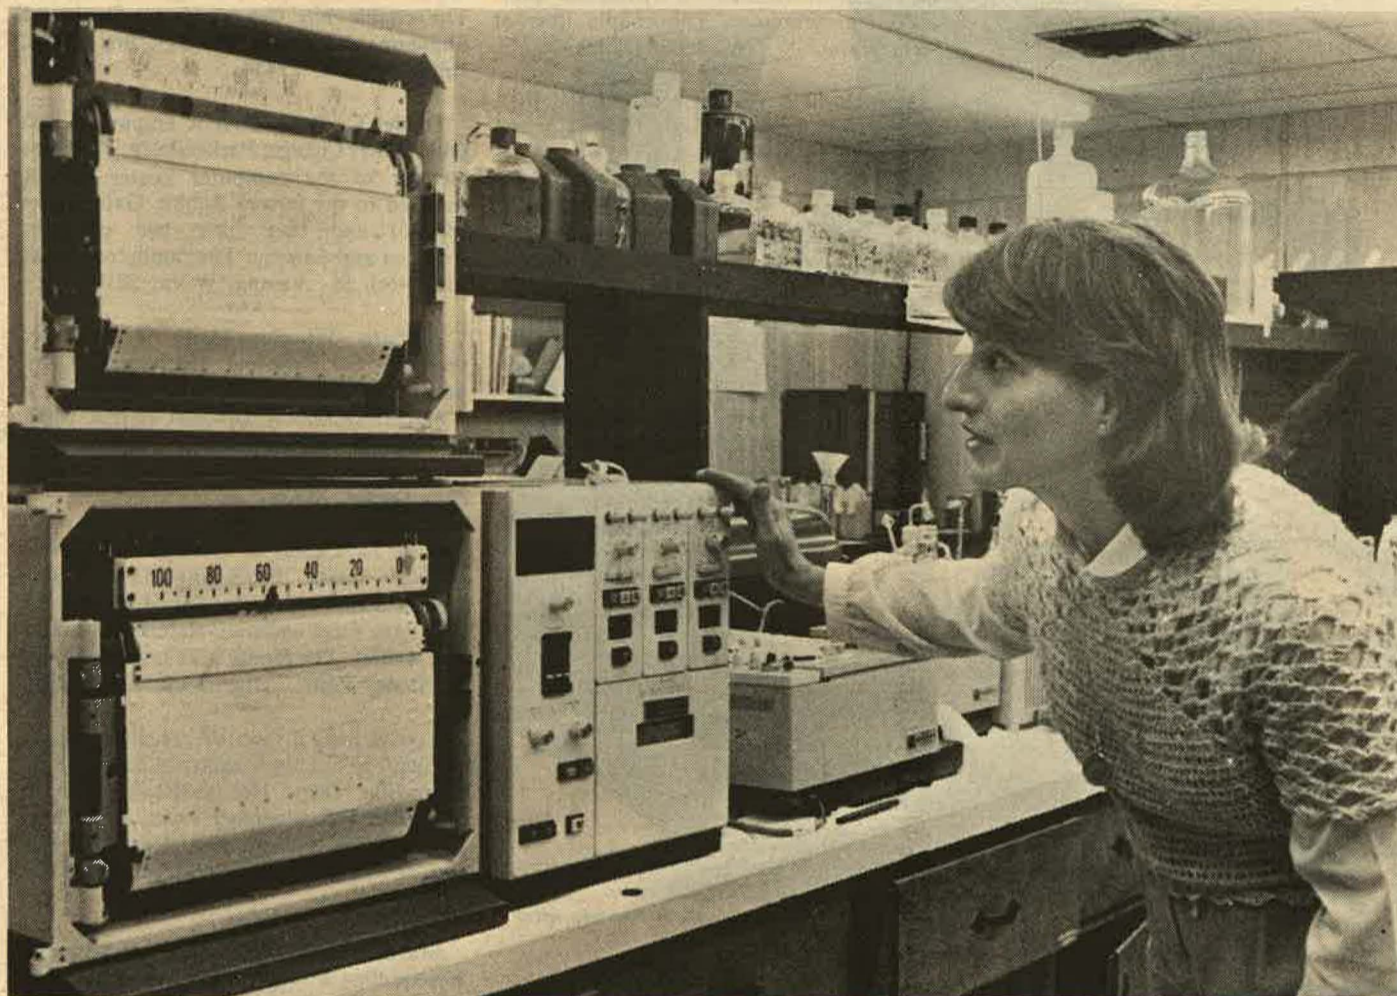

"Here's a person who has been involved in the scientific community and the education community, and has really excellent credentials in both," Nix said. He said he found her appointment "exciting" because of what seemed to be "a chance for new directions and for making the agency more responsive."

"We need to build and strengthen the scientific capabilities of that agency, and I think she's going to do that," Nix said.

Dave Criner, Clinton's liaison to the department, said the governor wants it to be a "well-run, well-managed agency — one that's going to be responsive to the needs of the public and will deal with issues in a timely manner. She (Garnett) has the credentials of management experience and scientific knowledge," he added.

Criner, who also has worked with Garnett in the past, said, "I find her very easy to work with, very cooperative, very open. She's her own person. I have a lot of confidence in her, and I know the governor does, too."

A native of Arkansas, Garnett, 41, grew up in several locations around the state, including Enola, Paragould and Ozark, where she graduated from high school. Her parents moved to Conway the year that she graduated, and still live

Dr. Phyllis Garnett, director of the Arkansas Pollution Control and Ecology Department, examines a graph reading in the lab at the department's Little Rock headquarters. A former biology professor at the University of Arkansas-Little Rock, she is a 1962 alumnus.

there.

"I feel very, very close to this state," she said. "I love Arkansas with all of its natural beauty."

She began her higher education as a freshman in Lubbock, Texas at Lubbock Christian College. After a year there she enrolled at Harding, and graduated in two-and-a-half years with a bachelor's degree in science and a teaching certificate.

"I tested out of some courses," she said modestly.

She was married as an undergraduate and moved to Lubbock after graduation. There she taught in high school for two years, and then did graduate work at State Teacher's College (now the University of Central Arkansas) in Conway. She completed a master's degree, and then obtained a doctorate in genetics from Louisiana State University.

Her two children, Kerry, 21, and Karen, 18, also occupied a good deal of her time during those years.

After completing her formal education in 1970, Garnett served as director of education at the Children's Colony in Arkadelphia for two years, then joined the UALR faculty. In 1979 the Science Information Liason Office (SILO) was established with the aid of a National Science Foundation grant, with the purpose of providing Arkansas legislators with information on scientific issues.

From 1979 to 1981 Garnett served as director of SILO, but remained an employee of UALR, which now funds the office. During that time she produced a variety of reports for legislators that included reports on 2, 4, 5-T, a pesticide; disposal of low-level radioactive wastes; lignite development, and alcohol fuels.

Garnett also directed a special governor's task force on hazardous waste disposal during that time. The task force, formed by Clinton during his first

term as governor, produced proposed regulations that eventually were adopted by the Pollution Control and Ecology Commission.

The committee helped make Arkansas one of the first states in the nation to achieve federal EPA approval for its waste program. That's where she first met Clinton.

"We have had a limited contact since I headed the committee," she said. "I am not a personal friend of the governor. I just know that he liked the job that the committee did."

Garnett views her new role as one of overseeing the public health and welfare as well as the preservation of the environment for future generations of Arkansans.

"I feel that the 1980's will be a time when environmental groups and industry can sit down together and have more basis for communications to work together to solve the problems facing both sides," she said. "I would rather work with people than put them out of business."

