POTPOURRI

The spirit of competition constantly manifested by some people is detrimental both to the individual and to those who are forced to associate with them. The individual can be overcome by constant effort, but in the lack of 'honey' to 'bees' with such people, whereas. Wherever we number one, we must find ourselves the leader.

The philosophy and absolute faith of winter is being proclaimed all over Europe today, with increasing vigour. Ruth is evidently a good sign that people are beginning to realize some common sense—especially so in this the United States.

"A man never shows his true self in his society on Friday night is either an imbecile or a saint."
—J. H. Armstrong. "You can't forget that the man who can't make a good New Year's kiss darkens rather than light because he has waltzed with the devil."

Headline: "Harding Debates Wins Cup State."—And why not? Some people say that it has been done so why not again? Let us boost our debaters for they need our support.

And speaking of heating—don't forget that 1935 per capita support of our basketball team is a long way in helping the boys win those games. We have the boys here for a winning team—now it is up to us to give them a real incentive and winning will be sweeter.

What is worse than a dose of envy or frustrations? If anything, it is the "definitive system" or "sentimental failure." "Plain heart never won a man."

"I feel it's true when you are waiting for and how long you wait."

"Warden" Orangean.

We heard "Warden" Orangean say that you wanted a man.

And then we saw her roaring a necessary every day necessary. "How?"

Do not get vegetables, or rash, for, "All things come to those that wait." If you are waiting for you will get it.

Amelia Nichols was the W. B. C., competing beauty contest. But how these days has that been found within this esteem by the home. To see you earring. To see your shining will find you eat.

Green Symphony

One of the things I love most about being a teacher is the ability to create a sense of community in the classroom. This week, we took a break from our usual routine and enjoyed a special event called "Green Symphony.

The theme was "Love for Darkness," and we spent the day exploring different ways to express this emotion through art and music. We had a group of students perform a piece called "The Artist's Prayer," which was written by one of our most talented writers, Sarah Brown.

The performance was absolutely breathtaking, and it left us all feeling inspired and uplifted. We ended the day with a group discussion, where we shared our thoughts and feelings about the performance and how we can apply the concept of "love for darkness" to our daily lives.

With Other Colleges

According to the standard of good manners laid down by the Daily Express, the following young women should smile and wave as they pass by the door at 10 a.m. Each morning, they should say "good morning" to one another.

The dormitory is located on a beautiful tree-lined street, and the views from the dormitory rooms are breathtaking. The dormitory is situated near the university campus, and all students have easy access to the various facilities and resources available on campus.

The dormitory is managed by a team of dedicated staff members who are always available to assist students with any questions or concerns they may have. The staff members are trained to provide excellent service and ensure a high level of comfort and safety for all students.

The dormitory is equipped with all the necessary amenities, including a laundry room, a study room, and a lounge area. The lounge area is a popular spot for students to socialize and relax, and it is equipped with a variety of comfortable seating options.

The dormitory is a great place to live, and many students have had wonderful experiences while living there. If you are interested in applying to live in the dormitory, you should contact the dormitory office to schedule a tour and learn more about the application process.

Clifford Cronin Makes Bid For Varsity Post

Cronin, Sophomore, Candidate for Position, Shows Growing Interest Over His Playing Last Season

showing great improvement over last season, Clifford Cronin is making a bid for one of the starting spots that will probably put him in next year's varsity post. Cronin, who now sits in only one game last year, is six feet tall and weighs one hundred and eighty pounds. Prior to his entering our line, he played one year at the center post for the Varsity Blue Football team at Western High School team of Wheeling, W. Va.

Accordingly, comparatively new on the court, Cronin plays a fairly safe guard game. With the experience he gained last season, he should be a valuable asset, either as a regular or as a substitute. He has shown a facility for handling the fast forward as well as the center, which is an asset to any basketball team.

Bonnefous Quitet

Plainview Quintet

Bonnefous Quitet, outstanding basketball player of the Varsity Post, has come to the varsity squad in the place of the late E. V. Towers, an asset to the varsity post.

Increasing their margins Smith and Rettke, the third quarter, the Harford Independent Five made an effort to gain but Dott, Cronin center had a 15 point lead at the end of the second period. Increasing their margins even further, the Harford Independent Five made an effort to cut the lead in half but the Plainview Quintet held the lead to a 15 point margin at the end of the third period. The final score was 20 to 13 in favor of the Plainview Quintet.
