RECOMMENDATIONS

After reviewing all data available to the committee, the following recommendations are made:

1. That the name of Harding College be changed to Harding University.
2. That before the change in name takes place an administrative-faculty committee composed of knowledgeable and interested persons be appointed to determine the colleges or schools that should accompany the name change.
3. That this committee also develop guidelines for determining when a division or department is ready to become a school or college, thus insuring gradual rather than immediate and complete change.
4. That the Board of Trustees, the administration and the faculty take steps necessary to maintain the basic purposes for which Harding College was founded and continues to exist.
