Write Tellers of Blood Tests

by DOIS HELESTON

With the speed, accuracy, and efficacy that characterizes the blood donor at OCCU, a versatile blood donor stirred a healthy mixture of giving, sampling, and deciding on the blood type of each donor.

E Everett Maxwell is in charge of the construction of the sets for the extravagant "Pettinig Festival." With a crew of assistants, he and his associates are working on the sets which will picture a scene of the ancient Middle East. There's the Upper West, and a wine shop in Capharnaum. In the scene there are seven areas, one of which is duplicated.

SIX ENTER \n
ESSAY CONTEST

The deadline for the Pettinig Festival contest has passed. Those who entered the contest have been put in three categories: first, the Director; second, Mar-ryo; Shade, junior; Joyce Burn ham, senior; Dale Larson, sophomore; Aldred Moorman, senior.

The first essay on the constitution will be awarded to Edward H. Halbert, junior, of the University of Arkansas, and $100 by Mr. R. E. McAlister, President of the University of Arkansas. The group pledged allegiance to the flag and sang "The Star-Spangled Banner" then recited "The Pledge of Allegiance." Edward H. Halbert

Children Raise Flag

Led by Jimmy Smith, eighty students were present to raise the school flag. The students had their first flag-raising ceremony last Monday morning, April 11th. The flag-raising ceremony was conducted by Miss Karen Thompson.

Children raise the flag under the direction of Miss Ana lei. These children have a special goal. The first one was led by Jimmy Smith, one of the students, because he thought it was the flag pole. The school trained school teachers for the flag raising. It is every morning and takes place in the gymnasium. The flag was raised, the group pledged allegiance to the flag and sang "The Star-Spangled Banner." Edward H. Halbert was hunk for the ceremony. Edward H. Halbert

“If you don’t rule yourself, someone else will.” This statement made by a great statesman is, I think, a very good rule to live by, for everyone who is not wise enough to rule themselves, nature will rule them, and that is the worst way possible. It is far better to be wise in the first place and do it yourself than to have someone else do it for you.

WHOS WHO IN HARDING

BY JOYCE BLACKBURG

Since everyone's thoughts are turned toward basketball, I would like for you to meet another senior—Lenore Collins.

Lenore will graduate this spring with a major in business administration, Bible and social science. If you ever have the privilege of seeing her when she first came to Harding and began work, you will see a picture of the typical home-schooled girl who was helping with some work in the office and my estimation of her then was no different than the time she put in. This is characteristic of Lenore everywhere she goes and the good work always comes back to her being very dependable.

Lenore began her high school career in Strowbridge, Missouri, but before finally entering Scarborough, Missouri, she attended two other high schools in Lexington, Kentucky. While in high school she was a member of the cast of the senior play, her choir, and a member of the orchestra.

She entered Harding in the spring term of 1939, since that year she had been teaching or going to school for only one year. For two years she taught a one-room school, and was teaching primary grades and last year she taught commercial work in the Kentucke high school.

Last summer when the call came for personal work for the mission group in Syracuses, New York, Lenore was among the first to volunteer. Dr. Benson, in commenting upon her work, said the report had come back to him that she had proved to be one of their very best workers. Her previous experience of teaching and mission work is a good background for what she plans to do in the future. Her regular

JUNIOR HIGH GIRLS TO AID RED CROSS

The A.A.C.'s, a club of seventh and eighth grade girls, have taken as their project helping the Red Cross in bringing needed relief work. They will assist in the Red Cross Store. Now, they are making knitting and crocheting as well as some sericulture and some patriotic. When they finish this, they are going to begin knitting articles to send to the war zone.

They are planning a spring picnic as a function for this term. Last week they had aaffle supper in their room at the school.

Brown-Durden

Miss Sarah Dick Brown, Fort Smith, Ark., former Harding student, was married January 11 to Lieutenant Jerry J. Durden of Fort Smith.

The wedding took place at 6 o'clock Tuesday evening in the church of the army post at Fort Crook, near Omaha, Nebraska. Verme for the double ring ceremony were read by the post chaplain. The couple were Lieutenant and Mrs. H. H. Owen who served as best man and matron of honor.

Miss Durden graduated from high school in Fort Smith, Arkansas, in 1941. She attended Harding her freshman year of college and the first term of her sophomore year. She was a member of the GATA girls' club, a student of violin, piano, and a member of the Episcopal church. She graduated from junior college at Fort Smith in 1943 and was a member of the Delta Alpha Delta sorority.

Lieutenant Durden is a graduate of the Fort Smith high school and attended Colliam A. and M. college at Stillwater. Before entering the army he was employed with Automotive, Inc., in Fort Smith. At present he is stationed at the army air base at Genoa, Nebraska.

Looking 'em Over

By VIRGIL LATTER

Basketball is off for this season but basketball is always in the air. Sure, the running out of doors is over, but there are always sun-burnt legs to remind us of outdoor games, basketball.

This game is played somewhere like this. The rectangles are much narrower, and instead of using a ball they use a thistle—small, a small stick with thistles on one end. And billy, if it hits one of the rectangles—small and hard, and evidently some of the teams think it is, judging from the way they stand there and watch it go by when they have to wear it. Regardless, basketball is a game of winter interest and has always been played for a number of years—and it still holds a lot of skill, particularly for the players.

As you all sports fans, the intercollegiate program is to no more cease. The rest of the season will be filled with much excitement, so just watch the bulletin board.

The selection was not based so much on playing ability as on the clean, sportsmanlike quality of the players. This made the list of those who were more interested in the game, and desire to create team spirit were the most important factors. It was a problem in some cases as to who most deserved the position, and since the judges are tender of delicate perfection, it is more than likely that some will change with the season.

For the center position, A. O. Johnson, a freshman, was picked. His smooth floor work combined with height and the spirit to win, second in number of points scored for the entire season.

Bill Smith, lanky sophomore center, was selected for the other forward position. There were few men other than center. The other guard position was filled by Kermit Ary, although small but his team spirit and shooting and backing up the ball were good.

The other guard position was occupied by100% and the same principle as the first, Fred Young. Young was selected for the other forward position from the team. Kermit Ary and Billy Rogge, both experienced in the game, were selected for the back-three in the first half, and the second team in the second half. The freshmen made 14 of 24, while the seniors made nine. The freshmen made 14 of 24, while the seniors made nine.

Calling the men from the junior team, Aldrin Campbell filling one guard position. Kermit, although small but his team spirit and shooting and backing up the ball were good. The other guard position was occupied by Virgil Byler, a sophomore.
