Sophs-Juniors Win Sub. Contest

Freshmen-Seniors Were Ahead Until Final Count

Amid the cheering of the victorious Juniors, Sophomores and Academy the closest contest in the history of the Bison came to an end Saturday morning. Though the victors had never taken the lead throughout the contest they crashed across the finish line to victory on the last morning.

The results of the contest which were dramatically presented in chapel by Gene Pace and Carrol Trent showed that the Sophomores, Juniors and Academy led with 10,640 votes to their opponents 10,570 votes. The victors attributed the success of their final drive to the efforts of S. P. Durrance, Dona Pursley and Carrol Trent as well as the excellent cooperation of the students and several members of the faculty. Geraldine Rhodes, Gene Pace and Lucille Southern did excellent work for the Seniors and Freshmen, enabling them to maintain a lead until the last day of the contest.

Gene Pace spoke in behalf of the Seniors and Freshman, declaring that the best of good will existed and promising the winners a good entertainment. Asa Hewen, Assistant Editor of the Bison, expressed the gratitude of the Bison staff for the largest subscription list ever given the school paper. Editor Denzil Keckley also spoke in behalf of the Press Club and Bison staff, saying that the staff would be untiring in its efforts to produce a Bison that would merit the loyalty and backing of the Student Body and Faculty.

The keen interest in the contest was "pepped up" by the first issue of the Bison. Numerous pep speeches have been made in chapel by class and faculty members and all have cooperated in making the contest a great success.

Several New Students Arrive Since Opening

Miss Willene Billingsley, from Ashflat, Arkansas, returned to Harding last week. She is a member of the Sophomore class, having spent her freshman year here last year. Miss Patty Peeryear, from Thykira, Mississippi entered school here about two weeks ago. Miss Peeryear is a junior in the college department. Thurbert Waller, a Morrilton boy, entered school as a freshman. Waller has attended the summer session here before.

John Thornton and his family moved to Morrilton from Blackwater, Mo., for the advantages of Harding. He has four children in the grades and high school. Miss Curtis Curley also of Blackwater, accompanied them, and is a member of the senior class of the academy. Harding students and faculty extend a hearty welcome to these students and we hope they will be contented and happy in their new surroundings.

MIXED CHORUS IS ORGANIZED AT HARDING

Forty-five students signed up for the mixed chorus, which was organized Thursday night, October 12. The director is Robert Close and the pianist is Miss Moody. S. P. Durrance and Kathryn Mattox were nominated for secretary, the only officer needed. The latter was elected.

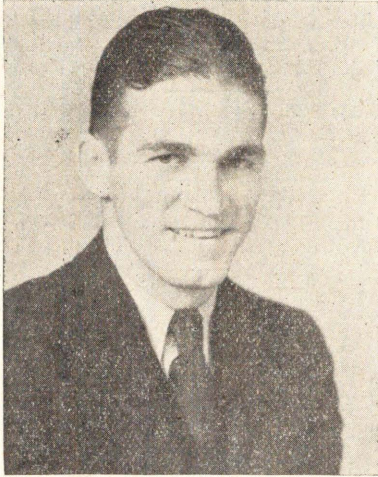

All college and academy students and teacher are eligible for membership; the patrons of the school are cordially invited to attend the meetings at 7:45 each Thursday evening.

At the first meeting the group learned the Alma Mater and sang a religious song. Then by the second Thursday night copies of a number of songs for mixed voices had been secured.

Plans are being made to present an opera in the spring.

Mrs. D. C. Elliott of Tillar, Arkansas spent Saturday night, October 14th with her daughter, Frances Elliott.

Attends University

L. S. "Shorty" Chambers, '33 graduate, is studying journalism at the University of Missouri school of Journalism. He was business manager of the Bison for the years 31-33 and editor of the 1933 Petit Jean. Among other activities in which he took part were business manager of the athletic teams, and officer in Cavalier Club. He was one of the most popular students on the campus during his four years here. From all reports he's making good now. "Atta-boy 'Shorty,' we're for you."

DRAMATIC CLUB HOLDS TRY-OUTS

Several One-Act Productions Are Presented

The Dramatic Club held its regular meeting Saturday night, October 14. Following the roll call a short business meeting was held in which some try-out plays were decided upon and cast. The plays for the next meeting will be directed by Hubert McReynolds, Albert Hawkins, and Martha Starnes.

Three try-out plays were given before the club. For the short time in which the directors were given to produce the plays, the performance was exceptionally good. Miss Beulah Faye Clapp directed the first play with the following cast: Nannie Katherine Peebles, Bernard Lemmons, Sammy Sue Mason, Stoy Pate and Golda Matthews. The second play was directed by Mrs. Coleman, presenting Dr. Schoggins, Guy Dale McReynolds, Lucille Matthews, Frank Dunn, and Kern Sears. The latest play of the evening under the direction of Miss Wright, included Jack Wood Sears, Mildred Majors and LaVon Banks.

