Students Launch Library Campaign

\$1,000 Needed For New Books to Improve Library

A campaign has been launched by the students of Harding College to raise \$1,000 for the purpose of adding new books to the library. Harding's library has always been above the standard requirements. No inspector has ever reported a deficiency, however during the last few years not as many books have been added as are needed to maintain the high standing desired.

When President J. N. Armstrong announced that \$1,000 was needed to buy new books, the students immediately took it upon themselves to raise this amount. Papers were circulated for students who would try to raise more than ten dollars each to sign. More than a hundred names were signed within less than half an hour.

The students are not to give money themselves but are to write to friends and relatives who will contribute. Form letters were prepared and students began to write for money.

A prize is being offered to the student who raises the most money. Bro. Armstrong agreed to add ten dollars which he is raising to the credit of the first student to report another ten dollars. The following day Miss Altus Halbrook reported the first money, \$1.05.

One day later Brodie Owen of Wardell, Missouri responded with the first ten dollars, thus getting twenty dollars to his credit. Robert Boyd was the second one to raise ten dollars. Probably the fact that his money had to come all the way from New Orleans kept Boyd from making the first report. George DeHoff has been appointed treasurer of the fund.

T. N. T. INITIATE SEVERAL PLEDGES

Club Now Has Representatives From Nine States

Four new members were initiated into the T. N. T. club Saturday night, January 20. This addition fills the club quota for the year. The new members are W. F. Anderson, Jr., Murray Upton, Gus Meuli, and Wilbur Parvin.

Monday morning members of the club repaired the walk leading from the College Club to the campus proper.

Nine states are represented by the fifteen members in the T. N. T. The states and the number of their representatives are as follows: Oklahoma 4; Texas 2; Tennessee 2; Michigan 1; California 1; Louisiana 2; Kansas 1; Georgia 1; and Alabama 1.

Student Quartet Appears At Singing Convention

A quartet of Harding students will entertain the Bethel Baptist church, Sunday, January 28, with several musical selections. This quartet which is composed of Robert Boyd second tenor, Charles Paine, baritone, Bynum Green, bass, and Miss Beulah Faye Clapp, alto, was formed recently for a Young Peoples' meeting.

Green Stockings Again Forced to be Postponed

"Green Stockings," the play that was to be given at Harding College Tuesday January 30, has again been postponed to Tuesday night, February 6.

Members of the cast, with the faculty asks the cooperation of friends in making this change, which due to illness and other unavoidable reasons, it was necessary to postpone the play.

Mr. Reginald Smith, a sophomore of Harding, had a nasal operation at the Baptist Hospital in Little Rock last Thursday. He returned to college Saturday afternoon.

If You Love Me Flip Me A Pebble

According to Dean Sears the proper way to show your love for your main obsession is to throw things at him.

Imagine Kathryn Mattox hiding coyly behind the girls dorm and heaving a rock at Arvil Smith or Harriet Kelly daintily flipping pebbles at his majesty, King George. To go further, imagine Mabel Dykes brazenly pursuing Denzil Keckley with a two-by-four and Virginia Scott throwing mud on Robert Farrish's satirical perfection.

The trend seems to be running in cycles, back to the cavemen days, or cavewomen days when men were men and women were husky.

It is easy enough to imagine these girls throwing things after the knot has been tied; but for them to throw them now is not good strategy. But maybe this Christ-an environment compels honesty.

STUDENTS STUDY BIBLE SUBJECTS

Young People Support Chinese Student at Canton

The students of Harding hold a young people's meeting each Sunday evening from six thirty until seven thirty o'clock in the Matthews auditorium. These meetings are under the leadership of Bernard Lemmons, president.

The purpose of these meetings is the discussion of Bible topics of present interest and importance, by those appointed. After the appointed speakers have finished, the meeting is turned into an open forum and volunteer speeches on the subject discussed are invited.

The leader each Sunday night chooses his speakers and song leader, and assigns topics and appoints a leader for the following Sunday night. Charles Pitner has been appointed leader for next Sunday by Henry Pierce.

At one of the meetings recently Lewis T. Oldham, who was a missionary to China for five years, spoke on the customs and conditions found in China. The group is interested in the work in this field and several of the students are corresponding regularly with the missionaries.

In a recent letter Lowell B. Davis wrote from Canton saying, "Some considerate person or persons, have seen fit to send the group here a copy of the Bison. It arrives regularly and we appreciate it much. Although it comes to me, yet we all enjoy it, and join in thanking those responsible for this kindness. The Bison is fine this year." This is the gift of the sophomore and junior college classes.

The Harding young people's group has agreed to extend their payments on a scholarship for a Chinese student in the Bible school at Canton for another year. The tuition in this school is thirty dollars for one year.

In addition to this work the young people are sending regular contributions to Roy Whitfield and Lowell Davis, assistants to George S. Benson in the work in Canton. They also sent a Christmas present to these men in the form of a sizeable contribution.

Knights Trek To River On Moonlight Picnic

Last Saturday night the Cavaliers met at the girls dormitory to join their girl friends and hiked to the banks of the Arkansas river. The hike was inspired by the beautiful moonlight. Exploration of the river banks was made by various couples, and even the graveyard was visited by some. (They must have been looking into the future).

