**ART DEPARTMENT ORGANIZES NEW CLUB ON CAMPUS**

Mary Jane Powell will Serve As President Of Group

A new art club was organized on the campus last Thursday under the supervision of Henry A. Cullough, head of the art department. This new club will be organized as a club for all artists, and any student who has an interest in art or who wishes to participate in art plans were ever made.

The plan for this first meeting is to continue art during the winter term. Mary Jane Powell will be the president of the club, and she has received the approval of all those who have ever attended art classes. The club will be open to all students, regardless of their major field of study. This club will meet every Thursday afternoon for an hour of painting and discussion.

**Academy Seniors Announce Cash For Annual Play**

The Academy Seniors have started work on their play, "Who's New?" which is to be presented in May.

The play takes place in the summer of 1913 on the ocean. The story is about a young girl who goes on a cruise with her parents and falls in love with a young man who is also on the cruise. The play is a light comedy and is sure to be enjoyed by all who attend.

**Mary's Contrasts From There On Up!**

The story of Mary's life contrasts from there on up! From the time she was a small child, she was always interested in art and was always drawing pictures. When she grew up, she decided to become an artist and began painting and sketching. She has been painting ever since and has won many awards for her art.

**BISONS!**

Bates, Ruthell Reese, Gwendolyn Brannen sang "Light, sweet singing. Following "Smiling."

**HAROLD WRIGHT**

I think a new boys' activity course, and in addition to being active, will have special requirements for those who wish to participate.

**LEWIS McCULLOUGH**

I think it is necessary that we all share the same attitude that others do when they are attending the course. This attitude is necessary for the apparent success of the students.

**THE BOSS**

I agree with last week's statement, however, there is no better project that can be better made than a new boys' activity course. It would be a great success.

**HAROLD T. SHERRILL**

I think we can't TOTHE, but our "My Life," and in addition to being active, will have special requirements for those who wish to participate.

**SHERILL SPEAKS ON SUNDAY RADIO SERIES**

T. H. Sherrill was the speaker on the weekly church bulletin, after which the program was continued with announcements of the college auditorium. His subject was "The Art of Living." J. N. Armstrong was the moving spirit for the program, consisting of a song by R. P. Timmerman, three songs by the choir, "Standing Up, Hands Bound," "Jesus Loves Me," and the sermon by T. H. Sherrill.
Cramming.

With term examinations coming this week, we are all busy cramming the "midnight oil" in order to absorb enough knowledge to get by on the final tests. We are cramming a lot of secondary knowledge. We really learn our own selves by getting our work up day by day, by day. This method may not over­load our minds and each day the facts we learn are carefully tucked away in our subconscious mind and in time the knowledge will be with us much longer than final exams. It will be with us when we get to the real world.

Cramming may be compared to a swollen river. We pile fact on fact until the matter overflows and causes a tumult. The same thing happens in the be­ings, as a river rises from heavy rains and when it can no longer hold the sur­plus water, it overflows and causes struc­ture and destruction wherever it can.

Also a daily thorough study can be compared to a river. With a moderate supply, the stream flows gently on its course, causing no disturbance or dis­course. But when the water over­flows everywhere, the cause of origin can be traced to a heavy rain or the farm lands, causing strife and destruc­tion wherever it can.

Perhaps it is too late for advice about cramming now. It is too late to start a new system. If you prepar­es to spend only a couple days to cram for the exam. It may be possible to cram, but if you have not studied, cramming will not help you.

Are we here just to pass exams? Are we here to get a good name? Do our parents, to learn enough to get by on tests? We are here to be trained for a future, to become a member of the group and earn a degree in a profession that can be handled.

The most important thing is to study for the test. Don't flood the mind with facts by cramming, that will not stick.

Are you here just to pass exams? Are you here to get a good name? Do your parents, to learn enough to get by on tests? We are here to be trained for a future, to become a member of the group and earn a degree in a profession that can be handled.

HAD YOUR PICTURE MADE?

Last week the Petit Jean staff began their annual picture drive in preparation for the annual this year. In the three days, the picture drive was started last week approximately a half of the student body and faculty responded to the drive.

Let's all have our picture in the annual this year! It isn't complete without the whole school's co-operation. It is something that we will want to keep and cherish in the future.

The annual is a part of the school—it is a completion of the school year's work. Your picture is a part of the an­nual, you are a part of the school. Do you feel right in letting the annual be published without your picture in it?

