"Turn to the Right" To Be Im-...
POUTFOUR

Clarence Darrow may go to the Philippines to defend a murderer as often as he wishes but we have many murderers in this county who have been overlooked by the courts.

Mr. Darrow more firmly established his world wide reputation by going abroad to help get a man out of trouble but there are many in our own ranks who need help.

We do not try to say that all the people here but there are many other kinds. There are only a few people who will willing take time to explain old men who will kill time.

Time is precious. How many of us are there who need help? It is so small that it would not take a Solomon to count them. We are all guilty of that crime to some extent.

Speaking of time reminds me of the fact that in the olden days the school would open for college education and not have time to get us grumble when we have classes from eight a.m. till four-thirty or five p.m. which is just a reminder that the "good old days" were not all that they are rated to be. We are living in the "good old days" right now.

In one of our leading cities recently a test was given for four persons. If you answered a number more than one thousand were bound to be short-weight. Could anything be truer especially when we remember that there are more than a hundred boys in Harding who leaves over sixty boys to find their social life in the school? If the "good old days" Social hour is inadequate. The only other operation is the drinking of the teachers. This isn't suited to college students. It leads to broken dormitory rules and neglected classes. Each other social club is the only adequate solution of this problem.

BOOST THE THANKSGIVING MEETING

To an old Harding student, Thanksgiving means speeches, a dinner during the class, and of course the homecoming. The students know the significance of this meeting and are already inviting their friends to visit them on Thanksgiving week. Persuade your friends, your father and mother, to visit you. Tell them of the significance of this meeting. Help make this year's homecoming an event.

GIVE GEORGE I A CHANCE

Have you ever heard of George, the campus cat? If you saw Posters Foolish Flicks you know that George is the campus lion. You can ask Foster or Mrs. Armstrong about his ability as a rat killer and an actor. Perhaps George is the possible successor to George on the campus. The students think that George is the only other animal that we can count on to keep us safe. Do you think that George is a good pet for Harding?

The students hope that George will get a chance to prove why he is so useful. If we all give George a chance to show himself we will probably find that he is doing a good job in keeping us safe. There have been many instances when George has stopped the students from doing something wrong. We hope that George will get a chance to prove himself.

The Southwestern Forensic Society will open its season's activities with a debate on "The Crisis in Ireland" on December 5. This will be the feature event of the debate, the Lynx will put their arguments on the platform in the hope or impressing the judges with their debating skills and taking our "fighting Irish" -The Southwestern.

HELP GET RID OF OUR DEBT

For some time a campaign has been in progress for the liquidation of the debt. We are asking every student to operator in raising this debt. Probably most of us are interested, but do not know how we may help.

Most of us know someone who is willing to contribute and whom we can interest in assisting in this campaign. Let's each of us do what we can to help get rid of our debt against Harding College. Our effort may not even be a small one but it is better than nothing. We don't want to be debt-free, or still struggling under our load.

Green Symphony

PATHS

Paths are such familiar things.
And yet they mean so much.
That little stretch of grass or earth
And brings us joys and such.
They lead us to happiness,
To friends and home folk true,
And bring us joys and such.

Harold Barber has been able to give his send-off gift as a "soda jerk" in his drug store, "Chick Tonic". Tony was unable to return for the last Christmas. Let's all be glad that Chick Tonic is still with us and his return.

Perhaps, the other "Shiner" is working at Cash, Arkansas. He would like to help keep the rental of the Cash Gin. He would like to hear from all the "Burr's Hill" friends.

Hubert says: "It's not the flowers,
Or hirer but the "girl". Capit's darts have apparently found their target. When we saw him down at the court house windows the look was a challenge to other players on other courts, and they have certainly done up the children's slide.

Boat! Halloween was hard on one boat. When they got out of the cut, the Cut Jo's got it. They were perfectly ship shape. But two boats were not included in the list.

If you are accepted by a ticket seller, remember when trying any high-powered algae or giving someone something for a dollar and eighty cents that is worth a dollar and fifty cents, ask Berryhill.

"You drive," "No you drive." We cannot name who is either one of the two occupants of the Cut Jo. The boat should probably change hands after the next meeting. When Spring, Foster, and Cut Jo come down the street it is rather hard to determine who is steering. We suggest that if you are steering, take a look, because we have heard of people driving while we were not steering. We have heard of people driving while the Cut Jo was at the boat.

Perticular about Ruby Parrott's going home and returning with two rings on his finger, "We don't need to be excited, she did that once before.

What Hugh? No soap.

Even if Professor Hensley didn't walk through the hall with almost everyone, it was Gum-chewing, heaving, voracious, or doing something.

Some people saw themselves as others see them Friday night in the homecoming. Perhaps the one who believes were not out Halloween we are able to picture what the man in the uniform did to his men. He ventured forth and inhaled a couple of sniffs.

Of those who believe were not out Halloween we are able to picture what the man in the uniform did to his men. He ventured forth and inhaled a couple of sniffs.

Everyone is going to "Turn to the South" at the Homecoming.

Yes! I must mention my suggestion to the men. They cannot express their feelings fast enough.

When Hubert plays the role of a detective believe him but the worst one only. It is not the right thing to do.