After many minutes of pleasant words with the fair sex all gathered and made a fire to roast marshmallows.

WADLEY COACHES

Hubert Wadley, who was appointed basketball coach upon Pinky Berryhill's resignation, is liked by the student body as well as the team. Wadley, who attended Harding several years ago, is a fast, dependable man on the court, playing center as well as coaching.

C. I. A. Ass'n. Is Engaged in Work

Woman's Organization Is Doing Much to Aid School

The College Improvement Association, which is comparable in the P. T. A. in public school work, has been responsible for a great number of improvements in the junior high school, the intermediate department and the primary department.

This group meets twice a month, every second and fourth Friday afternoon. Every alternate meeting is turned into a benefit tea and the other meetings are business sessions. The officers for this year are: Mrs. W. E. Massey, president; Mrs. Earle Haynes, vice-president; Mrs. John P. Thornton, secretary-treasurer.

Some of the additions that have been made to the grade school are a victrola for music appreciation, lights for the training school rooms, play ground equipment, a Keystone lantern with three hundred flat surface slides, and duplicates for stereoscope, to show depth.

This organization also had the walls in the training school rooms tinted. Besides these things for the lower grades, Bible maps have been placed in the high school; books have been added to the junior high and grade libraries, and material for construction work has been purchased.

The C. I. A. raised money not only by benefit teas but by selling candy at all the ball games.

This work of these mothers is very much appreciated and should have the whole-hearted support of all the students.

STAFF ASSIGNMENTS MADE FOR ANNUAL

Entire Senior Class Contributes Much Work On Book

Steady progress is being made in preparing the Petit Jean for the printers. The Seniors are all at work, and this year's annual is expected to be Harding's best. The sale of the year books is increasing steadily, spurred on by the Queen Contest and every Harding student is urged to purchase one of these valuable books before it is too late.

Another urgent request from the staff is that every member of the student body have his picture made. The sooner all pictures are made the better. Loye Ruckman will make your appointment with the photographer.

Geraldine Rhodes, Editor-in-chief.

Reba Stout, Assistant Editor.

Nova Capps, Art Editor.

Susie Burns, Organization Editor.

Neil Cope, Snapshot Editor.

Asa Hewen, Feature Editor.

Glenn Parks, Class Editor.

Loye Ruckman, Business Manager.

Roy Ruckman, Circulation Manager.

This group deserves the most ardent support from every loyal Harding student and surely they will get it.

Academy Team Succeeds Under Wadley's Teaching

Under the able leadership of Coach Wadley, Harding's academy basketball team is expected to show excellent results this season. Three men of last year's squad are playing again this year. They are: Joe Rector, Jack Wood Sears, and Ralph Bell.

There appears to be some excellent material among the newcomers who have joined the squad. The new members are: J. M. Matthews, C. L. Bradley, Bennie Pace, Adreth Wheeler, William Bell, Jack Hawkins, and Junior Gordy. Mike O'Kelley is manager of the squad.

JU GO JUS ELECT OFFICERS

At a business meeting held in Susie Burn's room, new Ju Go Ju club officers were elected for the winter term. Geraldine Rhodes was elected President; Eva Lee Bradley, secretary-treasurer; and Thelma Bradley, re-elected as reporter. To the ex-officers the girls expressed their appreciation of their work last term.

—What a Class—

History, History, it seems that the field of history is to receive several recruits from the present Senior class. Only seven of the nineteen seniors, however, are majoring in history. It seems rather unusual that so many would have chosen that for their major work. The other fields, however, have some representatives. Three have majors in English, three in Business Administration, two each in Home Economics and Mathematics and one each in Spanish and in Science.

This senior class is a very energetic group coming from nine states, all of the way from California to Georgia. Texas, the largest state, has the largest representation, five members of the class hailing from that section. These five people do not represent all of Texas as they all live within one hundred miles of each other. Arkansas has four members, Tennessee three, Louisiana two, and California, Missouri, Mississippi, Georgia, and Alabama one each.

DEAN SEARS WILL RECEIVE DEGREE

Will Attend U. of Chicago During Next Three Terms

Dean L. C. Sears, professor in the advanced English department, plans to leave for the University of Chicago early in March to complete the work for his Ph. D. Degree. While at the University, he will study 16th Century literature and especially Shakespeare and his contemporaries, under the direction of Dr. Baskerville and perhaps Dr. Manly. Along with his school work Dean Sears will preach for the North Side Church of Christ in Chicago.

Professor Sears will remain at Chicago for the spring, summer and fall terms. President Armstrong will take care of the correspondence work during his absence, while the teacher for advanced English will be announced later. The debate teams' hardest debates will be over before their coach has to leave.

The faithful services of Dean Sears will not only be missed in these fields, but also in the Arkansas Little Theatre Association, of which he is president.

Band Makes Initial Appearance at Game

Harding's newly organized band made its first public appearance at the Harding-Ft. Smith basketball game Thursday night, January 25. It contributed much toward increasing enthusiasm and greatly assisted the pep squad.

The band, under the leadership of Robert Boyd, meets daily for rehearsal, except Sunday and Monday, at 3:30 p. m. In the near future Prof. Robert Close is expecting to meet with it and direct it in some concert work. Anyone who can play an instrument suitable for band work is urged to come and contribute his efforts toward making the band a success.

