MINUTES

The regularly scheduled meeting of the Executive Council of the Student Association was held at 9:00 P. M. Tuesday, March 9, 1954. Buddy Myer led the opening prayer.

Business was as follows:

1. The president began by reminding the council of the meeting Wednesday night, March 10 with the North Central coordinator. We were asked to be thinking about questions that we might ask him.

2. Someone suggested that money be taken up for Eddie Baker who is in the hospital in Little Rock. President Hughes is to talk to Dr. Mattox about this.

The following problems were put in the Student council suggestion box by students:

3. The question was asked why our Student Association isn't affiliated with the Arkansas Student Government Association. It was suggested that we become a member if possible. The council thought this a very good suggestion and steps are to be taken to find out how we should go about this.

4. The question was asked concerning the reasons for the dining hall policy about refunds. This is to be turned over to Dr. Benson to explain in chapel.

5. Someone suggested that we have a Twirp season (the women are requested to pay). Some of the council members suggested that it would be good to have it the week of Track and Field Day and have a Sadie Hawkins Day race on that day. Winfred Wright was appointed to talk to Dr. Mattox about the possibility of these suggestions.

6. A need was expressed for more waste paper cans around the campus and in more of the classrooms. Nancy McDaniel was asked to present this request to the Buildings and Grounds Committee at its next meeting.

7. The suggestion was made that the music room in the Library be made available for one hour periods to non-music majors as well as music majors. It was also suggested that a time limit be placed on faculty check out of records. The motion was made and passed that Bob Nossaman see Miss Alston about this.
Following are requests given to council members:

8. The question of the girls observance of quiet hour on Sunday afternoon was brought up again. The motion was made and passed that the Student Affairs Committee be asked to investigate the problem.

9. The suggestion was made that the gym be open on Sunday afternoons since it is now permissible to go to the show at that time. This opened the discussion on the reasons for allowing show going on Sunday afternoon. The council seemed to be of the general opinion that this should not be allowed, and the motion was made and passed that we recommend that show going on Sunday afternoon be stopped.

10. A discontent with the films shown in chapel was voiced. Many students feel that there should be more variety in the types shown. President Hughes is to see Dr. Lewis about this.

11. As a representative of the park planning committee, Bob Mossaman asked the council what they thought of having rest rooms in the new park. The council seemed to think that they weren't needed there.

12. The problem of girls riding in cars was brought up again. The council's decision was to turn it over to Dr. Benson for explanation in chapel.

The meeting was adjourned.

Respectfully submitted,

Nancy McDaniel