This plan of presenting three plays at each meeting will be carried out until every new member has had a chance to show his ability.

Plans are being made for the lyceum numbers that are to be given this year. The best plays are being chosen from a wide collection in order to make the lyceum course more entertaining than ever.

"BEE" ENTERS UNIVERSITY

Mr. L. B. Chambers, an ex-student of Harding, is now enrolled in the University of Louisville, Kentucky where he plans to get his degree. "Bee" writes that he is carrying a heavy course and is planning to do good work there. He states his regrets that he cannot be back at Harding again but is pleased with his new school and friends.

OLSON-HENDERSON WED

The wedding of Carrie Anna Olson, to Adrian Henderson was an event of October 14. The ceremony took place in Cleveland County, Oklahoma, Billy Mattox officiating. At present they are enjoying each other and a lovely honeymoon in the Ozarks. Mrs. Henderson is painting while Mr. Henderson is presumably hunting and fishing.

After October 30 the couple will be at home in Judsonia, Arkansas, where Adrian is to teach. Both are former students of Harding, the bride being a sister of Ruth Olson, who is here this year, and Freda Olson, whom the former students know.

Miss Lois Neiswonder spent Sunday with her family in Alma, Arkansas.

Freshmen Picnic At Cedar Park

First-Yearmen Return To Campus Tired But Happy

Last Monday morning the college campus was covered with light-hearted freshman clad in outing attire. Every one was in a rush getting things all set for a big day, but unconcerned and seemingly enjoying life. There was a roar of a large motor and a large truck arrived at the College Club. The freshmen soon piled on and left worries and care behind for a day.

At Cedar Park the bunch set out to explore the bluff along the river and the cedar groves. Some chose to hike along the river bank and seek strange flowers and fruits. Still others chose to stay in the park and make good use of the bowling alley that was their's for a day, or ride on the big cable swing that gives the thrill of a life time. Some of the more adventurous boys secured a boat and ventured on a boat ride.

At eleven-thirty, Eugene Pace, and his helpers came in of their adventure and began to open cans and fry hamburgers in two large frying pans. After a time, which seemed to be ages to the hungry freshmen, Chief Pace served dinner to his classmates. Soon they were all full of beans, potato salad, hamburgers and apples.

Stomachs full many were lazy and chose to sleep in the shade but the rest sought more adventure and excitement. The lazy ones had some trouble in sleeping as they all seemed ticklish around the nose when straws were used. All the energetic ones began to stray in and at four o'clock a loud blast was heard for the stragglers to come in. All on the truck tired and dirty but happy, they were ready to come home and rest.

PERSONNEL OF BOYS' QUARTET SELECTED

Difficulty is Had in Determining Bass

A group of eighteen boys met in the college auditorium Friday afternoon to try out for the College Quartet under the direction of Fred Scott. Those present consisted of members from the Glee Club which is the largest Harding has known in a number of years. Mr. Scott was glad to say that a great deal of difficulty was had in determining who the bass would be, as two boys had to try out several times. However, there was some difficulty in finding a second tenor.

Professor Close, head of the voice department, and Dr. Schoggins were the judges. They selected Hubert McReynolds, first tenor, Clyde Hall, second tenor, Albert Hawkins, baritone, and Jimmie Frazee, bass, with G. B. Seibold as accompanist.

These boys are to meet for quartet practice every day. This shows an interest which has not been displayed before. Their music will be of a varied type, but strictly classical. This quartet is expected to greatly excel those of recent years.

Dean Sears Visits Arkansas Christian Home

The contribution from the students of Harding to assist in buying school books for the Arkansas Christian Home at Fort Smith was delivered Sunday, October 15, by Dean Sears.

He preached for the Fort Smith Church Sunday morning and evening. All the boys and girls from the Home attended both services which made a very large and impressive audience. The Dean also attended the Young People's meeting.

Some Harding students accompanied Dean Sears as far as Clarksville and Alma, Arkansas. Mr. Sears will return to Fort Smith again this Sunday.

Miss Audrey Neal and Jimmie Lee Layton spent Sunday in Alma, Arkansas visiting Ruby Hill, a former Harding student.

"Trouble in Paradise"

On Saturday, October 21, Dean Sears made a suggestion to the members of the various social clubs: Cavalier, Sub-T, Pioneer, T. N. T., concerning the all-important question of procuring dates, etc.

Since all the club affairs, parties, nocturnal outings will be on the same nights, it is apparent that there will be some confusion when all the girls begin to ask the boys to their functions.