Academy Graduate Makes Good Record in Training

Miss Irene Henry, who graduated from the Harding Academy in 1932, is now enrolled in St. Margaret's Hospital at Kansas City, Kansas. During her first months there Miss Henry made outstanding scholastic records. She was admired for her patience and service among the patients in the hospital. She has now completed one-third of her nurse's course.

While Miss Henry attended Harding Academy, she was very popular among the girls and boys with whom she was associated. She took a part in all activities of the school, and it is a pleasure to know that she is doing such nice work.

MARTHA STARNES ILL

Miss Martha Starnes, an academy teacher and Junior of Harding, is quite ill. She seems to have had a relapse from flu. Sidney Kinningham, a Harding sophomore is teaching in her place. The last report is that Miss Starnes is improving.

Hendrix Quintet Downs Harding

Bisons Lose Hard Fought Battle by Scores of 41-48

On Tuesday night a fighting Bison team went down in defeat before the rejuvenated Hendrix Warriors at Conway.

The opening minutes were slow cut but the game gradually speeded up with first one and then the other team scoring. Hendrix, however, held a slight edge over our boys which gradually broadened until they were leading 25-20 at the half.

Harding came back with a rush in the middle of the second half. After a long uphill fight they caught and passed the Grovemen, but the pace was too fast, the court was too large and strange and due to some very fine work by Fisher and Jones the Bison rush was halted.

The Warriors came from behind and finished the game out in front by seven points.

Captain McReynolds led the Bison scoring with 16 points, Berryhill came next with 10. Jones was high-point man for Hendrix with a total of 19 points.

Coach Wadley played a fine game getting the tip consistently and holding his man to a low score.

Hendrix comes here Saturday night for the return game. On their home range the Bisons should stampede the Warriors.

Box score:

Harding	Hendrix
Bell 5	Griner 2
McReynolds 16	Rieves 9
Forwards	
Wadley 6	Smith 5
Centers	
Trent 4	Jones 19
Berryhill 10	Fisher 9
Guards	
Substitutes — Hendrix, Johnson, McConnell, Berry 2, McKinney, Frazier 2.	

Harding will send three teams to invitation tourney

DEBATING CLASS READY FOR MEET

Harding Will Send Three Teams to Invitation Tourney

The debating class is preparing to enter the invitation Tournament to be held at Arkadelphia, February 16 and 17. The subject, one of great interest at the present time, regards the recent increase in the president's powers.

Coach L. C. Sears is well pleased with the work of the debaters thus far, as several practice debates which have been held in class show that the speakers are working hard. Two debates will be held here with Little Rock Junior College the day before the tournament.

Two boys' teams will be selected from the following: Loye Ruckman, Roy Ruckman, George DeHoff, Edwin Hughes, Carroll Trent, Billy Norris, and Frank Rhodes. Trent is the only debater who has never represented Harding in debate, but he has had experience at Oklahoma Christian College. Harding will be represented by Kathryn Mattox and Mildred Majors in the girls' division. Both girls show promise of a good record in the coming tournament.

Ju Go Ju's Entertained With Interesting Party

A lovely time was enjoyed Saturday night when Misses Juanita Fields, Clariece Kelley, and Virginia Scott entertained the Ju Go Ju club at the College Club. Despite the rain, most of the members were present for the meeting. Miss Clariece Kelley directed some clever games during the evening, such as the old fashioned "Spelling Bee" and "Court Trial." Under the suggestions and leadership of the president, Miss "Jerry" Rhodes, discussions and plans were made for future Ju Go Ju entertainments and events. About the time for the girls to leave, they were served with delicious doughnuts and coffee.

"As ye would that men should do to you, do ye even so to them." Remember that when you go to the library.

A student publication issued semi-monthly by the associated students of Harding College, Morrilton, Ark.

BACK OUR LIBRARY DRIVE

Once again, in the history of Harding College, the students have been called upon to give their aid. In the past students have rallied one-hundred per cent to support the institution in its time of need. Always they have won the battle they were fighting.

The cause this time is just also. It is a problem that is of vital concern to every student. Whether you have been interested or not you should have been. The work is not to benefit some individual but is of a nature that benefits us all.

For your own good you should get behind the drive and put forth every ounce of energy possible. Your future here depends on the library and the future of the library depends upon you. Are you going to give your whole hearted co-operation in this drive? Remember that Harding college is counting on you!

Do you acknowledge the rights of other people? Do you realize that you are just one of the four hundred that make up this student body? Are you aware that other people are entitled to similar privileges as you?

Had it occurred to you that the library is a place to study? Did you know that talking, gossiping, and such like are entirely out of order in the library? Have you visited other libraries and observed the conduct of its patrons? Don't you think we are entitled to the same conduct in our library?

Now my admonition to you is to keep such things in mind when you go to the library. Remember it is a place to study and not the place for your social functions. If you don't want to study, remember that is my purpose in being there, and you are abusing my rights by your improper conduct.

GOSSIP

Gossip! The talk of an idle tongue encouraged by an idle brain. Gossip and idle scandalous talk can be, and are, as detrimental and destructive to the morals of a race as any other evil. Yes, even more so than drinking, gambling, and other evils. Worse than these evils? Yes, for in many cases these evils have been caused by the unrestrained tongue of gossip.

