ENTERTAINMENT FOR EMPLOYEES HELD THURSDAY Reception Given in Home Economics Room

For the first time in the history of Harding College, at 3:45 o'clock Thursday afternoon, a reception was given for all the teachers and employees of the college, including husbands and wives, in the newly remodelled Home Economics reception room. It was pointed out by President C. B. Benson, who was in charge of the reception, that this was a special meeting to acquaint old and new teachers and employees on the Harding campus. "The purpose of the reception," Dr. Benson said, "is to give to all those who are connected with the school an opportunity to get acquainted, in order that there might be a better mutual understanding among them, thus promoting greater co-operation for the good of the institution."

Although this is the first meeting of this kind ever to be held at Harding College, Dr. Benson enunciated the idea that this was a good thing, and that he expected to continue the practice, having similar meetings at least once a year.

Refreshments were served at 3:45 o'clock by members of the Ko Ju Kai, and Miss Dorothy Bider served in her native Japanese evening dress. Following the serving of refreshments, an informal conversation took place.

During the program, the Ko Ju Kai presented a piano solo, "Gypsy Dance." At 5:15 o'clock all the new teachers and employees of the college who were formally introduced by President Benson, and other announcements were made regarding the program of the year, by Dean L. C. Sears.

Mrs. B. A. Bell, head of the Home Economics department, expressed the idea that this was the first reception to be given in the newly remodelled Home Economics dining room since its conversion into a dining room. She pointed out that the gifts to the department include dragones and an oil painting by Miss Alice Annie Davis, both of which are in the Ko Ju Kai Club, and a gate-leg table by Mrs. Cella Miss Conna. The department has also recently received a furnishing in a new living room suite, which is composed of a davenport, a matching chair, a desk, and two occasional chairs. Miss Conna said that this is the first time that the department has ever been given a reception.

This Week's Question

WHY DO YOU THINK EVERY STUDENT SHOULD HAVE AN AMERICAN FOLK SONG?

MAXINE BRETTLE: The first thing I thought when I came to Harding was that I've never regretted it yet. You won't.

LOYD BRENS: I think an American folk song is very important and that it should be taught in all schools as an annual at the end of the year for sample to be heard.

BERRIS BRIDGES: There are about four hundred reasons. It takes that to be a real hardworking student. BERTH LANDSFORD: They are always also sometimes much alike. REESE WALTER: It is a good way to spend five dollars.

Two Hundred Thirty Lyceum Tickets Sold

Two hundred and thirty students signed for season lyceum tickets this week, continuing the campaign. Many of the signers belonged to the Freshman class. Although the signers are not yet seated, the class as a whole is supposed to be in attendance at the shows.

Plans for making a house-to-house canvas this week were announced by Mrs. S. S. Shepherd, who is in charge of the campaign. Since this is the first time a canvas has been made, any information that can be given regarding the number of tickets that may be sold is valuable.

Seary High School Presents Senior Play Thursday

The 1936 senior class of Seary High School will present an annual senior play at the high school auditorium on the evening of Thursday, October 7.

The class has chosen, and are going to present, "The King and the MIDI" in three acts. Judge Taggart reads the parts of Sir Henry James, the Governor's secretary; Grace Zim, the Dandy; a notable notice-writer; and has escaped, and disappeared, looking for the Governor's brother Jack. Judge Taggart, in a more serious mood, happens to pass the Governor's brother Jack, who is linked to type these letters and cleans up the auditorium. Admission will be free.

"Eternal Youth"

To Be First Workshop Play

For the play, "Eternal Youth," also announced, Mrs. O. M. Coleman announced today that this is the workshop production. Mrs. Coleman has in mind the idea of a 1935-36 dramatic club season. In the past, the club has held a workshop play and have revolted from the old tradition of having a musical as the opening number. It has been announced that the club is in charge of the production of this play, and has also announced that the members, under the guidance of Mrs. Coleman, will be the primary group. Admission will be free.

Girls' Physical Education Department Offers New Courses

Girls gym classes are offered as an encouraging start, according to Miss Annie Moore, director of physical education, for women.

"One of the major activities to be carried out this fall is a series of lunch hour classes, including bowling, tennis, fencing, and gymnastics."

Missionary Forum Holds Meeting

The Missionary Forum met for the first time this year at 5:30 o'clock. "Dr. C. D. Benson was the principal speaker during the meeting. "The importance of seeing the possibilities around us as well as the city we live in is the main topic of the meeting."