She views the change from classroom to office as a challenge, but feels she has some talents to contribute in her new role. "I had to think hard over this decision," she said, "but I got nothing but positive input from my friends, my colleagues and my students. It's not an easy thing to up and leave the teaching profession."

"I just want to do a good job for the state and for the people who depend upon the agency to assist them," she added.

The Pollution Control and Ecology Dept. is basically concerned with three elements — air, water and soil, she said. This includes solid waste disposal, mining, construction of sewage plants, the maintaining of water quality in lakes and streams, and other tasks.

"The potential for contamination

comes from smoke stacks, chemicals, underground waste, hog farmers and everything in between," she said. "We administer a wide variety of programs throughout the state, including an extensive permit system," she added.

A sensitive, intelligent person, she displays a strength of character and personality which mark her as an individual, and a very capable one at that, fair minded but tough.

There is also a vulnerable side. "I love nature, and love to watch things grow," she said. A little girl smile peeked out from under her lips. Flowers, shrubs and trees abound in the yard of her home, the fruits of her labor.

The role of women in society is also an important concern for her. "I'm not a women's libber," she said, "but most women are going to have to enter the work force at some time in their lives. I feel it is the role of higher education to prepare all students for today's world. Times have changed and so have the roles of women."

Garnett recalled that when she was at Harding she was counseled away from the medical profession, and instead was advised to pursue graduate study. "I was told that women were not admitted to medical school," she said.

Times indeed have changed, for her sister, Susan Brady (BS'78) is now an M.D. at Arkansas Children's Hospital in Little Rock. She was also the only woman to serve as Harding Student Association president.

A lover of water sports and other outdoor activities, Garnett maintains a slender 5'4" frame. Her dark features suggest a trace of Indian ancestry.

"I can be very happy here in Arkansas, with its land, its people and their philosophy in having a nice place to live and an easy lifestyle," she said. And as director of Pollution Control and Ecology, she intends to keep it that way.

Energy Conservation Increases Efficiency, Savings

by Bruce Cook

Energy conservation has been a very real concern for residential, industrial and governmental users alike during the last 10 years or so in America. Educational institutions in general, and Harding University in particular, have felt the "energy crunch" and have battled to combat soaring energy costs, with survival hanging in the balance.

At Harding, Herman Spurlock is the man directly responsible for seeing that energy dollars (\$1.2 million for fiscal 1982-83) are spent wisely. While managing the energy resources of a 200-acre campus with nearly 50 buildings and 3,000 students is no easy task, Spurlock, Harding's chief engineer since 1965, has responded well to the challenge.

A million dollars for one year's supply of energy seems like a lot of money, but that figure could be more, much more, according to Spurlock, without the aid of conservation measures added in recent years.

Harding became concerned about energy conservation in 1977, when utility bills were averaging \$115,000 per month. Lott Tucker, vice president for finance, asked Spurlock to look into ways of cutting costs, and an energy consultant from Little Rock was hired to assess the efficiency of campus energy systems.

The audit proved to be extremely helpful in pointing out areas of weakness and in determining where the most energy was being lost. With the approval of Tucker and President Clifton L. Ganus, a three-fold plan was developed to (1) insulate areas from which large amounts of heat escaped, specifically, the boiler room, hundreds of steam tunnels (equal to one mile in length), hot water distribution system and Rhodes Memorial Field House, (2) regulate lighting, heating and air conditioning in as many buildings (28) as possible through the purchase of a computer system, and (3) upgrade the electrical system and monthly billing procedure for utilities.

Minor areas of improvement were also explored, resulting in the addition of storm windows on the north side of Graduate Singles dormitory and on some windows in the American Heritage Center.

In 1978 Harding became the second school in Arkansas to install a computer system to monitor the energy use of its

buildings. (Henderson State University in Arkadelphia was first.) Harding purchased a Johnson JC80 Computer System with 64K memory in February and began laying cable to each building designated for monitoring.

The system became fully operational in May of 1978, and during the first year of use saved the University \$80,000. Savings for the second year were \$110,000 and the amount has continued to increase, with \$120,000 in 1980, \$130,000 in 1981 and \$135,000 in 1982, Spurlock said.

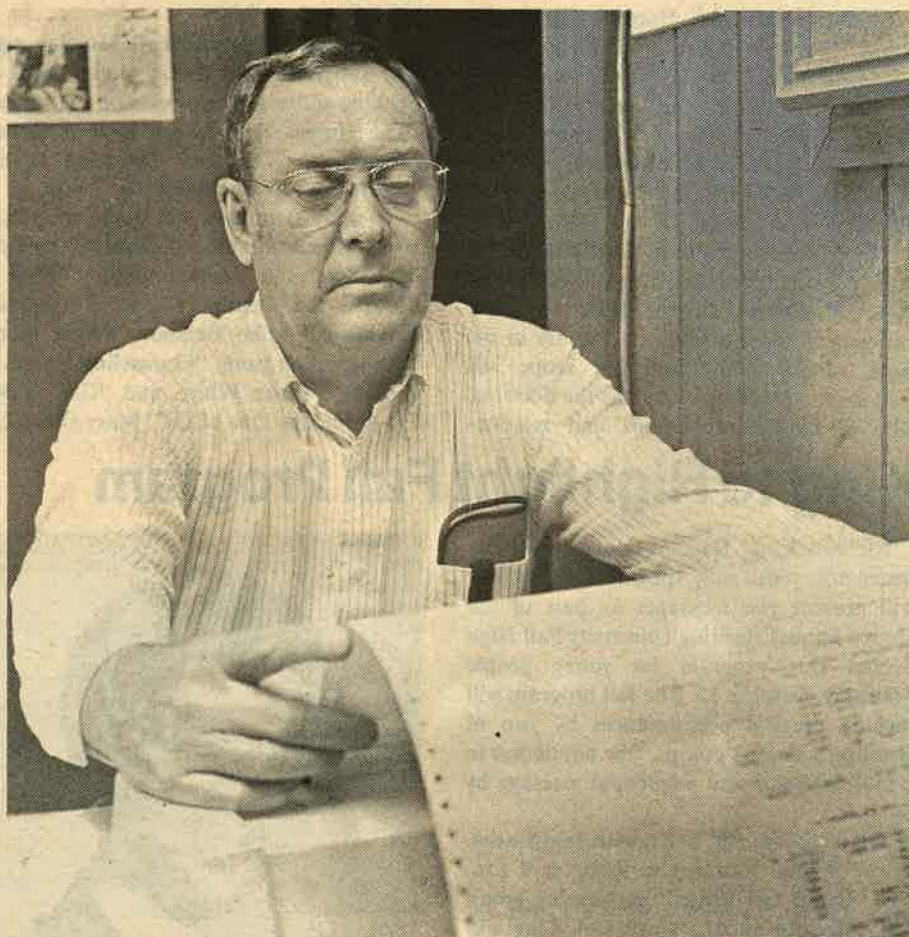

Spurlock feels the system is approaching its optimum level of efficiency, so the savings may soon level off. At the current rate, however, Harding saves enough in one year to completely pay for the system.

The computer's three main programs, or "functions," are optimum start time, demand limiting and load cycling. Optimum start time tells the heaters and air conditioners when to start working in order to achieve desirable temperature levels in the buildings. Demand limiting restricts energy consumption past a certain point, and load cycling works like a thermostat by shutting off the heating and air conditioning when a pre-defined temperature range has been reached.

The campus fire alarms and sprinkler system are also operated by the computer. A program start-stop function controls lighting, heating and cooling based on when the buildings are in use. A motor summary function indicates when the different lighting, heating and cooling cycles in different buildings are in use. Analog points in the buildings allow the system to measure temperature, air pressure and humidity at any given time. A holiday skip function automatically shuts off the system during school holidays, and the power-fail motor restart allows the power to return gradually to keep from overloading the system.

