SA COUNCIL MINUTES
October 8, 1963

The devotional was led by Joel Anderson, Tom Kirk, and Jim Wilson with members of the Council participating in the closing sentence prayer.

Joel read a letter from Dr. Benson which stated that the Executive Council had decided that representatives from Harding should not attend the Christian College Conference at ACC.

Two letters were read: one from Dr. R. T. Clark stating that he would be unable to attend the reception for new faculty members, and one from Sandy Stone expressing appreciation for the club officers' workshop on behalf of the Oege social club.

The report on possible themes for lecturership has been given to Joe Hacker.

Bob gave a tentative treasurer's report.

Tom read his committee's report on the SNEA decision. Copies of it are to be sent to persons concerned.

Joel reported that he has talked with Bill Oliver who is willing to do the technical work in compiling a record of the year's events. The Council voted to undertake the project.

Cabinet appointments were discussed.

Bob reported that the Mohican social club would like the SA to help finance their campus improvement projects since they are providing the labor for these projects. The Council felt that it would be inadvisable to comply with this request since such action would set a precedent which other groups on campus could justifiably follow with similar requests.

Janie is to see Mrs. Goodwin about the recreation room in Kendall.

The Council is to eat supper at the Lawyers' home Thursday at 6:00.

The problem of the paperback supply in the bookstore is to be handled by the Cabinet.

Janie suggested that the tape recorder be sold and an extension of the FM speakers in the student center be installed in the dining hall. The possibility is to be investigated.

Rob still hasn't been able to see Ron Butterfield about the tape recorder but is to see him this week.

Loverd noted that the cut-card line problem seems to have solved itself. He also wanted to know if the dining hall couldn't be opened at 11:45 on Sundays. He is to see Mrs. Hart about it.

Methel is to order pins or charms for those who want them. Money should be given to her by Thursday.

The meeting was adjourned.
