Mr. John Allen Chalk, Minister  
Broad Street Church of Christ  
Cookeville, Tennessee  

Dear brother Chalk:  

I would like the opportunity of speaking some Sunday morning during July or August to the brethren where you preach on the subject of Christian education. I shall be glad to come to your place, if agreeable with you and the elders, and speak on Christian education and there will be no cost, nor I will not expect any support for my services. In discussing this with the elders where you preach tell them that I would like it very much to talk about the responsibility of parents to their children and children to their parents and the church. That is the heart of Christian education. I shall not take up a collection nor even ask for money. I want an opportunity to acquaint people with the real cause for which Christian schools exist.

I would like the opportunity, if I may, of speaking to the young people’s class at your Sunday school period. In this way I shall be able to get acquainted with them and to ascertain the interest of young people concerning Christian education.

Please let me hear from you at your earliest convenience as to the reaction of the church to this suggestion.

I would prefer, if possible, to come to your place on July 17 or 24. It is my intention to be doing some work during the week throughout that section of Tennessee.

Fraternally yours,

G. K. Wallace  
Assistant to the President