After the installation of the computer system was completed, Harding applied for several federal grants in 1979 and was awarded two, receiving funding in 1980. The University matched a \$92,375 grant and used the money for insulating the steam tunnels, boiler plants, hot water distribution system and several campus buildings. Work was begun in 1980 and completed in 1981.

The University also received a \$67,000

Herman Spurlock, Harding University chief engineer, reads a daily printout at the computer terminal in his office, which informs him of the status of current energy conservation levels on campus. Commands are fed into the computer system which controls temperature, lighting, sprinkler systems, and energy consumption in 28 buildings on the Harding campus. The unit has saved Harding several hundred thousand dollars since it was put into use in 1978. (Photo by Mike James)

grant to re-insulate the old gym. Six inches of insulation was added throughout the structure, with particular emphasis on the roof.

As a result, the gymnasium was much more comfortable for users because of better temperature control, and it consumed only half as much energy as before.

In 1981 and '82, Harding installed new electrical equipment and changed the voltage level from 4,160 volts to 13,800 volts in order to get a lower rate from Arkansas Power and Light Company and achieves less line voltage loss. Spurlock expects the new equipment to pay for itself within two years.

In addition, the University switched to Demand Billing, a new type of billing system from AP&L, designed to program the demand of energy that will be needed for a set period of time.

Future advancements in Harding's energy conservation efforts may include the installation of capacitors to the primary electric system, at a cost of about \$9,000. These capacitors would save the University an additional \$12,000 per year, Spurlock said, and increase the efficiency of the electrical system to 100 percent power factor.

But Spurlock is not ready to sit back and admire his accomplishments yet. "We're always alooking for new ways to conserve energy," he said. Recently Charles Maloney, District Manager of Middle States, Inc. of Wayne, Pa. visited the University to evaluate the school's energy efficiency level.

Results of the visit were encouraging to Tucker and Spurlock. "You're already doing everything that I can suggest," said Maloney, which means someone is doing a good job.

Summer Campaign Groups Help Strengthen Churches

Several hundred Harding campaigners will be spreading the good news of Jesus Christ around the world this summer, according to Dr. Don Shackelford, director of International Campaigns and professor of Bible at Harding.

Campaign groups will be in Belgium, Canada, Australia, France, England, Italy, Switzerland, Venezuela, Scotland and several Eastern European countries this summer. Other campaigners will be working in the Northeastern and Northwestern United States.

"We'll be planting seed and strengthening local churches," said Shackelford. "Efforts such as this are vital to helping morale, and provide a supervised learning experience for our students."

Nineteen students under the leadership of James Walters and Cliff Ganus III will work with the church in Brussels, Belgium for two

weeks and then travel to England where they will work with congregations in Skelmersdale, Morley, Loughborough and Corby for one month.

Thirteen students along with L.V. and Maxine Pfeifer was working with the East Kilbride, Buckie and Peterhead congregations in Scotland for six weeks. Sixteen students along with Carl and Frankie Mitchell are working with churches in Cosenza, Vittorio Veneto and Florence, Italy for six weeks.

Tom and Melody Eddins will be directing 16 students working with the Warringah and Eastside congregations in Sydney, Australia for six weeks. For the sixth consecutive year Bill and Ava Conley will be directing a team of 10 students (five from Harding and five from Oklahoma Christian College) in Caracas, Venezuela for six

weeks. Over 140 baptisms have resulted.

Bobby and Sue Parks and Joe and Phyllis Jones will lead a team of 25 CCP (Christian Communications Program) students and wives to Edinburgh, Scotland May 17-June 2, where they will work with the Hyvotz Bank congregation of around 50 members. Edinburgh has a population of about 500,000.

Eighteen students under the direction of Ken Spoor, youth minister at College church of Christ in Searcy, worked May 15-20 with the church in Dermott, Ark. Ten students are involved in Eastern Europe campaigns this summer.

Winfred and Dorothy Wright will be leading a team of 21 students into Liege, Belgium; Mos, Belgium; Geneva, Switzerland; Lyons, France; Grenoble, France; and Montreal, Canada. Their group left May 16 and will be gone approximately

eight weeks.

Northeast Campaigns will be led by Owen Olbricht, and is sponsored by Sylvan Hills church of Christ in North Little Rock, Ark. Approximately 41 students (14 from Harding) will labor May 22-August 11 in Kentucky, New York, Virginia, Alabama, Pennsylvania, Maine, North Carolina, Indiana, Vermont and New Jersey.

Northwest Campaigns, sponsored by Downtown church of Christ in Searcy, has four group leaders and will be in Washington, Oregon and Montana May 15-August 1. Twenty-four students are involved, and are divided into teams of six.

Other Harding students will be spending the summer working with congregations as youth ministers, counselors, Bible teachers and evangelists, and some will be working in summer camps also.

60th Annual Bible Lectureship to Focus on the Family

The 60th Annual Harding University Bible Lectureship will focus on "The Christian Home" as this year's theme. Set for October 10-12, the Lectureship will feature Lynn McMillon of Oklahoma City, Okla., Joe Beam of Montgomery, Ala. and the team of Carl Brecheen and Paul Faulkner of Abilene, Texas.

"Our purpose this year is to focus on the family," said Dr. Neale Pryor, Lectureship director and professor of Bible. "We are bringing in some of the best experts in the field," Pryor said, "and our scope will include the practical as well as the doctrinal side of family interactions and relation-

ships."

The Lectureship will begin Monday night and conclude Wednesday night, with an opening address by Joe Beam on the subject, "The Home: Well Begun Is Half Done," Monday at 7:30 p.m., preceded by the Harding Academy Chorus at 7 p.m.

Tuesday's lectures will begin at 8 a.m. with "How to Prevent A Divorce" by Lynn McMillon, and continue with "What Is Love?", Joe Beam, 9 a.m.; "Christian Parenting," Mike Ireland, "Power in the Home," Allan Isom, "Counseling Homes in Trouble," Bruce White, and "God Is Not Far From Any One of Us," Mary Oler, 9:45

a.m.;

"How to Stay Pure," Jimmy Allen, 10:45 a.m.; missionary reports, 11:30 a.m.; "What Shall I Take to My Wedding?", Joy McMillon, "Realistic Expectations for Marriage," Lynn McMillon, and "Teaching Our Children in Our Homes," Donald and Mary Baker, 1 p.m.; "Building Strong Families in a Chaotic World," Carl Brecheen, 2 p.m.;

"Building Strong Families in a Chaotic World," Paul Faulkner, 3 p.m.; open forum, Paul Brecheen and Paul Faulkner, 4 p.m.; program by the Harding Chorale, 7 p.m., and "The Two Shall Be One," Charles Coil, 7:30 p.m.

Jack Paul of Tyler, Texas will begin Wednesday's program at 8 a.m. with "Three Magical Ingredients for the Home" and continue at 9 a.m. with "How to Tell If You Are in Love." At 9:45 a.m. guests may choose between "Christian Parenting," Mike Ireland, "Power in the Home," Allan Isom, "Counseling Homes in Trouble," Bruce White, and "I Have Time," Mary Oler.

A coffee for visiting women will be hosted

at 10:30 a.m. by Associated Women for Harding. Jerry Jones, Harding Bible chairman, will present "Be A Leader"; at 10:45 a.m., followed by missionary reports at 11:30 a.m.

At 1 a.m. guests may choose from "What Shall I Take to My Wedding?", Joy McMillon, "Eight Skills Necessary to A Successful Marriage," Lynn McMillon, "Teaching Our Children in Our Homes," Donald and Mary Baker, and "Harding Graduate School Presents," Bill Flatt.

