Monday, February 5, 1968, at 6:00 p.m., the Student Association met in the SA office for its weekly meeting. Sam Hester and Dr. Gilliam were not present for this irregularly scheduled meeting. The meeting was opened with a prayer led by Ronnie Reeve.

**BUSINESS**

**Cultural Movies**

Movie chairman, Roy Terry, introduced to the Council the idea of SA sponsoring cultural film on Friday nights with a charged admission of 50¢ a person. The rental of the films would vary from $50-$100 a piece. This proposal was suggested originally by faculty and students. It was thought English teachers would require student attendance at such movies. Dave moved to allow Roy to schedule a cultural movie for Friday night, February 24, for an experiment toward the possibility of having the movies as a regular feature of SA. Judy seconded the motion and it passed. Use of the BISON for advertisement of the movie was suggested.

**Lecture Series**

Mike reported that only Governor Rockefeller accepted SA's invitation to speak on campus of all ten originally invited. Rockefeller just recently informed SA that he could only make the speaking engagement and not the dinner. Mike proposed to start writing speakers for next year's lecture series' program.

**Lyceum**

Council was informed that the LETTERMEN are unable to come on April 15, to sing on campus due to another engagement made on that date. The SA decided to try the following musical groups this year for a program engagement on campus this semester; Brothers Four, New Christy Minstrels, and Chad Mitchell Trio.
Council made the following suggestions for the popular singing group to appear next year in the lyceum program.

All-School Project

Following are suggestions made by individual Council members as possible projects for SA to sponsor this year in a student fund-raising drive.

- New swimming pool
- Furniture for Student Center
- Fire Prevention equipment
- Fountain and lights for lily pool
- Micro-film readers
- Library books
- Brick sidewalk
- Patte Cobb canopy
- Sidewalks
- Oiling of auditorium seats
- Pool Tables
- Big Clock
- New car
- Ice machines
- Scholarship for grad student
- Lights on baseball field
- Bulletin board
- Swings
- Football scoreboard
- Maps, charts, etc.
- Language lab recorder
- Library listening equipment
- Harding arch over other main entrance

Richard reported that Mr. Tucker would be willing to pay for the fire prevention equipment if SA could assist in the cost. The needs would cost around $3,000. Judy volunteered to investigate the possibility of having ice machines installed in the dorms by vending machines companies.

After some discussion, the Council generally agreed that the lily pool project would be most appealing to the students since it is seen daily and nightly by the students. Helen moved for SA to check into the financial aspects of the lily pool project. Carol seconded the motion and it carried. Mike appointed Dave to check into the cost of the lily pool fountain and lights. A suggestion made for the student introduction of the project was to have a chapel program with an artist's conception on a screen for the students to visualize.
The Council decided that the fire prevention equipment should partly be paid for by the SA since it was we who filed the report of the need of the equipment. Dave figured there would be anywhere from $600-$1000 left in the treasury since none of the lecture speakers are coming, with the exception of Governor Rockefeller who is costing SA very little. The amount SA will use for the equipment will be determined later in the year.

Thanksgiving Holiday

Mike reported that he had met with the Thanksgiving Committee about the possible Friday holiday next Thanksgiving. The reason the committee gave on the students being so upset this year about not having the holiday was that they were tired from so much activity scheduled just before the lectureship. The committee discussed other possible ways of having the lectureship to make possible the Friday holiday.

The Council that the student reaction for the holiday was the same as it has been in past years. Students want to be able to go home on a national holiday. A suggestion was given to only give students single cuts on that Friday after Thanksgiving if no holiday will be allowed. It was reported that the committee were in favor of the holiday because it is wasted as an educational day simply because of the atmosphere of that day usually being a holiday. The Council requested Mike asking the committee to at least try the holiday on an experimental basis. Though the committee feels the holiday may ruin the lectureship number, it can never be a fact until it is tried.

Christian College Conference

Mike received a call from A86 about the CCC during the meeting. He reported to the Council that housing would be provided for the delegates, but there is to be a $5 registration fee for each delegate. Mike requested the Council to sign his intent to go or not by Wednesday on a special note which will be placed on the SA bulleting board.
The following Council stated they were definitely unable to attend the conference: Lynne Roan, Judy Worth, Helen Howell, and Dave Young.

**Adjournment**

Having no further business to discuss, President O’Neal adjourned the meeting just after the reminder of the supper-dinner meeting at Dr. Gilliam’s house next week at 5:30 p.m. The Council is to meet at 5:15 in the SA office next Tuesday to leave together.

Council dismissed at 7:50 p.m.

Respectfully submitted,

Helen Howell, SA Secretary
