THANKSGIVING WEEK PROGRAM
OPENED BY WILMUTH SUNDAY

Several Prominent Men
On Campus to Help In Lectures

Presiding on the subject, "Personal Work," Mr. J. W. Miller, New York City opened the Thanksgiving week services of religious discussion at the regular Sunday morning meeting church services. E. W. McMillan of Nashville, Tn, who was introduced to the audience yesterday, will be the other principal speaker for the week.

Plans have been made to have services Wednesday, Thursday, the regular chapel hour and at 7:30 each evening. At round discussion, which will be held each afternoon in the form of open forum, everyone will be privileged to ask or answer questions. A subject has been selected for each open meeting. In addition to the pre and post discussion, short sermons will be made. McMillan will provide for each of these discourses.

Prominent among the visits this week is J. W. McMillan, who knows the previous mission in Japan. He and Mrs. McMillan went to Japan when they were quite young. Mrs. McMillan has been missionary for nearly a half a lifetime and plans to return to the field in February, 34 to begin a new course in missions.

November 15.

A. B. Fass, former missionary to Africa, and his wife, who returned to America last August, are also expected to be here for the Thanksgiving services. Mr. Fass has been making trips among the churches since his return and are, at present, at Adkins Christian College, where they have a son enrolled in school.

Word has been received already from several places and states announcing that they will be here to attend the lectures.

Numbers JIM SAYS

Well the boys have been in Washington one week and so far their batting average is zero.

Who says the southern members don't still shine? Give them a "black issue" some all about our racial problem down south and they will be shining.

Some students have been after different things. These are Americans History and Literature, College and former president of Galloway College for the honor roll. His work and the public history of the outstanding events of the week, and finish his presentation. Rev. J. H. C. Casey will deliver the dedication: Rev. A. D. Williams will deliver the dedication: Rev. A. D. Williams, J. W. Summitt and the Koinonia for the students. The next number was a folk song sung by the students.

The program was conducted during the Thanksgiving week lecture to determine how they were interested in learning how to care for growing things. These activities are expected to be valuable and profitable, as well as interesting.

At the meeting several ideas for keeping the curriculum was discussed and the group was made for the group to visit Mr. Hofman's Nursery and Greenhouses in order to receive some practical suggestions and experiences from the experience of Mr. Hofman.

Berryhill's BISON SPORTS

First Goal Made By Captain Vaughn

Put in with the Elims this year and it is a winning proposition. This was proven at the first practice.

Coach Berryhill laid down the training course to the players and told them what elements went into the making of a good team. All the boys were prepped up and ready for anything. Coach Berryhill thought that it was appropriate for the captain of the team to start the season off.

"Point" Vaughn was given the new ball and told to open the season with the first shot at the goal. "Downtown" took his stance, focused his eye on the basket and shot the ball. It went right through the net for a good two points as was very good.

Don't think that proves that the Elims will make an impressive record this year.

DIVISION MADE IN BISON SQUAD

Coach Berryhill divided the basketball squad into two groups last Friday. The first squad will be the "1" and the second squad will be the reserves and will play the "2" squad.

The varsity consists of ten men. They are Captain Vaughn, Alf Johnson, Elwin Roe, Clyde White, Roe, Robert Vann, Curtis Peters, L. E. Pryor, Robert Yingling, Bill Bell. The other two positions have not been decided upon yet, but it is between James Harris, L. E. Pryor, Lex Roberts and Robert Yingling. The choice will be made tomorrow at practice.

TRAVEL WITH AND SAVE

Morris & Son

"Busk" Harris reminded me to remind the boys that next spring there would be a representative of the Red Cross Life Saving Service here at Harding to conduct tests for the boys who wish to take them. "Busk" says that now is the time to get acquainted because next spring might be too late and then there will be something else you will want to do. Think about it! It looks like the boys will never be able to finish the men's doubles in the tennis tournament. It would "smack" be nice if they could, but the way it has been feeling, I don't see how they can do it.
