Bonne Douthitt
Closes Series Of Gospel Meetings

Sunday night marked the close of a series of services conducted here by B. L. Douthitt who came from his home in Nashville, Tennessee in the termination of the college a week ago Sunday.

Services were conducted each evening in the regular chapel service and each evening at 7:30. Congregational singing was under the direction of Leonard Kirk, head of the college music department.

Subjects discussed during the closing services were: Saturday Service; of an Honest Sunday; Douthitt, In the Hands of an Honest Man.

Parnie Douthitt, a sister this year, is in the daughter of the speaker.

Anaheim: Campbell

The year's senior class of which I am a member received a notice from last week to the effect that we owed the sum of $7.50 per person in fees. Some of us received a polite letter while others just received a blue dipping dip the fact that we were in the red, saying, "$7.50 graduation fee."

Charlene sends Open Letter To Bursar Brown

Charlene, May 1

Mr. C. G. Brown
Bursar
Campbell
Dear Bursar,

The members of the senior class, of which I am a member, received a notice from last week to the effect that we owed the sum of $7.50 in fees. Some of us received a polite letter while others just received a blue dipping dip the fact that we were in the red, saying, "$7.50 graduation fee."

Now Bursar, do we have to pick with you? We have been paying four and more ever since our high school days. Now you're charging us more than that to get us. We do not see the charge is absolutely without justification. After all, it seems that after two to four years of college we should have the college pay us the privilege of graduating us for the fact that we have carried on in the glory of old H. C. The soldiers get mourning pay and even showers something when they are released.

However, this year's graduating class is a pretty big group and thinks that we agreed and we don't want to do anything that might come hard feelings. So we will willingly go more than half and forget the $7.50 you owe us and all is square if you will forget your idea of trying to charge us for what we don't owe.

Sincerely yours,
Munroe E. Hawker,

Some May Fete Pictures

Yum! Yum! Yum!

Harding college is sponsoring a strawberry blue cake. Recipe comes for the traditional blueberry served at the annual alumni dinner the last Thursday in May. The college is offering $7.50 each nose for the best recipe. Anyone may enter the contest by sending in a recipe.

Professor George S. Benson has suggested that the judges be Mrs. S. B. Bell, head of the college home economics department, Miss Calia Green, head of the home economics department at Peabody college and Mrs. E. W. McMillan, Memphis, Tennessee. Harding college will follow the recipe and sell it to restaurants. It will appear on the menu at Harding College Strawberry Shortcake Cafe.

All entries must be sent to the president's office at Harding College. Decision of the judges will be final.

You Can't Beat the Twins

By Mary Moyer

If you should go into a certain home
in Searcy and find little white hands
on the sofa pillows, freshly laundered clothes (little boy's clothes)
mocked behind doors, funny books tucked in the drawer dresser, and plain medicinal caplets heaping around exactly

Alike, Mary Moyer, a student of the physics department, is pleased to announce the engagement of the physics department.

Ledbetter, Smith Chosen to Edit and Manage Petit Jean

Both Are Outstanding in School Activities; Summit Announces

Bennie Mac Ledbetter, junior from Searcy, was elected editor of the 1945-46 Petit Jean, and Bill Smith, junior from McCrory, Ark., was elected business manager at a meeting of the junior class Friday, announced Dr. W. K. Summitt, yearbook cooperative.

The yearbook is very pleased with the retention, which the class has made, commented Dr. Summitt. "Both editions have done outstanding work here and with the cooperation of the class, they should have a fine annual next year."

Bennie Mac is a graduate of Russellville County (Ont.) high school and was a Cum laude graduate of Dallas Wimp college last year. As a freshman he was vice-president of the Girl Reserve, secretary of the home economics club, and member of "4H Club." At Harding this year, Bennie Mac has been a member of the music, president of the Beta Phi Delta social club, a member of the tribe, and in the junior high art society and Harding College Orches. She is the Lambda Sigma lifetime member for Petit Jean from this year.

Bill graduated from Bearden high school in '41 and attended Harding for the past three years. He has been prominent in debate and speech roles as a speech major, winner of the men's over-all award in the speech final, impressive speaking winner at Sir John's, Winfield, Kansas, and a member of the debate team that won the Daroug Savage tournament and St. John's tournament. He is now a member of the fraternity, the basketball team, the Beta Phi Delta social club, editor of "The Beat," editor-in-chief of the yearbook, and 10 other positions will be chosen at the first of next year.

