The Executive Council met at 6:00 pm on April 4, 1967. All members were present with the exception of Mary Beth Parks.

David Smith opened the meeting with a reminder to the Handbook Committee of a meeting at 6:00 pm on April 6. He then asked Barbara Neely to submit a report on the Christmas project evaluation as soon as possible.

The Council discussed the Prayer Breakfast next. Mike Moore was asked to help David contact those who have been selected as delegates. Helen Howell volunteered to help with registration at the Breakfast.

The Blood Drive was the next topic of discussion. The group decided to recommend to Dean Lawyer that Philougeia or some other special interest club be put in charge of the Drive. Such a move, it was felt, would insure more complete preparation for the effort.

Lundy Neely was asked to start a file on the Coffee House. David also asked that all reports on the Youth Forum be turned in as soon as possible. Helen Howell and Sherry Balthrop were asked to mend and iron the items in the Lost and Found in preparation for the auction to be held on April 13, 1967. The Council was instructed to think of possible uses for the money to be obtained from the auction.

The Patriotic Program was the next item of business. The possibility of presenting it sometime in April was suggested by Dr. Gilliam. He reported the probability of an available chapel period in late April. The group agreed that such a date would be good. Dave Young and Linda Byrd were named co-chairmen of the group to do the planning for the program. The Council was asked
to submit any suggestions for the program to Linda or Dave.

Next, the group discussed advertising methods to be used in selling the Highlights records. After the discussion, David suggested that each member of the Council think about the methods proposed, any other methods he might come up with, and the length of time to be spent in advertising.

David also proposed that each member should think of ideas concerning the Book Exchange. Possible rule changes were also topics for individual consideration.

Then the Council considered alumni contributions again. Such things as a $5.00 Club, a Student Alumni Group, and a Cabinet position for someone concerned with this problem were discussed. David agreed to see Dr. Ganus and get suggestions from him concerning concrete ideas that might be initiated this year.

After discussing the necessity of a Dead Day before finals, Mike Moore moved that the Wednesday before finals be designated as Dead Day. No classes would be held then. The motion was seconded and passed. Therefore, David assured the Council that such a suggestion would be made to the faculty at the earliest possible time.

David suggested that the Academic Study discussion be postponed until next week's meeting.

David Young asked all seniors on the Council to choose a preferred date for presentation of an SA Speaks program.

There was no more business to be discussed, so the meeting was adjourned.

Respectfully Submitted,