Each year an astonishing number of young girls are driven into the streets by the gossip of "good" women who thoughtlessly exaggerate and spread scandal. Many young men are driven to drinking, gambling, and a life of crime by the gossiping tongue.

How can gossip cause these things? Many times this "friendly advice" is picked up by another gossip who rearranges it, enlarges upon it and passes the "good word" on. We should remember that everyone does not have the power to think for himself. Among these folks gossip spreads like a prairie fire.

It is a pity that the old New England "Ducking Stool," for "witches" and gossipers, is gone. Much strife could be prevented by giving these gossipers a good ducking or a sound thrashing.

Remember that a man's good reputation is his best asset and gossip is good reputation's worst enemy.

BACKING

Is it our place to back the activities of the school or to criticize everything when we get a chance? It makes little difference how much progress we are making, the thing to do is to get behind the activity and do our best to put it across.

Could we have won the ball game the

other night? Well some say no, because the boys were not in training as they should have been. Why do we want to take this criticizing attitude and give up all hope? Our part in the game is to back and support the team. What incentive is it to the boys for us to stay at home and say where they get back, "The results were just as I expected."

Let us all go to see the games and make the team know that we are backing it. If we come on with our end of the rope the team will naturally pull a little harder. What do you say, let us give it a trial and back them with our yells.

There seem to be organizations for cultivating every virtue but making oneself agreeable.

Reproof is best delivered to the mass instead of to individuals. They are sure to resent it.

POTPOURRI

By Albert Hawkins

Men run not for instruction, but for warmth and light, for a thousand new perceptions, for the enlargement of their experience. They go to literature for life, for more life and keener life, for life as it crystallizes into deeper significance.—Ludwig Lewisohn.

Conceptions of ideas today are the realities of tomorrow.

Gladstone on being asked by his grandson why prayers were offered in the House of Commons, replied: "The speaker looks at the members and prays for the country." Possibly too true.

Albert Einstein is called the "man who became a Demigod in spite of himself."

If all the economists were laid end to end they would never reach a conclusion.

He's not the kind who stays quiet when his friends are being criticized. Oh, no! He joins right in.

The enthusiasm displayed at the recent ball game is encouraging. We are not suggesting that the school spirit has been dead, but only dormant.

John Galsworthy describes a certain character as: "One of those highly efficient who would have arranged the stars in symmetrical rows and dispensed with the Milky Way as being too messy."

The only complete case of disarmament apparent in Europe is the Venus De Milo.

And then there was the Jew who couldn't talk in cold weather because his hands got cold.

Prince Edward Island, Canada, has had only one divorce in 400 years.

Something we can do without—People who take the privilege of expressing their opinions about the affairs of their friends.

"What's your idea of civilization?" the Prince of Wales was asked.

"It's a good idea," replied the Prince. "Somebody ought to start it."

"Feminine beauty, once the Creators' business, is now Big Business. American women spend well over two billion dollars a year on cosmetics."—Jeanette Eaton. What about the men?

GREEN SYMPHONY

PASSING YEAR

Your passing I did not mourn,
Though sad to me it seems
That when that you were born,
There came with you my dreams.

Those dreams went with you, too
When down that lonely road you'd gone,
Alas! I take courage anew
With the echo, "We're passing on."

—DeHoff.

By Frank Rhodes

Is Charles Pitner in his second childhood? It seems that he and Montein were observed playing "May I?" with some children.

When Mary Murphy said that she wished she were a boy, Walden remarked that he was surely glad she wasn't.

T. C. Watkins has the longest standing date of anybody in school. He got a date with Geneva for the feed that was to be forthcoming to the sophomores and juniors and, supposedly, still has the date.

The sophomores and juniors would have been walking skeletons long before now if they had been depending on the refreshments to be donated by the freshmen and seniors.

James Johnson was seen reading a magazine article entitled, "I don't want my son to be a minister."

Layton likes to go shopping with Eva Lee. Wouldn't you like to see him buying thread or picking out dress goods?

Maybe the band shouldn't play at basketball games. Some of the players evidently got the wrong impression and thought it was a football game.

Courtney and Alvalyn played a good fast game of hands to the tune of "The Washington and Lee Swing."

If the Queen Contest is postponed any more, maybe we'll have a queen selected by May.

Denzil says he isn't saying anything at all about the contest. However, we doubt whether he can remain strictly neutral.

Billy Norris had a hard time explaining the fact that he voted for a stag for the Sub T outing. And Peebles (M. M.) took the blame.

Billy heard a very romantic song Saturday night and said that he wished he could remember it for a while. Ask Dorothy whether he remembered it or not.

Roy has ambitions to whip James Bales now since Bales almost took Beth on an outing.

This T. N. T. club must be a high-pressure social club. It furnishes a considerable number of the ones who regularly frequent, or perhaps I should say haunt the reception room on Sunday, Monday, Wednesday, and Saturday nights.

I can't decide which is worse. To be the editor and try to get me to get my column in on time, or to be me and try to get it in.

Hear ye, hear ye! Primo Carnera and other kings of the ring—when the mighty LaVon Banks catches unaware the battling New Yorker, —Scott Denison,—business picks up; but when bailing wires and window panes flee there's a boom! Now, if we're going to be members of the RCA and do our part should install unbreakable panes and see that all bailing wire is removed to the barn—to the other barn, we mean.