The lectures will continue with a theme forum at 2 p.m. on "Marriage and Divorce." Neale Pryor will speak on Matthew 19:1-9, Avon Malone will address I Corinthians 7, and Jim Massey will present "Dealing with Marital Problems in the Church."

At 4 p.m. Cecil May will lecture on "The Woman's Role of Subjection," followed by a dinner for preachers, elders and deacons at 5 p.m. The Harding A Cappella Chorus will perform at 7 p.m. and Charles Hodge will conclude the Lectureship at 7:30 p.m. with "While There Is Hope."

King to Highlight Fall Program

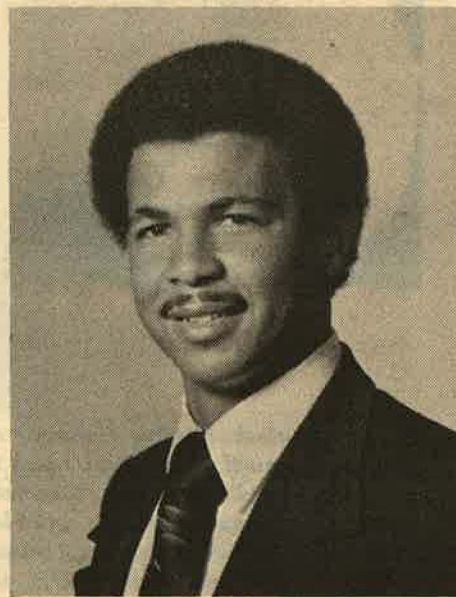

Richard King, Harding University Bible instructor, youth rally speaker and minister will present two messages as part of the second annual Harding University Fall High School Day program for young people Saturday, October 15. The fall program will include musical performances by two of Harding's singing groups, free admission to a football game and a spiritual message by King.

The activities will begin with registration in the Benson Auditorium lobby at 9 a.m. The "Belles and Beaux" performing group will entertain at 9:15 a.m., and King will speak at 10 a.m. with part one of a two-part lesson.

At 10:45 a.m. Harding's "The Time of Day" will present a 45-minute musical program.

After an hour break for lunch, King will speak at 12:30 p.m. with part two of his lesson for the day.

At 2 p.m. all those that registered for the High School Day program will be given free admission to the afternoon football game as the Harding Bisons host Southwestern of Memphis. After the contest, students interested in taking tours of the Harding campus will be given guided tours by current Harding students.

Richard King

All youth directors, counselors, teachers, ministers and other interested persons are encouraged to mark October 15 on their calendars in order to have their youth group spend a day at Harding University.

For more information, contact Scott Bellamy, Admissions Office, Box 762, Harding University, Searcy, Ark. 72143.

Degree Added to Assist Churches

To assist congregations which cannot afford a separate youth director, educational director and song director to serve the needs of the church, a new major in Religious Music has been developed by the Harding University department of music in an effort to alleviate the problem at least to a degree.

Dr. Kenneth Davis Jr., department chairman, said the major would serve as a means of support through supplying personnel who can fill the various positions.

The Religious Music major will require 65 hours that include several courses in Bible related to educational and youth work of the church. A minor is not required; however, Dr. Davis said the students would be strongly encouraged to complete a minor in

psychology and counseling.

"Actually, the field of choral directing will be part of the training, too," Davis noted, "so that means the majors will be able to organize church groups for singing at weddings or funerals. We feel this will be an additional value of the new major. Our whole thrust in this is to provide a service, and believe this is one of the most worthwhile things we can do."

Davis, who assumed chairmanship of the music department last fall upon the retirement of Dr. Erle Moore, also directs the Harding A Cappella Chorus.

A faculty of 11 serves the department, which last fall registered 60 music majors among the 2,972 enrolled for classes.

Phi Beta Lambda Chapter Scores High Marks in First Year

The Harding University chapter of Phi Beta Lambda, a national collegiate business organization, participated in the annual PBL State Leadership Conference held in Little Rock April 7-8, and walked away with an enviable list of awards and honors in their first year of existence.

Ellen Reid, president of the 64-member chapter and state public relations director for PBL, was nominated as Arkansas' candidate for national president. "Our success at the conference is a reflection of the caliber of students we have at Harding and the quality of our faculty," she said. "This was just an unbelievable accomplishment for our first year," she added.

Six other Harding students received awards, and Karen Koonce, secretary of the Harding chapter, was elected state PBL secretary. Seven hundred thirty-five students from 42 Arkansas chapters competed in the leadership conference. Representing Harding were Steve Birge, Dean Burton, Charles Dupre, Cindy Jarrett, Debbie Muhlenbeck, Tonya Newell, Bruce Picker, Kelli Rowland, Todd Sheldon, Jeff Stevenson, Mary Linda Thurmond, Brian Tucker and Lorri Young.

Events the Harding students competed in were Accounting I and II, Business Administration, Business Communications, Mr. and Ms. Future Business Executive, Business Law, Data Processing II, Economics, Executive Typewriting, Management, Marketing, Office

Procedures, and Statistics.

First place winners were Tonya Newell, Accounting II; Mary Linda Thurmond, Data Processing II, and Brian Tucker, Economics and Marketing. They, along with Koonce and Reid, will represent Arkansas at the National Leadership Convention in San Francisco, Calif. July 5-8.

Besides the four first place finishes, other Harding students placed in the competition. Todd Sheldon took second in Accounting II; Mary Linda Thurmond took second in Business Communications; Kelli Rowland earned third place in Marketing and Economics categories, and Charles Dupre finished third in Mr. Future Business Executive competition.

Phi Beta Lambda, the Greek name for Future Business Leaders of America, was founded in 1947 and has chapters in all 50 states plus Guam, Puerto Rico, the Virgin Islands and West Germany. PBL has 200,000 members worldwide, with 50 chapters located in Arkansas.

Membership in the Harding PBL chapter is open to any student enrolled in the School of Business program. Majors include accounting, computer systems analysis, business education, management, marketing and economics. The chapter was formed in October 1982.

"Our success at the competition was one small step for PBL and one giant step for Harding," commented Reid, a member of Harding's national championship SIFE

Harding Phi Beta Lambda award winners include, standing from left, Dr. Don Diffine, sponsor; Todd Sheldon, Brian Tucker and Charles Dupre; seated, l. to r., Mary Thurmond, Tonya Newell, Ellen Reid, Karen Koonce and Kelli Rowland. (Photo by Bruce Cook)

(Students In Free Enterprise) Economics Team, and former Vice President of the National Association of FBLA.

Steve Birge, Todd Sheldon and Brian Tucker served as Harding's voting delegates at the state conference.

(continued from page 20)

Julie Reed is non-foods manager with the Kroger Company in Gulfport, Miss. She resides at 511 McCaughan Ave., 3C Woodway Square, Long Beach, Miss. 39560.

Mrs. John M. Harvick, the former Marla McWhorter, is Medicare Claims Examiner with Electronic Data Systems Corp., Marion, Ill. She is a member of Associated Women for Harding. She and her husband have a son, Shawn Michael, and reside at 200 E. Patrick No. 5, Marion, 62959.

Harold "Frank" Franklin is minister for the Wilkes-Barre church of Christ. He and his wife, Rita, reside with Michael, Anthony, and Jason at 78 1/2 N. Sherman, Wilkes-Barre, Pa. 18702.

Sharon Stockton is working part-time at Aberdeen-Monroe County Hospital as a registered nurse. Her address is P.O. Box 63, Aberdeen, Miss. 39730.

