The Council and Cabinet first met at Latina Dyke's house for strawberries and ice cream. Then the Council, Cabinet, and Council-elect met at the SA office and worked about an hour and a half assembling the academic reports. The 1100+ reports were apportioned for distribution in the dormitories later in the night.

The regular weekly meeting of the Council followed. Loverd Peacock was absent. The Council-elect was invited to attend.

The annual steak supper will be at Wyldewood this Saturday at 5:00 p.m.

Jim Wilson read specific recommendations from the report of his committee's study of class organizations.

Joel read a letter from Lott Tucker about blinds for the stairways in Kendall. Mr. Tucker was unaware of the situation. He said the windows would be checked and blinds would probably be installed this summer.

The total cost for converting present projection facilities to cinemascope will be $800 to $900. The SA will be able to pay about $600 of this amount this semester. Dr. Benson said the administration will be happy to underwrite the project. Money from Saturday night collections during the next few school years will pay the balance. The Council officially went on record as in favor of the project. Cinemascope lenses will be put in the projectors this summer, and a wide 17' x 34' screen will be installed.

The plaque and picture for the Stapleton memorial will be on display in the lobby of the Administration building this Saturday. A reminder will be given in chapel to those who intended to contribute when the collection was taken and were unable.

"Highlights" will be in any day; the Council will meet as soon as the records arrive to prepare the jackets for them and get them ready to go on sale.

The Council-elect was dismissed except for their president. Bob gave a financial report. He informed the Council that the tape recorder is to be sold to the highest bidder to help defray the costs of the FM speakers in the cafeteria. There was approval of the general appropriations Bob suggested. Specific amounts will be determined when several bills come in.

The lost and found service will be announced as one of the three surprises in chapel next week. It will be ready for operation this fall.
Bob asked about the scrapbook for this year. Janie is working on it but may not have it finished before the year is over. She will get it finished, however.

Bob then asked about the handbook revision project. Jimmy said he would have to finish it this summer.

Jim asked again about the recreation room in Kendall. Janie is to ask Mrs. Goodwin about having it open on Sunday afternoons for couples, and Linda is to see Mrs. Pickens.

Gene Connor asked Joel about SA help for Robert Taylor to do mission work in Beirut, Lebanon. The Council decided, as it has in the case of several similar requests during the year, that since all SA funds are already allocated no help could be given. The SA has already had one collection in chapel this year and there was another one for the chorus. Another collection would be against administration rules. It was suggested that social clubs might help.

The meeting was adjourned with a prayer led by Dr. Gilliam.
