## Reception Held For Student Body

### State Representatives Introduced By Mr. Andrews

The annual "Get-Acquainted" meeting of Harding College students and faculty was held in Matthews auditorium Saturday evening, September 30, at eight o'clock. The feature of the program was speeches by representatives from 21 states, Mexico and Canada.

Robert Gibson, representing Arkansas, made a short address telling of the seven wonders of the beloved state, followed by the state song, sung by all members from Arkansas. Robert welcomed all out of the state students and teachers to Harding and especially to Morrilton, his home town.

The next speaker seemed to think Arkansas should be the "goat" of all his jokes and did a good piece of work in that line, but he seemed to have started something for the next few speakers to follow his example and in brief, censured Arkansas. However, Arkansas didn't suffer alone, for each speaker seemed to have some joke on some other state and didn't hesitate to tell it.

Kentucky did itself proud in describing its state by means of a musical reading rendered by Gayle Hamilton accompanied by Miss Moody.

Florida seemed to have some difficulty in obtaining a speaker, and the fourth representative of that state, Beverly Waters, saved the day for that sunshine state.

Charles Paine, representative for Georgia, then told of the two kinds of Georgia peaches—those growing on trees and those growing on two legs.

John Stewart, the "one and only" from Colorado, humorously described his state as growing nothing but men and women, consuming and using the many products of the other states, and dogs to be the only things they could really call their own.

(Continued on Page 4)

## MANY STUDENTS TO BE DEBATERS

### Both Boys and Girls Teams to be Organized

Thursday afternoon seventeen young men and two young ladies responded to the call of Dean L. C. Sears for those interested in debate. If numbers indicate anything, Harding should be able to put forth some winning teams this year. With several tournaments in prospect one should at least be won by Harding.

The first question to be studied is: "Resolved, that the Colleges of Arkansas should eliminate intercollegiate Athletics and Adopt a plan of Intra-Mural."

In Frank Rhodes, Neil Cope, James Johnson, and Loye and Roy Ruckman of last year, and Billy Norris of 1932 there is much experienced material from which to build the men's teams.

The newcomers are: Stoy Pate, Jess Anderson, Lavon Banks, Leonard Johnson, Courtney Ryland, Woodrow Whitley, Edwin Hughes, Walden Gardner, Henry Pierce, Bynum Green, and W. F. Anderson Jr. The young ladies were Eunice McNeelis and Mildred Majors, sister of Dorothea who made a real record in debate. Other young women should report before long.

### JU GO JU'S RE-ORGANIZE

The Ju Go Ju Club started out its year's work by meeting and electing new officers for the fall term. Susie Burns was elected president; Dona Pursley, secretary and treasurer; and Thelma Bradley, reporter.

The old members of the club that are back are: Susie Burns, Dona Pursley, Eva Lee and Thelma Bradley, Geraldine and Juanita Rhodes, Geraldine Drake, Lucille Southern, Nova Capps, Kathryn Mattox, and Clarice Kelley. Miss Moody will again sponsor the club, and great things are to be expected from the Ju Go Jus.

Mr. and Mrs. W. A. Brawley spent Sunday and Monday with their daughter, Prussia.

## Why Can't We Walk To Church?

The sound of loud moaning and groaning, of wailing and gnashing of teeth, was heard sounds of terrible agony, and suffering of physical torture issued into the night. Being sure that someone was seriously injured, perhaps dying, I ran into the boys dormitory. Once inside, I found that all the fuss was due to the announcement that Sunday night church would be held in the auditorium this year instead of down town.

And that means, dear reader, that no more Sunday nights will the boys of the barn escort fair damsels back and forth to church.

## SINKERS SET SAIL IN EARLY MORNING

### Arkansas River is Scene of Club Adventure

In the silence of the early morn of Monday, October 2, the tars launched the sturdy old tub, Sub-T-16, and sailed forth to meet the rosy dawn with a breakfast at sunrise on the rocky shores of the Arkansas river.

At five o'clock the anchors were lifted by Skipper Pinky Berryhill. The other tars were Billy Norris, Frank Rhodes, James Johnson, Hubert McReynolds, Blackie Berryhill, Homer Reeves, Loye Ruckman and Neil Cope.