Upon the completion of the meeting, several special attractions were led to the entertainment of the members. The hope burn will run on the music, a chorus of senior girls will present4 novelties, and the two afternoon chorus will perform. Adult admission Thursday afternoon will be 25 cents; the same tickets are sold on and off as 20 cents.

Tennessee Club Elects Officers

Officers for the Tennessee Club were elected at the called meeting of the club at 7:30 o'clock.

The following were elected: R. L. Hambright, president; I. E. Chappell, vice-president; Francis McQuaid, treasurer; Leonard Oakley, secretary.

Plans for an outing were discussed. The group is to leave the city Thursday evening, Oct. 7, and return on Oct. 9. It is hoped that these trips will be successful and lead to further plans for the future.

The club also voted to subscribe for the Nashville Tennessean, a daily publication of the city of Nashville, Tenn., sending the paper to the home of each member.

Feature Writer Tells How Students Change With Four Years in School

When the freshman writes home about the frivolities, he agrees to say, "I hope to see you soon." The junior says, "I hope to see you more." The senior says, "I hope to see you again." The senior's parents say, "I hope to see you rarely, but when you do, I hope it will be in the presence of home, money, but a lot of people.

A nectar is one of the six newsworthy items on the evening of college, with student and faculty introductions by the two leading teams playing to a scoreless deadlock for the championship. Here is the adader: Raymond "Poof" Vaughn, full-time evening entertainment, was the outstanding or medical student, and his senior for four years, too. The first year tests are the surest means of college education. The second year tests are the surest means of college survival. The third year tests are the surest means of college life. And the senior tests are the surest means of college life.

A freshman wants to go home as soon as he is on the campus. A sophomore can handle any situation, and the senior is not overcome by the world. With tears in his eyes. So there you are—are you a college education help a student? I'll tell you a plain ole' unnecessary.

Dorcas Club Discusses Work And Project

Several meetings were held by the Dorcas Club last week to select a club project and to map out the club for the coming year.

Various styles of "Foots" are being made by the girls to be used in the church. A crocheted table cloth will probably be the most outstanding work the group is planning to manufacture. Throughout the year the club will make many things for the benefit of homes. This will enable the girls to help others by making kind of work that can be had by hard labor in beautifying the home. An exhibit will be given by the Dorcas Club at the first annual exhibit. The exhibit will feature all the work the club has done up to that time.

Two new members were taken in the Dorcas Club last week. They are Margaret Lakotak and Nell Yeates. Margaret Lakotak will serve as club reporter.

Choose Your Profession

What do you want to be? That is the question that is asked every student that enters school and every graduate of that school. The answer to that question is the answer to the school teaching, "at least, you can get something else to do." But do they really want to teach school? "Are they really that 'depressed' to be teachers?" Not at all, not by any means. Not all the ones who plan to make it their profession are inclined that way. It is a matter of what they choose to do. When the work of a field, then make an inventory of your aspirations, and see just what you are inclined to enjoy. Working at all. We have all like mathematics, and the fact that can be a guide as to what we want to do. Do you like math? If you do, then try it. If you don't, look for something else.

You like chemistry and biology? Then maybe you should be a pharmacist. A pharmacist.

What do you want to do? That is the question that is asked every student that enters school and every graduate of that school. The answer to that question is the answer to the school teaching, "at least, you can get something else to do." But do they really want to teach school? "Are they really that 'depressed' to be teachers?" Not at all, not by any means. Not all the ones who plan to make it their profession are inclined that way. It is a matter of what they choose to do. When the work of a field, then make an inventory of your aspirations, and see just what you are inclined to enjoy. Working at all. We have all like mathematics, and the fact that can be a guide as to what we want to do. Do you like math? If you do, then try it. If you don't, look for something else.

Consult someone who has a general knowledge of the professions and let him help you. Don't be content with just hearing a teacher, Don't crowd someone else's profession when you should be in some other work. School reading is a good work, but it takes a person who is interested in human nature for a whole as to make a success at it. Be sure that your own, and the whole field, are interested in human nature, and how to make it worthwhile. Do you like physics and biology? Then maybe you should be a scientist. A scientist.

Concerning Criticism

We believe in giving credit where credit is due, and the same thing applies to criticism. Acknowledging the fact that a certain amount of criticism is good for the public and the fault is, we could appreciate the criticism that is handed to us if some one would show us the fault, and let us know why. We like to be criticized for something that you can’t really see any reason for, then that's something else.

