"Tige" Carroll, high scorer for the team, has attempted 45 free throws, making 36 of them for a percentage of 80 to lead the Bisons squad in this department. He is followed by "Doey" LaFever with 30 out of 50 to have a percentage of 40. Five men of the team have a 50 per cent.

The highest of these is Ted Carville with a 37 per cent by making 14 out of 38 attempts. Unusual name is "Boop" Roe making 5 out of 5 shots for a percentage of 100. The 10th that tied for Clyde Watts, Jack, and "Four" Fryer with a 249 percentage. "Boop" has made 8 out of 18 to gain his white Jack has made nine out of a dozen for his. Year, few chances, has made it.

Only five inn fall below the 200 mark. "Robby" Roe leads those with a 149 percentage. Roe leads the team in free throw attempts with 41 tries but has made only 25 of them. Closely following Roe in Capitine Julian Berryhill, who has a 411 percentage by making 15 out of 18 attempts. Then on the chart is "Preacher" Moore with a 401 percentage. Ordinarily he is a low thrower with 8 made 8 of them. In elevens and twelves, our sixth position comes from Bill and Bill Bell, with a 335 and percentage respectively. "Boop" has had only three chances and made one of them while Bill has attempted only one and missed. The low percentage of the last two days is in no special index to the ability of the player because of so few attempts, and it may easily be remedied by the player making the few attempts.

This return is complete through the Arkansas State game of February 11.