So Bro. Dunn commends the boys for their behavior while he was away. Maybe a good thing can come out of the barn after all.

Weary visitors wandering on their way will find a hearty welcome in the barn—but we all wonder why it was necessary for one to wake everyone at three o'clock in the morning?

Talk about "sweet originality" there's so many candy stores over here that one advertised for a catchy name!

And we still wonder why John Stewart liked so well to stay in Memphis the other week-end. Does the mighty Mississippi offer an unusual thrill John? Or the Zoo? Be careful!

If you think this column is punk, remember we must turn the lights out at eleven-fifteen and our scandal happens later!

Apparently Scott Dennison begins his pugilistic encounters in the same manner that he does his nine o'clock English class—fifteen minutes late.

SEZ I:

By Clarice Kelly

Hooray! Ole Sez-I is still thrilled over the game with Fort Smith. Boys, we are certainly proud of you. Keep fighting and win every game from now on.

It isn't the fellow who feels his importance that wins. It's the one who can take all the knocks and bumps with a grin.

Now won't we be proud of our library when we get all of the new books? I know every one is going to do his part and it won't be long until more than enough money to supply the needed books will be secured.

The "Petit Jean" sales are coming along fine and we are all enthusiastic over the fact, and are anxious to see who will be the queen. I know there will be more sold later though for no one could do without one.

I have heard that a rolling stone gathers no moss and I have also heard of men climbing the ladder to success. I hardly know which way to form my opinion, but you just decide where you want to stay, work and you will climb on and upward.

Around on the campus you will notice different things of beauty made out of metal. Yes, there is a course of metal work offered here at Harding. The class is growing and soon a display can be had of their work.

St. Patrick removed all of the snakes from Ireland and sometimes it seems that they came to America in the form of men. However, we think that some day there will be another good St. Patrick who will cause them to go to another country.

Dr. Coons tells us that T. N. T. is really something useful. Guess the T. N. T. Club will prove that sooner or later.

It seems that the new rules in Jenny Hill Hall are causing quite a bit of disturbance—never mind girls there is only a little over four more months of school.

Sambo says, "Jest cause I'm black ain't no sign ma dark cloud ain't got no silber linin."

Professor Close has received good cooperation so far in getting the chapel quiet, after the second bell. Some day we may be proud of the good order there. Let's set an example for the years to come.

Come on let's put Harding on the map.

Pep? Sure we have it and we'll keep it as long as Robert Boyd is directing the band.

And let me tell you something. From what I hear it won't be long until these club banquets come off, and if you are real good you may get an invitation.

Remember the talk Bro. Mansfield gave, and what he said about the chigger? Well you can make people work.

Friendship ain't just clasping hands

An' sayin' "Howdy-do."
Friendship grips a feller's heart
An' warms him through and through.

Eugene Pace spent Sunday and Monday at his home in Seminole, Oklahoma. While there he consulted a doctor in regard to his health.

Homer Reeves, a Senior, accompanied by C. A. Norred, left last Sunday to attend the annual lecture week at David Lipscomb College, Nashville, Tennessee.

James M. Isbell is again attending Harding College, having returned to complete some commercial courses.

JERUSALEM WINS FROM SOPHS, 39-30

Sophs Lose to Independent Team Saturday

The Sophomores lost a hard fought game to the Jerusalem Independents by a score of 39 to 30 Saturday night before a comparatively small crowd. The game started fast with Jerusalem leading and they held that lead throughout the game. The second year men were rather slow getting started and the half ended with Jerusalem leading by a 19 to 12 count.

The second half was a little faster with the Sophs scoring eighteen points to their opponents' twenty, for they were not able to overcome that lead piled up by Jerusalem in the first frame.

Individual honors were divided by L. Stroud and Roper, who scored twelve points each. Second honors went to R. Smith of Harding, who scored ten points.

The line-up:

Harding	Jerusalem
Hoover 6	F. Stroud 7
Ashmore 6	L. Stroud 12
Forwards	
Durrance 6	Roper 12
Centers	
Smith 10	C. Stroud 6
Ryland 2	O. Shewmaker
Guards	
Substitutes—Harding: Lemmons; Jerusalem, Hillis, Reynolds.	

An Improvement Cavalier Who's hWo

"Where are the Cavaliers?" asked Miss Student Body, gazing out of the windows of Jennye Hill Hall one moonlight night not long ago. "Right here!" replied our gallant young knights, charging across the campus of Harding College on their snow-white steeds.

"How about another entertainment in chapel real soon?" said the charming young Miss, beseechingly.

"It's yours for the asking, fair damsel. We are sorry to have kept you waiting so long, but we have been quite busy with curricular and extra-curricular activities since last paying our respects to you," answered the noble captain of the group. "By way of explanation, let me enumerate for you the various activities of my men:

"Guy Dale McReynolds is acting as captain of the varsity basketball team. He is also the first ranking tennis player of Harding, and is closely followed by such experts as Sanford Vaughan, Henry Hoover, Jack Alston, and Johnny Thompson. Turning to the baseball diamond, we find Asa Hewen, "Tippy" McReynolds, Beverly Waters, Jimmie Frazee, Hubert McReynolds, and Pete Ashmore.