The navigation of the boat was assisted by the quota of Sub-Tettes, some inexperienced—others tried and true. They were Rheba Stout, Jerry Rhodes, Dorothy Merwin, Margaret Reiter, Euzella Dykes, Jerry Burk, Martha Starnes, Mabel Dykes, and Maurine Rhodes. Sponsor B. F. Rhodes accompanied the sea-farers.

Many incidents of more or less surprising improbability occurred. On this outing, unlike others, Hubert McReynolds gave an opportunity for discipline—an altogether unprecedented action on his part. Never before has a great sailor been as awkward in assisting a young lady over obstacles which oft times bar the way of land lubbers.

Sir Walter Raleigh spread his velvet jacket over a puddle for Queen Eliabeth—but not Homer Reeves. Being from the good craft Sub-T-16, and not used to land—the sailor in question proceeded to deposit his physique into the water.

Several members of the crew took extended trips up and across the river—in order to show their sea-worthiness. On the sand bar a miniature sand storm was experienced—but the skipper didn't mind—being from Texas, where they have 'em big.

A conventional ending—especially for Sub-T-16 voyages—a good time was had by all.

## Oklahoma Comrades Meet To Organize For Year

A meeting of Oklahoma students was held, Friday of last week, to organize an Oklahoma club. Kathryn Mattox of Oklahoma City, was elected president; Carroll Trent of Hammon, vice-president, and Jerry Burk of Chickasha, secretary.

The club will seek to increase the enrollment of Oklahomans in Harding college and to put the ideals and standards of the college before the people of the state. Last year there were only nine students from Oklahoma in school here, but this year there are thirty-five. Practically every district of the state is represented, the southwestern district having the largest representation this year.

### JUNIOR CLASS

The organization of the Junior class and the election of officers was completed soon after the opening of school. Billy Norris, president of the Freshman class in 1932, was elected to lead the class of '33 for this year. John G. Reece was elected vice-president and Eva Lee Bradley, of Morrilton ar secretary-treasurer.

The Junior class of 1933-'34 is composed of thirteen members from many different states. It boasts the basketball championship of last year and expects to add to its laurels this coming sea-

## 1933 Enrollment Shows Increase

### 42% Increase Breaks All Former Records For Harding

Harding College is able to boast a substantial gain in enrollment over last year. The authorities set out last spring to bring an increase of 25 per cent and their efforts have been well rewarded. In view of the reduced expenses it seems that more might have come, but everyone is quite well satisfied over the results thus far shown.

At the present there are two hundred and twenty-seven in the college department against one hundred and forty at the same time in 1932. This gives an increase of 58 per cent in that department.

In the Academy there is a gain of 36 per cent with fifty-three now enrolled against thirty-nine last year. Last year there were thirteen in the junior high and now there are twenty. The grade rooms have held their own and have no increase or decrease.

The total enrollment at present stands at three hundred fifty-two or an increase of one hundred and four over last year. The percentage increase for the whole school is approximately 42 per cent.

The increase in enrollment is shown in the widening of our scope of students. Students have come from states never before represented at Harding, and two have come from foreign countries. The influence of the school will gradually be felt more and more as it grows older and as it is advertised more. Another big increase has come from Morrilton itself, and from the neighboring states of Tennessee, Oklahoma, and Texas.

## BOYS, GIRLS GLEE CLUBS ORGANIZED

### Fred Scott Will be Director of Glee Clubs

Plans have been organized for what is hoped to be the most successful glee club that Harding has had in many years. Over fifty young men and women have already enrolled and many more are expected to do so soon.

Under the direction of Mr. Fred Scott, both sections have organized and elected officers. Mr. Scott plans to meet these Glee Clubs twice a week. The girls will meet Wednesday and Friday afternoons and the boys' meetings will be held on Tuesday and Thursday evenings at six thirty.

Both a boy's and a girl's quartette will be organized in the near future. The members of these two quartettes will be chosen from the two sections by capable judges.

The music which is to be used this year is to be placed in a music library, and at the end of the school year it will be turned over to the college for the use of future glee clubs at Harding.

The purpose of these glee clubs is not only for the vocal development of the students enrolled but a number of programs will be given during the year for the entertainment of the public.

Plans are already being made for programs to be broadcast over station KTHS, Hot Springs, and it is hoped that through these programs Harding College will gain national renown.