The publication of the school yearbook is the annual project of the junior class. This year's staff included Ralke Jean Wesson, editor; Claire Richard- her, managing editor; Florence George, adviser editor; Rosser Bradner, advertising manager; and Sarah Stephenson, business manager.

Janet, Naor and Knox were born ten years ago, but with the college attending, they have the pride by the child to "get a college education" the way the children were.

The twins have moved their laboratory.

Have We Learned Our Lesson?

To all intents and purposes, Berlin has fallen. With it has come the virtual end of the European war, a war that has cost millions of lives and billions of dollars. Everyone, friends and foes alike, shudder at its terrible memory.

The gains were few, the loss great and the suffering endless.

Yet we are realized to the fact in our minds, even though we may not admit it to ourselves, that we shall have a third world war, more terrible than these we have had. What kind of blindness is this that we became so fatalistic as to be unable to grasp the cause of war?

We think that we must keep the aggressors done by brute force, yet we know that no nation can be killed and that they will all rise in rebellion with more force in their hearts than before.

You say, "They have killed our sons and ruined our lives." Yes, let us walk away from us and instead of trying to: SOLVE the problem we mildly, yes kindly, follow the same trail that caused our present suffering.

What were the determinants of this war? May we attribute it all to a blind damned in the person of Bener? Not, for a minute Germany would never have needed Hitler but it not for the selfishness of the great allies that forgot the great rule, "Do unto others as you would have done unto you." And as long as selfishness, personal and collective, ails we will never end.

(Continued on page four.)

Letters to the Editor

There's a Smile

Miss Rice, Alumni Editor:

Holding a place where joy seems to rise, a person of himself. As with any other human, emotions are tested in this world. The little girl smiled, (and the sun wasn't shining). I overheard a little girl and man at the post office during the act of March 3, 1879.

One Solution to End All Selfishness

Dear Editor:

Perhaps a little girl, who noticed that children all over the world, need a place to feel happy and secure. She told me, "I want to make everyone happy." She then spent the rest of the day singing songs and spreading joy.

Praise Where Due

Dear Editor:

I think someone should in some way give praise where it's due. The following is a letter that appeared in the edition of the Bison, and speaking of giving praise:

dear angus

The weather as a subject for conversation in Arkansas is never boring or dull, there are so many changes. Last night I laid out the blankets that had been put away for the summer, and by the way I put my window glass put in too.

This Week's Question

What do you plan to do this week?

Wendy Simpson - "Get outside!" Jane Zane - "Just stay at home and get my room cleaned out!"

Miss Rice: "Work in the garden."

Dear Miss Rice: I want to do something that will make it easier for me to do these things.

No. 3

HARDING COLLEGE, Searcy, Arkansas

May 1, 1945

The New Addition

The dramatic club has been trying for ages to dispose of a large, dilapidated building in Milligan's Hall, which took up too much space in the gym room. One day while working on the gym floor, someone noticed it. The Golden Hall andipped it to receive some notice. Notice was given and, immediately, the dramatic club found the boy's elephant back on their hands. Now, it was delivered to the art department, the art department could find no possible use for it, so it is sent to Professor Kirk.

One of the most beautiful parts of the campus is going to keep us jumping to say, at any rate. Now that we have some good people, we can't do without them.

It's a snappy little girl, who says, "I want to make everyone happy," and she spent the rest of the day singing songs and spreading joy.

Dear Miss Rice:

I think someone should in some way give praise where it's due. The following is a letter that appeared in the edition of the Bison, and speaking of giving praise:

dear angus

The weather as a subject for conversation in Arkansas is never boring or dull, there are so many changes. Last night I laid out the blankets that had been put away for the summer, and by the way I put my window glass put in too.

This means that we all want to do our own thing. After hearing this, dear simple idea, it's as if time went by again. I want to do something that will make it easier for me to do these things.

Stubblefield-Collier Betrothal Is Announced

Mr. and Mrs. Homer Stubblefield of Mornerton, Tennessee announce the engagement of their daughter Sara to Lloyd Collier son of Mr. and Mrs. William Floyd Collier of Bonnderdale, Arkansas.

Sara, a home economic major, is secretary of the dress committee, class president of the Potter Jean, a member of the W. H. C. club, soror, Alpha Honor Society and is listed among Who’s Who at American Universities and Colleges.

Linked in a monogamous and English major and is a member of the Lambda Sigma club.

Announcement Party Is Novel

The members of the W. H. C. club were to the door of Roberta Brandon’s room for a dinner party last Wednesday night but lo! Robena’s door was shut. The members said, Shirley wednesday noon but lo! Robena’s door was shut. She did take time out to scream and then said that the meeting was called off.