"And in regard to newspaper work, we lead the school. Denzil Keckley is editor of The Bison; Asa Hewen is assistant editor; Jack Alston is advertising manager; G. B. Seibold is one of the circulation managers; Albert Hawkins and Beverly Waters are columnists; Gene Pace is sports editor; Sanford Vaughan, Henry Hoover, and S. P. Durrance are reporters.

"Cavaliers who are members of the boys' glee club, or the college mixed chorus, or both, are: Albert Hawkins, LeRoy Nuh, Hubert McReynolds, V. V. Kniseley, Courtney Ryland, Jimmie Frazee, S. P. Durrance, and Pete Ashmore. G. B. Seibold is the accompanist for the boys' glee club. Hawkins, H. McReynolds, and Frazee are also members of the college quartet.

"Some of my men are also old favorites in the dramatic club; for example, let me call your attention to such actors as Gene Pace, Mike O'Kelley, Albert Hawkins, "Tippy" McReynolds, V. V. Kniseley, (who is also secretary of the organization), Jimmie Frazee, and Hubert McReynolds.

"We also have a good representation in college class presidents. Robert Gibson presides over the Sophomores, and Mike O'Kelley, over the Freshmen.

"The other outstanding Cavaliers not already mentioned are Charles Coleman, Jessie Farish, Noel Westbrook, and Albert Buchanan.

"Now in regard to the chapel program, we are planning to give you a splendid entertainment in about a month."

Mrs Helen Hall was accompanied to Morrilton by Miss Edna Nunnally, business manager of the College Chatter and Miss Ruth Rausekolb and Miss Lorena Moore, staff members. Miss Moore is also business manager of the Joyce yearbook, the Trojan.

BISONS TROUNCE FT. SMITH 41-36

Harding Quintet Wins Hard Fought Game From Lions

The Bison quintet won their first game of the season from the Ft. Smith Lions by a score of 41 to 36 Thursday night before a large crowd. The game started fast, Ft. Smith taking the lead, but the Bison's soon got going and it was nip and tuck the entire first half. The Lions were leading at the rest period by a 20-17 count.

The Bisons came back in the second half and took the lead and kept it most of the remaining time. The second half was even faster than the first, ending with Harding on the long end of the score—41 to 36.

Bell, Bison Forward, was high high point man with fourteen points, scored on four field goals and five free throws. Price, Lion forward, was high point man for Ft. Smith with twelve points; scored on five field goals and two free tosses. Trent, Bison guard, played a good game, also. Harding goes to Ft. Smith for a return game February 22.

The line-up:

Harding	Ft. Smith
Bell 14	Price 12
McReynolds 13	J. Singleton 6
Forwards	
Wadley 6	Holt 8
Centers	
Trent 2	Bates 3
Berryhill 6	Bailey 1
Guards	
Substitutes — Harding: Walters, Davis, Pryor. Ft. Smith: B. Singleton 2, Barks 4. Referee: Bradley.	

REAL ESTATE

1/14/33

This ideal plot of ground suitable for cactus farming or burrow raising, is about two whoops and a holler from where the notorious musical comedy, "It Ain't Gonna Rain No More," was written.

For particulars call Henry Hoover (Dem.) Office in the Jackson building—Entire basement. Hours—anytime after social hour.

STUDENTS ILL

During the past week a number of students have been absent from classes because of illness. Among these were Eunice McNeelis, Arvil Smith, Frank Dunn, Denzil Keckley, Sanford Vaughan, Martha Starnes, Ruth Tisdale, Willie Billingsley, Katherine Mattox, Retta Burke, Hazel Morgan and Harriet Kelly. Some of them are back in school already and we hope that the others will soon be.

Have you noticed the proud look on the faces of Milton Peebles, James Johnson, and Carrol Frens. Maybe you thought that Milton's wife was out of town, or maybe you didn't think. The cause for these satisfied looks is the little red wheelbarrow, which has been added to the equipment of the club. Their vehicle is used to carry milk from the grove to the club. It is of the latest style with knee-action wheels, no-draft ventilation, body by Fisher, and speed by seven cotton rows per minute.

For real satisfaction and low upkeep buy a wheelbarrow. They satisfy.

DR. SUMMITT TO SPEAK

Dr. W. K. Summitt will speak in Plumerville tonight at the Parent-Teachers meeting.

PRESS MEET TO BE HELD AT HARDING

Annual College Press Meet to be April 6 and 7

Plans for the annual college press meet were discussed last Saturday, when Mrs. Helen Hall and representatives from Little Rock Junior College conferred with Miss Frances Ruby Lowery, sponsor of publications at Harding.

The meet, which will be held in Morrilton with Harding as host, is scheduled for April 6 and 7. All colleges in Arkansas are being invited to enter their publications in the contest and to attend the convention.

The two-day program opens with registration on Friday morning, April 6. In the afternoon a newspaper clinic will be held with representatives from the various colleges and Morrilton newspaper people participating. All members of Harding Press Club will attend the session and the tea following it.

At six o'clock a dinner will be given at which time the cup will be awarded for the best college newspaper in Arkansas. Awards will also be made by the Press Club for the best editorial and feature published in the Bison. The judges for the best newspaper will, in all probability, be selected from western universities.

