The second number on the regular music program presented by the Arkansas College Orchestra, given Tuesday evening, April 4, at 8:00 o'clock in the auditorium, was the world premiere of a musical composition entitled "The Mandolin's Charm," composed by Dr. J. D. C. Cavett, former music professor at the college, and recently deceased. The composition was one of the most entertaining presentations of the evening, with two divisions of the program. The final musical selection of the evening was the presentation of "The Mandolin's Charm" featured in this program, performed by the Arkansas College Orchestra. It is a character that makes the man, and the character is always shaped by the daily thoughts and actions. We are building day by day the character that will make or mar our happiness.

Feminine Fancies

By Mildred Majors

Many tender-looking words have been heard around the house recently. Words such as “feminine” which is the blessed, beauty of the lady.

Real women should always be a prey to a man for she is the sunshine, the one who is interested in being characterized by her inner qualities. Just as many of us are not in the character of a man or a woman or the other begetter. And when they are in such a body to the contrary. It is a piece of every person’s life.

Why Editors Get Gray

(Only They Don't)

"Remember thy fineness in the face of the electorate of which you are a part of at this season of transition," urged Prof. J. W. B. with a hint of weariness. "Thy mission is not finished. It is still possible to make a difference. Let us not be deterred by the challenges we face. The future is in our hands."

Cheer up. Prof. J. W. B. was not trying to be pessimistic. He was merely acknowledging the reality of the current situation. The editors are under immense pressure to deliver their best work, and it's easy to feel overwhelmed. However, let us remember that we have the power to shape the narrative. Our voices matter, and we can make a positive impact. Together, we can create a future that is worth fighting for.
