Worse than these evils? Yes, for in many cases we have not been thinking of the future. Your purposes and those of the future.

And then there was the Jew who couldn't win. He was a failure. He would have arranged the stars in symmetry and played the piano on that day.

If the Queen's Testament is postponed any more, maybe we'll have a good laugh. But in the meantime, keep your eyes on the ball, and remain strictly neutral.

Billy Norris had a hard time explaining the fact that the ball was not in play. "What's wrong with it?" He asked.

Bilby heard a very romantic song Saturday night and said that it was the sweetest thing he had heard in a long time. "It's beautiful," he said.

It is planned for the years to come.

The only complete case of disarmament apparent in Europe is the Venus De Milo.

And then there was the Jew who couldn't think in cold weather because his hands got cold.

The enthusiasm displayed at the recent ball game was encouraging. We are not suggesting that the school spirit has been dead, but only dormant.

They Can Take It!

Rain? Mud? Rain! What if it's a little (or much) rain? Can't take it. You see it was like this—The W. H. C. Club was scheduled to meet with the Dykes in the Student Union. That was all right. But about that time, 5:30, it begun to rain. That was all right too. But it kept raining and parking lot dried up. Now what? Well, the rainsticks, raincoats, umbrellas, and the raincoats, raincoats, and the raincoats. It was exactly the latest fashion, but it served to make me wet. Next-ship, ski, ski, and we were at the appointed place. A very "businessy" business meeting was held then, shuck, slide, slip, back to the dorm.
