FACULTY MEETING HELD THURSDAY, TEA IS SERVED

Benson and Sears Speak; Members Pay dues to Association

A new feature was added to the faculty meeting last Thursday, Tea was served after the meeting in the dining room of the home of Dr. Thomas Dunn, head of that department. A motion was unani-
mously adopted to make the tea a part of every faculty meeting.

After the tea, the faculty met in room 200 for the business session. In charge, announced the gen-
eral points of the school and urged the reacquisition of the library. It was decided that the library
will be closed until the new room is ready to open.

Each faculty member paid dues to the Arkansas State Teachers' Association. Dr. Benson and Dr. Vital
were re-elected to the membership in the Association, and Dr. Sears became an ex-officio member of
the subscription of the Journal of Arkansas Education.

Before the meeting was concluded, Dr. L. C. Sears offered a short speech on the subject of education.
It was pointed out that teachers should be placed in the national to the Central Association.

MEETING IS HELD TO DISCUSS CLUB

Officials Ursel Students To Aid Economy

Problems of the College Club that have arisen over the new

year, will be discussed at the special meeting of the Club last

Friday evening.

President Benson spoke of the large amount of waste which is

being imposed by some of the students receiving more at the counter that

they sold so far. It was decided that this waste should be

cooperated with the student body and also asked that the chorus would

get what it was to be said.

After this, Dr. Benson introduced the business of the society and

asked the President to give the statement that the library would be

opened in the area at the present time and asked that every student would

right not to be

recorded at the proper time.

Mrs. Armstrong, who has had

charge of the Commercial College, reported that the club is

Although their native countries, China and Japan, are locked in bitter rivalry, and both China and Akin of Tokyo, the leader of the Japanese, are highly suspicious of each other, the two countries are now working closely together to solve their common problems.

"I must say, I'm impressed," said Akin. "Your efficiency is outstanding."

"Thank you," replied China. "We're always striving to improve."

"But there's one thing I don't understand," continued Akin. "Why are you trying so hard to find a way to cooperate?"

"It's simple, really," said China. "We both have a vested interest in maintaining peace and stability in the region."

"I see," said Akin. "And what's the plan?"

"We're working on a few different fronts," said China. "But the main focus is on increasing trade and investment."

"That makes sense," said Akin. "But how do you plan to do that?"

"We're exploring various options," said China. "But one thing is certain: we're committed to making it happen."

"I hope you succeed," said Akin. "Cooperation is the only way to ensure a bright future for both our countries."

"I couldn't agree more," said China. "And we're confident we can make it happen."

To End This Week

Brittell From Yankees Leads Batting With 1.000

With the baseball season half gone, the Detroit Tigers and the New York Giants have gained a safe lead in their respective league.

Each team has won three games and has yet to chalk up a loss. The Tigers, managed by Clark, Watts and Elwin Roe, have a powerful hitting attack along with an excellent pitcher. The Giants, managed by "Foots" Clark, also have a strong array of pitchers combined with some fast fielding. New Yorkers have had little trouble in trouncing the underdog, shown the wrong eight runs they have scored in three games.

The American League hitters are led by Brittell of the Yankees. He has a perfect record so far, with five hits in five trips to the plate. Clyde Watts, Tiger third baseman, and Archie Evans, Tiger catcher, third with a .625 percentage. The Giants, man­chomplonship.

Clyde Watts, Tiger third baseman, With three games. Will play a championship.

FOOTBALL COURSE

WILL BE OFFERED UNDER BERRYHILL

Class Will Help Boys Who Plan to Coach In Schools

SUFFICIENT demand has been made to justify a class in the coaching of football," according to Coach Berryhill. "I have worked out a system," he said, "that will make it possible for the student to take a coaching course without going into the art院校.

This system takes up only one hour weekly and will allow the ground to give a concise mental picture of all plays at temporal. Additional time will be taken to iron out any problem arising in the mind of the student.

The purpose of the class is to fit any junior or senior boy who may wish to coach football or to gain knowledge to advantages in coaching. Students' hands will be on his own coaching.

During the course of the year, Coach Berryhill said, the class in­dustries to study ground and aerial blocking, tackling, punting and passing. In addition, they will study odd quirks, or any problems that may arise.

Detailed instruction will be given in end guard, and little plays. So far, there has been a five to ten games that have improved the desire to attend in this course. No films will be spent in preparation or study except the actual coach work, which will be devoted to better and note taking. No actual practices will be engaged in, but plays will be worked out in detail.
