S.A. MINUTES
January 12, 1965

Mike led the devotional.

The entire council was present also Bob Adams and Kile Smock.

Dave called the meeting to order and then ask Bob and Kile to take the floor and present their idea to the council.

Bob and Kile said that they would like to coordinate a series of chapel programs on the "Challenges of the Twentieth Century." Suggested topics for each symposium of programs were read off. Kile explained that they had already discussed the idea with Dr. Benson. He agreed, with the stipulation that they must have a sponsor, and had suggested the S.A.

Bob and Kile asked the council to give them authority to be co-chairmen in working up such a series of programs.

David opened the floor for questions by the council. Dr. Gilliam first commented by saying that it appeared to him that the S.A. was being asked to sign a blank check. Kathy: We have no idea what will be said.

Bob: One reason for the programs is to have speakers who are not controlled. Kile: A manuscript and outline of each program could be given to the S.A. for approval. Hollis: This is a good idea but it also needs control. Eileen: Perhaps a faculty member could be the control.

The council continued with a lengthy discussion. The main problem was that the council could not attach their name to something to make it legal, having no authority over the presentation. Dave called the discussion to a halt and ask for a secret ballot vote on the proposal.
made by Bob and Kile. The council voted unanimously no to the proposal per se. The council was very interested in the ideas of Kile and Bob, however, so a motion was made and so voted that amendments or a compromise would be discussed at the next meeting.

David had also invited Brother Dykes to the meeting who also had an idea to present to the council. Brother Dykes said he had been asked by Dr. Benson to work up a youth forum for high school students. Brother Dykes said that OCC had such a forum, and there, it was done entirely through the Student Council. Local people and students are used as speakers and program directors. He also explained that this would be very effective on the students' lives as well as giving them an opportunity to visit Harding. The forum would probably begin on a Friday afternoon and continue until Saturday night.

The council assured Brother Dykes that they were in favor of helping to make such a program successful, but they did not feel they could sponsor the effort. Brother Dykes thanked the council for their ideas and help. He said he would let us know as plans developed.

Other business—Dave said he talked to Mr. Tucker about the fruit machines. He said fine, if someone could be found to service them. Unfortunately, Dave said he could not find anyone who did this in town.

The calendar will be sent to the print shop this week. The calendars will be sold in the registration line.

Dave reminded the council of the North Central coordinators meeting.

Dave said he would send the council a memo on the results of his talk to Dr. Benson about the Emerald Room.
Linda said that she had talked to Coach Groover about a Varsity-faculty game. He did not agree to this, but instead, suggested a comic team of students versus a comic team of faculty members. Linda said she would have to talk to Dr. Ganus about this.

The Feb. 2 meeting will have the discussion on rules.

The meeting was adjourned.