Danny E. Cox is a rice and soybean farmer at Fair Oaks, Ark. He is a member of the Farm Bureau and chairman of Young Farmers. His wife, the former Tammy Ratliff (BA'80), is a special education teacher at Wynne Elementary School. Their address is P.O. Box 246, Fair Oaks, 72397.

Randall J. Smith (BBA) is employed as accountant in tax & special projects with Arkansas Power & Light. He is a certified public accountant. He is married to the former Teresa Tyree (BA) and they reside at 431 McCain, No. 115-C, North Little Rock, Ark. 72116.

Melissa Redding (BSN) is a registered nurse with Children's Hospital in Louisville, Ky. She resides at 1820 Mary Catherine Dr., Shively, Ky. 40216.

Debbie Arms Stanley (BA) is an elementary resource room teacher with McRae Public Schools, McRae, Ark. Her husband, Dean (BA'81), is coach and science teacher at Central Public School, Judsonia. The couple lives at 300 Clinic St., Apt. 12, Searcy, Ark. 72143.

Wesley J. Figgins (BA) is youth minister for the Overland church of Christ, St. Louis. His wife, the former Linda Roberts (BS), is a medical research technician with Washington University Medical School. They live at 9447 Romaine, St. Louis, Mo. 63114.

Gregory S. York (BA) is attending Harding Graduate School of Religion and working for Federal Express. He resides at 4256 Woodcrest Dr., Memphis, Tenn. 38111.

Joy J. Aebi (BSN) is a registered nurse with St. Joseph's Hospital in Parkersburg, W.Va. She resides at Route 1, Box 237, Vincent, Ohio 45784.

Michal Lynn Earnhart (BS) is general assistant and advertising artist with Beals Advertising Agency, Ft. Smith. She lives at 820 South 17th St., Ft. Smith, Ark. 72901.

James P. McCoy (BA) is attending the Harding Graduate School of Religion. His wife, Sheila, is working as secretary for the White Station Road church of Christ. Their address is 1000 Cherry Rd., Memphis, Tenn. 38117.

Tamie Rene Rix (BA) is a teacher at Sierra Christian School, Stockton, Calif. She lives at 4738 Grouse Run No. 9, Stockton, 95207.

Patti Lynn Bryant (BA) is a special education resource teacher at Harmony Grove Elementary School, Benton, Ark. She resides at 8101 Cantrell No. 1402, Little Rock, Ark. 72207.

David Paul Smith (BBA) is systems engineer with Electronic Data Systems, Boston, Mass. His wife, the former Sue Quillen (BSW), is elementary teacher at Living Word Academy, North Attleboro, Mass. The couple is at home at 16 Barrows St., North Easton, Mass. 02356.

Debie Wright (BSN) is a registered nurse at St. Anthony's Hospital, Denver, Colo. She resides at 965 S. Upham, Lakewood, Colo. 80226.

Joan Wilson Turek (BA) is a homemaker and member of the Officers Wives Club at Mather Air Force Base. She is also active in Women for Columbia. Her husband is a lieutenant in the U.S. Air Force and they reside at 2856 Lahoma Dr., Apt. 48, Rancho Cordova, Calif. 95670.

George W. Poague (BA) is employed as a staff reporter/photographer with the *Helena-West Helena World*. He resides at 822 Poplar Apt. 4, Helena, Ark. 72342.

Gale Messick (BA) is employed with Baxter Travenol Laboratories in Mountain Home. She lives at Route 4, Box 191, Mountain Home, Ark. 72653.

Warren Alkire (BS) is attending Abilene Christian University and working toward the master's degree in missions. He is also a part-time instructor/programmer for the University. An article he has written has been selected for publication in *The Journal of Undergraduate Mathematics*. He was selected to *Outstanding Young Men Of America*.

Alkire is married to the former Denise Kay (BA'81), who is a high school history teacher. They reside at 2280 Oakland Dr., Abilene, Texas 79603.

Ricky Pearson (BBA) is employed with Houston Lighting & Power Co. as office manager. He is a member of the American Management Association. He is married to the former Janice Priestley (BBA), secretary for Farmers Insurance Group. They reside at 10925 Beamer No. 207, Houston, Texas 77089.

Keith Groves (BA) is a merchant trainee with Sears, Roebuck and Co. He and his wife, the former Amy Pipkin ('83), have two children, Wesley Keith Jr. and Robert Mitchell. The family is at home at 2461 S. Kings, Springfield, Mo. 65807.

Jeff Hearn (BBA) is a tax accountant with Arthur Andersen and Co., Houston. He is married to the former Cyndie Stills (BA), who teaches the sixth grade at Westbury Christian School. She serves as vice president in charge of membership of the Houston chapter of Associated Women for Harding. The couple is at home at 6960 Bellaire No. 1203, Houston, Texas 77074.

CLASS OF 1983

Judith Lynne Brown graduated from Pepperdine University in December, 1982, *summa cum laude* and was also valedictorian. She is student teaching in the Malibu area. Judy plans to secure medical training that will enable her to work as a medical missionary in Papua, New Guinea. Her address is 5063 Rhonda Dr., San Jose, Calif. 95129.

CLASS OF 1984

Winston E. Bridges is self-employed as a painting contractor. He and his wife, Jill, reside at Route 1, Box 163, Quitman, Ga. 31643.

SPECIAL

Ron McCleary, who formerly worked in the Harding University Computer Center and took some credit hours at the University, received the M.S. degree in 1982 from the University of Missouri. He is

Dr. Arthur Shearin, Dr. Cliff Ganus III and Miss Chris Batty of Valparaiso, Ind. get ready to rehearse for a music program May 3 featuring the Harding Symphony Orchestra and Chorale. Shearin and Batty were vocal soloists and Ganus directed the program.

teaching mathematics and computer science at Rockhurst College in Kansas City, Mo. Ron resides at 1846-D Mews Dr., Kansas City, 64131.

MARRIAGES

Sharon R. Bates (BA'81) to Robert Woffard October 23, 1982. Sharon is Assistant Director of Public Information at the College of the Ozarks where her husband is an instructor in the business department. The couple resides at 1705 Taylor St., Clarksville, Ark. 72830.

Leah Naomi Watson (BA'80) to John Robert Benjamin ('81) July 30, 1982.

Jacquelyn Higginbotham ('84) to Charles R. Cross (BA'82) July 31, 1982.

Bradley D. Stroud (BA'76) to Marcia Ruth Mitchell (BA'77) March 12, 1983 in Sherman, Texas.

Deborah Lou Dillard (BA'74) to John David Hewitt January 21 in Garland, Texas. Debby has taught at Dallas Christian High School since 1976 and was chosen "Teacher of the Year". She is teaching high school mathematics and serving as sponsor for the Senior Class and the National Honor Society. In 1981 she was selected to appear in *Outstanding Young Women Of America*. In August of 1982 Debby received the Master of Science degree in mathematics from East Texas State University. She serves as president of the Texas Beta Rho chapter of Alpha Delta Kappa, an international honorary sorority for women educators. Mr. Hewitt is employed with IBM and the couple resides at 305 Thistle Drive, Garland, Texas 75043.

Kevin Isenberg (BA'82) to Beverly Dawn McGuire ('83) November 20 in Troy, Ill. Kevin is band director for Midland Christian School, Midland, Texas while Beverly attends the University of Texas. They reside at 2600 North Loop 250 Apt. 520, Midland, 79703.

Linda O'Dell (BSN'78) to G. E. (Steve) Teaster Jr. December 19, 1982 in Conway, Ark. She is employed by Washington Regional Medical Center in Fayetteville, Ark. Their address is P.O. Box 4158, Fayetteville, 72702.