Blanche Rhames, a senior English and education major comes from Harding from Lake City, Arkansas.

Here at Harding she is a member of the M. F. A. club and during the fall and winter quarters of this year was a member of the chorus.

Some of Blanche’s hobbies are collecting stampers, keeping a scrapbook and writing letters. There she also likes to read, listen to recordings, play piano, sleep and get sunlight. For entertainment she likes to attend concerts and plays of various types. In music she likes orchestral music and Greek wire "Rhapsody in Blue" as her favorite piece. In literature she likes Shakespeare and the Bible. She believes that the Bible is the most beautiful and perfect piece of literature ever written. Gentleness, friendliness and the ability to get along with any other at ease are some of the traits she likes in people.

Blanche’s favorite food used to be here pecan pie but after she was half a pie on one occasion she doesn’t have the appetite for it she used to have. She likes best of all fresh strawberries.

One of her most exciting moments happened when she was returning from one night with a group and as they turned the dormitory a bank should quite vigorously — whether it was some one behind the bush or not you can. She didn’t dare to hang Blanche didn’t want to find out, she did take time out to scream though.

Blanche has had several worthwhile and profitable experiences. She considers her work at Bay high school as a teacher one of them. It was Blanche’s task to improve the junior class and also direct their play. It was during this week that she learned to love working with high school boys and girls — the meaning about it was she just couldn’t be very dignified a round them for she didn’t feel any older than they were.

Another experience that has proved very valuable to her was her work in Chicago this summer with many girls such as will warm the hearts of us all for a long while, but it was not the preaching entirely that made the main point. The faculty had led his flock, by work and teaching, in a good influence, which had prepared everyone an appetite for the meeting. No advertising had been done, but the greatest possible advertising worked on the campus daily, not as advertising but as Christian love. This was done by faculty members and students alike. The downtown church, especially Brother Skollen, minister, gave large discourages. These good lives, as much as the teaching, during these days brought a- bout the results in which we all rejoice.

To all of you in Searcy, who by these means contributed to those three happy days, I send my greetings and give assurance of my living gratitude.

E. W. McMellan Expresses His Appreciation For His Reception Here At Harding

This message, written for "The t00k" is my means of expressing a personal appreciation and evaluation.

"My most charming" monastic experience was those three days in Harding College recently.

The students were an unusual type of different nationalities and religious beliefs. Many times the office where she worked was the scene of a group of girls discussing the Bible in a casual and sincere manner.

One of Blanche’s most thrilling moments occurred when she was in Orange, Texas and saw the founding of a destroyer. It was an experience she will never forget.

The thing that Blanche liked about Harding is the spirit of Christ that pervades through the students and teachers on the campus. She will miss Harding when she leaves this quarter but she wants to take with her the ideals and principles for which it stands. Her aim in life is to be as good a Christian as possible and help others to have a more enjoyable life.

Looking 'Em Over

By Bill Smith

Sports editor are piling up lately.
The last event to be finished was the cross country.

Virgil Lawyer won at every event except him to do. She did not but he
likely the record he set last year. This
is an example of what staying in shape
and training can do. The high school is to
be congratulated for its fine showing in the
race. Second and third place went to Coy Campbell and Jack Lawyer.
The hardest mountain has made
some progress but the winner has not
been decided. In one semi-final round
Dr. Copeland will play Bill Smith and in the other Carol Lynn will play
the winner of the No. 2 bracket which
will be the next to confirm our conviction that Copeland
will be the next champion. The boys
have signed up for tennis and from the
looks of the board
will emerge winner in this tournament.

Lawyer Takes Cross Country

The cross country race was won Thursday
afternoon and Virgil Lawyer broke his own record by 18 seconds to take
first place. He broke the tape ten minutes
and forty seconds after the
men. He is to win first for the third
time in a row.

Second went to Coy Campbell and third to Jack Lawyer. This was a
wide open affair. There are about
teen or twenty boys
in fine form already.

The cross country race was run
to confirm our conviction that Copeland
will play Bill Smith and Baldwin plays a good
all round game. From what we have
heard the boys
are in fine form already.

No place like home... Have a Coke

...A swing session at our house
A good way to put Wisdom on the man at your house is to have
Ice-Cold Coca-Cola in the refrigerator. Have a Coke just somberly
in the corner of the room or he's like one of the family. Whenever
young folks meet for a song, chillout or swing session, Ice-Cold Coca-Cola is their symbol of companionship.
