MINUTES

January 29, 1953

The first of the two annual general meetings of the 1952-53 Student Association was held at 9:50 a.m. on Thursday, January 29 during the regular chapel period in the large auditorium in the administration building.

The President opened the meeting by saying that the Student Association was created for the student body as well as for the faculty. It is not just an instrument for the faculty, but it is an instrument through which a better understanding and cooperation between student body and faculty may be obtained and therefore a better Harding. He urged the student body to give their suggestions, criticisms, gripes, etc. to their delegates to the Executive Council. There attention will be given to them and changes will be made where they are for the good of the majority.

Following are some suggestions for conduct in the dining hall given to the President by Mrs. Hart, the dietitian:

1. Move the line as fast as possible.
2. Stack trays neatly; don't put napkins in the glasses or leave lipstick marks on them.
3. Take care of dishes and other equipment. Mrs. Hart has a budget and any money left over goes back into food, thus improving it. Saving time and wear and tear on the dining hall and the equipment there is for the benefit of the student body in the long run.

The possibility of moving the supper hour from 5:45 back to 5:00 was discussed. It was voted upon by the student body and decided to leave it at 5:45.

The problem of babies disturbing the audience and the performers at the Lyceums was discussed. A suggestion was made that those with babies sit at the back of the auditorium next to the aisle and leave immediately when the babies begin to disturb. Another suggestion was made that seats be reserved in the rear of the auditorium for those who bring their babies.

The President announced that Brother Moore has asked that all students who have suggestions for lyceum numbers that may be used next year please turn these suggestions in to him.

The meeting was adjourned.

Respectfully submitted,

Kathryn R. Campbell
