"GHOST TOWN" TO BE PRODUCED BY DRAMATICS GROUP

Mrs. M. O. Coleman will supervise Workshop Play To Be Presented at Auditorium Friday Night.

"Ghost Town," by J. Dan Fair, will be presented in the auditorium February 4th at 8 p.m. The production is a workshop play, meaning that the role is given in student direction. The spring production will be 20 miles with six classes and 15 classes for children.

Abandonment of gold mines in the States is expected to cause stabilization to become "ghost towns." Individual properties and crops frequently are lost to floods and to fire. In some cases, water does not even last long enough to cause problems.

Everything runs as smoothly as given. It would be a good idea to change two strange men, a slow moving tinster, and a slow moving harpist. Members of the International Club are expected to be the largest event of the kind so far to be held in the southwest. Over 160 clubs in the southwest have been invited to the occasion.

The day will officially open by members of the International Club leading a special assembly with the reading of George A. Robe. A special collection will be held to collect funds for the Christian mission and for the purchase of supplies for the Christian mission.

The Harding I R C will be presented at 10:30 a.m. The meeting will be held in the Music Building.

One of the many features of the evening will be the I. R. C. banquet and a panel discussion on the world of work.

Two song leaders are assigned to the college choir for the full length of the meeting. They will go into the homes where they are located and talk with the people, encouraging to attend church and to be present at the meetings.

They will be more effective and require the least amount of time of the very few students. The I. R. C. banquet and panel discussion on the world of work will be held in the Music Building.

BE KEPT PRETTY

It does not.

Here are two other seniors' choice of a great character of the Bible and their reason for selecting that person.

LaVonne Thornton: Joseph is the wife of Aquila who was one of the 31 members of the early church at Ephesus, and was an important missionary of the early church.

It was to be admired for being so nobly loyal. First, her loyalty to the truth was mentioned without any Prejudice. Second, she was a wise woman who knew the work. It is recorded that Christians turned their attention to Paul and Priscilla Aquila. It seems that Priscilla was not only a wise woman but also a great woman of work serving Christ. And this woman was instructed in the way of God more perfectly at the house of Aquila and Priscilla. Last, she was loyal to the Lord Jesus. Even though they were married, as long as they were living he had to be a leader as a Christian as Priscilla was. It seems that the ranking name of all the characters in the Bible, in my estimation, it was he was a character who possessed that one trait which he was trusted were he preached. He said that to the Romans, "I bestow upon you the crown of life, in the promise of your blood a little sacrifice, holy, acceptable to God, which is your spiritual service to God and to the King." He completely himself for the good cause as he was the person of a better Christian.

What would you do?

Many young Christians were asked, "What would you do if you had the power to be able to live on earth? There is some who despised and some who would be fine."

Ted: "I would be a leader of the nation, and the church, and the world."

Bobby: "I would be a member of the Pentecostal Church of Christ, and be active participant in service of the Lord."

Thought question for this week: "I don't know."

Alumni Echoes

By Mary Alberta Ellis

It seems that Harding students dominate the Alumna, Arkansas, and McKissack Echoes. I learned from the faculty, five of them are leading Harding students. These are: Dr. O. E. S. King, Anson, Dr. C. E. H. Hegg, Austin, Dr. H. C. B. Lee, Hovey, and Dr. O. C. F. Gates, Haskell.

Echoes is a magazine for the alumna of the school who is interested in correspondence with their former classmates.

Miss Catherine Steen of Tromsø, Norway, receives a one-year leave of absence from her work as librarian in the Tromsø Public Library and came with her brother to visit America in 1914. When I asked her, "Why did you decide to stay in America?" she replied, slowly, with a smile, "The conditions decided for me." When she left, "I had a friends and home in America. Their mother died and I helped make a home for them." When this task was completed, Miss Steen began her favorite work again. For ten years she was librarian here in Trondheim. And she has been in charge of the library since 1914. She seems to enjoy life most among the reading students in their selection of "to book" from the available list of 117,916 volumes.

Kirk’s Studio Remodeled For Sound Proofing

The end goal of Prof. Leonard's renovation plans is to create a sound-proofed room to be used for the regular radio broadcasts.

Kirk's Studio Remodeled For Sound Proofing

Sound proofing makes it possible for the studio and the light to communicate with KLRA without conflict. Also, it enables the director to rehearse as thoroughly as they were being carried on at the same time, division, and harmony.

There will be a direct communication between the sound control room and the broadcasting equipment will be permanently set up in this room to avoid moving it for every rehearsal.

A large glass window will constitute a portion of the partition between the studio and control room. A thoroughly sound-proofed door will be installed in the side of the partition. The studio will be hushed in the convenience of starting and finishing programs exactly at the time set.

The inside of the new control room is finished in brass, Masonite, insulating, matching the woodwork, B. C. R. Building. The main room is completed sometime this week.

THE BIBLE—The Bible is the most popular book on the Harding campus. It is the one book which all students study. We believe it is God's book of revelation, that it is the greatest character-building book the world, and that one book that points the way from each to Heaven. We believe that this is God's will, and that no man can live righteously in God's world except as he lives in harmony with God's will and purpose. Therefore, we expect every student to study this greatest of all books.

SPORTS—Harding maintains a splendid program of intramural sports. We do not have immediate plans because we do not have enough funds to enter the National Intercollegiate Games, but we do have a very active program of sports on our own grounds. Meetings Concluded By The Minister of Searcy Church

SERIES BEGINS AT GRIFFITHVILLE FEBRUARY SIXTH

T. H. Sherrill, minister for the downtown congregation of the church of Christ in Searcy, will be the host evangelist in the midst of meetings to be conducted. His message will be concerned with "The Bibleology of Christianity." Brother Sherrill is a native of Arkansas, having been born in the mountains of Hot County. He began his preaching work about sixteen years ago, after spending some years teaching school in and around Italian.

Having entertained a desire all his life to preach, Sherrill was confirmed in his conviction to become a preacher after reading the debate between Alexander Campbell and Robert Owen. Though he was married and had a child at the time, he gave up teaching and attended the 1924-25 session of Freed-Hardeman College. Thereafter, he has never been under the influence of the laws of the Colossians. Besides his schooling at Freed-Hardeman, Sherrill attended the University of Arkansas and has had three years in Harding College. He is now teaching and attending the 1924-25 session of Freed-Hardeman College, where he has served as principal. He has spent some time working in the evangelistic field. Many congregations have been visited over the state through his efforts, and many weak churches have been uplifted by his labors. He has also been engaged in the establishment of church life in Lanark and Clarendon.
