John Allen Chalk  
2001 Division Avenue  
Dayton 14, Ohio

Dear Brother Chalk:

We are enclosing three of our application forms for admission for use in obtaining information about the three girls, of which you informed us. If you will have these filled out as completely as possible, and returned to us, we will take the further steps necessary for admittance to our home. It will be necessary for each of these children to have a physical examination before entering our home. A form should be filled out and signed by a Doctor in your locality for each of these children. Their physical fitness and any physical deformities should be listed and this form returned to us along with the completed application forms. Any background information on these children will be very helpful, a short history of each child, perhaps.

We will be looking for the completed application forms.

Very truly yours,

  
Gerald O. Fruzia, Sr.