MEDITATIONS

My column seems to be somewhat chaotic, that it is increasing and decreasing in length according to how much I feel like writing. It has no set topic or periodical. I am trying to write a column that is in every day—the knowledge is safely de­posited in the "storehouse," and does not stick around in a drawer in a file cabinet that can't be handled.

It is too late for advice and can't be handled.

Bisons Open Season Tonight In Little Rock

GAME SATURDAY TO BE WITH BETHEL COLLEGE

The Bisons open their basketball season tonight when they go on the court against the Rightsell-Colson, when they oppose a team from Dewberry. Their first home game of the season, when they oppose a team Bethel College, McKenzie, Tennessee.

The game tonight will start when the varsity squad hopes to be very successful. The team and Coach Berryhill are anxious to win a victory both nights this week.

Neither game will have much to do with Harding’s standing among the other colleges in the state. They are principally warm-up games for the coming season, however, when they will be tough battles for the Bisons.

Coach Berryhill says that “The Bisons will be represented on the court tonight by one of the best teams she has ever had.”

The entire varsity squad will make the trip to Little Rock this afternoon. Those who are going will be: Captain Julian Dewberry, Co-Captain Cyril Ward, Valentine, Roy Roes and Norman Smith, freshmen; Junior Carroll, Jack Lay, OGEN, PAUL Shurbles, Bill Bell, Earl Seals, and L. V. Propes, sophomores; Pat Shurbles, junior.

Last year, Bethel College had one of the strongest teams in the inter-collegiate game. The Bisons are not expecting a tough game with them. This game will open the home schedule. This will be the first game in a series of games with Bethel College.

The Bisons will be sporting their new uniforms in the same style as Little Rock for the first time in the history of the Harding basketball season.

December 15, the Bisons travel to Batesville to play the University of Arkansas to Battesville to play the College Panthers in the first state inter-collegiate game on the Arkansas Provision.

If you are coming to the games tonight, the varsity squad hopes that you will come.

The author, if he could, wishes he was with the team. The pleasure of watching the team is one of the things he finds hard to do.

The summary of the meet was as follows.

40 yd. freestyle—Pryor, Minorre; Rush, Sharks, Roes; Roes, Perch, Time—20 seconds.

50 yd. relay—Minnows (Huddleston, Pryor, Davis, Floyd); Bahamas, Sharks; Bahamas, Roes; Time—46 seconds.

200 yd. backstroke—Pryor, captain, Charles Huddleston, Sharks; Charles, Sharks; Time—1 minute, 12 seconds.

50 yd. butterfly—Pryor, Minorre; Roes, Sharks; Bahamas, Roes; Time—20 seconds.

50 yd. medley relay—Pryor, Minorre; Roes, Sharks; Bahamas, Roes; Bahamas, Sharks; Time—1 minute, 25 seconds.

Fancy diving—Oliver, Sharks; Bahamas, Sharks; Bahamas, Sharks; Rush, Bahamas; Time—46 seconds.

The most interesting event of the meet was the finish in the 20 yard freestyle.

Pryor and Oliver swam neck and neck all the way. Pryor winning by a margin of less than a second. E. E. Pryor, won the 20 yard freestyle, third in the 20 yard backstroke, third in the 30 yard butterfly, and the third place relay.

During an interruption, Buck C. Hill and Shanton Hopper gave a diving exhibition.

The summary of the meet is as follows:

Let us know if you can come to watch the games tonight. It is a pleasure out there in the field.

Dr. M. M. Garrison

Organisr of the Harding Commerce

In the Invitational Junior High School Basketball tournament held last Friday afternoon and night, Providence won first place, Flanagan won second place and Garner took third place.

Two of the six teams who were scheduled to play in the tournament did not arrive. This shortened the length of the tournament. It was originally scheduled to be finished on Saturday, but since only four teams participated, all the games could be played Friday.

Providence, to finish first place, defeated Flanagan in the first round, and in the finals defeated Garner 27 to 15. White Oak was the other team in the tournament which did not win any honors.

The author did not watch the game of the “I” Club in helping to somewhat refurnish the girls’ dormitory, and some other work on the projects on the campus. The work was done by the students and their projects and I am sure that the author was not a favorite of every organization.

I’ll answer that question with a lot of work to do and with a lot of work to do for every organization and for you.