The evening session will be a program in Matthews auditorium, to which all college students and citizens of Morrilton are invited.

Saturday's program includes a trip to Petit Jean, a business session at the Y. M. C. A. lodge at the point and a picnic dinner.

MARY GOLDEN TEACHES

Miss Mary Golden of Bowie, Texas, who was a sophomore at Harding in 1931-32, is now teaching school in the St. Jo school. Miss Golden has charge of the public school music. While at Harding College she was a very popular girl and was voted "Girl Favorite" for the Petit Jean. All wish her success in her work.

EX-STUDENT VISITS

Mr. and Mrs. Hale Davis, Miss Ruby Jane Caldwell and A. H. Caldwell of Oxford visited friends at Harding last Sunday and at the home of their uncle, John Croom near Morrilton. Mr. Davis is a former student of Harding, and Miss Caldwell is remembered as one of the teachers of Arkansas Christian College, the predecessor of Harding College.

Miss Marion Wright, John Stewart and Stoy Pate spent the weekend of Jan. 20 in Memphis, Tenn., where Messrs. Pate and Stewart preached, and Miss Wright visited friends.

Frank Dunn, young son of Mr. and Mrs. F. H. Dunn, was awarded a prize for being in the state of magazine salesman in the state of Arkansas. Young Dunn is salesman for Colliers, Ladies Home Journal, and American.

They Can Take It!

Rain? Mud? Rain! Mud! Well, what of it. what's a little (or much) rain and mud. W. H. C.'s can take it. You see it was like this—The W. H. C. Club was scheduled to meet with the Dykes sisters. That much was all right. But about that time, 5:30, to be exact, it began to rain. That was all right too. But it kept raining and positively refused to stop. Now what? Well, that was all right too. So, on went the raincoats, rubbers, goloshes, boots, and one extraordinary hat. It was exactly of the latest fashions but it served its purpose. Next—slip, slide, slush, and they were at the appointed place. A very "businessy" business meeting was held then slush, slide, slip, back to the dorm.

Harding Bisons

vs

Hendrix Warriors

Saturday Night

February 3, 1934

7:30 O'Clock

ADMISSION 25c

The Bisons' chances for defeating the Warriors for the first time in the history of the two schools are very promising.

Funny But It's True

Charles Pitner has decided that the L. C. club is a real good club . . . Thelma Bradley looked rather surprised when Verna Howard began to talk about his boy . . . Frank Rhodes has enjoyed the last two picture shows he has attended and I wonder why . . . John Stewart says that Memphis is too slow for him . . . James Bales can resist a lot—even resist eating for a period of three days . . . The fellow who said James was a Scotchman evidently was wrong . . . Some one said that Dona Pursley was an orphan . . . Arvil Smith does not agree with Loye Ruckman about his prophecies of how long some of the couples would continue to go together . . . Some of the young men have come to hate the song "You're Gonna Lose You Gal" . . . Brother Rhodes has offered to bring a sofa to his afternoon history class for those who are so tired and lazy . . . When it was suggested to Bob Farrish that he should wipe the lipstick off his lip he really tried to do it . . . Harriet Kelley says she thinks she would like Canada very well . . . From the way that Aubrey Jones has been acting someone suggested that Glenn Trent was a big flirt . . . Also someone asked Glenn how many girl's hands he could hold in one day and get by with it . . . Jayne Allen could not make enough noise with common heels and got steel taps on her shoes . . . Some of the boys said that someone ought to inform some people what window shades are for . . . Gus Meuli was a lucky fellow—the other day he had a borrowed car and another fellow's girl . . . Durden Stough says he let LeRoy Null throw him in wrestling so he could get him to clean up their room once in a while . . . Someone spoke of Fannie Rhea Check as the little blonde girl . . . Few lights are shining in the boys Dormitory at 6 o'clock in the morning—Far less than at eleven p. m. . . . A boys meeting was held only for commendation and the boys were all surprised . . . Sally Porter can't see why other people cannot see that she is no longer a child . . . John Pierce would have been a fairly tall chap had he not been stunted . . . Someone said that Edwin Hughes was not his boss . . . even though he was a worker . . . Pop-eye is a widely read comic strip even among the most of College Students—"I yam what I yam and that's all I yam" and "blow me down" happen to be favorite sayings.

Little Bashful Maiden Tames Fierce Savage

For years he has roamed the world alone, master of his destiny, but now the savage (Sevedge) beast has been tamed. No longer does he come and go as he will; he has a more exacting master than the waim of a carefree mind. No longer are his cheeks ruddy with the glow of good health. No longer do his eyes sparkle with the joy of living. Nay—his cheeks are ashen; his eyes glazed; his countenance drawn and pinched. Loss of sleep does this to the best of us. Loss of sleep—not from long hours of study; worry—not about grades. Worry about what she is doing—spending sleepless nights finding out. Verily the boy has fallen hard. No longer is chemistry his ruling passion. Yea, the savage has become a subject to a King.

The Harding college band, which was organized recently, has added a new member, Ralph Underwood, who will play the snare drum.

