MINUTES

The regularly scheduled meeting of the Student Council was held on Tuesday night, January 20, at 9:00 p.m. in the Seminar Room of the library.

The meeting was opened with a prayer led by Paul Cantrell.

Business attended to was as follows:

1. A letter was received from Professor Evan Ulrey concerning the petition that was given to him concerning the conflict in meeting time of Large Chorus and the Dramatics Club. He said that a study is being made on activities and scheduling of them and it will not be finished until sometime during the coming semester. This will be too late in the year for a change to be effected. So his advice is to endure the conflict this year and probably something better can be worked out for next year.

2. The general meeting of the entire student body is set for Tuesday, January 27, during the regular chapel period.

The remainder of the meeting was turned over to Mrs. Hart to discuss how students may cooperate with her and improve dining hall conditions. High points in the discussion were:

1. The need for a sign to put up when the north door to the dining hall is to be used. The President was appointed to get a sign and give it to Mrs. Hart who will see that it is put up when it is needed.

2. The problem of a slow moving line could be partially solved if students would remember to hurry through the line.

3. There is a possibility that the supper hour may be changed back to 5:00. Mrs. Hart said that provision would be made for those participating in the intramurals.

4. To the suggestion that sausage be served for breakfast, Mrs. Hart said she would try to work that out.

5. Mrs. Hart agreed to see Dr. Benson about having a Dress-Up supper once a month. She said that it was impossible to have it once a week due to the shortage of labor in the kitchen.

6. It was suggested that students could be a great help to the dining hall workers if they would be careful how they stack the dishes on the trays, wipe lipstick off the glasses, and be sure not to put napkins, etc. in the glasses.
7. Mrs. Hart said that if students could only remember when they begin to gripe and criticize that she could do more even with the money that she has now if she had more help. She has only five full-time workers. These five people cook three meals a day for 600 people.

The meeting was adjourned.

Respectfully submitted,

Kathryn R. Campbell