### SPEECH CLASS

Twenty-two students are enrolled in the speech classes, sixteen of which are under Mrs. J. N. Armstrong's direction.

Besides the two private lessons, there are two classes each week. On Mondays, Mrs. O. M. Coleman gives instructions on the principles of make-up, teaching the student to make over others as well as himself. He studies the contrast in ages and the distinction in the races of people.

The director of the other class is Mrs. Armstrong. Voice and diction are to be stressed during the fall term. The students receiving training in public speaking, modulation and other dramatic work.

## Wins Scholarship

George Emptage, '32 graduate, has been awarded a scholarship by Vanderbilt University and is now doing graduate work in that institution.

## INDOOR BASEBALL LEAGUE FORMED

### Class Teams to Meet Each Saturday to Decide Champs

In the absence of football at Harding this fall an interscholastic indoor baseball league is being organized under the direction of Pinky Berryhill. The purpose of the league is to furnish entertainment for the participants and the many fans.

The entire series is to last three weeks and five weeks in case of a tie. Each class is to furnish a team composed of ten men, including two shortstops. Each class

ment, namely, an indoor baseball and bat. The regular rules for indoor baseball will be followed with possibly one or two exceptions.

The round robin schedule is to be followed, enabling all four teams to play each week-end. The team with the highest percentage at the end of the three weeks will be the winner. In case of a tie a three game series will be played to determine the winner, who must win two of the three games.

Several members of the faculty have shown great enthusiasm for the league and are backing it one hundred per cent. President Armstrong says he thinks it is one of the most thoughtful and beneficial movements made this year.

Pinky Berryhill, president of the senior class, expressed great confidence in his team, however, the Freshmen, piloted by Mike O'Kelly and the Juniors, led by Billy Norris, are at present favored to win. The Freshmen have a slight advantage over the Juniors in number but that is made up in spirit by those spunky lads. Robert Gibson is backing his Sophomores to the last ditch so we can look forward to several hard fought battles.

At the close of the three weeks season an interscholastic team will be picked by competent judges and possibly a few matched games will be played with other teams, however, there is nothing definite on the phase just now.

The games will be free so everyone can come and bring his best girl or fellow as the case may be.

After the league season is over and the players have fully recuperated an interscholastic basketball tournament will be organized and conducted on practically the same plan.

Let's all support our respective team and be out in force at the first double header of the season.

Mr. and Mrs. J. N. Armstrong and Miss Beth Beers were guests at a banquet given by the Pathfinder Club at the Presbyterian church Friday evening.

Albert Murphy of Detroit, Mich., spent the week-end at Harding after bringing Mary Murphy and George Ford.

Mr. and Mrs. N. H. Click of Des Moines, New Mexico, spent the first week of school with their son, Claude, who is a student at Harding.

## Bison Sub Contest Starts With Bang

### Seniors, Freshmen Are Ahead by Eight Hundred Votes

The annual Bison subscription contest got under way Tuesday morning, October 2, at ten o'clock. The introductory speech was made by Gene Pace, who explained the purpose of the contest and the participants. Other booster speeches were made by Dona Pursley, Carroll Trent, and Roy Ruckman.

The Freshmen and Seniors are pitting their wiles against the Sophomores, Juniors, and Academy. The Fresh and Seniors took an early lead with 6,730 votes to their opponents 5,550 on the first day and have held that lead for over a week and at present are 830 votes ahead.

Much interest is being shown in the contest by both sides and the receipts are expected to exceed those of last year by a large margin. Several old students who are not at Harding this year have subscribed and a large number that have been written have not been heard from yet.

Since the losers must furnish a feast for the winners, both sides are especially anxious to win. We must all remember that the contest closes Tuesday, October 17 at ten o'clock and work hard for our respective side. And we must not forget that the sooner we get our subscription in the more it counts for each subscription decreases ten points each day.

The Bison is our paper and it will be as good as we make it but no matter how much we wish it to be, if we don't do our part it will not be a success. So let's all get behind this contest and put it over as it was never done before, thus making the best paper ever produced.

