**More Abundant Life**

**Talking to Dr. T. H. Sherrill**

Dr. A. M. Basford, head of the biology department, was talking in the Biology auditorium on the evening of March 7.

"The More Abundant Life" was the subject discussed by T. H. Sherrill on the regular Sunday morning radio program, March 7.

A topic of two ways of life, a world of a life and a life separated from our world. The discussion was initiated by Dr. Sherrill, who then returned to the opening Bible verse, John 10:10. This verse says: "The sower of abundant life." He then expanded upon the two ways of life. It was a study of a man's life.

He pointed out two ways of life. A world of the life and a life separated from our world. The discussion was initiated by Dr. Sherrill, who then returned to the opening Bible verse, John 10:10. This verse says: "The sower of abundant life." He then expanded upon the two ways of life. It was a study of a man's life.

**From Classroom To Poo Peach: Quite A Contrast; We'll Try It**

**By Lucien Raffetto**

J. C. Gaw: The first pretty day since the middle of February brought a climate change. Cold has driven us indoors. The weather is expected to improve tomorrow when we don't have classes.

Mr. Nash: I've been doing the chores and have been working on the farm. I think I'll take a chance and plant some squash. I think I'll plant some squash today.

**Books Bought For Library**

Mr. Nash: I've been doing the chores and have been working on the farm. I think I'll take a chance and plant some squash. I think I'll plant some squash today.

Mrs. Armstrong announces that she will be away from school for a week due to illness. She will be back the following week.

Ms. Thompson: I'm going to be away from school for a week due to illness. I'll be back the following week.

Mr. Nash: I've been doing the chores and have been working on the farm. I think I'll take a chance and plant some squash. I think I'll plant some squash today.

I have heard too much about economy already, but not half the story has been told yet. If you are sick of hearing economy talk it is unnecessary, and you may prepare to get even sicker yet, for before another year is gone economy will have been drilled into us all so much that we will feel that it's our middle name. The point is: we can save as much in our own daily barn as we can in the victory garden—if we want to. Let's see to it personally that nothing is wasted.

All of us will enjoy shopping about "Our Garden." All of us will want to have a part in it. If you are alone and have not had the chance to get for the victory garden a radish, and maybe it is; but if it will starve off hunger for the extent of the war it will be a very practical fad indeed. In addition to keeping people from going hungry, victory gardens will add some good fun in times to come.

One important thing all of us should learn is that while we are preparing for lean years by making provision for more food, we should not waste what we are now on hand. Yes, you may think you have heard too much about economy already, but not half the story has been told yet. If you are sick of hearing economy talk it is unnecessary, and you may prepare to get even sicker yet, for before another year is gone economy will have been drilled into us all so much that we will feel that it's our middle name. M.E.A. Club Has Impressive Banquet At Mayfair Hotel

Saturday night, February 21, the Mayfair Hotel was filled with a gayle as couples entered a beautifully decorated banquet room through a gilded hall. The M.E.A. club members and their dates stepped into a miniature Hawaii complete with tiki huts, palm trees, tiki gods and brown grass. The entire room was bathed in palm tree light, while the gentle sound of the ocean was piped in by speakers.

At the entrance of the room was a bar on which floated a couple's coat. The bar served as a welcome to all. Weldon has organized and arranged the entire room in a manner that was riveting.

Senior Class Honored

Miss Weldon has honored the entire class, the home economics department entertained with a formal buffet supper at six-thirty, followed by a dance at seven. The atmosphere was that of a warm Hawaiian climate and the food was delicious. Ice cream and pineapple rings were served and guests enjoyed the tropical atmosphere.

Miss Weldon has organized and arranged the entire room in a manner that was riveting.

To all of the members of the club and their dates, Weldon has arranged and arranged the entire room in a manner that was riveting.

Cascade Sigma

Cascade Sigma Officers

Dale Lawrence, president of Cascade Sigma, and 12 other members of the club were present for the opening of the evening. The club officers are:

- Dale Lawrence, President
- Linda Smith, Vice-President

M.E.A. Club Has Impressive Banquet At Mayfair Hotel

SUNDAY night the M.E.A. club met to enjoy a farewell dinner to one of its members, Virginia Lee Mullins. Virginia Lee Mullins, who is a student at Harding College, was honored with a special send-off by the club.

Virginia Lee Mullins has been a member of the club for four years and has served as its president for the past two years. She is a talented singer and has been featured in many club events. The club was proud to have her as a member and wished her well in her new position.

Senior Class Honored

The entire class, the home economics department, and the school officials entertained with a formal buffet supper at six-thirty, followed by a dance at seven. The atmosphere was that of a warm Hawaiian climate, and the food was delicious. Ice cream and pineapple rings were served. The guests enjoyed the tropical atmosphere.

encouragement the other day. In speaking of his course he said, "Now you've had an interesting course and you have learned a great deal."
Tillman Takes

Lookin’ ‘em Over

by Claude Richardson

Tillman Takes Hole-In-One Championship

Ray Tillman driving the ball within five and ten inches of the hole, won the hole-in-one contest in golf last week. Wins of Tillman’s first hole cost quite some but the second was an inch nearer and was good for first place.

Following Tillman came Cades Beckham holding down second place with a shot rolling within six feet, eleven and a half inches of the cup. Within eight feet of the cup went George Rainey’s shot, giving him third place.

In the twenty-five percent group the top three were Jack Spalding, F.E.W., Watson Wade, 17F., and Don Harris, 19F.

The second twenty-five percent group was composed of: George Tippins, Lyons Huffington, George Kreuger, Elwin Sharp, Lionel Longzeit, Neal Watson, and Mayr Miller.

Third twenty-five percent group: Joe Clarke, Cortis Mills, Harry Fox, Dan Lawyer, Hines White, and Virgil Lawyer.