Susan E. Dismuke (BBA'82) to Steven R. Richardson (BBA'82) May 15, 1982 in Belleville, Ill. Steve is employed with Goodyear Tire & Rubber Co. Service Store as retail sales and credit manager at Hot Springs, Ark. In January Steve received the Sales & Merchandising Survey Award, and plans to attend Goodyear Store Manager

School in Atlanta, Ga. in May. Sue works for Smith Whestone, Inc. as sales assistant/Southeastern states. The couple resides at 605 Second St., Apt. 4, Hot Springs, 71913.

Marguerite O'Banion (BA'42) to Dr. George S. Benson (BA'25) February 22 in Searcy. After a wedding trip to Hawaii, the couple has a dual residence, Oklahoma City and Searcy, where both are continuing their work with the National Education Program. The couple's address is Box 760, Station A, Searcy, Ark. 72143.

Wendy Leigh McDonough (BA'82) to Eric Dawkins (BS'82) December 18, 1982. The couple resides at 967 S.W. 15th, No. 105, Corvallis, Ore. 97333.

Suzanne Elrod (BA'82) to Donald G. Browning (BS'82) June 19, 1982 in Florence, Ala. Don is a freshman at the University of Arkansas Medical School in Little Rock. He has been selected as one of ten students to participate in a cancer research program this summer in Little Rock. Suzanne works for the Sixth and Izard church of Christ and serves as editor for the Associated Women for Harding newsletter. The couples resides at 1701 Westpark, No. 150, Little Rock, Ark. 72204.

Brenda Elizabeth (Beth) Parker (BA'81) to Robert Gordon Ward June 26, 1982. Beth is high school English teacher at Alabama Christian Academy, Montgomery, Ala. Her husband is office manager with Farm Bureau Insurance. Their address is P.O. Box 43, Fort Deposit, Ala. 36032.

Renee Sigman (BA'80) to Lynn Williams March 12 in Glenwood, Ark. Both of them received the J.D. degree in May from the University of Arkansas School of Law. While a student, Renee served as secretary of the Student Bar Association and as president of the Delta Theta Phi law fraternity.

Laura Brooker (BBA'82) to Kevin Uebelein (BBA'81) October 23 in Ft. Lauderdale, Fla. Kevin is an accountant with Pennzoil and the couple resides at 2686 Murworth, No. 501, Houston, Texas 77054.

Susan Roberts ('81) to Sam F. Lipe April 9 in Memphis, Tenn. Susan works as a customer service representative in the Bankcard Division of the National Bank of Commerce in Memphis. The couple lives at 3205 Knightsbridge Cove, Memphis, 38115.

Valerie Denise Kitchens ('82) to Christopher D. Bates June 19, 1982 in Jackson, Miss. Valerie is attending Lamar University while her husband teaches and

(continued on page 22)

coaches at Vidor Junior High School. They reside at 1225 Osteen Lot No. 1, Vidor, Texas 77662.

Outstanding Students Recognized on Honors Day

Outstanding Harding University students were honored March 26 in chapel by individual department chairmen for achievement during the 1982-83 school year. A variety of awards, certificates and scholarships were presented.

Bonnie Jensen of Concord, Calif. received the Outstanding Senior Art Student award. Honored by the School of Business were Chet Brown of Palm Beach, Fla.; Scottie Collins of Searcy; Steve Haynes of Little Hocking, Ohio; Michelle Humphrey of Broken Arrow, Okla.; Tonya Newell of Oak Grove, La.; Kathy Pickhardt of Atlanta, Ga.; Jeff and Scott Tennyson of Harrison, Ark.; Terri Tritschler of St. Louis, Mo.; Jeff Baughn of Columbus, Ohio and Lynn Wright of Judsonia, Ark.

Brown was named the Outstanding Junior Management Major, and has accumulated a 3.9 grade point average. He was presented the B. P. Cochran Memorial Scholarship. Collins was presented the

Orbit Valve Scholarship as the Outstanding Junior Systems Analysis Major. Haynes was named the Outstanding Senior Systems Analysis Major, and presented the \$200 Art Johnson Memorial Scholarship sponsored by the Data Processing Management Association.

Humphrey, a junior management major, received the North Central Arkansas Personnel Association award. She has compiled a 3.79 grade point average. Newell was named the Outstanding Junior Accounting Student and presented a \$500 scholarship. Pickhardt was named the Outstanding Senior Accounting Student. Jeff Tennyson received a \$2,500 scholarship for 1983-84 from the Arkansas Bankers Association, as the Young Banker of the Year. He is a junior.

Scott Tennyson received recognition as the Outstanding Business Administration Student. Tritschler was named the Outstanding Student in Business and Office

Education. She has a 3.57 grade point average as a senior. Baughn was chosen the Outstanding Senior Management Major, and presented the Bob Reely Sr. Memorial Scholarship. He has maintained a perfect 4.0 grade point average. Wright was given the Wall Street Journal Award as the top student in the School of Business. An accounting major, he has a perfect 4.0 grade point average.

Brent Oldham of Searcy was named the Outstanding Chemistry Senior and presented an award by the American Institute of Chemists. In the Modern Foreign Languages Department, Don Horsman of Florence, Ala.; Mark Brown of Searcy; Anne Davis of Searcy; Becky Ball of Little Rock, Ark. and Susan Perkins of Liverpool, N.Y. were honored. Horsman was named the Outstanding First Year German Student; Brown was the Outstanding First Year Spanish Student; Davis was the Outstanding Advanced Level Spanish Student; Ball was the Outstanding Beginning French Student, and Perkins was the Outstanding Advanced French Student.

Paul Perkins of Rochester, N.Y. was named the Outstanding Senior English Major. Jeanne Stewart of Montgomery, Ala. received the Society of Collegiate Journalists Award in Radio; Laura Brown of Bridgeport, Ohio received the Society of Collegiate Journalists Award in Newspaper, and Jay Simpson of Pocahontas, Ark. received the Society of Collegiate Journalists Award in Yearbook. Simpson was also named Journalist of the Year.

In the Department of History and Political Science, Carla Treat of Searcy, David A. Smith of Searcy and Gene Billingsley of Lemoore, Calif. were honored. Treat was presented a certificate for Best Book Review. She reviewed *The Dixie Diary* by Mary B. Chestnut. Smith was recognized for his political science paper, "The Marxian Concept of Alienation: An Overview." And Billingsley was honored for his history paper, "The Effects of 19th Century Technological Advances upon the Evolution of Warfare."

In the Department of Home Economics, Debbie Ballinger of Searcy; Cheryl Crockett of Irving, Texas; Cheryl Holsonbake of Caddo, Okla.; Nancy Keetch of Jacksonville, Ark. and Tonita Regier of York, Neb. received praise.

Ballinger, a freshman, received \$25 for having the highest grade point average (3.77) in her class. Crockett, a senior, received \$25 for having the highest grade point average (3.71) in her class. Holsonbake, a sophomore, received \$25 for having the highest grade point average (3.81) in her class, and Regier, a junior, received \$25 for having the highest grade point average (3.98) in her class. Keetch was named the Outstanding Senior Home Economics Major.

Debbie Hooten of Amarillo, Texas was named the Outstanding Social Work Major. Meg Finch of San Jose, Calif. and Lee Whitaker of Nashville, Tenn. received \$50 book awards as the Outstanding World Evangelism Students. Ken Henry of Williamsburg, Va. and Kevin Kehl of Arlington, Texas each received awards from the Gail and Billie Ireland Scholarship Fund.

Chris Riley of Hyattsville, Md. was named the Outstanding Psychology Student. He presented a paper April 22 at an annual meeting of the Arkansas Psychological Association which received first place. Title of the paper, prepared under the guidance of Dr. Bob McKelvain, was "Objective Self-Awareness and Motivated Distortion on the 16 Personality Factor Questionnaire."