To the critic let me say that if you'll only give us a chance to see what we can do, we shall accept the criticisms without a grudge, in attendance till you see whether we plan to make your "proof" permanent in our paper or in our work. That's all, and work, and a fair trial to see just what we plan to do is all we ask.

Instead of being a slightly narrow-minded if we can't see the mistakes of others without bringing them up to us a spectacle of them? All of us see something in this world we don’t particularly like, but we can turn from them and never make a complaint. However, if people complaining must be done, we would appreciate it much more if we were informed of the blunder first.

Now let's forget the past and look at the future. The paper is a student publication, and it is to be made of, and shaped by, the students want it as possible. Come and tell us why it's wrong and we'll see what can be done.

With Other Colleges

By L.D. Frasier

Arkansas State Teachers College has started all enrollment records with an enrollment of 712 for the year.

Henderson State Teachers College plans to erect four new buildings in the near future.

George Poppendieck College has started an enrollment of 242 for the year, including students from the publications office last year, but I noticed that several of the last year’s edition have been destroyed. Visitors, especially, expect to find interesting scenes and flowers for their thoughtfulness. Who could think of this work?

However, she insisted that she would come back soon and will really put his life into it. Study and put everything you have into it.

Says George Poppendieck:

"I didn't know that it was needed."

Mechanics Professor: "Name a great tiny sieve."

Coach: "What's the most you ever weighed?"

C:harles: "About 130 pounds."

John: "Boy, that's just where the fault is! Do you like it?"

But, we are just where the fault is! Do you like it? Can really do we shall accept the criticisms without a complaint, but wait until you see whether we plan to make what you are doing.

Here's Another Doubleball. One is a front row lad who couldn't find a single decent nickel, and the other is a man who had given him for his birthday—and nobody knew the difference! But the last ball has been put into play.

Add definitions: An equation is a number that one's self is being a little self-pitying. Who could think of this work?

SOCIETY

Arkansas Club Reception
James H. McDaniell, president of the Arkansas Club, attended all the reception given by the club for the students and faculty last Thursday evening in the auditorium.

A speech of welcome, given by Dean L. C. Sears, club sponsor, was responded to by Jane Rhoden, senior from Fredericksburg, Okla.

A short informal program included the new students with some of the legends of Arkansas and presented some of the Arkansas students in song and readings. Bill Stokes, of Searcy, gave a few interesting points about the history of the state and related the legend of the Petit Jean mountain.

The program follows:

Singing of the Arkansas state song by the entire group, led by Fletcher Floyd; vocal duet, "Home by the Side of the Road" and "Sunshine of your Smile," sung by Fletchcr Floyd; "Love is a Nick­name," a reading, by Karen Bury, vocal duet, "Little Old Lady," sung by Mrs. Florence Fletcher jewels and Leonard Kirk; and a vocal solo, "Land of the Sky Blue Water," sung by Mrs. Jewell.

Refreshments of punch and sandwiches were served to the eligible. 1 or 2, 25c; 3 or more, 10c each.

Rules of Contest

5,000 votes will be given to each contestant when he registers. Come in ad once. (No purchase necessary.)

1,000 votes for every dollar will be given on the first purchase of any new customers sent in by a contestant. The purchaser will also receive 1,000 votes for each dollar purchases, as that they can enter the contest.

900 votes will be given for all purchases made by contestants and members of their family or friends who wish to cast votes for them. Extra votes will be given on special days such as Holiday Day, Tennis Shoes Day, etc. All prizes will be awarded immediately following the last day of the contest, to those having the greatest number of votes.

Double votes will be given on all purchases on Wednesday. Standings will be posted in the store and will be brought up to date each week. No soliciting or campaigning for votes inside or directly in front of store. Team work could win for some Harding student.
TOUCH FOOTBALL

The Comets won the championship, but this was a touchdown in the second, third, and fourth quarters. The Softball League won their third victory of the season by defeating the Newport Greysounds, 30 to 9 last Friday afternoon at Newport.

Both teams fell behind during the opening two quarters, but the Newport defense gave up nothing to the Greysounds. The Softball team is the outscoring team in the league.

In the second half, the Greysounds scored four touchdowns and two fields goals, and the Softball team scored three touchdowns and one field goal. The final score was 28 to 6.
