I have just received your last letter and as always it brought me a great lift to hear from you again

As always these few lines leave me feeling fine and in the best of spirits and I hope they will find you in the best of health.

I have been reading in your paper about your present meeting and I truly wish I could be present for I know that great work can be done in such meetings and I'm sure I could obtain great material help. I hope that some day, God will see fit for me to devote my life to his great cause. Much of my life has been wasted or torn down

because I depended on a worldly
love to help me over the rough
spots instead of God's love which
should be first in any mans life.

I have received a letter from
some lady in Ind. and she sent
me a lot of little pamphlets issued
by the Free Tract Society. I
of course answered her promptly
but explained about my views
of the Bible and told her I
knew nothing of her belief or
the free tract society. I wish
that, when ever you have a
few moments to spare you
would give me some data on
the subject for if I am ever to
help any one see the mistakes
that are taught here or there I
must know the basic principles
of there belief

God
first

In some of the pamphlets were stories of men, just having to pray for a couple of hours and live a Christian life ever after. In my letter to her I explained to her that in order for a man to gain faith he must first understand the laws of God he must study and as he studies and prays faith will grow until it masters the person whom obtains it.

I know you are looking forward to your work in Dallas and I hope God will be with you. I know the people of Charleston will regret to lose you but I know they realize you can do greater work in a larger field.

At the present time I still

have no idea when my trial
will be but I had no fear of it
because I know God will do whatever
is best for us all and with
him at my side who can hurt
me

Well as always there is no
local news here to write of
so I will close for this time
I pray that God will be with
you always.

As Ever

Alonzo E Jones.

P.S. Thanks a lot for the Money
for it will sure come in handy
as I was all out of stamps and
material, a.e.j.
