**Representative Mills Talks on World Crises**

Local Congressmen Discusses Neutrality Legislation Considered Before Recent Congress

United States Representative Wilbur Mills spoke at the Tuesday morning chapel when the recent neutrality legislation passed in Congress. Mills referred to recent history and pointed out that in 1917 a crisis of events occurred when Europe entered the war and caused the world leaders to fear that a war might arise, setting civilization back at least fifty years. In 1935, the United States passed the Neutrality Act, which included sections on arms and munitions, less Ethiopia and yet our neutrality is laughable at home as we see Charter members of the club are embracing the war. The men's glee club of 35 voices was performed by speaker.

**Chapel Speaker**

Under the sponsorship of Mrs. Stapleton, a new girls' talent was presented on the campus Tuesday, November 27.

The officers elected were Albert Donaldson, president; Ruth Reader, vice-president; Julia Brown, secretary; Patricia Jackson, treasurer, and Theda Harbold, reporter.

Charter members of the club are: Ann Helen Baker, Ruth Budler, Lawrence Laymon, Julie Brown, Bernice Campbell, Edith Colman, Ruth Evans, Christella Ford, Reba Gillard, Stella Haddock, Elizabeth Harwick, Marjorie Hehn, Gvetle Hill, Ruth Jones, Patricia Jackson, Kelsee Mass, Kodie Leslie, Lillian Little, Coral McRae, Erna McNichols, Priscilla Nicholas, Daisy Robinson, Claudia Russell, and Yvonne Strong.

At the first meeting the organization adopted as their colors red, white, and blue. A goal was committed to the membership that it would be a constitution to be admitted to the administration.

**4-H Club Writing Its Constitution**

In a meeting of the 4-H Club Thursday evening it was decided to recognize the club so as to include former members of the Future Farmers of America and persons who are really interested in the work and purposes of the organization.

Darrell Harwood, president of the 4-H Club, appointed Lowell Brand, vice-president, and Paul McMillan, secretary, to represent the Future Farmers of America, to head the organization, and take the constitution incorporating it in the change in membership qualifications; to conduct all meetings in strict procedure and to be guided by Robert Rice of Order in the conduct of the campus beautification project. Memberships were set at five. Those present were encouraged to submit a name for the new club.

It was pointed out that most every one should know everybody, and that the organization finds it will be fitting this need in advancing this formality. The president will call a meeting of all interested in becoming members in a few days.

**Armstrong Discusses Way To Happiness On Air Sunday**

Using "The Way of Happiness" as his text on the regular program over station KAPC, Dr. T. G. Armstrong stressed faiths in God and called upon those tuning in to realize the value of happiness. One should not be content with what he has and not a money chaser; he should trust in God, and read His Word, such as the 44th psalm by Brother Armstrong’s talk.

He invoked him, that speaks over the country never to be forgotten to the public, has the true way of God, not the shrewd talking. If we will go to the public in any such a manner, we shall be without power. Beside the main features of the program, Dr. Armstrong's speech on the "Hymn Singers," the gospel songs are always great and exciting.

**Taylor Speaks In Chapel Services**

Leaving the campus at 4:40 on Monday night the Lamb-Quite Siganus and their dates announced by Prof. Dyke and Mrs. William E. Moore, who told them not to get up until school is out, be stated.

He stressed the fact that an education is a road to knowledge, and an educated person has broadening interests and his education will keep him moving on the right path. The education, one of the school and their dates was as follows: L. D. Frank and Jack Sears, Leonard McReynolds, Willard Taylor, and Hugh Lawrence.

Most of us came to Harding with the pur-pose in mind of obtaining an education—fitting ourselves for responsible places of service in this world. For this we entertain many students at Harding are majoring in "club work" and minor-ing in class work.

Many, however, are members of five or six clubs. Some are president of two or more clubs. But dedication and excellence in their class work and other duties can efficiently and ag-gressively serve the course of two or three clubs and somewhere something is going to be skippered.

We have as much activity going on at Harding this year as we had from 1929 to 2000 enrollees.

We are engaged in meetings of party and parties have what you give a great deal of the time. Even President Benson has difficulty in keeping two nights a week open for students to study. And even they are not open every week.

We all like these club activities, but let us not forget our primary purpose here at Harding and prepare a lesson occasionally.

ASSOCIATIONS

Do we make the most of our associations or our chances to get a little a better acquaintence of with one or two, or do we stay in the same group all the time and let acquaintances associate the same and our acquaintances limit ourselves?

Do we make the most of our association with the same group regularly, just because we have get acquainted with the ones in this group better? Why not enjoy our meals with the other group and a form a more well-rounded personality. By changing about we get into a different realm of thoughts and ideas.

If there's someone or something we want to know a little more about a person, this there is in the neighborhood. But there is in the neighborhood. But this is not supposed to be a conclusion may be reached. Consider more about each other and know each other who are new and last friendly.

Breaking their losing streak, the running, for they are going to be out mer before last Buck took first in Cat's territory.

FOOTBALL

With only two more weeks to go it looks like the Razorbacks and the Bears are going to be the ones to fight it out for top position with the Razorbacks having the upper hand on the Bears. In the first half the Bears have not lost any games but the Bears' show one loss and one tie, but their has three more games to play and anything can happen. These other team can't be left out of the running, for they are going to be the ones trying to stop the Bears and Razorbacks if they possibly can, this might mean something for them in the long run. Now if you will just look back at the season you will see that with very few exceptions three other teams have only been beaten by one or two touchdowns. Some of the best players made out in the pool were filled in the game called out in the report. It looks like the Arkansas Razorbacks are back in their stride and are going to take on Rivals.