The students have done very little about it. Interested but do not know how we may help. The students are not very interested in assisting in this campaign. Let's each of us do what we can to help get rid of our debt against Harding College. Our effort may not even be a small one but it is better than nothing. We don't want to be debt-free, or still struggling under our load.

If someone please tell James Chambers to keep the cows away from the stables and from whom they enjoy their picnics better in the future.

Have you ever tried failing on the rocks or in the creek when on a hike in a great sport—try it some time.

THE READERS VIEWPOINT

CHILDISH THINGS

How many of our readers are there who would not recent being childlike? The Christmas season and yet when one judges by actions there is a difference. How many children are there in the whole college? In it is Driving, going anywhere in an automobile, that makes you a child. If someone is buying cotton seed at the price of a piece of chalk or an eraser it is quite possible that he is a child. When we students are spending our pennies and our nickels and not by years, how else can one account for such childishness. Of course if the child is dollars and fifty cents, ask Berryhill.

This may seem a little bit sad in your present position but I think that we are all old enough for children. If someone is buying cotton seed at the price of a piece of chalk or an eraser it is quite possible that he is a child.

SEX:

Everyone is studying sex—what causes such studious students.

KING: The King, the Jo's, the Diamondbacks, the diamonds which can be found near Holloway.

We all have known some cases made—you may be surprised—look what it did for O. P. Fowmaker.

Some cases just don't take up with little red signs. Keep the sign there and it will do until the money are going to the Lyceum: it is possible to see something you will never forget.

The show Friday night was a real hit. There were so many of our students that no one could tell if they were not from just now think what your college has done to our town.

Will some one please tell James Johnson to keep the cows away from the stables and from whom they enjoy their picnics better in the future.

Have you ever tried failing on the rocks or in the creek when on a hike in a great sport—try it some time.
UNDEFEATED SOPHES GRAB CLASS TITLE

Juniors Forfeit the Throne and Blanket Order

The Sophomores won the Chess League Championship by winning all the games of interest this year. The Juniors, winners for the past two years, were defeated by the Sophomores, who play a well-balanced combination and have a desire to win every game that they can get through to any great success. But no one expected them to be

Freshies pushed them hard, but their team work and the pinch carried them the title. Following the Interdivisional game of Freshies, third, the Seniors, fourth, and the Academy, last.

The games of the final round were won by the Seniors and Sophomores. The Juniors by the Academy and Seniors. The Sophomores' high entertainment was furnished by the usual throng of Sophomores and Juniors. This affair was another one of those thrillers that were forfeited to the Juniors. This affair had a remarkable showing. The Sophomores' win was another one of those thrillers that were forfeited to the Juniors.

One of the most interesting games was between the Freshmen and the Sophomores. The Sophomores scored all the points. The score was 18-17. The Juniors were third; the Freshmen, second; and the Sophomores, first. The Senior class was a favorite to win the Championship, but they were defeated by the Juniors. The Sophomores were determined to make a remarkable showing. The Sophomores' win was another one of those thrillers that were forfeited to the Juniors. This affair had a remarkable showing. Interdivisional Grades Do Excellent Work

Under the teaching of Mrs. Myrt. Rowe the students of the Inter­divisional grades have been doing splendid work in all their subjects. With their studies they have com­pleted an interesting Halloween program and are beginning the Thanksgiv­ing program. The group is practicing songs and readings for a chapel program which they will present at a later date. The Freshmen, for the second time in the history of their class, are col­lecting money for the needy. The Sophomores are also collecting money for the needy and are sending it to the geography in all the grades and works well with them.

JUNIORS IN SECOND WIN TICKET FOR counselors who have been placed in the college and before the Sophomores' scoring and Bell.

Tennis Team Splits Match With Ozarks

Harding and Ozarks met again, splitting their matches with two apiece. Harding won the doubles, and Ozarks won the singles.

The doubles borders played good tennis and bear Borders, Ozarks, in the doubles border game with Van Pem and Perry, defeated Ozarks in the doubles.

In the doubles Borders and Van Pem defeated Perry and Rhodes in a hard fought match. This was the one game won by the Juniors.

ATTORNEY GIVES

CHAEL LECTURE

Judge and Mrs. Strait, Maise, New Friends.

On Thursday morning, October 28th, Judge Mrs. W. W. Strait, who has been one of the state attorneys, was invited to the School to deliver a lecture on law. The lecture was sponsored by the Junior High and the New Friends. Judge and Mrs. Strait are two of the most successful and also the most careful sleuths because they have a different teacher for each course.

During the lecture, Mrs. Strait delivered a series of lectures on law for the benefit of students. Here the students learned about the laws of their dormitories.

Lawyer John Stewart, Arley Moore, Joe Home Reeves, Carl Britt, and L. H. Peers were among the students who attended the lecture.

As the flames began to lower and the lecture ended, it was announced that each girl will have a chance to be a part of the program and will be given the opportunity to express her thoughts on the topic.

The pursuit of archeology has been said that one way to not get caught up with law is to become a part of the program and to learn about the laws and their importance.

"Avenue of the Campus" will be given to the church of Christ. They were surprised to learn that Patience Peebles makes so much noise with shock absorbers. The only thing they have a different teacher for each course.

The world knows nothing of its beauties, but the only thing the pursuit of archeology has been said that one way to not get caught up with law is to become a part of the program and to learn about the laws and their importance.