The dean suggested that different girls clubs be given priority rights to the boys' company in turn.

For example, for the first function, the W. H. C.'s would have first choice, the O. G.'s the second choice, etc.

For a moment after the suggestion was made there was a stunned silence, "Pinky" Berryhill's eyes widened in surprise and consternation, Mike O'Kelley nearly had apoplexy!

For a few moments the meeting threatened to end in a riot. Objections flew thick and fast.

Courtney Ryland seemed to think it was all designed to keep him from the one and only. (Wonder who it is?)

The dean stared (was his face red!); his suggestion was not to bring the desired peace and quiet or social happiness as he had hoped.

On the other hand it looked as if assault and battery, not to mention mayhem, would result if it were carried out.

For it seemed that the boys had no desire to have some girl, other than their respective choices, ask them to parties, not to mention having some other guy date their girl. Their slogan seemed to be "Let us have our own modus operandi or let us stay at home."

Press Club Reveals Plans For Year's Work

The State Press Association meets in Morrilton this spring. A vice-president is to be selected from one of the Harding members. There will be a business meeting, an outing and a banquet, both of which will be open only to the visitors and the faithful local press club members.

In the last year's publication contest the Bison won a place; however, it is anticipating the honor of winning first place this year. Three successive issues are to be judged. Instead of causing discouragement, this fact makes the staff realize the necessity for a strengthened effort.

At the end of the year the press club plans to award a medal for the most satisfactory feature story and also for the best editorial during the entire nine months. One of the prize-winning articles might not be printed because of the lack of space; however, this fact should not discourage contributions for the grading depends upon content.

Letters with quills will be presented at the end of the school year. Along with their writing the press club members are studying the principals of journalism. An hour of credit is to be given to anyone who writes a sufficient amount of acceptable printed material for the 1933-34 Bison.

Ex-Champion Debater Plans Political Career

Miss Dorothy Majors, a member of the 1931-32 Junior class of Harding College is now planning to become a lawyer. While in school Dorothy won great fame as a debater receiving first places in women's debates. She and her colleague, Miss Glenda Bell Saylor of Newark, won first place in the women's division of the State College Debating tournament held at Clarksville, and again in the Arkansas College Forensic League Four-State Invitation Tournament at Arkadelphia.

Miss Majors is teaching at present in the science and expression department of the Sallisaw, Oklahoma, high school. She has charge of the Dramatic work and is having fine success and cooperation.

After two years at Sallisaw Dorothy plans to quit teaching and enter a law school in Tennessee. Her friends at Harding feel confident that she will be a success in her political career.

Sub-T's Debut By Cavaliers

Sinkers Give Horsemen Scare in Last Frame

The Cavaliers and Sub-T's, traditional enemies, played one of the best indoor baseball games of the season Monday afternoon, the Cavaliers winning by a score of 12 to 11. The game was close throughout and much enthusiasm was shown by both teams.

The Cavaliers took an early lead by scoring two runs in the first inning but the Sub-T's evened things up by scoring two in the second. The Sub-T's went on a hitting spree in the third and scored four runs before Hoover, pitching for the Cavaliers, could stop them. The Cavaliers started a rally in the third but were stopped with two runs and were trailing at the end of the fourth but went on a spree and scored six runs before Berryhill could stop them.

At the beginning of the seventh the Sub-T's were on the small end of the score, trailing by five runs, but they rallied and scored four runs before O'Kelley could stop them.

The Box Score

NEW SOCIAL CLUB FORMED ON CAMPUS

T. N. T.'s Elect Officers and Plan Years Activities

T. N. T. was selected as the name for the new club organized on the campus last week. The club is a young men's social organization consisting of members from the Freshman, Sophomore, Junior, and Senior classes.

At an early meeting a constitution was drawn up and approved and the following officers elected: Roy Ruckman, senior from Vernon, Texas, president; Waldon Gardner, junior from Santa Rosa, California, secretary and treasurer; Carrol Trent, junior from Hammon, Oklahoma, reporter; Dr. R. R. Coons, head of physical science department, sponsor.

The next few weeks will be used largely in building up the membership for the year. A quota has been set and as soon as the number has been reached no more members will be solicited.

Although the club is a new one, a number of activities are being planned and action will be started at once. The following persons are charter members of the organization: Roy Ruckman, Waldon Gardner, Cleo Scott, Arvil Smith, Geo. Ford, and Carrol and Glen Trent.

SHEWMAKER TEACHES

O. F. Shewmaker, who was business manager for the "Petit Jean" last year, is now teaching school at Jerusalem. He heads the math and science departments and has charge of the dramatic work of the school. Miss Thelma Cantrell, another graduate of Harding teaches with Mr. Shoemaker.

