Juniors Have Fall Function At Annex

Immediately after church services last Friday night the junior class held their annual fall function.

Evan Ulmer, president of the junior class, announced that Bob and Lloyd Whaley, secretary and vice-president respectively, and the appointed committee were charged with the party. The party was given a get-acquainted game devised by Bonnie Neece, chairman of the entertainment committee. Various other games were played, then coffee and apples were served buffet style. Relay and more games climaxed the party and pictures were taken as the three junior class officers played.

At 10:15 everyone formed a circle, joined hands, and sang "Theodore Long, Long Trail A Wailing" led by Mr. Kirk, junior class sponsor.

Waffle Supper Held By K Club

By Margaret Shriver

"Where'd your famous waffles go?" "Bob, haven't you had it already?" "Bring 'em when you get to campus." These words were echoed through Mr. Kirk's studio that bat a few days ago. J. C. Simms, K Club sponsor, had just announced plans for the.waffle supper that would be held by the club on Friday night, November 4 at 10:00 p.m. in the college dining hall.

Tender, golden brown waffles were already being served. As people jumped out from seemingly no place, the sounds echoed and "Where'd your famous waffles go?" was repeated. Several valiant waffles were given, among those being a waiter and a golden brown waffle.

Tender, golden brown waffles were served with plenty of butter and maple syrup. Coffee or hot chocolate filled the mugs in the way of drinks.

After eating, the games weren't quite so popular. But they did help to get rid of the extra runs. A very interesting guessing game was played. Pictures of well-known persons were shown, and the students that were here remembered very vividly how it couldn't have been a betterly accepted show.

Waffles been like in your favorite fried chicken house but they like more as other foods too with the exception of black and green peas and why other people like them is more than she can see. In music like they listen to classical, in literature poetry, and in sports, basketball. Spring is her favorite time of the year and she prefers the warm sun to all other flowers. She likes people that are friendly and not hyperbolic but enjoy some with that.

Nothing very happening has ever happened. As all of your favorite life history of frightening things there are people jumping out of nowhere nothing frightening. When asked what she intended to do in the future she replied (in a voice too dominating even) "I might go to the Stable". She wants above everything else to live the Christian life in such a way that she will be influenceful in bringing others to Christ.

The students at Harding will always remember Betty for her friendship and moral uprightness. The last time many of her friends first impression of Harding when she greeted them with a warm smile.

This brings us to the final round the Cardinals played for the championship and again we go out on a limb to predict. The Cardinals have already won their first game of the second half by beating the Hummingbirds. This will pit them against the Bunnards in the semifinal. Even though they looked bad against the Hummingbirds, we still believe that their offense will finally click again so we pick the Cardinals over the Bunnards.

On the other hand the Cardinals are expected to come through if they just put the roadblock survivors. If they do, it is our opinion that the Cardinals will get revenge if given the chance. This would see the Cardinals play the Bunnards for the semi all championship. This will be a great game. Watch for it.
