Administration Rejects Petit Jean Proposition
Over Student Approval

Financi Committee Disapproves Plan Monday

In a meeting of the finance committee yesterday, the president of the college announced that the Petit Jean expenses in the activity fee was rejected. The plan suggested was to add $1.75 each term to the activity fee to cover the cost of the annual and picture so that each student might have an annual. This fee would total $25, with the present cost of $6.50.

A vote was taken Saturday morning in chapel to measure interest on the question. College students favored the plan 242 to 12 opposed and Academy students favored it 15 to 10.

Stating the attitude of the finance committee and their reasons for voting, Dr. Benson said, "The presentation meeting favoring the idea of every student having an annual picture resulted in a plebiscite to provide a better yearbook. We would favor this proposed plan if it could function properly. However, after serious consideration the committee rejected the plan for these two reasons: (1) The one hundred and fifty students not ordering annuals this year as well as the twelve that ordered annuals this year, because the plan represents an annual for many students who are unable to bear the extra expense of the annual and (2) Work contracts, notes, and unusual circumstances create serious complications."

The school, under this plan, would pay approximately $59 in cash to the Petit Jean staff while the students would have to pay approximately $115. The school would be forced to pay $894 in cash. Thus, the school's indebtedness, which has been decreased by $20,000, would remain.

Don Bentley and Mabel Deets Monday afternoon, representing the students of the 1941-42 Petit Jean, said, "The rejection of this plan will not in any way affect our ambition to make our editor the best ever produced at Harding."}