Jeanette Jackson of Marvell, Arkansas, had as her guest Sunday, October 15th, a friend from her home town, Darron Remley.

A student publication issued semi-monthly by the associated students of Harding College, Morrilton, Ark.

TO FRESHMEN

Freshmen of the 1937 class, you are out on the best part of your life. Your future will depend greatly upon the things you do this year. If you will apply yourself, you can be the most outstanding person on the campus next year. The work is not too hard that you cannot get it. Of course, some lessons will be larger than others, but this should not discourage you.

Freshmen, take part in all the student activities in which you can participate. It will help you a great deal. The freshmen baseball and basketball teams need your support. The way you back up these teams will determine the way they will play.

The tennis courts are made on the ground, and when it rains they become muddy. If you walk or play on them, they will be rough when they get dry. So, if you like to play on a smooth tennis court, stay off of them when they are wet. Do not play on them with a high or pointed heel. They will dig into the ground, making holes.

Freshmen, do not walk across the campus with pointed heels. The ground is soft, and they will cause bad places in the yard. If you were supposed to walk on the campus, the walks would not have been put down.

Freshmen, try to obey the rules as much as you possibly can. Some will cause you to get mad, but think that the committee knows best. In after life you will thank yourself for the way you had to obey orders. Do not get angry if you are reprovved for something you did, because you have had warning, and you are acting on your own risk.

LET'S CONSIDER OUR ADVERTISERS

In order to publish the Bison we must have money. That money comes from the advertisements that are secured from the business men of Morrilton. Since they supply the necessary funds for this publication we are under obligation to them.

As students of Harding college it is our duty to trade with the business houses that advertise in the paper.

If we do not do this these people will lose faith in us and withdraw their support. Thus our paper fails and we lose one of the greatest agencies of the school.

So students and Faculty let's trade with our advertisers. What would you do if your life depended on doing a certain thing? You would do it of course. The life of the Bison depends on your doing something. I wonder if you are willing to do it? It is your paper and consequently your duty to see that it lives.

The advertisements paid for by the business men of Morrilton supply the funds to keep it going. Then your duty is to repay these men by trading with them.

Now is that too much for you to do? I think not. So then let's all, students and faculty, trade with our advertisers.

COOPERATION

There seems to be the need of more co-operation among the students of Harding College. Last year the Annual staff asked that the Junior class cooperate with them and have their pictures made for the 1934 Petit Jean. Some few showed a willingness to help out in the movement and had their pictures made at the appointed time. A big thing like the annual must have the support of all. Each student should feel it his duty to co-operate with the staff and when the books comes out it will be a real book.

TIME YOURSELF

Young preachers have you noticed the signs on the bulletin board in regard to your speeches? It seems some have not, judging from the length of your talks.

Please remember that you do not have the floor for the evening. We would like to listen to you but there are others on the program. If you take up your time and theirs also, then the speaker following you takes his time and the next ones too, look what happens.

Let's make our speeches short and straight to the point, thereby permitting someone else to speak.

POTPOURRI

And we wonder if anyone has regretted spending a dollar for the Bison. If any do, just ask the business manager to return your dollar and you will not get, we mean the dollar.

The student often finds himself on the horns of many dilemmas, but persistence usually proves them to be phantoms.

(With Apologies to Carl Sandburg)

The Fog comes
On little cat feet
About the time
Of examinations—
It sits looking
Over desk and chair—
On silent haunches,
And then moves on—
And sometimes it stays.

Fourteen states are represented in the student body of the College of the Ozarks at Clarksville.

Criticism of the faculty by students is as old as the existence of either. Since the school exists for the students, before the said students uncork a great amount of hot-headed criticism it is well for them to remember that the faculty always tries to proceed in a manner beneficial to the students.

A fool usually is free with his opinions before he has really had time to form any.

The Diplodocus phantasmagoric
Creature of time sprehistoric,
Used to be a monarch royal,
And now he's only motor oil.
His span from tail to head was far;
He had no brains, he had no ears,
And now you burn him in your car,
Mellowed a hundred million years.

(Just to give the reader's an idea).

Editorial Blues

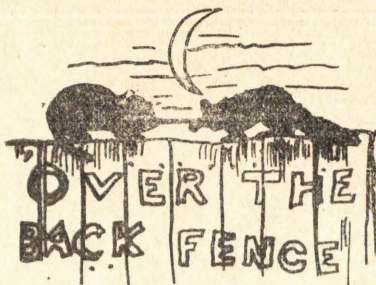

Getting out this paper is no picnic.
If we print jokes, people say we are silly;
If we don't they say we are too serious.
If we clip things from other papers
We are too lazy to write them for our selves;
If we don't we're stuck on our own stuff.
If we stick close to the job all day,
We ought to be hunting up news.
If we don't get out and hustle,
We ought to be on the job in the office.
If we don't print contributions,
We don't appreciate true genius;
If we do print them, the paper is full of junk.
If we make a change in the other fellow's
write up,

We are too critical;
If we don't we are asleep.
Now, likely as not,
We swiped this from some other paper
We did. —The Flora-Ala.

