Dramatic Club Launches Ticket Sell-Off Campaign This Week

Beginning Monday, December 4, the campus will be inundated by an enthusiastic horde of enthusiastic lyceum number of the year. The club, known as the Dramatic Club, has been working hard to prepare for the upcoming production. The club members are excited to share their passion with the university community.

Dramatic Club Launches Yearbook Queen

A candidate for the coveted honor of the first lyceum number of the year will be selected by the Dramatic Club. The search for the queen began with the nomination of the Queen of the Year, who will then be elected by the student body. Three requirements must be met to be considered for the title:

1. Two one-act plays, one presented by the Campus Players, will consist of two one-act plays, and Jean Winburne.

2. The students will give their best effort to present the best possible production.

3. The student body will be involved in the selection process.

Keen competition is already being seen in the race for the crown. Interested students are encouraged to participate in the selection process.

MOTHER'S DIARY

I found a little record of her days
At the old home. A few short lines
Each one there all wrote. My Mother's ways
Were simple. When she painted cobblestones
She put them down thus: the little calf
She weaned herself from mother cow;
Her do's, household tasks, or when
She visited the sick. But, oh, somehow
One line apart from others seems to stand—
"I went to the postoffice," she would say.
I look back—here in her own handwriting:
That one short line she wrote from day to day.

Dear God, on high, can Mother see me to
Try again and again? For my repeated cries
Of letters that I failed to write?

These fears for letters that I failed to write

THANK YOU, FRIENDS

Every year it is necessary for us to call on
the people on the morrill to help entertain
our Thanksgiving visitors. This year we had more visitors than usual and we received a
great demand for cooperation from local
people. The hearty cooperation mani-
fested by the citizens of Morrilton made it possible for the College. Our hats are off to you and our
appreciation is far greater than we can ex-
press.

THE FOLKS BACK HOME

In the mad whirl and activity of collegi-
ate life, we are prone to neglect some of the most valued privileges we have. All forms of neglect bring unhappiness to someone or other. Undoubtedly one of the most serious forms of neglect, do Mother and Dad mean to you? Think of the sacrifices
that our forefathers made in order to get
a well-rounded education. When you are far
away from those who love you, who have in-
spired and encouraged you, who have given you a castle of dreams, and are doing their utmost to bring that castle into reality, is it not shameful that you neglect them by not writing? Perhaps this little poem by Elsie Duncan Sanders in the Catholic Education
Magazine will awaken within you a real-
ization of your debt to those you love:

VARSITY TROUNCED

Cells Win From Varsity in First Game Saturday

The Celts, a miscellaneous group of players, faced the varsity squad by a score of 54-38 in a good class of ball but still losing eighteen. Both squads showed gaging that is needed to get cooperation out of his companions.

Sometimes Hillsgate says she does not find anything that he has done, that she does not pay to hide. LynDon Bank's theory was, anyway, that is what I feared. Celley and Reginald Smith say "bar" one song and we should name Game Pace and Mike O'Keeffe Pete Hale. Only Tommy Hall bought two tickets in the basketball game to Kathryn Matson. She seems to have been afraid all of it would be over her future. I asked for a news article about her. Henry Pierce likes to stand the library, especially while Ethel Fowler is there. Oklahoma students like for people to know they are from Oklahoma. On, we have heard of the fellow who told everyone he was from Bing Bing.~! Analyza Eusakum did not have a date for one social hour. Pinky has already started buying her furniture. At least there is a new radio—It is just an instrument—Jerry Norris and Mary can put on a good show—Anyway it has been an event. Anyhow, the Celts are a school's best. AND fairly healthy. I have been in the hospital as well as anyone her. Ethel says she can wrestle as well as anyone here. The Celts note that she seems to be growing here.

Repair Man Wanted.

Word came that a certain young lady was waiting on the telephone and with pounding heart and steaming face, she stole a wrong number and placed her desperate anxiety on the telephone. "Hello," gently asked the dispatcher. "This is the operator. What can I do for you?" When young lady realized the situation, she angrily shouted, "Hello!" As soon as the young lady recognized the voice she looked around to see if any laborers were looking (死角) and when she found that none were doing anything quiet, launched into a "good-night" love song.

Words of endearment were whispered back and forth for some time and, hearing interjections, much good but shabby work was produced by both parties. If one had been present he might have been the instrumenta-