## JU-GO-JU'S GIVE AN INFORMAL TEA

### New Teachers and Students Are Guests

An informal tea welcoming the Jennye Hill Hall and the lighthousekeeping girls to Harding College was given by the Ju G. Ju Club. The guests were invited to the business administration room which was beautifully decorated with baskets of golden rods, carrying out the color scheme of orange and black.

During the afternoon a series of musical numbers was given consisting of piano solos by G. B. Seibold and vocal selections by Robert Close. "The Rosary," "All For You," and "I Heah You Callin' Caroline" were sung by Mr. Close as request numbers. The program was very entertaining and showed great musical talent.

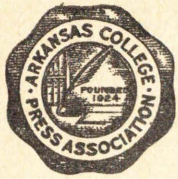

While everyone was busily engaged in making new friends and acquaintances, lovely refreshments were served by Misses Jean Winburne, Sammy Sue Mason, Alice Ann and Tommie Jeanne Davis.

## Morrilton Sends Harding Larger Student Group

Harding is proud to say, that many more Morrilton students are here this year than ever before. From the graduating class of Morrilton high school in 1933, there are twelve representatives. Years previous the campus has been graced by the presence of Morrilton people, but never so much as now. Besides these later graduates there are some who have been attending Harding for some time, and others who did not complete their high school work here, but who now reside in Morrilton.

All of these students have plenty of pep and enthusiasm. It is not only the quantity but the quality too which makes Morrilton, proud of her representatives at Harding.

Mrs. Leonard Johnson came to Morrilton last Wednesday from Pekeville, Tenn., to be with her husband, Mr. Leonard Johnson, who is a student at Harding. Mrs. Johnson will also take some college work.

A student publication issued semi-monthly by the associated students of Harding College, Morrilton, Ark.

Eunice McNeelis . . . . . Advertising Manager  
Jack Alston . . . . . Advertising Manager  
Frances Ruby Lowery . . . . . Faculty Advisor

**DOING OUR PART**

What is it that Harding needs? That is nothing but a legitimate question that we all should ask ourselves. I am sure that, if we get right down to the matter, all we need, to make this year a great school year, is for each of us to do our part. To do this we must not spring up and claim some share in the credit for the things that are a success and on the other hand say: "I told you so," if it fails.

What a pity it is that all selfish considerations could not be laid aside during this school year, so that the work that is being carried on here could be given every chance to succeed. Instead of this we find various elements trying to improve their own interest—which must necessarily be at the expense of the whole.

Each and everyone of us has a part to perform in this school and its activities. In many cases the part assigned to us seems too difficult to carry out. So we must sacrifice something of what we have, in the faith that it will make this place better for the ideals for which it stands. Let's all try to do our part in making them better.

**TENNIS**

There are many sports for the athletic-minded person. One of the most popular of these sports, and one growing more and more each year, is tennis.

Some people give different reasons for this popularity; some like it for the action displayed, action fact, furious, and continual; some like to see skill and grace in playing the game, for the good players of tennis are both skillful and graceful in handling the racquet and in foot work; and others like to see the variety of the strokes used in winning a match. In fact, these last qualities are essential.

Not considering the skill involved in tennis, it is one of the very best sports for school life because boys and girls both young and old can engage in the wholesome recreation. It is a sport to be boasted and not abused.

Now let's guard ourselves and not make the event of playing tennis with the fairer sex a social meeting instead of the intended purpose. We may make of the sport what we wish. Let's wish for the best.

**WHAT IS YOUR ATTITUDE?**

I wonder, if at the beginning of this school year, you realize why you are here. I wonder if you are here to put your very soul into the work before you? Do you realize that those with whom you come in contact are those who are striving for a definite aim?

There are those men and women about you who are dedicating their lives, not for financial gain, but, that they might be some inspiration and guide to lead you along the way.

If you come with the attitude that you are here for your own honor and glory, that you are going to do what, when, and where you wish, you deceive yourself. With that idea you lose all that you might have gained.

I say to you, let your attitude be one of love, honor, and esteem for those about you. Dedicate yourself to the task before you, work with patience, and endure the hardships. Do not become discouraged because of some disappointment, but be steadfast.

Give the best that lies within you to your problems, so that when the time comes, you will receive a good reward.

**CONTEST**

The time is here when each of us has an opportunity of subscribing to something that will be of great enjoyment and help to us.

