"The One Who Crammed"
Meditations

A religious debate class is held every Tuesday night at eight o'clock. I went there Tuesday night and enjoyed it.

There were two speakers who spoke long periods of time and after that, I got up and talked at it over again. They called them rebuttal speeches.

The subject was something about Baptism. One said that it was absolutely necessary for individuals who were baptized before he could be. The other expressed the other opinion that such was not the fact.

Anyhow when the fight was over they settled down and agreed upon the merits of good just good exercise of the wit. Both believed that baptism was essential to salvation because they took sides on the question just to have some fun. And fun they had!

Forgive The Personal Reference

I guess debating is pretty good sport alright. I did it once and I drew a picture for my opponent so he could understand just what I meant by it. When he got through with me in the rebuttal speech, he had given the audience a picture of me. I looked like a donkey.

They say there is human interest in an animal. He gave the folks a human interest picture of me. Of course it was not fair of him to make me feel so bad. But I took it like a good sport. I never challenged him to another debate.

We Do Lots Of Talking

We got a lot of talking to do around Harding if we keep up with everybody. Talks are made in Sunday night's young folks' meeting and then several speakers always have words of religious wisdom on Monday night for that meeting.

Students who read the announcement in the paper on Thursday evening usually show up to hear the meeting. Monday night we can add Wednesday night's meeting down at the town church where we boys study talks. On Thursday night it is in the union. It is by having two meetings, one for the young men who speak on religious topics and the missionary forum all Saturday night. For the pupils who are referred to Sunday services or the young folks' meeting. A lot of talking goes on!

And after all that talk The Bishop has the boldness to put on an oratorical contest!

We have not mentioned Mrs. J. N. Armstrong's speech classes or Mrs. O. M. Coleman's classes in dramatics.

College Delays Marriage

I was talking to a man the other day who said that some young folks want to take hold of responsibilities too soon. He means responsibilities that a man has when he is in the army. He says that such cares that will increase his ability and broaden his personality, that will make him something of a man before marriage comes around.

That is one thing going to college. You do not have to worry about getting married and fathering the family at the same time. You have got a good job and a car and the event that happens next is the blessed one. He has become a family man before he knows how to take care of himself.

"Doodie Bags' is the name of the second team and it contains the following girls: Clara Bell Dunan, Doris Healy, Ruby Jean Wesson, Iris Merritt, Elsie Mae Smothers, Anna Higgins, Kansas Sibell Webb, and Ruth Newsman.

The last team, called the "Spiders," was made up of Edith Johnson, Carmen, Price, Linnie Nicholas, Mabel Grace, Turnage, Dolene Hebert, Mabel Ford, Jean Berryhill, and Hazel Jean Bingham.

During the last half, the Spiders made another score, and then in the last remaining minutes of the game the Doodlebugs managed to push in a shot, making the score 2-2 at the close of the game. At a later date they will play another game to play off the tie.

The new home of Mr. and Mrs. Edwin M. Hughes, 114 Market street, will be completed within the next two weeks, stated Mr. Hughes recently.

It is of a Cape Cod style, with asbestos siding. There are six rooms and a bath.

All of the interior walls are rock plastered, and have a cozy nook, which has tile panels with antique finish.

The floors are hardwood, and gas floor furnaces will be used for heating. Mr. Hughes is principal of the academy and Mrs. Hughes is secretary to Pres. George S. Benson.