If disarmament conferences do not cease convening and then failing, and after that every nation spreading apprehension propaganda; the whole world will be disappointed if a war does not break out soon.

Disarmament of the world "must" come through education.

The United States is soon to learn whether a professor's place is in the lecture room or politics. The conventional attributes of the two are somewhat different.

Somebody ask Albert Hawkins if he likes to study Shakespeare in bed. Shakespeare? ? ?

We hear that Frances Elliott has the "Ruckman Walk." We wonder if she got that with the ring.

Which all reminds us that somebody said Roy had spoiled her for any other boy.

Problem: Why did Arvil Smith look so downcast a week ago Sunday? Cheer up Arvil. The girls are like street cars.

Why was John Stewart so very interested in finding out where Jess Anderson lives. Might as well be frank about things, John.

We wouldn't have thought it possible, but the other night we saw Milton Peebles, M. M. (much married) drag his wife along by the hair of her head like one of his antedeluvian ancestors.

Was it politeness that caused all the bowing the past week? No, that was only some of the Cavalier "scum" "riding the goat."

Who was it that said that Null was handicapped at social hour by his compulsory silence. He wouldn't have been handicapped if he could talk with his eyes like some we've seen.

And was V. V. Kniseley's face red when he forgot his badge at the football game. Did we say face?

Someone should advise Jane Allen not to "get up in the air" on the next freshman outing.

It seems that an endurance contest staged on the aforesaid outing by T. C. Watkins and Anita Dunn was a big success. Such perfection points to previous experience.

It has been rumored that Miss Moody has changed from Dining Car coffee to Maxwell House.

If you hear an explosion on the campus, you'll know that it's one of the T. N. T.'s blowing up.

Some have asked what T. N. T. means. Any freshman chemistry student could tell you that it means tri-nitro-toluene. Some of the best guesses are, "Texas' Nicest Tomatoes" and "Ten Naughty Tots."

The boys have certainly been given a break by the rule requiring all girls' clubs to have their parties the same night. However, it is doubtful whether some of them realize the fact.

Boys will certainly be at a premium the coming Saturday night.

Our idea of a great calamity: Somebody asking Pinky before Rheba does.

We hear that Reginald Smith is about to desert the ranks of the O. G.'s (old ganders).

Jack Alston wants to know why the Press Club doesn't meet every night. We wonder why he is so anxious to come so often—and also why he enjoys getting ads for the Bison.

We hear murmurings of a T. N. T. Organization. One would think that the good ship Sub-T is due to have an explosion. Watch out for deep sea bombs Skipper Berry-hill.

Since "Shorty" Kingsley has become a Cavalier pledge he has been able to eat his soup without soiling the front of his shirt—He has been wearing it backwards.

Is it possible that that gallant Cavalier Peter Ashmore has been struck by one of cupid darts?—or does Cupid use a sub-machine gun in this modern day?

Albert Hawkins and Stoy Pate have been monopolizing one of Prof. Bell's classes in one way and another.

We wonder why Prof. Schoggins applied the French phrase "never quit" to Margaret Helen Leigh.

SEZ I:

It is time that all of the new students have realized that no one can keep his actions secret.

No news travels faster than bad news—If so scandal is the worst of all.

The challenge carries with it the air of superiority, but the challenged has the right to speak in action.

Some students are being exposed to courses to which they are immune. Some are immune by their own inoculation, and some by nature's.

To be able to teach means that one must have a knowledge of the subject, but to have knowledge of the subject does not mean that one can teach.

Some people have not found out yet that they do not know anything—oh, well, it takes a little sense to know that even.

It is easier to keep people under subjection by keeping them ignorant than by educating them.

Old people looking backward over their life seldom realize just how mean they were, and never do they think they were as bad as the present young generation.

People can not be driven to obedience, but if properly led many things can be accomplished by an otherwise rebellious mob.

Students of Harding are no exception, and when teachers take a driving attitude the results will be very far from successful.

To be dogmatic in contending for your position weakens your own cause.

Judging from the number of players on the tennis courts; there should be some good teams.

The dramatic club has started making its foot prints, for this year. The campus is always tracked up by their results. Watch 'em—You'll love 'em.

When first the butterfly comes to life, it is an ugly creature; but finally it becomes the most beautiful. Get better acquainted, with those you do not know; they may be like the butterfly.

