Final Selections To Be Made Sometime This Week

A vote was taken Saturday for the candidates, the best all-around and the best athlete for the 1939 yearbook. After divisional section the close election was given the Pettis John staff for making the selections. A majority vote was taken, but the final vote will be taken on the higher ranking of the all-around selection. The candidates are as follows: favorite girl, Vera Criner; 7. Crop and 8. Crop. Favorite boys are George Garmage and James Ramee, 7. Crop and 8. Crop. Most interesting boys are George Garmage and James Ramee, 7. Crop and 8. Crop. Favorite girl from Dorothy Bixler and Juanita Beltery. Yarbrough. "Come to Me" by L. Denza and J. Membe1. At the meeting next Monday the 11th, the boys will be the vote. The girls who are elected to the 8. Crop will be charged in the annual, each crop will be charged to have their picture in the annual. Each crop will also present his year book before the nominating committee. The committee banquet must be presented by George Garmage or John McManus by the end of the year. The vote will be taken as soon as the candidates are issued.

The favorite girl in the academy will be chosen from Mary Langston and Mildred Dawson; the favorite boy from Robert Bell and Roy Roe. The 11th, the boys will be chosen from the 8. Crop. The suits are being purchased by Interesting facts of China. Since Dr. Benson has spent several years in China as a missionary, he is well qualified to speak on this subject.

THE FUTURE OF THE PHILIPPINES

In 1946 the Philippine Islands are due to receive their independence—then what? We see before us a country eager to shake the chains of slavery that have bound it to the island and regarding them as another Sudanistan. The Rising Sun floats over Canton and the Island of Taiwan, nineteen only since 750 miles from the coast of San Francisco. There is no question of how much distance it is to the United States. There is more gold and iron in the Philippines than in all the United States. Many Filipino women are capable of growing every variety of tropical agriculture profession. With these en masse, is no wonder that Japan is looking forward to 1946. Japan is not only looking forward to 1946, but planning for it. Already 30,000 Japanese inhabit the Islands with 1,000 more added each year. Japan is being to follow the same tactics Hitler used in Austria and Cusco-Bolivia. She needs these people over to settle in the Philippines so that ten years from now a loyal Japanese spirit will be built up in the islands. Many of the Filipinos realize their strategy and are putting their loyalty to their fatherland—drawn from the United States. And even Don Manuel, a master politician of the islands, who is in New York this week for the general good of the Philippines, says that if the United States were to keep a naval base there, it would be appreciated. But with no growing influence of the Japanese, will this, then continue to exist? The futures of the Philippines does not point toward a Philippine national flag, but toward Stars and Stripes and the Rising Sun—whichever? Students of the present day think of international events are wondering.

The future of the Philippines is uncertain. Will the country fall prey to the militarism which has thwarted from abroad with its own growing spirit of imperialism— with a nationalistic imperialism which is said to be, even today, a very present menace to world peace?

INTERVIEWS ON RADIO!

In this section of the department of the school, Mr. Leonard Kirk, director of the radio programs, wants to interview each and every student that is to graduate this spring and have them on the radio program sooner or later. We are not sponsored in an effort so let the public know about the activities of the school and the manner in which they can be used for the benefit of the Lexington College. The director adds variety to the programs and covers a larger group than previously. Each director has his program to live up to. The Lexington College has been awarded an interesting program that will attract attention.

Radio Program Soon or Later.

So, if the department is in a way is not what we want to hear. We need the cooperation of the Lexington College in this. Each director wants to make his interview the best one of the series.

ARKANSAS STATE TO OPPOSE HERD HERE SATURDAY

Game With Arkansas College Panthers Postponed

The Bisons remain idle the first part of this week, due to the postponement of the game with the Arkansas College Panthers. Ernest scheduled for Tuesday night. The Bisons will, however, have a chance to settle their ball game with the Arkansas College Panthers and their sellout attendance at the high school gymnasium.

The Varsity was moved out by the Indians at Janesville, Jan. 16, by three points. The final score was 32 to 30 for the Bisons. The game was hard-fought, and according to Captain Dewberry, the Bisons will be out for revenge Saturday night.

He believes they will have as many annihilation over the Indians as the game will be played on our court.

The Indians have been playing with state teams for the most part this season. The Bisons have played with Arkansas colleges this season, they have been on the winning end of the last two of them.

Two of their defeats come from the hands of Hendrix and Arkansas colleges.

The Bisons have won but one of the six games played with Arkansas colleges. This victory was over the Indians at Janesville.

The following Monday, the Varsity travels to Conway and plays a return game with the Hendrix Warriors. There will be the last road trip for the Indians this season, and their high powered offense will be attempting to cut the Bisons in half.

PEP BAND

The Pep Band will do a wonderful job of entertainment at the Hendrix game on Saturday. They may not sound as sweet, but they sure can make noise. We don't even have to know that they are in the presence of a Pep Band. Let the orchestras play away, if they want to, they make a hell of a lot of noise for far pinies. And at times I cannot count that many.

Try to resist the temptation to sing along, and listen to the music instead.

Lions Defeat Batesville Pioneers

The Bisons outscored the Pioneers 50 shots and made 46 to show the high school gymnasium.

The Bisons will be out of state teams for the most part. They are going out of state teams for the most part. They are trying to pick the winners of all leagues and, of course, they are playing big schools, high schools, and new managers.

I would like to get in on some of this predating, and predict a limited championship. I'm not burning my bridges behind me, when I say that Harding will win the college championship of Arkansas this spring. I don't think we will have a single college game.

There will be more teams in the college league this year and the games will be harder to win than they were last year.

In all probability, there will be but four colleges in Arkansas, who will have teams this year. They will be Harding, Arkansas College of Batesville, Arkansas State Teachers College, and Arkansas Historical Association.

I'm not burning my bridges behind me, when I say that Harding will win the college championship of Arkansas this spring. I don't think we will have a single college game.

The game will be outstanding. The Cartwrights, who will be on hand, and the group will be outstanding.

VARISITY BEATEN SECOND TIME BY TEACHER’S FIVE

Unbeatable, 63-27, 38-17

Herd Unable to Hold Bears; Defeated by the Teacher’s Five.

The Teachers Five, under the guidance of Coach Berreyhill, defeated the Bisons of the Junior Senior at Conway last Thursday night at a hard-fought battle.

Let by "Scotsman" Rie, the Bisons found it too hot to play with Welsh and Minerva and their set piece.

Let us say to hold the Bears in 11 points while they made 17. We scored for the Bisons during the first half with eight points and Turner for the Bears with five.

At the beginning of the second half, the team, led by Turner and Minerva, was jumped into the lead, which they continued to hold until the remainder of the game.

The Bisons were batted by the strict defense of the Teachers Five present throughout the last half, by which they were able to break the majority of the Bisons attacks.

The Teachers Five made 15 points each in the last half period and the team in a comfortably lead over the Bisons. Again Rie scored for the Bears by making both of the 10 points the teams scored in the last half.

Individual high scoring honors went to Turner, guided guard for Teachers, with seven field goals and one free throw for a total of 18 points.

He was followed by Roy of the Second overtime at Batesville, who scored 15 and 13 points respectively. Don't just take our personal feelings enter into the remainder of the game. The remainder of the time.

The band sure did sound good last night. They are going to pick the winners of all leagues and, of course, they are playing big schools, high schools, and new managers.

I would like to get in on some of this predating, and predict a limited championship. I'm not burning my bridges behind me, when I say that Harding will win the college championship of Arkansas this spring. I don't think we will have a single college game.

The game will be outstanding. The Cartwrights, who will be on hand, and the group will be outstanding.
