SA EXECUTIVE COUNCIL MEETING

January 7, 1964

The meeting was opened with a devotional.

Joel asked the Council's opinion about calling a halt to SA activities until finals are over. The Council voted to do so.

Bob inquired about plans for a mixer for new students and transfers coming in second semester. The social chairman will be in charge of it.

Linda asked about those on the Council who will have to miss meetings because of practice teaching. They will come to meetings when possible and miss the others.

Dr. Benson is to make an announcement in chapel concerning food in the auditorium during SA movies. The policy has been changed to permit such.

Concerning the Stapleton Memorial: Dean Sears has declined to intervene. Two of Mrs. Stapleton's sisters have written; they oppose a scholarship fund and advocate a prayer chapel. The Council voted to ask Dr. Stapleton to meet with them to see if something can be worked out. Joel is to see Dr. Benson about arranging the meeting.

Rob Smith and Bob Brewer left early.

The meeting was adjourned.