Spring Sing Results Announced

1983 Spring Sing at Harding University featured 12 acts by 28 social clubs with some 650 students on stage. Awards included cash, trophies, and plaques to winning clubs in each of several categories.

Sweepstakes winners for the third year in a row were Chi Sigma Alpha and Regina, with "A Sandwich Is A Sandwich, But A Man Is A Meal." The colorful cannibals drew high praise from the judges, with wins in the choreography, costume, music and participation categories, and second place in theme.

First runners up in Sweepstakes were Kappa Kappa Kappa and Kappa Sigma Kappa with "Whatever Floats Your Boat." The riverboat entertainers were judged second in music and choreography and fifth in theme.

Second runners up in Sweepstakes were Zeta Rho and TNT in "All Dressed Up With No Place To Go." The penguin performers were winners in theme, and

rated fourth in music, third in choreography, and second in costume.

Third runners up in Sweepstakes were Ju Go Ju and Galaxy in "Follow Your Nose." The noses placed third in music, theme and costume, and fourth in choreography.

Fourth runners up in Sweepstakes were Ko Jo Kai and Sub T-16 in "Dat Cotton-Pickin' South." The field hands took fourth in theme and fifth in choreography.

Other finishers included Shantih/Beta Phi Kappa in "Making Light Of The Dark Ages," fourth place in costume and second in participation; Theta Psi and Omega Phi in "Give Me A Break," fifth place in costume and participation; Ka Re Ta and Zeta Phi Zeta in "Nothing Up Our Sleeve," third place in participation; Chi Alpha Rho and Kirei Na Ai in "Chip Off The Old Block," fourth place in participation; and Knights/Phi Delta and O.E.G.E./King's Men in "Reach Out And Touch Someone," fifth place in costume.

1983-84 KHCA Staff Chosen

Allan Kelm has been chosen as the operations manager for the 1983-84 school year, according to Louis Butterfield, faculty supervisor for KHCA.

Kelm is a sophomore drama major from Memphis. This year was his first full year working at the station, Butterfield said. He will receive a \$600 scholarship, for filling the position which requires 30 to 40 hours of work per week.

The new traffic director is Debbie Grant. Grant is a freshman public relations major from Miami Beach, Fla. The scholarship for traffic director is \$300.

The new production director is Anthony May, a freshman mass communications major from Kalomo, Zambia. May's

position brings a \$400 scholarship.

The new music director is Kerry Smith, a freshman mass communications major from Danville, Ill., who will receive a \$400 scholarship.

Lorie Johnson, a junior mass communications major from Columbus, Ohio, will be the news director and get \$400 in scholarships.

The new sales representative is Heidi Bettich, a junior public relations major from Red Wing, Minn. This position merits a \$400 scholarship.

The new on-air coordinator is Phil Thames, a freshman mass communications major from Huntsville, Ala. He will receive a scholarship of \$450.

Singing Scheduled June 24 in Alabama

Scott Bellamy, Harding Admissions advisor, will be in Huntsville, Ala. June 24 for the Fourth Annual Tennessee Valley A Cappella Singing.

Area churches of Christ will be sponsoring the event, which will be held in the Von Braun Civic Center Concert Hall from 7 p.m. to midnight.

Bellamy will be in charge of a table display featuring information about Harding University. Approximately 2,000 people are expected to attend.

Personnel Needed for Time of Day

Tryouts for the Time of Day musical trio at Harding University will be held June 16, during the first early orientation session this summer, according to Chris Dell, admissions advisor and coordinator for the group.

"We encourage interested young men to contact us and make an appointment to try out," Dell said.

The Time of Day was organized in 1973 and will be entering its 13th year of entertaining for others while representing Harding.

BIRTHS

Daughter, Kristin Sheila, to Brett (BS'81) and Tonya Hesselrode ('82) Organ June 20, 1982.

Son, Jason Benjamin, to Jim (MAR'82) and Beverly Atwood November 4, 1982.

Daughter, Megan Michelle, to Bob ('82) and Christy Burrow January 31.

Daughter, Elizabeth Dale, to Robert and Nancy Black (BA'69) Lahey October 6, 1982.

Daughter, Meredith Maxine, to John (BS'79) and Terri Baker (BA'78) Dykes April 11 in Fayetteville. The family resides at 2733 Barcelona, Fayetteville, Ark. 72701.

Son, Blake Norman, to Norman (BS'79) and Lynn Osburn ('80) Kahla March 30, 1982. They live at 7921 Aaron Circle, Plano, Texas 75023.

Daughter, Amanda Jean, to Rusty (BS'78) and Nancy Harris ('79) Meadows March 9. She joins Justin, three. Rusty is employed with Arkansas Specialty Company. The family lives at 2109 Marilynn, El Dorado, Ark. 71730.

Daughter, Katie Elizabeth, to Dan (BA'79) and Betsy Compton June 30, 1982 in Muskogee, Okla. Dan is claims adjustor for Farmers Insurance Group. The family resides at 3535 Delaware, Muskogee, 74401.

Son, Kyle William, to Bill and Beverly Harlow ('76) Vath December 23. They reside at 3341 Espanola Dr., Gulf Breeze, Fla. 32561.

Son, Adam Doyle, to Doyle ('68) and Mary Don Merriman (BA'66) Prestridge November 28, 1982 in Warren, Mich. He joins his brother, Chad Everett. The family is at home at 1939 Chancery, Troy, Mich. 48098.

Daughter, Anna Jane, to David (BA'75) and Treva Wade (BA'76) Henderson March 8 in Dallas, Texas.

Daughter, Joy Lynn, to Phil (BA'81) and Robin Dillard March 19. The family lives at 3885 Payne, Attica, Mich. 48412.

Daughter, Kelcey Liane, to Robert and Kaylen Hall (BS'71) Fry October 19, 1982 in Houston, Texas.

Kaylen was chosen for inclusion in *Outstanding Young Women In America*. She formerly served as Assistant Director of Public Affairs at Baylor College of Medicine until she left to free-lance and devote more time to her family. They reside at 1755 Kipling, Houston, Texas 77098.

Son, Alan Michael, to Roger (BS'78) and Sheila Bawcom (BS'79) Hooten February 24 in Little Rock. He joins big sister, Amy Michaelle, two. The family lives at 21 Lawrence Dr., Little Rock, Ark. 72205.

Son, John Kolby, to Carl (BA'80) and Barbara Burt ('81) Kuwitzky February 9 in Ft. Smith, Ark.

Daughter, Brittany Morgan, to Thomas ('62) and Melanie Chandler (BA'72) Sawyer February 22 at Plano General Hospital. The family lives in Carrollton, Texas and has two other children, Christi Brooke and Clinton Barrett.

Son, Hunter Lee, to Doug (BS'79) and Joyce Richardson (BS'76) Wilson March 11 in Little Rock, Ark.

Daughter, Sarah Adriane, to Tom (BS'77) and Leah Formby (BA'77) Justus April 5 in Malvern, Ark.

Daughter, Keri Leigh, to Tom (BA'73) and Debby Deidiker ('74) Estes January 11 in Rochester, Minn. She joins three-year-old brother, Jimmy. Tom is a resident in Neurosurgery at the Mayo Clinic.

Son, Andrew Michael, to John (BA'79) and Brenda Buck August 5, 1982 in Grand Rapids, Mich. The Bucks have recently moved to sunny Florida where John is working with the church there. They reside with their two children at 1526 Sunkist, Sebring, Fla. 33870.

