Different Social Clubs Entertain

Practically Everyone Goes To Enjoy Parties

The November moon descended on the campus in all its mystery and romance on November 28, as the first club festivities were scheduled. The W. H. C.'s rolled the barrel out on the lawn of the Union House, and the Wiilin King of Yesteryear was the master of the evening of the season. 'Black cats young men to library, where the ghost stories are told, then they meet the couples at the door; and black cats young to do the talking, the receiving line.

Party doors were opened before the games, and several apples were devoured whole by the apple peeling contestants. A box of cookies was the lovely prize, and the young men were still afoot as the moon rose in the sky. Miss Margarette Breteer, supposedly Mr. Merriman's sister, created a furor out much trouble on the part of Jack Matthews and Stapleton were spooked ghosts. But the best part of the affair was when the corn, itself and all of the members of the Phi Sigma Phi club made the conscious effort of setting the games for the evening.

The tables in dinning rooms were tastefully arranged, the dishes and cutlery were arranged for the occasion, and the members of the Phi Sigma Phi and Delta Sigma Pi clubs required an attendance of ten percent at this party.

Dramatic Club Elects Officers

Sears Will Hold Campus Players For The Year

At the meeting of the Dramatic Club last Friday evening, the following officers were elected for the coming year: president, Melvin Burghas; vice-president, Gene Pace, Mike Moore; secretary, Elizabeth Clos; treasurer, George Brown; newspaper and general club director, Olin C. Sibley; publicity director, Robert McPherson; and other regulars. The meeting was carried on in the absence of W. W. C. and Women's Dramatic Club. There were present: Mrs. Robert Harrell of Howe, friends, and the Dramatic Club.

CLASS BASKETBALL TOURNEY STARTS

Intra-Mural Games to Be Played On Saturdays

The Inter-scholastic basketball tournament was played on Saturdays last year and the interest in basketball and to be played this year. The tournament started with a bang. The tourney will start at the same time, just as the Inter-scholastic basketball tournament started in the fall three periods of time and in each game the tournament was played.

The Juniors probably have the greatest interest in winning this tournament. The team is composed of three men and three women and they are the best team in the school. The team has the best chances to win this tournament, having won the previous year and being a good student body. The Juniors expect to do their best and will not do less than the best.

The freshmen and sophomores will run a very close race, more so than likely. Both classes have the same number of students and have good teams. It is expected that they will run a close race and that the two classes will not be far from each other.

The tourney started with a bang and it is expected that the tourney will go on the same schedule as last year. The tourney will start with a game and will go on every Saturday night.

Dr. Summiti Lectures At Extension Center

A movement is being made throughout the state to have the teachers of the present school year and who have been in the three clubs of last year, especially the W. H. C., who are all unable to be present at the meeting and who will have the opportunity to hear the lectures of the best students in the school.

(Continued from Page 2)

The Cavaliere Broadcasting Company was started in 1931 by the students of Harding. The company was given its initial big break when they were invited to broadcast during the chaplain assembly period. The company was started by the investigation of a "Counsel On The Delta" and "Shanty in Shanty Town." The organization was perfected. He is back and this time he is coming through with the broadcast.

Of all the things that a student ever wishes to have, the greatest is the sight of G. B. Reiter's face, and the greatest is the sight of a wish being fulfilled at a moment's notice. So, too, it seems that the student who has the greatest wish is the one who is most willing to do the things that are necessary to make his wish come true.

Wanted--A Razor

So, too, it seems that the student who has the greatest wish is the one who is most willing to do the things that are necessary to make his wish come true.

Wanted--A Razor

All the things that a student ever wishes to have, the greatest is the sight of G. B. Reiter's face, and the greatest is the sight of a wish being fulfilled at a moment's notice. So, too, it seems that the student who has the greatest wish is the one who is most willing to do the things that are necessary to make his wish come true.
This year Harding College is to host to the American Press Association. What are we going to do about it? The responsibility for the success of the press meet lies upon us. Our job is to get behind it and put it over! Are you going to back and hold your horses while someone else does what little they can, or are you going to get into the fight and help them?

Of course we want to come out on top of our school's competitors. Our duty doesn't end there; we must see to it that we give the best we have to make the press meet a success.