This Bison is one of the greatest agents of the school. From it we gain the information as to the activities going on around us. It is an expression of the life of Harding college. Through it our dark moments are lighted. Through it our love and honor for a great course are strengthened. From it come memories that will be cherished forever.

So then I say your opportunity is here. Why procrastinate? I am sure you want to read the paper this year and now is the time to subscribe. I care not to whom you give your subscription. Do your part to help make this the most successful year and the honor shall be yours.

**POTPOURRI**

Greetings! old students, new students and freshmen.

Current statistics reveal that freshmen have suddenly become important, since the freshman enrollment everywhere has increased astoundingly and upperclassmen enrollment has decreased.

This might be worth something to college students who suffer from the lack of an active brain: "A negro in Florida was stricken with paralysis, and the physician, after a close examination, removed a piece of ice pick three inches long. Presently the colored gentleman remarked, "It does feel better now doc."

The 400th student has just enrolled at Ouachita College in Arkadelphia. This is a great increase in enrollment over previous years. Indications are that Arkansas parents have learned that their home state affords some good institutions of learning.

**Depression Echo**

She: What time is it?

He: Quarter to.

She: Quarter to what?

He: I don't know. Times are so hard I had to lay off one of my hands.

Fourteen ousted professors of Germany have been added to American University faculties as a result of the Nazi upheaval.

For the first time, University of Nebraska publications were permitted to run tobacco advertisements, but not those in which women are shown smoking.

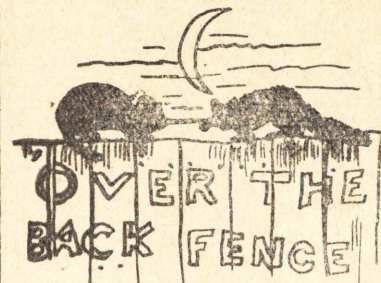

A baby in Milwaukee was christened Franklin Delano Blue Eagle Knapinski. That is what could be called a name with a kick.

This is a hint to students: There are two ways of showing ignorance. One way is to talk all time and the other is to keep silent. The latter is preferable.

On his 67th birthday, novelist Herbert George Wells exclaimed in regard to the German situation: "Jews make the most noise but it is not only the Jews who suffer. To me it seems more than anything else a rebellion of a clumsy lout against civilization. It is the clumsy lout's revolution against sanity, and against looks . . . But in the long run looks will win. The clumsy lout will be brought to heel. We shall have Hitler weighed accurately to his last yamp.

German professors (who get satisfaction from calling themselves intellectuals) are trying to justify the "eating-up policy" by claiming a right to defend, and protect Germany's "superior" intellectualism.

Will America ever adhere to such barbarious tactics? Will America trample over Democracy through which the individual gained freedom? Can democracy ever be supplanted by "mobocracy" in our country? The answer must come from those who are in our colleges and universities now, but who will hold the reigns in the next generation.

Dr. Coons has just learned that Milton Peebles is really color blind. We wonder if he thinks Mrs. Peebles' hair is black!

The book store wishes to announce that a new assortment of "water-proof" cushions has just arrived. Get yours before the rush starts! ! !

Someone ought to tell Tom Cat Watkins, Jr., the social rules of Harding. He was trying to keep social hour with Thelma Bradley during the Ju-Go-Ju tea.

Some young ladies were lamenting because they missed the Sub-T. outing. Just wait—there's enough Cavaliers to go 'round.

Jimmie Frazee used to be timid, but he doesn't seem to be any more—eh, Modena?

Have you noticed the contented look on Eunice McNeelis' face? Ask her about a young man back in Tennessee named "Floyd."

Beth Beers hasn't been pining quite so hard for Old Mex. Maybe Roy Ruckman can tell us why.

You've probably heard of the Harding romances. Well, six of last year's girls married off this summer! Very encouraging!

Looks bad that Dr. Schoggins' advanced Spanish class—(three young ladies)—have to appeal for outside aid in order to get out of class. (It's the door, of course).

All vacancies are filled now that Jack Alston has taken over Burton Springer's place in the business office.

Jane Allen says she deserves a button for acting like a perfect lady at the Ju-Go-Ju tea. Well—maybe.

Wonder how Miss Ruby likes the new Romance Language teacher. Not so well as last years', eh?

