Dear, Bro. Sawyer

Received your most welcome letter, and was glad to hear from you again.

As always I am fine and in the best of spirits. This new life I have found is a complete and happy one. Yes, happy for God has given me peace and forgiveness through Christ our Lord. What more could any one ask for than this.

I am glad to hear of your boys fine sportsmanship, for it will give them sound minds and strong bodies and will let them know that they are wanted and understood. Every day I read in the paper about some child committing a crime. I think that much of this could be avoided if they had some one to teach them these sports and to let them know they are wanted and understood. Many a child's life has been wrecked because he felt that he was left out or just didn't fit in the every day game of life that in itself causes more crime than any thing.

I know you must be proud of your class for helping the missions to different countries. True they may not yet just know how to go about it but the desire is there and can be built on so that when they are grown the fruits of your labor will come forward. The people of Japan need to learn of God so that they can fully understand life as it should be lived. Tell your class that my prayers are with them.

I have not as yet heard from the Supreme Court, however I am not worried for I know God will do what ever is best for us all. I know his will shall be done regardless of what any of us or any court can say.

Ans. real soon for I am always comforted by your letters and am very interested in your work. May God bless you always.

As Ever
Alongo