Every one who is eating at the College Club will watch their weight, from now on—They are eating at a different table every week.

Yes! Freshmen! You have the right idea; outings and more outings, however, I can't keep from wondering how long you will maintain your feeling of importance.

Sez-I is all thrilled over the press club meet, which is to be at Harding this year. Let's put our Alma Mater on the map.

Come on Cavaliers, come on Sub-T's—I am for the winner. One of you will win I know.

It won't be long now until our fair damsels will be looking as down and out as the gallant lads. They will be initiated into a club too.

Don't be surprised if you hear wailings and moanings from the Chemistry department; they are accomplishing things.

Critic Class To Hold Regular Meeting

Last Monday night after Monday night meeting was held of all young men interested in a critics class for speakers. The meeting was well attended by the young men. All expressed a desire to carry the work on. Leslie Burke as temporary chairman arranged for a program for the next meeting when a permanent chairman will be elected. The meeting will be held each Monday night after Monday night meeting.

Lois and Jess Anderson of Blackwell, Oklahoma, were called home unexpectedly last Wednesday on account of the serious condition of their younger brother who has been ill for some time. No report has been received about the boy's condition since they left and it cannot be known just when Jess and Lois will be able to return and resume their work here.

JUNIORS TROUNCE SENIORS 11 TO 2

Class Championship Is Won by Juniors Easily

The Juniors took their third successive game of the season Saturday, October 21, by a score of 11 to 2. The Seniors, although on the small end of the score, played a good game, but just could not keep up with the pace set by the snappy Juniors. The Seniors didn't have enough men to form a whole team but with the cooperation of some lower classmen they accumulated enough to play.

The Juniors, with Bell pitching all three games, have gone through the series without losing a game and no one can deny their superiority. Their infallible fielding and hard-hitting have carried them through admirably.

The Juniors took an early lead, scoring five runs in the first inning, and scored in every inning except the third, fifth, and sixth. The Seniors only threatened one time, and that was in the fourth inning when Pate and P. Berryhill scored and Reeves made second base; however, Reeves was caught trying to steal third, and Ryland was thrown out at first for the third out. The Seniors finished in last place in the class contest.

The Box Score

Juniors:	AB	R	H
Rhodes, ss	4	2	0
T. McReynolds, 3b	4	1	0
B. Berryhill, 1b	4	1	1
Bell, p	4	3	3
Kingsley, 2b	4	1	1
Hawkins, lf	4	1	1
Stough, rf	4	1	2
Burke, c	4	0	1

Seniors	0	0	2

Football Game Well Attended, Morrilton High Beaten 25 To 6

The football game played Thursday afternoon between Morrilton and Russellville on the local high school's gridiron was attended by a large crowd in which was a large delegation of college students.

Fans saw in action one of the best lines that has played for a Russellville team for several seasons. Each man did his part well and the holes were opened up on almost every play. Only seven times did the Russellville backs fail to make some use of the holes made by the line, and gain at least a few yards. Harmon and Baise reeled off gain after gain and on several occasions almost ran through the whole Morrilton team.

Local fans were given their thrill of the day when one of the old timers of the game was brought into play. The old hide-out pass accounting for the ball being placed in scoring position by Johnston who snagged the pass and ran thirty yards to the five yard line late in the fourth quarter. The ball was then carried over for Morrilton's only counter.

Morrilton's light in-experienced team was roundly outplayed throughout the contest and the final score was 25 to 6. This was Morrilton's first defeat on their home grounds for over three years.

BURNED WHILE COOKING

While cooking in the Home Ec laboratory an accident occurred which resulted in painful burns to Virginia Scott. The parts of a double boiler she was using were not properly mated causing a vacuum to form. When she attempted to remove it the hot liquids exploded in her face. The burns were not serious and she is now back in school.

FRESHMEN LOSE TO SOPHS 15 TO 0

Sophomores Nose Out Frosh For Second Place

The Sophomores won the second game of a double header from the Freshmen by a score of 15 to 0, Saturday, October 21, to finish in second place. The Sophs have won two games and lost one. The Freshmen ended up in third place:

The Box Score

FRESHMEN LOSE EXHIBITION GAME

Miscellaneous Players Trounce Freshmen 11-3

The Freshmen lost an exhibition game to a miscellaneous group of players Saturday, the fourteenth, by a score of eleven to three. Their opponents were picked from the three other classes and represented the best players of those classes. The Frosh were an entirely different team from the one that played the Seniors the seventh. The Freshmen won a game from the Seniors by forfeit Saturday also.

JUNIORS IN 8-3 WIN OVER SOPHS

Sophs Lose Hard-Fought Battle to Juniors, Saturday 14

The fast fielding and hard hitting juniors took their second consecutive game of the indoor baseball series from the Sophomores Saturday by an eight to three score. The second place Sophs put up a good fight but it was a futile one.