Lucille Matthews was heard complaining about being lonely now that four of her brothers and sisters are away. There's only seven at home now ! ! !

We hope to see more this year of Beverly Waters and V. V. Kniseley. Anyway they won't spend so much time at the public high school.

Once again the boys walk the halls of Jenny Hill—We beg your pardon—Scroggin Hall, and the girls skip gracefully ( ? ? ? ) over to the club. Well, we are glad to have you, students, and hope you enjoy yourselves.

This is supposed to be a scandal column, a la Walter Winchell. We hope there are no Al Jolson's around here.

There must have been a big rainfall this past summer in dear old Padunk. The freshmen have a more emerald hue than ever before.

Which reminds me that when the question, "How many Greens are there in school?" the answer was, "about a hundred and twenty-five. Isn't that the number of freshmen?"

It took only four meetings for the freshmen to elect a president. What politicians!

If you can hum, report to Fred Scott, and you will return a prima donna.

Billy Norris tried to make a date the other night by proxy. Billy had better be sure the other fellow has gone before he arrives.

It seems that Homer Reeves was the inspiration for the recent admonition to the boys to stay off third floor in the "hen house."

Frances Elliott is very much concerned about who works in the bookstore, especially during social hour.

Well, the annual "blow-hard" convention, alias the "Get Together Meeting," is over. Somebody could have made money selling liar's licenses to some of the native sons.

Stoy Pate says social hour should be called "Social Minute." He calls a lot of things. Wonder what he was calling in Monday night meeting. Hogs?

Scott Dennison wants to know what to reply when someone says, "Whatta you say?"

We want to know how many boys have been down to Brother Rector's this year.

Which reminds me that maybe that is the reason James Johnston was sleepy the other day.

**SEZ I:**

This year Harding should gain many honors. There are so many new students, so much enthusiasm, and a lot of material.

Yes sir, the Sophomores, Juniors and high school are going to have to work to beat the Seniors and Frosh; but you just watch their smoke, this Bison contest isn't over yet.

Wou Fong, the Chinese cook, advises you to keep your nose out of other people's business—he found that out from the little bee.

Whoope! The class soft ball games are off with a bang. Sophomores and Juniors are the winners so far. "Come on Gang, Let's Go."

Don't be down in the mouth. Remember Jonah. He came out all right.

What do you think of the new teachers? . . . I'll agree with you, they certainly are swell; and do they make good Hardingites. Yes, sir.

Certainly we have a Glee Club. In fact, we have two. A boy's and a girls, but you will hear more of them later.

"Just keep working," said the spider, "and you will some day have a nice little web."

Some of the freshmen will learn before long that they are not so important as they now think. Remember Freshmen you have the same privileges of others. Others were permitted to learn too.

At Harding Freshmen have the same privileges as upper-classmen, and no difference is shown unless the Freshmen do the showing. Remember "It is better to keep quiet and be thought a fool than to speak up and remove all doubt."

Students who take short cuts to success sometimes make a mark of a bad color. You who take a short cut across the campus do the same. A brown path in the grass looks very bad.

Tennyson said, "In the spring, A young man's fancy lightly turns to thoughts of Love." Sez-I says, "In the fall a young man's fancy often comes to be called love."

When you are worried by your roommate remember he has some rights as well as you.

A philosopher has said that no one likes to work. Perhaps it is true, but with eighteen in first year Greek I must say someone likes work, or someone is dumb.

**SENIORS**

The senior class has met and begun to get down to business. With the addition of some new members—loss of some former Juniors, however—the class now numbers nineteen. The officers were elected last year—Ervin "Pinky" Berryhill, president; Rheba Stout, vice-president, and Neil Cope secretary-treasurer. Miss Moody is sponsor.

At a recent meeting a plan for selecting rings was proposed, caps and gowns were arranged for, and the class project was considered. The editor of the Petit Jean, Jerry Rhodes, and Business Manager Loye Ruckman, are requesting the cooperation of the whole school in the publishing of this year's annual.

**SOPHS TROUNCE SENIORS 13 TO 4**

**Seniors Fight Hard but Lose To Sophs Slugging**

The Sophomores took the first game of a double header from the Seniors Saturday by a thirteen to four score. Lemmons was on the mound for the victors and held the seniors to only seven scattered hits. "Pinky" Berryhill and Loy Ruckman, hurlers for the Seniors gave up twenty-one hits.

