Student Association Meeting

MINUTES

After a devotional which opens all our meetings, the business of the meeting was as follows:

1. Bob Alley made his report concerning the tapes to be used in the dining hall. The tapes used before have been misplaced. It was suggested that we purchase some used tapes from the Hymns From Harding Series, erase these and record music on these tapes at a much lower cost. Gary Lentz is to be in charge of this and also responsible for playing the tapes during the meals.

2. The bookshelves in the entrance of the dining hall have been removed which has caused considerable inconvenience in leaving books during the lunch hour. Bob Alley is to check with Mrs. Hart to see if we can get the bookshelf back.

3. Contributions for the pantry item for last week was below the previous week. A suggestion was made that we put a money box in the barrel for those who forgot to pick up the pantry item. But it was generally felt that this would not mean as much to the individual who gave as it would had they taken the time and effort to purchase the item and bring it themselves. Let's all remind each other to pick up the item for each week and deposit it in the barrel provided.

4. The remainder of the meeting was spent in nomination, discussion, and selection of candidates for Who's Who.

Respectfully submitted,