Son, Andrew Lawrence, to Joe (BA'73) and Cherie Holland ('75) Mathias October 6, 1982. He joins Michelle, six, and Nicholas, three. The family resides at 2110 Oakwood, Richardson, Texas 75081.

Son, Jared Hughes, to Kelly (BA'74) and Arlene Hughes (BSN'78) Morris April 5 in Oxford, Miss.

Son, Shaun Adam, to Rick (BA'79) and Patrice Murphy (BBA'79) Hamill March 9 in Searcy.

Daughter, Amana Jean, to Rusty (BS'78) and Nancy Harris ('79) Meadows March 9 in El Dorado, Ark.

Daughter, Hannah Jane, to Skitch (BA'75) and Treva Wade (BA'76) Henderson March 8 in Dallas, Texas.

Daughter, Natalie Margaret, to Gary (BA'79) and Rita Mott (BS'79) Rhodes March 11 in Searcy.

Son, Brent Warren, to Walt (BS'81) and Kelly Smith March 13 in Colorado Springs, Colo.

Son, Shawn Manley, to John and Carol Manley (BS'78) Douglas April 8.

Daughter, Jocelyn Leigh, to Jimmy and Nancie Garner (BS'75) Bailey December 1, 1982 in Russellville, Ala.

Son, Nathan Ardell, to Ken and Tricia Klemm (BA'77) Porter November 11 in Kansas City, Mo. He joins sister, Bethany Gwen, two.

Son, Joel Matthew, to Joel (BA'77) and Lesa Schofield (BA'77) Inman March 19 in Memphis, Tenn. He joins two older brothers, Jonathan, three, and Mark, one. Joel is a medical technologist and a graduate student at Harding Graduate School of Religion. The family resides at 1740 Morlye St., No. 6, Memphis, 38111.

Son, Matthew Woodson, to J.C. and Terri O'Neal ('76) Dean March 23 in Tyler, Texas.

Son, James Rector, to Larry (BA'76) and

Kim McClarty of Memphis, Tenn. is all smiles after receiving her long-awaited diploma.

Evelyn Garton (BA'76) Wilson March 29 in College Station, Texas. He joins big sister, Rachel.

Daughter, Meredith Leigh, to Jim ('75) and Martha Hart ('77) White May 1 in Parkersburg, W.Va. Jim is with Ohio Valley College and the couple resides at 1303 20th St., Vienna, W.Va. 26105.

Daughter, Lindsey Beth, to Phillip (BA'80) and Patricia Sills (BA'78) Martin December 16. She joins Jamie Nicole. The family lives at 3035 Meadow View Dr., Missouri City, Texas 77459.

Son, Lain Douglas, to Doug and Debra Harris ('77) Clements May 17, 1982. He joins big sister, Lindsay Diane. The family lives at Route 4, Box 463, Grand Bay, Ala. 36541.

Daughter, Lisa Anne, to Paul and Carolyn Ann Watts (BA'77) Blount April 20.

Daughter, Elizabeth Jo, to Bob and Jan Baur (BA'75) Reeder July 25, 1982. They reside at Route 2, Box 196-B, Buffalo, Texas 75831.

Son, Jake McClain, to Mickey ('69) and Anne Driver February 26 in Atlanta, Ga.

Son, Robert Mitchell, to Keith (BA'82) and Amy Pipkin ('83) Groves November 27, 1982.

Daughter, Rachel Chavvah, to David (BSN'81) and Linda Skaggs ('82) Sayle March 4, 1983 in Stevensville, Mich.

Son, Joel Nathan, to Eugene (BA'74) and Karen Moran (BA'78) Goudeau April 26 in Brazil. He joins Jonathan, five, and Jared, three. The family's address is Caixa Postal 360, 79100-Campo Grande-MS Brazil.

Son, Justin Rhett, to Randy (BA'75) and Linda Scott ('77) McCord April 10. They live at 24450 Tiner Ct., Malibu, Calif. 90265.

SYMPATHY

Our Sympathy To

The family of Fred J. Morris ('29) who died December 28 in Fayette, Ala. of cardiac pulmonary arrest. He is survived by his wife, Mary, and two daughters, Mrs. Fred Cunningham and Mrs. Don Rushing.

Loren Nichols ('50) of Searcy, Lorene Leath ('52) of Paragould, and Oreltha Turner ('41) of Jacksonville, in the death of their mother, Mrs. Ulma Nichols, March 22 in Searcy.

The family of John L. Goins who died September 28, 1982 in Paragould, Ark. He was the father of Mrs. Mary Reilly ('57), Mrs. Jane Howard (BA'62), Mrs. Lydia Brown (BA'62) and David Goins ('65).

Gottfried Reichel (BA'53) in the death of his father, Johanees Reichel, in West Germany. He was the grandfather of Michael Reichel (BA'78) of Munchen, West

Germany and Katharina Beavers (BS'80) of Searcy.

The family of Bonnie Jeanne Stuart McGill ('76) who died January 29 when the family car rolled over her accidentally in Altamonte Springs, Fla.

Geneva Waller Myatt ('62) in the death of her mother, Mrs. Betty Waller, of Bald Knob.

Cathy Jill Moore (BS'73) whose father, Clyde Moore, died April 4 in Little Rock.

Bob ('52) and Eleanor Manasco whose son, Robert W. III, 26, was killed March 17 in an industrial accident in Dayton, Ohio. He is also survived by his wife of seven months, Sandra.

Bob is minister for the church of Christ in Byesville, Ohio. His address is P.O. Box 116, Byesville, 43723.

The family of Mrs. Jeff Wilkerson, who died in Paragould March 14. All three of her sons attended Harding: Ernie (BA'52) of Dallas, Texas, Don (MA'60) of Little Rock, Ark. and Wayland ('55).

Conrad Fugitt Jr. (BA'63) in the death of his mother, Mrs. Dorothy Fugitt, April 13 in Jefferson City, Mo.

High School Music Camp Offered

A week-long High School Vocal-Choral camp for students in grades 9 through 12 will be held on the campus of Harding University, Aug. 7-12. Under the direction of Dr. Arthur Shearin, the session will feature classes in music fundamentals, vocal techniques and interpretation, choral rehearsals, music reading, song directing, and literature and appreciation.

The introductory session is planned to provide students with opportunity to develop vocal and choral music skills and will be taught by Shearin and other members of the music faculty at Harding.

Sessions will be held in the Claud Rogers Lee Music Center and campers will be housed in air-conditioned dormitories. The camp will open with registration on Sunday, August 7.

The 22nd annual Tahkodah Music Camp for college students will be held Aug. 12-18 at the University-owned campsite 40 miles from the Searcy campus. The session is a concentrated offering of instruction and recreation in a setting on Salado Creek.

Fee for each camp is \$95. A \$25 deposit will assure a reservation. Further information and a brochure may be obtained by writing Dr. Shearin at Box 772, Harding University, Searcy, Ark. 72143.

Harding University BULLETIN

Harding University admits students of any race, color, and national or ethnic origin. Also, in compliance with Title IX of the Educational Amendments of 1972, and section 504 of the Rehabilitation Act of 1973, Harding University does not discriminate on the basis of sex or handicap in its educational program, activities, or employment except where necessitated by specific religious tenets held by the institution and its controlling body.

Clockwise, Secretary of the Interior James Watt and Harding President Clifton Ganus Jr. chat during a Little Rock news conference this spring; Linda "Chappie" Phillips of Royal Oak, Mich., displays the form which earned her most valuable player honors on this spring's Lady Bison softball team, and assistant editor Suzanne Johnston of Paducah, Ky. presents the 1983 Petit Jean to Dr. Josephine Cleveland, this year's dedicatee.