The Sophomores took an early lead and were only threatened once when P. Berryhill scored on a three bagger and an overthrow at home plate.

The Seniors were under a slight disadvantage since they were forced to start the game with only seven men on the field. This number was gradually increased until the required ten players were on the field at the end of the second inning.

The Sophomores have a harder hitting team than the Seniors and will have a chance to prove their superiority next Saturday, when they meet the Juniors, weather permitting. What the Seniors lack in physical strength, however, they make up in spirit. They meet the Freshmen next Saturday.

**The Box Score**

**FRESHMEN SHUT OUT BY JUNIORS**

**Bell on Mound For Victors Blanks Freshmen**

The Juniors took the second game of the double header from the Freshmen at a thirty three to nothing score. The Freshmen showed very poor team work, but did some good playing considering their "greenness." With a week or so of practice the "Frosh" should make a good showing for themselves, however.

The Juniors took an early lead and with the excellent pitching of Bell and the unfallable fielding of the rest of the team never allowed the Freshmen to score. Several near attempts were made by the Frosh but they were always lacking in the necessary punch to put a run over.

The first few innings of the game seemed to be a foot race with only the Juniors running but the Freshmen tightened down and held them in check for a while, but they went out to kill and nothing could stop them.

The Juniors had a great advantage over the Freshmen in that they had several of the regular college teams and several of the members have been playing indoor baseball all summer together. However the Freshmen showed their sportsmanship and took their loss like men. "Can they take it" with a smile?

**PIONEERS WILL BE ACTIVE THIS YEAR**

**Jimmy Fraze Will Direct Club Activities**

In the year 1931-32 perhaps one of the strongest social organizations on Harding's campus from the standpoint of originality, versatility and loyal support of the administration's policies on the part of its members was the Pioneer Club.

The "pioneers" of those days were found always in the places of honor and authority. Two of those men were members of that inimitable quartet, three of them were on the stage, another achieved distinction as Editor of the "Bison," and still another won recognition as an outstanding debater. All of them clean, wholesome and conscientious young men.

But last year because of lack of leaders, the club was not actively organized and consequently was allowed to suffer a temporary decline.

This year, however, a number of the pioneers of 1931-32 are back on the campus, and are ready to re-establish the club to its former position among the other clubs.

Under the capable and efficient leadership of Jimmie Fraze, an old pioneer, the club must necessarily reascend the heights of glory and prominence during this year.

The never-failing mystery is here again. Why do the boys prefer the steps of the girl's dormitory, when those at the ad building are just as soft? Ask Brother Armstrong.

**Harding Summer School Ends Successful Term**

The 1933 session of Harding summer school was very successful. Many students and teachers added several hours work on their diplomas and certificates. The enrollment was about the same, perhaps hardly as large, as in former years. There were more students, however, doing high school work.

Heads of the departments during the summer session were the same as during the regular session last year.

Students from many localities and several out of state students representing Oklahoma, Texas, and Indiana mingled together those ten weeks and enjoyed the summer work here.

**FRESHMAN CLASS**

The Freshman class has an enrollment of one hundred and thirty-nine, the largest in the history of Harding and an increased enrollment of 185 per cent.

The first class meeting was held last Tuesday and the following officers were elected: Mike O'Kelley, president; Eugene Pace, vice-president; Anita Dunn, secretary; Loyd Bruce, treasurer; Mildred Dunn, reporter and Prof. W. C. Maxwell, sponsor.

**DURRANCE HEADS CAVALIER GROUP**

**Prominent Boys Organization Elects Sponsor**

With sixteen old members back from last year the Cavaliers met last Wednesday night at the boys' dormitory and elected officers. S. P. Durrance was elected captain, Gene Pace first lieutenant, Albert Buchanan second lieutenant, and Henry Hoover sergeant-at-arms. J. C. Andrews was elected sponsor of the club. V. V. Kniseley was taken into the club and is now on his pledge term waiting initiation.

The Cavaliers are planning many social events such as outings and parties. Every member is expecting a very happy year.

Mr. and Mrs. Billy Mattox and daughter, Pattie Nell, brought a group of Oklahoma students to enter Harding, and visited with friends for a few days.