Leigh and Hurdtt Are Hostesses to O. G. Club

The O. G.'s held their bi-weekly meeting at the home of Miss Margaret Helen Leigh, on Saturday, January 20. They discussed plans for a Valentine banquet and means of raising funds for it. After the business meeting, refreshments were served consisting of chicken salad, crackers, olives, cakes and tea. Miss Leigh and Miss Modena Hurdtt were the hostesses. The only dampener was the weather. The girls had to walk to the meeting in the rain, but they all agree that it was well worth it.

Sub-T Club Nominate Queen and Enjoy Hike

Among the recent activities of the Sub-T club was the initiation of Woodrow Whitten and George DeHoff. Also the club was first to fulfill requirements for nominating a queen for the Petit Jean. Then on the night of January 27, the Sinkers and their ladies went to Kissire Hill for a weiner roast which proved to be one of their most enjoyable outings, and now in the present drive for library funds the Sub-T's voted to donate the New York Times for use in the reading room.

HARDING REPRESENTED AT BALL GAME

A number of the friends and students of Harding went to Conway January 30, to see the varsity play Hendrix. They were Mrs. Luther Drake, Mrs. G. L. Cunningham, Geraldine Drake Anita Dunn, Jayne Allen, Ina Mae Brown, Modena Hurdtt, Margaret Helen Leigh, Geneva Hargis, Nina Quinn, Henry Hoover, Raymond Wilburn, Stoy Pate, John Stewart, Bernard Lemmons, Charles Allen Love, Reginald Smith and Wallis Keckley.

LIBRARY FORCE CHANGES

There have been a few changes made in the library force for this term. George Braley is taking Ina Mae Brown's place at 9:00 and Bernard Lemmons at 1:00. Mrs. Leonard Johnson now works from 2:15 to 4:15. Ina Mae Brown does repair work on the books from 9:00 to 10:00. Other students working did before are: Ethel Fowler, Jeanette Jackson, and Leonard Johnson.

WRESTLING CLASS

The wrestling class of the physical education department, under the supervision of James Bales, has greatly increased this term. Those taking the course are: Jess Anderson, Charles Paiae, W. F. Anderson, Ross Jones, LeRoy Null, Durden Stough, Walden Gardner, Leonard Johnson, Emmett Darwin, Wallis Keckley, and Sanford Vaughan.

Metal Work Classes Make Many Novelties

Have you noticed the large number of muredous looking letter openers, hammered copper plaques, and other products of the ancient art of metal working? Perhaps you thought a band of nomadic Indians had encamped on the campus. Regardless of whether or not you have noticed these things, you have noticed without wanting to do so no doubt, the unearthly din which pervades the usual calm of the stately Ad. Building. Or maybe you have seen an abnormal number of smashed and brown-stained fingers for this season when nut cracking has not yet begun in earnest.

From my observations I have arrived at the following conclusion; there are no Indians, at least none of the traveling variety, on our campus, there are a number of copper articles for a country so recently on the gold standard and certainly there are many damaged fingers and thumbs among us.

By a rather painfull process of deduction I learned that the cause of all my anxiety was a class in metal work. The class of eight is under direction of Professor Robert Close and meets in the Biology laboratory. The course is one of the best to bring out the students' originality and ingenuity. Also it tends to make everyone equal at least in one way for every one must planish his own work and even the haughtiest of arms soon tires of this. There is, however, a happy reward for this work for the course offers credit the same as any other course. There is some contemplation at present on opening a course of this kind for the high school.

The course is very helpful and surely must be very, very interesting for one young lady became so absorbed in her work that she forgot social hour.

PRACTICE TEACHERS

The practice teachers for this term are Misses Opal Taylor, Edith King, Jimmie Lee Layton, Zonnie Pryor, Bobby Jamieson, Susie Eurns, Geraldine Rhodes, Audrey Neal, Willine Billingsley, Kate Ashby, and Beaulious Binion, and Messrs. W. W. Pace and Neil Cope. Miss Lois Anderson and G. B. Seibold are practice teaching in music.

Miss Glenna Merrick, a Sophomore at Harding, is coaching the girls' basketball team at Morrilton high school.

Dynamites Take To Woods For Outing

The T. N. T. club with their girl friends, hiked to the nothern woods Saturday night, for an outing. There on the bank of a stream a fire was built and everyone gathered round for instructions before the entertainment started.

With the leadership of Dona Pursley such games as Three deep, Red rover, Flying Dutchman, and Capture the Flag were played. Dr. Coons was succesful in carrying off high honors in most games. Amidst all the excitement Roy Ruckman announced that the K. P. force were served weiners and marshmallows as the next source of entertainment.

SPEAKERS HERE MONDAY

Lee P. Mansfield, formerly of Ft. Smith, and J. T. Christian, of Overton County, Tennessee, visited Harding last Monday night. Both of these men were present at the Monday night meeting and instead of having the regular program a sermon was presented by Mansfield, who at present is traveling in the interest of the Arkansas Christian Home at Fort Smith.

JOHNSTON-CROWSON

Word has been received of the recent marriage of Miss Eva Johnston of Graton, Colifornia, who attended Harding in 1929-30 and in 1930-31, to Mr. Athel Crowson of Milton, Florida. Mr. Crowson is a preacher of the Church of Christ, and he and his sister, Margaret, once visited Harding in March 1931. Both Mr. and Mrs. Crowson plan to return to Harding soon to complete the work for their degrees. At present they are living near Pensacola where he is teaching school.