The president of the association has allowed us to bring in this benefit of the organization. Let's get in line and show him that we are going to give our support.

He has stated that he can count on us one hundred per cent for the success of the Arkansas College Press Conventions. Let's not fail him.

PRIVILEGES

Does a privilege amount to anything to us? Do we appreciate the fact that we are placed on the same level of everyone enrolled in Harding College; that the teachers are working with us and willing to function on the same basis as the students? Are these some of the questions we might ask ourselves as to if we are becoming adjusted to the plan set forth at this institution.

One of the essentials of body is to have to guard themselves if they want to cooperate with the school in the effort of preparing boys and girls for lifetime work. We find that because of a few that insist on extending their privileges that must be necessary to be penalized. It seems that even the president of the school cannot have an office and be just another student. But is not our office and few of we any businessmen in there. "What do you say, are we going to make the president move his office? Well, I should say no!"

Remember we all live in, so be careful and prepare a butt that all of us will appreciate later on. The association is a good unit for those of us who want to get far ahead. There is a number of prospects out for basketball from which we can select the best players for his fans. From the standpoint of a student, we are a faithful body of athletes upon whom can rely, at any time, for any reason.

One of these essentials is the support of the school. A team that is not backed by the entire student body soon loses its strength and ability through a lack of initiative. It becomes a mere plodding machine, working without heart or joy or work. With the enthusiasm of a large student body behind it, the team becomes one. It is a thing that plays well, body and soul in the work.

To support and enjoy each game, of course, is one of the advantages. But in addition, every member that a team needs money for various expenses. It is no use to believe in the lonesome road a few days ago. We were on the road. We were the lonesome road a few days ago. We were back in the bus, back in the crowd, back among our friends. It was good, it was a thing that would make us feel a little more at ease in the world.

If you want to succeed in basketball, it is not only good but necessary to make a success-yourself. If you have no great idea of the game, you will have no chance to make a success of it.

The present generation may be beginning on a ruin of the decades, but our chances are, we are not so deluded as to be.

BASKETBALL

Basketball is the first major sport in those German Pacificists, who after the war, declared commercialized purity! They are:

1. Read
2. Read some more
3. Read anything
4. Read everything
5. Read enjoyable things
6. Read things that make one enjoy
7. Read, and talk about it
8. Read very carefully—some things are worth reading
11. Don't think about reading, but read.
12. Just read.

The oldest alumnus of Southern
University died recently at the age of 91. The Sou'Wester.

The present general may be beginning on a ruin of the decades, but our chances are, we are not so deluded as to be.

Hilton is certainly trying the patience of those German Pacifists, who after the war, shouted "Thank God for the French Army.

Of the nine major kidnaping cases re- ported on the athletic page, only one investigation has not led to indictments. Probably criminals will conclude that kid- napping is not profitable after all. A contemporary writer has recently said that there is beginning a revolt against the "false ideals of the lost age."

The haters, the crusty, the mawkishness, the heavy tyrannical "sentimentality": It is something to be sought after and with a little hope of complete achievement, because the revolt would necessarily be too great.

Don C. Seitz, who was business manager of Stephen Crane's "Journal," writes in a recent magazine that the new and ancient periodical, the magazine had become more popular. The vein they worked on was more distant Spanish war, and as a result, literally "barked" President McKinley into descending war.

"The Pyramid Boys"

Kathleen Norris is considered the famous Kyn com- mercialized parat! Commercialized sin! Sinclair Lewis and Theodore Dreiser commercialized bunk and nobody's wiser! It is a point.

The guy who said, "The Pyrenees are too high, and the Alps are too low."

The guy who said, "I wonder how it is that when we do not spend our public works money digging into the ground, it is Warren."

I was intending to make some remark about Clio Scott and a point, but when the leaves in the books shut, I worry."

Potpourri

The guy who said, "The Pyrenees are too high, and the Alps are too low."
The Knights took an early lead, scoring three by knocking in three runs but scored enough to tie the score in the fourth. The Freshmen brought out a fast team and showed no slowing of themselves. They led the prep team throughout the game but were almost tied in the third quarter when they were scored twelve goals to their seven. Under the leadership of Love, the prep held their own fairly well, but were outclassed by Captain Wadley and his men. The prep only had a limited number of men while the Frosh had a comparatively large number to choose from.