*Harding Students*

Greetings to our old friends—and to the new comers. Penney's Welcome you.

Make this your headquarters.

Greetings to the first Bison of the year.

Here's wishing the staff and student body a real year.

**J. C. Penney Company**

**The Vanishing Cow**

The magician stepped forward, waved his wand, and the rabbits completely disappeared from the hat. In this case though there was no visible magician or hat and the animal in question was a cow belonging to the College Club.

A few days before school opened, six cows were bought from H. H. Dunn of Greenwood, Arkansas, and transported to the pasture just east of the campus. That is all, all six were supposedly placed in the pasture, however, only five could be found. All known magicians were consulted by Milton Peebles and James Johnson and all hats that could be found were thoroughly examined but the cow could not be found.

In three days, when the cow in question was not forthcoming, Milton came to the fore and offered to be the hero of cowland and find the missing member. He scoured the countryside in company with Ray Floyd, and finally found his beloved animal. The fatted calf was killed and great was the rejoicing when the rescue was reported to James, for he too was in sack cloth and ashes.

Let all known and unknown magicians take warning and leave the college cows alone, and let everyone be sure he doesn't have one secreted in his hat.

**LARGE AUDIENCE ATTENDS OPENING**

Mr. Ashley, Morrilton Minister, is Principal Speaker

Harding college formally opened its doors Wednesday morning, September 27, for the new school year. Matthews auditorium was filled with the largest enrollment of students in the history of the school. Students representing 22 states, a province of Canada, and Mexico are here for the year's work. A large number of local people and several visitors were present for the opening exercises.

L. Roy Ashley, pastor of the First Baptist church, delivered the principal address of the day. He stressed the need of physical fitness as well as mental ability in making a success of one's work. Professor Robert Close, who has charge of the voice department this year, gave a vocal solo, accompanied by Miss Fanny Marie Moody, instructor of piano.

President J. N. Armstrong expressed his appreciation for the increased enrollment, saying it multiplied the opportunities of Harding college. He assured the students that every effort would be made, by the faculty, to make this year's work enjoyable and successful.

Monday, Tuesday and Wednesday were used for enrollment. With regular classwork beginning on Thursday.

Several new teachers and some new departments have been added to the school and curriculum this year.

**Sophomore Class Piloted By Gibson of Morrilton**

Robert "Gippy" Gibson, popular second year student of Morrilton, was elected Sophomore president at the initial meeting of the class Tuesday. Bernard Lemons of Paragould, Arkansas, Freed-Hardeman transfer, was made vice-president and V. V. Kniseley, Jr., also of Morrilton, will serve as secretary-treasurer. Miss Maurine Rhodes is class sponsor.

Miss Dona Pursley, Miami, Texas, head the class committee for the Bison subscription contest.

**RECEPTION HELD FOR STUDENT BODY**  
(Continued From Page 1)

Arthur Graham of British Columbia, told of the geographical surrounding of that great providence and some of its products. He expressed great joy in being able to attend Harding this year, which isn't his first.

Beth Beers of Mexico City, Mexico said a few words in behalf of our southern neighbors. Although she didn't say much her speech was enjoyed very much.

Oklahoma presented a short speech through Katherine Mattox, her representative, followed by her state song. The state flower of Oklahoma was also introduced which, incidentally, is mistletoe.

At the conclusion of the speeches a debate was given by "Henry Clay" and "John C. Calhoun," represented by Ruckman and Frank Rhodes respectively. The subject of the debate was: Resolved "That Chickens Thrive Better on Square Roosts than on Round Ones." Several good arguments were presented by both sides and chairman Stewart would have had a hard time deciding the winner had he tried to do so.

During the debate and following entertainments the students and teachers became better acquainted by informally introducing themselves.

The closing feature of the evening was a play entitled "The Gath-

ring of The Nuts" presented by several members of the student body. The cast was called upon the stage to represent different pieces of furniture and when all were assembled the name of the play was announced, which was as great a surprise to them as it was to the audience. The cast was well picked with much talent shown in the different roles.

Professor J. C. Andrews, the master of ceremonies, helped make the evening a successful one by his clever introduction of the different speakers and his great enthusiasm. A spirit of good will and friendliness was shown throughout the meeting and "a good time was had by all."