The Sophs took an early lead by scoring two runs in the first inning but the Juniors tied the score in the second inning. The Sophs scored again in the fourth and held that lead until the sixth when the Juniors again scored two runs to give them the lead and they stayed well ahead the rest of the game.

The Juniors, led by Stough, went on a hitting spree in the seventh inning and knocked in four runs before Lemmons, Sophomore pitcher, could stop them. Bell, ace hurler for the victors, held the Sophs well in hand, allowing only nine scattered hits while his teammates were collecting thirteen.

The Juniors are in first place, having won two games and lost none. They have a fast fielding, hard hitting team and are out to win. The sophomores and freshmen are tied for second place, having won one and lost one apiece. The seniors are in last place having lost one game and forfeited one.

Miss Alta Lee Boultinghouse, a member of the '33 graduating class of Harding, is now teaching school at Magnolia, Ark.

BLEVINS-COLEMAN WED

Miss Emalyne Blevins and Mr. Leon Coleman of Wellington, Texas were married at Altus, Oklahoma, June 9 by Rev. Claude Hall.

Mrs. Coleman graduated from Harding academy in 1931 and took Freshman work here the following year. They are at home at Dozier, Texas where Mr. Coleman is employed as bookkeeper in a gin.

JACKSON-DILLARD

The many friends of Miss Minta Jackson, of Wellington, Texas, were surprised to learn of her marriage to Mr. Lee Dillard also of Wellington, Texas. Miss Jack-

son entered Harding College as a Freshman in 1931, returning last year to continue her work. The happy couple are living at present in Wellington.

W. H. C.'S START OFF WITH GALA EVENT

Varied Costumes Feature Clubs First Party

On Saturday the 7th we set sail. Most everyone was there without fail. Away we went seeking treasure untold. Everyone dressed as pirates bold. Thus began the evenings entertainment sponsored by the W. H. C. girls. At 8 o'clock about seventy girls and teachers were guided to the gymnasium where they were greeted by club pirates grouped around Captain Kid's chest. A hazy glow was cast upon the group through the outlines of crossbones and skulls.

There was such an array of appropriate costumes that much difficulty arose in selecting the most clever one. Miss Kathryn Mattox was chosen as first place and was presented with a most appropriate prize, a miniature skull. If you have ever played "Keeno" with such vicious characters as Jolly Rogers, Captain Kid, Dr. Londsey and Brandy, then you have a small idea of the immense enjoyment of all as this was one of the many games.

Have you ever sat in a dark, spooky room with electrical skulls and crossbones as your host and listened to the melodious harmonies of three enchanting pirates? Ask Hubert McReynolds, Albert Hawkins and Jimmie Frazee how they liked playing the role of pirate serenaders.

And now, the Treasure Hunt in reality was on. Each girl was placed in one of the groups, supplied with only a candle, matches and a brief map, the various groups set out in different directions but each having the same goal—the treasure.

Clues and instructions for the exciting search were concealed in remote places such as under rocks, in hollow trees, behind the club house, and many other inconspicuous places.

After much wild dashing and seeking in the weird darkness and across gullies, ditches, bridges, and barn lots, at last the spice of the entertainment was furnished when the treasure was found. Indeed it was a treasure for such ravenous pirates to find huge sacks of delicious sandwiches at the end of each trail. The spirit of the occasion was deeply carried out as all gathered around the hissing flames of the blazing campfire and devoured sandwiches and cold drinks.

Walker-Neil Wedding Solemnized in Alabama

The wedding of Miss Martha Walker and Robert Neil was solemnized September 7 at the home of the bride's parents, Mr. and Mrs. P. S. Walker, Gunter, Ala., in the presence of close relatives and intimate friends.

Miss Louise Walker, sister of the bride was the maid of honor, and David Neil, brother of the groom, served as best man. The wedding lines were read by Rev. S. P. Pittman. Mr. Clengman Prentiss of Nashville sang "All For You" and "Sweetest Story Ever Told," and G. B. Seibold played selections by Mendelssohn. Miss Gertrude Paine was a guest.

Mrs. Neil graduated from Harding last spring. She was a member of the dramatic club, glee club and chorus, and received certificates in both art and expression. She was a member of the Ju-Go-Ju Club both years at Harding, serving as president all last year.

Mr. Neil graduated from Harding in '32 and taught history, English, and voice here last year. Aside from this work, he coached high school basketball. At present they are at David Lipscomb College where both are engaged in teaching.

CAVALIERS CHALLENGE

Albert Hawkins acting as spokesman for the Cavaliers, challenged the Sub-T-16 for a soft ball game for Monday, October 23. After a few minutes the Skipper, Erwin Berryhill of the Sub-T accepted the challenge.