The Freshmen, standing for the prep, plotted up a score of twelve points for high marks on the prep team. I was high-point man, scoring eleven, and was closely followed by Wadley who scored fifteen. Havner, Sophomore, playing for the academy, scored eight points for fourth honors.

High School Girls New Have Their Own Club
The High School Girls met Saturday, Oct. 21, and organized a new group. It is called The O. D. N. There was much interest and enthusiasm among the girls as this is the first organization of its kind since the founding of Harding College. The following officers were elected: Gladis Mathews, president; Georgia Peet, vice-president; and Hannah Rice, secretary and treasurer.

Wrestling and Boxing
At a meeting of the freshmen boys last Thursday a division was made in their physical education class, one group taking up boxing and another group wrestling, the remaining group essaying both. The wrestling was under the direction of James Bales, who has had experience in this line. The boxing is under the direction of Ervin Hare, a capable hardworking coach. Ed Williams will direct the entire club on Wednesday and Friday afternoons.

The Freshmen officially opened the basketball tournament by beating the prep team in the first quarter with a score of 13 to 4. The Knights took an early lead, scoring three runs but scored enough to tie the score in the fourth. The Freshmen brought out a fast team and showed no slowing of themselves. They led the prep team throughout the game but were almost tied in the third quarter when they were scored twelve goals to their seven. Under the leadership of Love, the prep held their own fairly well, but were outclassed by Captain Wadley and his men. The prep only had a limited number of men while the Frosh had a comparatively large number to choose from.
Fun But It's True

Gaylrene Paine always saves her seat for Frank Rhodes in Church. When his seat was empty the other day with Miss Lowery-Cleo Blancett's definition of love has a new bracelet—The Jug-Up Toppy, Denzil and Gibby can explain Stough Davis and James people had flat tires on the morning. Ence Cartwright was playing through the entire evening. That Hubert, his own brother, had a game called bold. With low lights and colored sur-

What Fools These Mortals Be!

If a stranger should come to Harding he would probably think several of the students were eighty-uninitiated. Here and there over the campus one sees a group of boys and girls grouped around some miscellaneous pledge making his "performance." On the right one sees a Cordeler trying to laugh or being silly or trying to keep from talking—good thing the girl gets away to do that. Each time he says "Yee-Ha!" "Goose-stepping" of back- up the steps or in a building. Poor fellows, they should wear their clothes backwards and save all the trouble of buckling up, or should they?

Behind one a T. N. T. pledge is trying to steal some one something. When we see one we are reminded of a circus, and I could be thinking of the animal tent but I'm not. Then, in front of one a Ju Go Ju is proudly displaying her earnings and wearing her costumes like an Indian brave in squaw. And there stands a W. H. C. at first glance one is forced to believe that some Froshmen is displaying his colors or around on another field, he finds that they are only wearing their club initiate on their face— or are they? Miss Elliott is tied in her favorite class and is ready for a good game. We can't come up and answers present and see that some young men have joined the club, at least they answer the same way.

My, my, my what is this young, energetic fellow going to do? No matter how much they may want to be member the wise owning of the aged, at least the lessers should "After the storm comes the calm"--"He who possesses a club is col-lect to many misters!"

DR. HARDING VINTS SCHOOL

The refreshments consisted of pumpkin pie, ham, and cold seedless grapes. The students decorated the room, using pumpkin jack-o-lanterns and corn stalks. They played games during the evening.

Junior High Celebrates Halloween With Party

Miss Moody Speaks At Regular Girls Meeting

The girls of Jenny Hill Hall met in the recreation room Thursday, November 2, and discussed subjects of general interest to all. Miss Fanny Marie Moody gave a very interesting talk on "The Charm of Young Women." After this Miss Florence Cartwright and Mrs. J. Armstrong gave suggestions on the subject and then advised the girls. A new member of the household, Miss Betty Porter, was introduced. Miss Betty McKe- nor was asked to give a talk at the next meeting.

The refreshments consisted of fruit and iced tea. The refreshments present were Brother and Sister M. N. Armstrong, the tea ladies present were Susie Barnes, Ralph Blanding and Martha Burns.
