## STUDENT ASSOCIATION MINUTES

The regular meeting of the SA Executive Council was held Jan. 7, 1969, at 6:00. All were present. Chris opened the meeting with prayer.

### Reports

Statement on Race - was sent to the black students, in care of Charles Jones and to Cliff Gamus III. As yet, no reply has been received.

Up With People - Grace and Vibeka, two of the Public Relations group from Up With People, sent thank you notes to the SA.

Gene Stallings - Can come to speak Feb. 27. Boddy Osborne did not get to talk with him during Christmas vacation about it, so Ronnie will get in touch with him. Lindy McDaniel cannot come this year. His schedule is too full, but he wants to come next year.

Ride Board - Rod will get it ready for semester break use.

Cheerleader's GPA - Phil is finishing writing the by-laws. The Council discussed GPA qualifications, and decided to include an either-or situation - a student must have a 2.25 the previous semester or have an accumulative of 2.25 and not on academic probation.

Lyceum - A lyceum is scheduled this Friday evening. The performers will also be in chapel Friday to play. They are a husband and wife team, Gundo and Helmi Went, members of the Church whom the campaigners met in Germany last summer.

### New Business

School Calendars - we need to start compiling this for 2nd semester. Sheri was put in charge of this. They will be sold in the registration lines.

Armstrong Problems - Some students think it is a bad idea for all freshman men to be in the same dorm. Phil said that it has actually been better, because they have had less trouble this year with freshmen men in the dorm. Rod also thought it was a good idea to have them all together. The drinking problem has been lessened considerably. Phil added that the decision to let smokers live

anywhere in the dorm has helped things on 3rd floor.

Ronnie said that we have had reports that the noise problem is worse this year. Phil explained that is because we do not have hall monitors. Rooms are not checked for Sunday morning Church, either.

Nothing concrete was decided. The council merely discussed these issues to be aware of the problems for the time being. Phil said the present most pressing problem was stealing light bulbs out of the halls, and the trash in the halls is excessive.

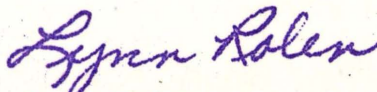

Suggestions from the Suggestion Box -

Rick checked the box and found many suggestions, some of which we have already acted upon. The council decided to answer personally the suggestions that were signed and turned in.

One suggestion was for a telegram to be sent concerning approval of the astronaut's actions in reading the Bible while orbiting the moon. Chris was put in charge of this.

The meeting was adjourned at 7:15

Respectfully submitted,

Lynn Rolan  
SA Secretary