This is expected to be an exciting game because there is great competition between these two social clubs.

Library Regulations

The library is open every school day from 8:15 to 5.

On Tuesday, Wednesday and Friday nights from 7 to 9 o'clock Mondays, from 10 to 12 a. m. and 7 to 7:30 at night.

A fine of 2 cents a day is charged for every day that a book is kept over due.

No student may check out a book except on his own library card.

Reserved books are not to go out of the library during the day. They may be checked out at 5 o'clock in the afternoon and returned at 7 that night, or at 9 at night and returned not later than 8:30 the following morning. A fine of 25 cents will be charged if the reserved book is not returned at the proper time.

No magazines or reference books are to leave the reading room except by special permission from the librarian who will see that the book is properly checked.

No couples are to sit together in the reading room.

Positively no whispering or talking will be allowed in the reading room.

Only faculty members are allowed in the stack room. Please do not abuse this rule. It has seemed necessary for the good of the library and its users to make this rule. Special permission will be given to debaters and seniors when necessary.

ROBISON AND BRADLEY VISIT HARDING RECENTLY

Two former athletes of Harding were on the Campus recently visiting the school and old friends. Mr. Vincent Robison, an ex-football player for the Bisons, was back for a short visit and both the old and new students gave him a hearty welcome.

Mr. Sam Bradley who has lived for the past six years in York, Pa., was on the campus visiting Hubert Wadley and other friends a few days ago. He and Hubert played basketball together on Harding's team in 1926-27, and both were outstanding players.

Roy Ruckman preached at New Liberty Saturday evening and Sunday morning.

Cleon Lyles, accompanied by Hubert Wadley and Miss Ruby Lowery, drove to Searcy last Lord's Day where Cleon preached.

J. N. Armstrong is holding a meeting in North Little Rock this week. Brother Charles Bradley is conducting the singing.

Lewis Mills preached to the colored people in Morrilton Sunday.

CAVALIERS MAKE PLANS FOR YEAR

Horseman Start Off By Pledging New Members

The Cavaliers are moving full force this year so far. If you doubt it, just ask some of last weeks pledges, for instance V. V. Kniseley, "Shorty" Kingsley, Charles Coleman, Johnnie Thompson and Jessie Farish. You can also wind out from Leroy Null and Jimmie Frazee.

Last Thursday night the Cavaliers had their second initiation of the year. They made five of these "ride the goat." "Shorty" Kingsley told some of the Cavaliers that the goat really butted, but he can take it.

The crooning Cavaliers, Jimmie Frazee and Leroy Null, serenaded the girls of Jenny Hill Hall by singing "Learn to Croon." A reply came at once from the hall telling them they needed to too. To prove that the Cavaliers could croon, the Club joined in on the chorus.

Girls! Girls! Here is your chance to get your penmanship lessons from the pledges of the club since they are on the "mum" list next week. You had better put in your bid for the ribbons too, for it is almost time to stop wearing them.

Several Families Move To Morrilton This Year

Several families have moved to Morrilton from different parts of the country in order that their children might attend Harding college. Among these are Mr. and Mrs. Harvey Dykes of Cordell, Okla.; Mr. and Mrs. O. T. Boulding of Cullman, Ala.; Mrs. J. E. Blansett of Dallas, Tex.; Mr. and Mrs. A. R. Hill of Nashville, Tenn.; and Mrs. Kenneth Davis of Dallas, Tex.

Those who moved here from towns in Arkansas are Mr. and Mrs. G. E. Pruitt of Newport; Mr. and Mrs. Jack White of Opele; and Mr. and Mrs. F. B. Sarles of Little Rock. John Thornton and family of Blackwater, Mo., are coming but have been delayed because of sickness in the family.

PETIT JEAN STAFF ASKS FOR SUPPORT OF STUDENTS

The staff of the Petit Jean with Geraldine Rhodes as Editor and Loye Ruckman as Business Manager is asking for the whole-hearted support of the entire student body in the making of pictures for the book. It cannot be a success without such cooperation and they are asking for just such action.

The photographic work is being done by a local concern, Hewitt's Studio, and thus you will be able to have your picture made when it is convenient; however, if you are asked to go at a certain time, you are expected to go if it is possible.

The price of the picture will be one dollar and fifty cents and that sum pays for the photographers work, and for the putting of the picture in the annual no matter how many times it may appear.

The money is to be paid either to Miss Rhodes or Ruckman at the office of the Petit Jean on the first floor of the administration building before you can receive an appoint-

ment card which must be presented to the photographer.

Mr. Stoy Pate preached in Clarks-ville, Arkansas Sunday, October 15, 1933.
